This explosive autobiographical volume is about entertainer Jerry Castaldo growing up on the mean streets of Brooklyn, NY, his agonizing descent into the darkness of the city's underbelly and his desperate struggle back to normalcy. Celebrated NY Post columnist, author and playwright Chip Deffaa edited this dark, yet inspirational story. "Heartbreaking," "surprising," "emotionally charged." "Shocking," "volatile," "riveting" and "just plain scary." Those comments are from readers of this book who cut a wide swath across a varied demographic--men, women; young, old; and who are from varying socio-economic and cultural backgrounds and locales. Michael Musto, award-winning columnist for The Village Voice in NYC and TV's "E! Channel" regular calls it: A gritty tale of dark struggle!" America's largest Italian American newspaper promises: "You'll be captured by his story from the very first page!" Jerry Seinfeld, sitcom star and comedian says, "I'm tellin' you right now--this guy is gonna be the biggest thing in show business."

In How to Super Tune and Modify Holley Carburetors, best selling author Vizard explains the science, the function, and most importantly, the tuning expertise required to get your Holley carburetor to perform its best for your performance application. A guide to learning how to play guitar for people ages twelve and up that covers tuning, strumming, chords, and other basics; and includes exercises, seventeen songs with lyrics, photographs, diagrams, and an audio CD.

Basil Davidson's famous book -- now updated in a welcome Third Edition -- reviews the social and political history of Africa in the twentieth century. It takes the reader from the colonial era through the liberation movements to independence and beyond. It faces squarely the disappointments and breakdowns that have dulled the early successes of the post-colonial era; yet, for all the sorrows and uncertainties of Africa today, Basil Davidson shows how much has been achieved since decolonization, and the mood of his new final chapter is hopeful and buoyant.

With reference to India.

Many women focus on their performance, expecting that if they excel and accomplish the most, they'll get the promotions and recognition they deserve. And yet, all too often, women are outsiders to the networks of power and influence where the decisions are made that affect their careers. They may view politics as dirty; they may be slow to self-promote, build and nurture relationships with key stakeholders, and seek sponsorship. The result? They get blindsided, experiencing deep disappointment when their hard work alone doesn't pay off with an anticipated promotion or raise. Ambitious women understand they must play politics, but how can they learn to do it successfully? The Politics of Promotion demonstrates to women the importance of understanding workplace politics and provides them with the necessary tools to successfully navigate the political realities of their organization. While there are many books that advise women to be more assertive and embrace their ambition, and books that address office politics, there is little information focused specifically on how women can successfully navigate the politics in the current work environment. The Politics of Promotion provides

a unique and proven method to guide women through the complexities of office politics, so that they can avoid a political "blindside" that may sabotage their career.

An escapade that is totally out of this world. Normal, Tiberius, Ocacia and Ararnia are no ordinary youngsters. When they enrol at Guardian Grange they embark on a whole new life of training, missions and adventure. Flying, invisibility and combat are just a few of the skills they begin to acquire. And along the way they encounter strange events and dubious characters. Before too long they are sent on a world changing mission, will they be up to the job?

Visual effects and motion graphics pros of all stripes - from broadcast professionals to VFX supervisors to Web designers who need to produce occasional video segments - will welcome the dramatically accelerated features provided in the brand-new After Effects CS4. This best-selling book has been revised to cover all that's new in this upgrade: the ability to import 3D layers from Photoshop; the Cartoon effect that converts live-action footage into stylized imagery; Adobe Device Central CS4, which lets you preview and test animations for mobile devices, and more. Designed around a single complex project that's broken down into manageable lessons, this book mimics a real-world workflow - but one that readers tackle at their own pace. Contains all the lesson files and footage readers need to complete the lessons. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: - If you are able to search the book, search for "Where are the lesson files?" - Go to the very last page of the book and scroll backwards. - You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. - Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

Mariana Fowler despises the hardships and loneliness of the wilderness Minnesota Territory, until she meets Lone Hawk, the handsome Chippewa warrior who saves her life. Reissue.

A new perspective on a diabolical problem. Climate change, one of the most polarising issues of our time, has reached a political deadlock in the battle of sceptics and believers. But it doesn't have to be that way. In *Why We Argue about Climate Change*, Eric Knight unpicks the misconceptions that keep us arguing about, and stop us seeing, the nature of the problem – and its solutions. Why can't we learn anything about climate change from snowdrifts or scorching hot days? And whom should we listen to – scientists or politicians – to find answers? With optimism and clarity, Knight cuts through the distractions that surround the debate, arguing that wasteful consumption is nothing more than a red herring, while we have much to learn from China's frugal innovations in clean technology. As politicians and commentators continue to squabble, *Why We*

Argue about Climate Change is essential reading for those who want to solve the puzzle of climate change rather than argue about the weather. This short book draws on, expands and updates chapters from Eric Knight's Reframe. Longlisted for the 2014 John Button Prize Eric Knight is the author of Reframe: How to solve the world's trickiest problems. A former Rhodes scholar, he has worked as an economics consultant to the OECD, the UN and the World Bank and he has written for the Sydney Morning Herald, the Age, the Drum, the Spectator and the Monthly.

