Swami Vivekananda (1863–1902) popularised Vedanta in the West and reformed Hinduism in India. He also inspired the mass movement that made India a modern nation. In showcasing his life and work, this Reader balances the two main aspects of his life: the religious and the secular, the spiritual and the practical, the devotional and the rational. Included here are the most significant and representative texts from every major genre and phase — selections from his speeches, essays, letters, poems, translations, conversations, and interviews — arranged for easy reading and reference. With a scholarly Introduction highlighting his contemporary relevance, separate section introductions and a detailed biographical Chronology, this volume provides a rare insight into one of India's greatest minds. This volume will interest scholars and students of modern Indian history, religion, literature, and philosophy as well as general readers.

Arguably, the greatest achievement of Swami Vivekananda, one of the most celebrated icons of modern India, was the reconstruction of Hinduism. This he accomplished by reforming the religion in India and changing its image in the West. Indeed, the Hinduism that Vivekananda expounded at the Parliament of World's Religions in Chicago was a new, progressive version of an ancient tradition, devoid of the superstitions and distortions with which it had come to be associated. He revolutionized Hindu faith traditions by turning them into a repository of rational, universal philosophy. This book tries to get to the heart of Swami Vivekananda's legacy and his relevance in the contemporary world. It examines hitherto lesser-known aspects of Swamiji's life and work including his contributions to practical Vedanta, universal religion, science-spirituality and inter-religious dialogue, dharmic secularism, educational philosophy, poetry, and, above all, to the problem of Indian modernity. Despite the abundance of literature available on him, Swami Vivekananda is still not understood adequately, remaining somewhat of an enigma. A fresh reading of the life and times of the Swami by someone who has studied him closely, Makarand R. Paranjape's detailed, thought-provoking account shows that in Vivekananda's visionary thoughts lay the seeds of the creation of a modern India. This book reclaims Swami Vivekananda's stature as a pioneer of contemporary Hindu thought and nationalism.

A perfect volume to get to the root of religion and its practice.

The life of Swami Vivekananda has fascinated several generations of humanity across the globe. We have therefore, touched upon his early life and the influence of his great master upon him. There has never been a more fascinating story of a guru and disciple. The guru Sri Ramkrishna was a divinity in flesh and blood. There should not be the least doubt about that. But doubts are intrinsic to human nature. Even the great disciple Swami Vivekananda had a lingering doubt, perhaps as a brief flash of thought as to whether his master was really a divine incarnate, a Paramhansa, or not. The inside pages contain an interesting and elevating story of how a westernized disciple, who believed in logic and reasoning and whose intellect was superlative with strong will power came gradually to believe in the Vedantic dictum of divine unity through the grace of his guru.

Raja Yoga is a book by Swami Vivekananda about "Raja Yoga", his interpretation of Patanjali's Yoga Sutras adapted for a Western audience. It became an instant success and was highly

influential in the Western understanding of yoga. Each soul is potentially divine. The goal is to manifest this Divinity within by controlling nature, external and internal. Do this either by work, or worship, or psychic control, or philosophy — by one, or more, or all of these — and be free. This is the whole of religion. Doctrines, or dogmas, or rituals, or books, or temples, or forms, are but secondary details.

An intimate portrait of the little-known aspects of Swami Vivekananda's life. Wandering mystic, India's spiritual ambassador to the West and founder of the Ramakrishna Mission, Swami Vivekananda awakened India's masses to the country's spiritual richness while stressing the importance of scientific inquiry. These aspects of Swamiji's life have been well chronicled by Swamiji himself, through his letters, speeches and writings; his own brothers who between them have written more than a hundred books; his co-disciples, disciples and others whose lives were enriched by their interactions with him; and, more than a century after his death, followers who had only read or heard of the magnetic personality of this revered teacher. Gleaned from all these sources, through painstaking research Sankar's biography focuses on the personal life of the saint: What was Vivekananda like as a man? What role did his mother play in his life, both before and after he renounced all family ties? Could he reconcile the duties of a monk with the duties of an eldest son? What prompted him to promote Vedanta and biriyani in the West? Did the long drawn battles over family property affect his health and cut short his life? Did his sister commit suicide? Why did his brother not write a single letter for six years when he was wandering around the world? What was Swamiji's favourite dish and what fruit did he like the least? What was his height? Where did he have his second heart attack? How much did the Calcutta doctor charge him at his chamber? Sankar's composite picture of the monk as man has sold over one lakh copies in Bengali and this translation brings the unfamiliar Vivekananda to a larger readership.

