The Encyclopedia of Caribbean Religions is the definitive reference for Caribbean religious phenomena from a Caribbean perspective. Generously illustrated, this landmark project combines the breadth of a comparative approach to religion with the depth of understanding of Caribbean spirituality as an ever-changing and varied historical phenomenon. Organized alphabetically, entries examine how Caribbean religious experiences have been shaped by and have responded to the processes of colonialism and the challenges of the postcolonial world. Systematically organized by theme and area, the encyclopedia considers religious traditions such as Vodou, Rastafari, Sunni Islam, Sanatan Dharma, Judaism, and the Roman Catholic and Seventh-day Adventist churches. Detailed subentries present topics such as religious rituals, beliefs, practices, specific historical developments, geographical differences, and gender roles within major traditions. Also included are entries that address the religious dimensions of geographical territories that make up the Caribbean. Representing the culmination of more than a decade of work by the associates of the Caribbean Religions Project, The Encyclopedia of Caribbean Religions will foster a greater understanding of the role of religion in Caribbean life and society, in the Caribbean diaspora, and in wider national and transnational spaces.

"An important cultural bridge between the Indian subcontinent and regions to the west and east for over two millennia, the Kashmir Valley was a vibrant hub of intellectual activity for its Buddhist, Hindu, and Muslim populations. Multiple cultural influences have fostered a unique artistic environment of diverse aesthetics, witnessed in this landmark exhibition of 130 sumptuous objects of exemplary quality, dating from the 2nd to the 20th centuries. The Arts of Kashmir comprises works of Buddhist, Hindu, and Islamic art, including sculpture, painting, and calligraphy loaned from collections in the U.S., Europe, and India. Many of the objects have never been seen outside of India; in some cases they have never been exhibited or published anywhere. To provide a sense of the broad artistic contributions of this famously lush and beautiful region, the exhibition includes examples of stone and bronze sculptures and manuscript paintings, in addition to the fine examples of papier-mache, carpets, shawls, and embroidery for which Kashmir is renowned."--Publisher's website.

Servants of Allah presents a history of African Muslims, following them from West

Africa to the Americas. Although many assume that what Muslim faith they brought with them to the Americas was quickly absorbed into the new Christian milieu, as Sylviane A. Diouf demonstrates in this meticulously-researched, groundbreaking volume, Islam flourished during slavery on a large scale. She details how, even while enslaved, many Muslims managed to follow most of the precepts of their religion. Literate, urban, and well-traveled, they drew on their organization, solidarity and the strength of their beliefs to play a major part in the most well-known slave uprisings. But for all their accomplishments and contributions to the history and cultures of the African Diaspora, the Muslims have been largely ignored. *Servants of Allah—a Choice 1999 Outstanding Academic Title*—illuminates the role of Islam in the lives of both individual practitioners and communities, and shows that though the religion did not survive in the Americas in its orthodox form, its mark can be found in certain religions, traditions, and artistic creations of people of African descent. This 15th anniversary edition has been updated to include new materials and analysis, a review of developments in the field, prospects for new research, and new illustrations.

This study was developed by researchers at the Center of Thanatology at Radboud University, Nijmegen. The Center conducts research into socio-cultural and religious aspects of death, dying, and bereavement. In the book, scholars in the broad interdisciplinary field of thanatology offer valuable insights in the changing views of death as found in Europe. The first part of the book presents studies on a conceptual level for various aspects of death studies. In a second segment, different European societies are compared on a national level, while, in the final part, religious beliefs, attitudes, practices, and other worldview-related issues are covered. Countries, disciplines, and worldviews come face to face, providing a framework and starting a profound comparative dialogue on challenges that have confronted this field of study. Aimed at pastoral care providers, counsellors, therapists and other health professionals as well as students, this is a practical manual suitable for all carers.

The Power of this prayer of Imam Muhammad al-Dar'i lies in its simplicity, its purity, and its sincere supplication. It is essentially a plea to God that our transgressions be overlooked, that divine mercy be bestowed upon us, that social justice be restored in spite of us, that wrongs be righted, and that righteousness reign once again in our lands, so that the destitute may no longer be in need, the young may be educated, the animals' purpose fulfilled, rain restored, and bounties poured forth. It is a plea to be freed from the aggression of foreigners in lands over which they have no right—a plea much needed in our modern world, rampant as it is with invasions and territorial

occupations. Ultimately, it asks not that our enemies be destroyed, but simply that their plots, and the harm they cause, be halted. Its essence is mercy, which in turn is the essence of the Messenger of God, Muhammad (peace and blessing of God be upon him): "And We have only sent you as a mercy to all the worlds."