Fodor's Southern California takes the guesswork out of choosing the perfect SoCal experience--from picking the finest Santa Barbara

bistro to finding the best studio tour in Hollywood.

"You can't beat this story for drama. . . . An omnibus of everything ever known, spoken, or written about Doc Holliday." -Publishers Weekly "An engagingly written, persuasively argued, solidly documented work of scholarship that will surely take its place in the literature of the Old West." -Booklist In Doc Holliday: The Life and Legend, the historian Gary Roberts takes aim at the most complex, perplexing, and paradoxical gunfighter of the Old West, drawing on more than twenty years of research-including new primary sources-in his quest to separate the life from the legend. Doc Holliday was a study in contrasts: the legendary gunslinger who made his living as a dentist; the emaciated consumptive whose very name struck fear in the hearts of his enemies; the degenerate gambler and alcoholic whose fierce loyalty to his friends compelled him, more than once, to risk his own life; and the sidekick whose near-mythic status rivals that of the West's greatest heroes. With lively details of Holliday's spirited exploits, his relationships with such Western icons as Wyatt Earp and Bat Masterson, and the gunfight at the O.K. Corral, this book sheds new light on one of the most mysterious figures of frontier history.

This text shows the reader how to tap into the power of Flash MX by learning how and when to employ ActionScripting. The book is structured in two parts. The first section explores the general programming theory and how it applies to Flash. It then progresses through more complex Flash ActionScripting applications.

Recounts the author's journey through heartbreak and healing after tragically losing her husband during the September 11 attacks, describing her efforts as a

single mother, her changing relationships, and her unexpected subsequent marriage.

Presents the mythical world of dragons, describing their anatomy, language, rules of combat, life span, society, and the characteristics of the different types of dragons. Most of the software measures currently proposed to the industry bring few real benefits to either software managers or developers. This book looks at the classical metrology concepts from science and engineering, using them as criteria to propose an approach to analyze the design of current software measures and then design new software measures (illustrated with the design of a software measure that has been adopted as an ISO measurement standard). The book includes several case studies analyzing strengths and weaknesses of some of the software measures most often quoted. It is meant for software quality specialists and process improvement analysts and managers.

THE SECOND RACY ROMANCE IN THE ALFA INVESTIGATIONS SERIES FROM WALL STREET JOURNAL & USA TODAY BESTSELLING AUTHOR CHELLE BLISS. ALFA Qualifications: Tough as nails, willing to play dirty, and a chiseled body... Frisco Jones was never lucky in love and had finally given up, diving into his new job at ALFA Investigations. But when a dirty-mouthed temptress crossed his path, he questioned everything. Georgia Phillips was innocent, pure, and total perfection...everything Frisco wasn't. He knew he could ruin her forever-but not without possibly wrecking himself first. He swore he'd never call another woman his, but that was before he almost lost Georgia forever. Unlawful Desire is book two in the ALFA Investigations series and a USA Today bestselling full-length novel by author Chelle Bliss told in first person point of view.

After World War II, Ernst Ludwig Ehrlich (1921–2007) published works in English and German by eminent Israeli scholars, in this way introducing them to a wider audience in Europe and North America. The series he founded for that purpose, Studia Judaica, continues to offer a platform for scholarly studies and editions that cover all eras in the history of the Jewish religion.

Inside this manual you will find routine maintenance, tune-up procedures, engine repair, cooling and heating, air conditioning, fuel and exhaust, emissions control, ignition, brakes, suspension and steering, electrical systems, and wiring diagrams.

This repair manual covers Suzuki SV650 and SV650S 1999 to 2005.

Practical guide to create Concrete5 themes. This book is great for theme developers new to concrete5 who are looking to use their experience in HTML and CSS to create high quality themes for concrete5. It's assumed that you have worked with HTML before and can also read code as you'll see some basic PHP and JavaScript code. There are a few words about using concrete5, but you're expected to spend a bit of time on your own to get familiar with the concrete5 interface by yourself and by reading some of the articles listed in the book. Readers are expected to have the ability to set up their own concrete5 site, but basic information about the installation and links to follow up are provided though.
