

Sunstone 1 Collection

Drawing from thousands of pages of police reports, court documents, interviews, letters, and diaries, Sillitoe's and Roberts's narrative cuts through the complexities of this famous crime investigation to deliver a gripping, Capote-esque tale. They embrace the details but lay them out systematically as seen through the eyes of the detectives, victims, and the perpetrator. The darkest secrets unravel gradually—allowing the reader fleeting glimpses of the infamous white salamander as it ducks in and out of its fabricator's head. What was the “salamander letter” and why were so many people determined to possess—and to conceal—it? Why was this one of the most unusual cases in American forensic history? A skilled con artist by anyone's assessment, Mark Hofmann eluded exposure by police and document authenticators—the FBI, Library of Congress, the LDS historical department, and polygraph experts—until George Throckmorton discovered the telltale microscopic alligatoring that was characteristic of the forgeries. What ensued was a suspense-ridden cat-and-mouse game between seasoned prosecutors and a clever, homicidal criminal. In the end, this story only verifies that some facts are indeed stranger than fiction.

Two women deal with modern themes of sex, relationships, and fetishism in this erotic romantic comedy. So beware all who enter, because, to quote a few hundred thousand readers on DeviantArt: Vol: 1-6

Essays examine reading as an information gathering process and as an essential part of any program of education

Contains novellas one, two, and three in the Junkyard Dog novella series. JUNKYARD DOG Bounced through an asteroid field like a pinball, Major Rita King crashes her damaged star cruiser on a lifeless planet. Her troubles are just beginning. Rita loves her ship. Loves the feel of deep space between the stars. Loves being a galaxy cop. But holding the spot of top pilot in the elite Red Barons leaves little time for anything else in her life. Maybe that's why she missed the signs that all is not well in her world. Someone she trusts tampered with her ship and sent her out to die. Things go from bad to worse when Rita's repaired ship is captured and she is forced to work in a mine filled with a deadly bacteria. Even if she escapes she'll be a fugitive from the very agency she swore to uphold. Her life in tatters, Rita fights to find answers. Who betrayed her, and why? KRAKEN BLUES Monsters in the deep? Rita King heads to the planet Harnos to recover from her recent ordeal. Her favorite destination for R & R, Harnos is all about Old Earth blues and jazz clubs, fresh seafood, and best of all, her friend Rose's bath house. But when someone attacks Rose during Rita's visit, Rose refuses to talk about it. Her only comment? "They're back." The next day, Rose disappears. Saving Rose means Rita must face a deep-seated fear, one that has haunted her most of her life. One that might uncover the secret and danger of the mysterious Kraken. DEADLY CARGO Rita King cannot let a mystery go unsolved. Forced to hide from the law agency she had once dedicated her life to, she heads to the planet Weegan for ship repairs. But her friend warns her off. Refuses to let her land in his village. Rita's unerring nose for trouble won't let her move on until she discovers the reason why. A gripping tale of high stakes on a distant planet in the galaxy, Deadly Cargo delivers another adventure with space pilot Margarita King.

Gifted? Join the Death Vigil in their ongoing war against the ever-growing power of the Primordial Enemy! The only catch is you have to die first. Become a corporeal immortal Death Knight, and obtain reality-altering weaponry in the neverending battle between Good and Evil. Collects DEATH VIGIL #1-8.

"MERCY," Part One How can you teach a broken heart to trust again? How can you embrace each other with hands still clinging to your past? Why do you always need to pee after I tie you up? Anne and Alan have more than a few questions to answer as the world of SUNSTONE deepens with this new story arc.

How do you deal with a broken heart? Junk food? Excessive drinks? Dubious contracts with ancient gods? When it comes to Lauren Thomas, the queen of bad decisions, the answer is always the worst possible choice. She finds herself in a rare opportunity to have her broken heart patched up by the highest rated god of desire. The problem is, it's a contested title. Join us in this tale of gods and mortals, love lust and death and one woman's bad choice that starts it all with a simple bite on a golden apple.

Two women deal with modern themes of sex, relationships, and fetishism in this erotic romantic comedy. So beware all who enter, because, to quote a few hundred thousand readers on DeviantArt: "I'm not into BDSM...but this story...I get it." Collects volumes 1 through 3.

