Replete with corporate and political intrigue, *Inflection Point* is the true story of the author and her legal team at Pfizer who found themselves at the epicenter of the world-wide, multi-billion dollar battle for control over the world's most prescribed pharmaceutical product, Lipitor. The author charts the course of the team's courageous effort to protect their company's most prized asset and the unforeseen personal consequences they suffered as a result. In New York, London, Paris, Copenhagen, and Ottawa, from the White House to Wall Street, in boardrooms and courtrooms, in the media and behind closed doors, critical disputes are lost and won in a primal struggle for survival. *Inflection Point* is a fast-paced, high-stakes legal thriller and memoir. But it is also a cautionary tale posing a question as fundamental as it is critical: Have the concerted efforts to bring affordable medicines to consumers crippled the very industry that invents the drugs in the first place?