Swami Vivekanand had motivated his disciples and colleagues to devote their entire life to the cause of social welfare. Mrs Asha Prasad has presented the episodes related to Swami Vivekanand's motivating tactics in a very interesting manner in this book. The collection of these interesting episodes must have been a very difficult task involving many hassles and obstructions. Mrs Prasad deserves congratulation as well as thanks. This book portrays a true sage who had looked for the way to get God through the welfare of the bare, hungry, Dalit and downtrodden. He was different from those sages who think that showing small magical tricks and gathering crowd of people are the pinnacle of Indian spiritualism. Today, our youths are sans any leader and thus, they are wandering hither and thither. This book can give new inspiration to those young men and women. Vivekanand had said to the youth, "First of all, have faith in your own self. Then, have faith in God. A handful of strong human beings can shake the world. We need a heart that may be able to feel sensation. We need a brain that may be able to catch thoughts. We need a strong arm that may be able to do work. The history of the world is the history of those few people who had faith in themselves. Due to faith, the divine power within the human being wakes up. Then, you can do anything"

Swami Vivekananda was a wonderful storyteller. His talks and writings are interspersed with numerous anecdotes and illustrations. This book published by Advaita Ashrama, a publication centre of Ramakrishna Math, Belur Math, India, contains most of his stories from his nine-volume Complete Works, retold and illustrated.

"Lectures from Colombo to Almora" by Swami Vivekananda based on his various lectures. After visiting the West, Vivekananda reached Colombo, British Ceylon (now Sri Lanka) on 15 January 1897. Upon Vivekananda's arrival in South India, a forty-feet high monument was built by the king of Ramnad on the spot where he landed to celebrate his achievements at the West. He reached Calcutta via Madras on 20 January 1897. Then Vivekananda travelled extensively and visited many Indian states. On 19 June (1897) he reached Almora. The lectures delivered by him in this period were compiled into the book Lectures from Colombo to Almora.

This compilation by Advaita Ashrama, a publication centre of Ramakrishna Math, is a documentation of selected notes and utterances of Swami Vivekananda about himself and his work. These are arranged chronologically so as to form what may be called a near autobiography of the saint.

The Vedanta was an inseparable part of Swami Vivekananda's personality. He lived and breathed this philosophy while preaching it to India and the west. While Vivekananda's landmark address at the Parliament of Religions in Chicago in 1893 established him as modern India's great spiritual leader, his popularity and appeal is attributed to his ability to integrate his human side with his profound spiritual side. In this beautifully written biography, Chaturvedi Badrinath liberates Vivekananda from the confines of the worship room and offers an unforgettable insight into the life of a man who was the very embodiment of the Vedanta that he preached.

For the first time since Swami Vivekananda's famous address to the World's Parliament of Religions in Chicago on 11 September 1893, this provocative study seeks to rescue the historical Vivekananda from the celebrated Swamiji of the legend and hagiography. Using a variety of primary and contemporary secondary sources, including eyewitness accounts in English as well as Bengali, Professor Narasingha P. Sil examines Vivekananda's early life and education, his meeting and relationship with his future mentor Sri Ramakrishna Paramahansa, and the circumstances leading to his embracing monastic life. Analyzing Vivekananda's numerous sermons, speeches, conversations, and letters, Sil exposes the Swami's deliberate distortion of facts and purposive misinformation on, and misleading and tendentious interpretation of, aspects of Hindu society and culture. The book also takes a hard look at his universally acknowledged reputation as a hypercosmological renouncer who championed the causes of the poor and the downtrodden and thus exemplified the doctrines of socialism at their finest. Sil is the first scholar to critically examine Vivekananda's attitude toward women in general and to probe into his experience with Margaret Noble (Sister Nivedita) in particular, and he is the first author to provide a detailed analysis of Vivekananda's popularity as a preacher and lecturer.

After so much tapasya i have understood this as the highest truth: God is present in every being. There is no other God besides that. He who serves all beings serves God indeed.

Swami Vivekananda revealed to the world the true foundations of India's unity as a nation. He taught how a nation with such a vast diversity can be bound together by a feeling of humanity and brother-hood. Vivekananda emphasized the points of drawbacks of western culture and the contribution of India to overcome those. Netaji Subhash Chandra Bose once said: "Swamiji harmonized the East and the West, religion and science, past and present. And that is why he is great. Our countrymen have gained unprecedented self-respect, self-reliance and self-assertion from his teachings." Vivekananda was successful in constructing a virtual bridge between the culture of East and the West. He interpreted

the Hindu scriptures, philosophy and the way of life to the Western people. He made them realize that in spite of poverty and backwardness, India had a great contribution to make to world culture. He played a key role in ending India's cultural isolation from the rest of the world.