Zelie Adebola remembers when the soil of Or sha hummed with magic. Burners ignited flames, Tiders beckoned waves, and Zelie's Reaper mother summoned forth souls. But everything changed the night magic disappeared. Under the orders of a ruthless king, maji were killed, leaving Zelie without a mother and her people without hope.

William Bickerton is the founding prophet of the third-largest Latter Day Saint denomination, known as the Church of Jesus Christ.

Remarkably, his life has largely remained in the shadows. Bickerton immigrated to America in 1831 at the height of the Second Great Awakening. In 1845 Sidney Rigdon, a former counselor to founding prophet Joseph Smith, accepted him into the Church of Christ. Rigdon soon bankrupted his church and abandoned his followers. Unsure where to turn, Bickerton joined with Brigham Young until a moral objection to polygamy left him once again in search of a religious community. Divine inspiration led Bickerton to form his own church based on the original teachings of Joseph Smith. A visionary man, Bickerton expanded his church along the western frontier, even among the Native Americans, and kept his congregation afloat through financial trials. Yet when an allegation of marital infidelity against Bickerton split his church in two, he was disfellowshipped and his legacy obscured. Biographer Daniel P. Stone carefully reconstructs the forgotten details of this American mystic, fulfilling Bickerton's final wish, as taken from the Book of Job: "Oh that my words were now written! Oh that they were printed in a book! That they were graven with an iron pen and lead in the rock for ever!"

The Incendi elementals that dwell beneath the mountains have found a way to tap into the Arbor's roots, which stretch not only across the land but also through time, and King Pyra is determined to crush the ancient tree. Twenty-two years after the defeat of the Darkwater Lords, Chonrad's widow Procella and their three children are drawn back to Heartwood to investigate the rumour of strange fires springing up across the land. Across three separate timelines, the heroes must battle to join together their ancient sunstones, to overcome the Incendi threat, and to protect the Arbor and make earth victorious once more. File Under: Fantasy [Under Siege | The Generation Game | Incendiary

[Heartwood Revisited] From the Trade Paperback edition.

A history of the Bear River Massacre by the current Chief of the Northwestern Shoshone Band.

DATES is an anthology of positive queer historical fiction, set throughout time and across the world. This is Volume 2! Watch a young trans woman grow into herself in 19th century Bengal, or a young woman from the 1920s Dominican Republic study to become a doctor. Or, if you're interested in a raucous good time, join two innkeepers as they stand their ground in Mesopotamia during Hammurabi's reign. In DATES 2, 35 amazing creators have come together to tell stories about personal, societal, and technological progress, creating a total of 218 pages of comics, 16 stunning color illustrations, and 2 short prose stories.

Tal tries to steal a sunstone, but during his act of thievery is thrown off the Castle of Seven Towers by a powerful Spiritshadow Keeper. He falls down to the iceworld below, where he is captured by Icecarls. To save his life, he must team up with Milla - a Shield-Maiden in training - and offer his aid to the nomads.

The fourth and final volume in the Junkyard Dog Collection series contains the last four books in the Junkyard Dog series, including the answer to the question that began it all. Who wanted Major Rita King dead and why? Ghost Ship Bending time and space makes galaxy-wide travel possible. The one rule? Make sure no solid objects occupy the other end of your warp jump. When Rita King and the crew of the Junkyard Dog exit a jump they nearly collide with a massive object. An object that shouldn't exist in that place. A good commander knows when to retreat. Rita King knows a unique opportunity when she sees one. Join Rita and her unusual crew in the tenth book of the Junkyard Dog series as they solve the puzzling riddle of the Ghost Ship. Bolkarus Station Even the best laid plans rarely work out as intended. Bolkarus Station: the Junkyard Dog's last chance to make the dangerous rendezvous with Slade and hand over the precious and highly illegal Rose Sunstones. Bolkarus Station: an ugly refinery and refueling planet, a place no one in their right mind wants to visit. Perfect for a secret rendezvous. Rita King plans to land, meet Slade, and leave as quickly as possible. Simple. Straight forward. Stay on task and get out of there. If only it was that easy. Join Rita's crew on another strange adventure in the eleventh book of the Junkyard Dog series as they dig into the hidden world of a galactic refinery and the secrets it holds. Omega Lab Need a replacement body part? No problem with all the specialized cloning labs in the Milky Way galaxy. Rita King, commander of the Junkyard Dog, believes in the practice—except when it comes to her own body. She reluctantly agrees to visit Omega Lab, knowing she needs to be in top form to face her enemies on Mars Base. Her blind eyes put her at too great a disadvantage. Time for new ones. No one expects what happens next. Omega Lab, the twelfth book in the Junkyard Dog series, takes the reader inside the wonders—and darkest perils—of a cloning lab built deep inside a meteorite. Mars Base The day of reckoning has arrived. Major Margarita King needs answers. Why was her ship sabotaged? Who wanted her dead and who could she trust for the truth? The only place to find those answers? Mars Base, home of the Red Barons. Command thought she was dead. A funeral had been held. Someone is going to be mighty surprised when Rita shows up at headquarters. Mars Base, the final book in the Junkyard Dog series, ends where Rita's strange and unexpected journey began—with one big difference.

