

Teachers Diary

A scabrously funny look inside the classroom from a teacher who has had enough of a system that is on its knees and with morale at rock-bottom. Intoning his mantra of 'July, July, July!' the anonymous author – still a serving secondary school teacher – ranges over his teaching career from his student practice to the present day: from colleagues praying for a minor heart attacks so they can get six months paid leave and a foot in the door of early retirement, to the increasing alienation of young people and the alarming rise in mental health issues and self-harming. Reasoning that it's either laugh or cry, this teacher does both. Heartfelt and seriously funny, *Class War* is a diary account written as therapy, and an inside look like no other at the pressure-cooker that is a secondary school. Hilarious, heart-breaking and impassioned, this is a book about the value and importance of good teachers and good schools in a world where lack of resources and ever increasing demands place intolerable strains on them, *Class War* is a heartfelt portrait of the profession of teaching and a state education system where no one should be left behind but too many are.

A must-read for parents, new teachers, and classroom veterans, *Educating Esmé* is the exuberant diary of Esmé Raji Codell's first year teaching in a Chicago public school. Fresh-mouthed and free-spirited, the irrepressible Madame Esmé—as she prefers to be called—does the cha-cha during multiplication tables, roller-skates down the hallways, and puts on rousing performances with at-risk students in the library. Her diary opens a window into a real-life classroom from a

teacher's perspective. While battling bureaucrats, gang members, abusive parents, and her own insecurities, this gifted young woman reveals what it takes to be an exceptional teacher. Heroine to thousands of parents and educators, Esmé now shares more of her ingenious and yet down-to-earth approaches to the classroom in a supplementary guide to help new teachers hit the ground running. As relevant and iconoclastic as when it was first published, *Educating Esmé* is a classic, as is Madame Esmé herself.

What *do* teachers feel when facing William Shakespeare, tales of family feud, breathless kissing scenes—all in front of a class of teens who are keeping their heads down (and threatening to fall asleep or plot their next prank in the process)? We may never know what our own 8th or 9th grade teachers felt. But, on this count, educator Callie Feyen has done us a favor. She has written a poignant memoir—'The Teacher Diaries: Romeo & Juliet.' It begins with a kiss. Then, page by page, it reveals her generous, hopeful, and humorous heart. For teachers everywhere, this is a beautiful book to help them remember why they teach. For those of us who just love to get the juicy details of what someone in a challenging position *really* thinks, this book will satisfy (and sometimes make us laugh, or cry). ***Bonus classroom activities included.

teacher during his first year working in a Harlem elementary school in the 1960s. The "New York Times Book Review" called Haskins's diary "a weapon--cold, blunt, painful" and Look magazine said it "will be read a generation hence as a classic of one aspect of American education." As Herbert Kohl discusses in his new foreword, "Diary of a Harlem Schoolteacher" is a dramatic reminder of how much educational work there is still to do.

Teaching for Dissent looks at the implications of new forms of dissent for educational practice. The reappearance of dissent in political meetings and street protests opens new possibilities for improved democratic life and citizen participation. This book argues that this possibility will not be fulfilled if schools do not cultivate the skills necessary for our citizens to engage in political dissent. The authors look at how practices in schools, such as the testing regime and the 'hidden curriculum', suppress students' ability to voice ideas that stand in opposition to the status quo. Teaching for Dissent calls for a realignment of the curriculum and the practices of schooling with a guiding vision of democratic participation.