In a multi-faith world, Islam is widely regarded as dogmatic and exclusivist. Yet in the Qur'an we have a great and worthy example of how to live in diversity, of powerful scriptural tenets that lend themselves precisely to engagement with those of other faiths. As such Islam has much to add to the debate on Religious Pluralism. For Muslims the issue is a delicate one. Aside from being tolerant and respectful of other faiths, advocating freedom of faith, and peaceful coexistence for all humanity, Muslims have to intellectually engage on matters of religious truth whilst defending the validity of their own Islamic tenets. This study is focused on the Qur'anic text. It explores the Qur'anic conception of normative religious pluralism with a view to providing answers to questions such as whether the Qur'an itself regards normative religious pluralism as a value system or simply a method through which the Qur'anic world view can be actualized. In doing so the author corrects some highly controversial misquoted, mistranslated, and/or quoted out of context verses of the Qur'an, including the so-called verse of the sword and the perception of not taking non-Muslims as friends. In reality, the Qur'an calls for freedom of faith and peaceful coexistence, but condemns oppression, religious persecution, and those who initiate hostilities. In this way it not only invokes human dignity, but restores it when it is violated.

An accessible introduction to the quintessential art form of the Islamic world *How to Read Islamic Calligraphy* explores the preeminence of the written word as a means of creative expression throughout the Islamic world. Aimed at a general audience, the book introduces all five major Islamic calligraphic script types, demonstrates their distinctive visual characteristics, and explains the various contexts in which each one came to be used, whether for transcribing the Qur'an, composing poetry, or issuing written edicts from the sultan's court. Numerous examples illustrate how the transmission of these styles and techniques from master to pupil was fundamental to the flourishing of Islamic calligraphy, and handwriting models from as early as the 10th century continue to inspire students of calligraphy today. Superbly illustrated, the works discussed include manuscripts, glass, metalware, and ceramic tiles. This accessible and engaging book traces the progression of calligraphic styles over centuries and across geographical regions, affirming the spectacular range of creative possibilities afforded by this unique art form.

This is a book on Rumi's life, his poetry, his thought, and his influence. Rumi's work forms one of the pillars of the Sufi orders, particularly the Mevlevi order, better known in the West as the Whirling Dervishes. In this book Rumi emerges not only as a spiritual master, but also as a fully human being grounded firmly in the Koran and in classical Islamic mysticism. The light of the Divine Sun, in its Beauty and Majesty, manifested itself for Rumi through the person of Shams of Tabriz. Transformed by this light, consumed by this fire, Mowlana Rumi saw the world in a new light. Everywhere he perceived God's Grandeur and his Grace. The book also discusses the theological premises upon which Rumi's work rests, his attitude to the problems of free will and predestination, and his analysis of the mystical stages and stations. The book not only gives a very rich analysis of Rumi's language and poetical art, but also a picture of medieval Konya, whose features the mystical poet transforms and transfigures.

"It is a splendid introduction--carefully researched and comprehensive, yet readable. It corrects many popular and erroneous notions about Islam that prevail in non-Muslim societies. For the general reader there are many profound insights of great consequence, for example, the

passages on women, marriage, and inheritance, or the section on jihad, nearly always completely misunderstood in the press." -- BOOK JACKET.

In any theistic religion, the concept of God rests at the core of its beliefs, tenets and practices, and it determines what its adherents regard as admissible or otherwise. It shapes their attitudes towards others whom they label as "unbelievers." It inspires their perceptions, formulating how they conceive their role in life, how they should treat one another, what they should do when they sin or fall into error. It determines the extent of their humanity and provides them with a yardstick to measure that of others.

This book provides a handlist of the Islamic codices hosted in the library of the Institute of Ethiopian Studies at the University of Addis Ababa (Ethiopia). Theirs is one of the most important collections of Islamic manuscripts in the horn of Africa. Almost totally unexplored, the collection contains many valuable examples of the rich and variegated manuscript tradition of the Ethiopian Muslims. Each entry describes the main physical features and the most important texts contained in the codex. The catalogue includes a detailed analysis of a selection of watermarked papers and bindings--richly illustrated with pictures from the manuscripts. An extensive appendix contains over eighty plates of paleographical samples of dated manuscripts. Several indices (titles of the works, personal and place names, etc.) facilitate the usage of the handlist for further research.

Throughout history to the present day, religion has ideologically fueled wars, conquests, and persecutions. Christianity and Islam, the world's largest and geopolitically powerful faiths, are often positioned as mortal enemies locked in an apocalyptic "clash of civilizations." Rarely are similarities addressed. Dreaming in Christianity and Islam, the first book to explore dreaming in these religions through original essays, fills this void. The editors reach a plateau by focusing on how studying dreams reveals new aspects of social and political reality. International scholars document the impact of dreams on sacred texts, mystical experiences, therapeutic practices, and doctrinal controversies.

"Approaching the Qur'an captures the complexity, power, and poetry of the early suras, or chapters, of the Qur'an, the sacred scripture of Islam. Michael Sells presents brilliant translations of the short, hymnic suras associated with the first revelations to the Prophet Muhammad. In the second edition, Sells offers a new translation and commentary on the Sura of the Compassionate (al-Rahm?n), which holds a special place within Islamic devotion and literature. Additionally, a new preface addresses the ongoing controversy over teaching about Islam and the Qur'an in American universities."--Publisher.