The latest action-packed adventure from our indomitable Gauls, Asterix and the Griffin, is out now! The year is 50BC, and all Gaul is occupied. Only one small village of indomitable Gauls still holds out against the invaders. But how much longer can Asterix, Obelix and their friends resist the mighty Roman legions of Julius Caesar? Anything is possible, with a little cunning plus the druid Getafix's magic potions! Their effects can be truly hair-raising...

First published in 1956, Allen Ginsberg's *Howl* is a prophetic masterpiece—an epic raging against dehumanizing society that overcame censorship trials and obscenity charges to become one of the most widely read poems of the century. This annotated version of Ginsberg's classic is the poet's own re-creation of the revolutionary work's composition process—as well as a treasure trove of anecdotes, an intimate look at the poet's writing techniques, and a veritable social history of the 1950s.

STJEPAN SEJIC continues the critically acclaimed SUNSTONE series with volume three. A classy, sexy, fun, and emotional look at two women and the alternative lifestyle they live. It's all fun and games until someone falls in love! But the fun and games carry on!

The third volume in the Junkyard Dog collection series contains books seven, eight, and nine. Rose Sunstone Once a galaxy cop who believed in the black and white of the law, Rita King finds herself on a mission that straddles the line. As the Junkyard Dog carries Rita and her crew to the only known source for a powerful crystal known as the Rose Sunstone, she wonders if the end justifies the means. They soon learn that not only galaxy law protects the rare crystal. Should Rita risk everything—including the freedom of her crew—for a friend? New Earth Danger lurks everywhere in the galaxy. Rita King, owner and commander of the Junkyard Dog, decides to visit New Earth to give her friends some much needed rest and relaxation. Fashioned after the historic amusement parks of Old Earth, New Earth welcomes visitors from all across the galaxy. Prime marks for the gang of abandoned children with nowhere to go and only one way to survive. Rita and her crew face an unexpected and deadly foe when they are taken on a wild and unexpected ride beneath the glitter of the galaxy's greatest amusement park. Red Mist The galaxy holds many strange and dangerous things . . . Alone at the helm of the Junkyard Dog, pilot Margarita King notices a dense cloud of red dust approaching her ship. A strange anomaly of space never before recorded. Before Rita can react, an unseen force takes control of her body. Pressing in on her until she winks out of existence. Join the crew of the Junkyard Dog as they embark on their strangest adventure yet—one that will change their lives forever.

On a drab Monday in 1882, B. H. Roberts, then laboring on a mission in Tennessee, confided to his journal: "I am twenty-five years old today: perhaps one-half of my life has passed away -- and what have I done? But little of anything, either of good or evil; my misdeeds are like my talents -- on the small order. I have made attempts to accomplish something in various directions, but 'miserable failure' is written across the face of each of them." Roberts then detailed the shortcomings in his career, marriage, and church work. The irony for modern readers is what we know of his future accomplishments. In the half century left to him, he would play a preeminent role in the LDS church as a writer, historian, theologian, and politician. These diaries cover a decade, 1892-1903, in which Roberts was active in Utah as a young church leader. They are his apprenticeship years when he developed

the skills that would characterize the rest of his career. Besides illuminating the character of the man himself, they also add much to our knowledge of this pivotal time in history.

