revolutionary instructional approach. Super Amazing Essays(tm) is a unique and powerful compilation of essays written by real students, corrected and meticulously explained. Learning from mistakes is a powerful way of reinforcing in our minds the correct approach, and learning from others' mistakes is an age old wisdom that saves us the time, the trouble and the pains of committing the same mistakes ourselves. Learning writing for ESL and improving English writing skills have always been a challenge for students of English. Many books have been written on this subject, and an abundance of resources are available on the internet. But the more you read, the more confused you become because up to now, you have been bombarded with a "do this, do that" approach to learning that is sucking away at your motivation at every turn. I did not wake up one morning and decide to make some extra dollars selling a "how-to" book. Helping students to improve English writing skills has been a passion for me for more than ten years, and there is no greater satisfaction than seeing my students making progress day by day. Super Amazing Essays(tm) is a compilation of sample essays carefully selected from hundreds of essays that students emailed to me for correction over the years. These are real essays, written by real students, with real mistakes that are painstakingly corrected and explained. Then, I combined these selected essays into a book and made it available to all my students so that they too could learn from each other's mistakes. The feedback that I got from teachers and parents was astounding. What you are going to see

here is a success guaranteed approach to improving English writing skills, and that is to learn from the mistakes... of others. I will refrain from delving into methodology or even the structural aspects of English essay writing because I know that is where you are coming from, and what you want now is a hand-holding "show me" approach. I believe each and every student to be unique in the sense that they start at different levels of proficiency, and the reason why many students of language classes throw their hands up in the air in frustration is because they fall short of unrealistic expectations their teachers have set for them. Let me show you how you can do better. I will guide you through each and every paragraph, every sentence and every word in the book, and offer suggestions along the way to help improve your English writing skills.