STJEPAN SEJIC continues the critically-acclaimed SUNSTONE series. A classy, sexy, fun, and emotional look at two women and the alternative lifestyle they live.

It's been months since Dr. Harleen Quinzel began interviewing criminals at Arkham Asylum, and she's having strange dreams about one of them in particular: The Joker. What starts off as nightmares will soon evolve into fantasies. Despite warnings from the Dark Knight himself, she's utterly fascinated by this man who seems the perfect expression of her theory; who says all the things she needs to hear; who seems to know her better than she knows herself. Harleen is a bold new reimagining of the origin of one of DC's most beloved characters, as envisioned by writer/artist Stjepan Sejic. Collects Harleen #1-3.

Explores the moral choices and values Homer offers in his Iliad

Mad science at its finest. Chemistry major, Elliot Torres has been unable to keep a steady job and eventually accepts a job by a rumored mad scientist Dr. Vlad Stein. Humorous hijinks ensue as their collaboration becomes epic.

"MERCY," Part Two The tale of kink and metal continues as Ally and Alan ride their rollercoaster of sexual exploration. Meanwhile, Anne and Laura enjoy their little slice-of-heaven relationship. Good times all around. Sure would be a shame if addictive behavior and trust issues ruined all that fun. I mean, that would be terrible.

Nobel laureate Octavio Paz's premier long poem Sunstone/Piedra de Sol is here presented as a separate volume, with beautiful illustrations from an eighteenth-century treatise on the Mexican calendar.

THIS TEXTBOOK is about computer science. It is also about Python. However, there is much more. The study of algorithms and data structures is central to understanding what computer science is all about. Learning computer science is not unlike learning any other type of difficult subject matter. The only way to be successful is through deliberate and incremental exposure to the fundamental ideas. A beginning computer scientist needs practice so that there is a thorough understanding before continuing on to the more complex parts of the curriculum. In addition, a beginner needs to be given the opportunity to be successful and gain confidence. This textbook is designed to serve as a text for a first course on data structures and algorithms, typically taught as the second course in the computer science curriculum. Even though the second course is considered more advanced than the first course, this book assumes you are beginners at this level. You may still be struggling with some of the basic ideas and skills from a first computer science course and yet be ready to further explore the discipline and continue to practice problem solving. We cover abstract data types and data structures, writing algorithms, and solving problems. We look at a number of data structures and solve classic problems that arise. The tools and techniques that you learn here will be applied over and over as you continue your study of computer science.

SUNSTONE, VOL. 1 - 3 TP

Sunstone Vo.I 4Image Comics

Explains to readers the differences between cells, genes, chromosomes and genomes, and how genomes can be modified. Its comprehensive glossary will be a boon to all non-scientists. The book contrasts the uncertainty of these new methods against the 'precision' claimed by proponents - especially the large multinational companies that now dominate trade in seeds, and perceive 'ownership' of genes as a way to further increase profits.

Meet a girl online: check! Befriend and flirt for two months online: check! Know her in person for two weeks: check! Move in together! Well this can only end well! This is the big one, people! In fact, it's so big we had to up the page count!

In SUGAR, a couple embarks on a relationship that starts off as more of an arrangement, but ends with them falling in loveÑat a cost. Neither has ever done anything like this before, and the emotional swings they face threaten to undo what could be a perfect match in this companion book to both SUNSTONE and SWING.

Mormonism For Beginners is a balanced, richly engaging introduction to the history, tenets, practices, traditions, and yes, debates and controversies of this uniquely American Protestant movement. Designed for the uninitiated or younger members of the Church of Jesus Christ of Latter-day Saints (LDS), this book presents the history of the movement from Joseph Smith to the 21st century along with the key doctrines of the faith in the context of everyday life, as well as the essential scriptures. Not least of Carter and Atwood's accomplishments is addressing such headline-grabbing issues as polygamy, same-sex marriage, and the role of women in the LDS church in dispassionate, even-handed terms. Their goal is to shed a clear light on an often misunderstood belief system and way of life.
