In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Monica believes Jonathan despite her better judgment. Forgives him despite her doubts. She loves him...just because. Her heart isn't sensible or guarded enough. Not by a sight. She's a walking raw nerve ending of emotion, as if the celibate years she'd spent before him made her more emotional, more vulnerable, more foolish. And she agreed to all of it yesterday and today. She'd agree to it tomorrow and forever, but for one thing. There might not be a tomorrow for her king. ----- Previously released as Sing Coda Dominance The hauntingly prophetic classic novel set in a not-too-distant future where books are burned by a special task force of firemen. He's her husband, but he's not the man she married. Caden and Greyson come home from deployment to build a life together. Everything is perfect, until Caden starts changing into a different man—one with a savage edge that's as dangerous as it is sexy. Who is her husband? What has he become? And why? Caden takes part in an experimental treatment, one that intensifies the break between who he was and who he's becoming, while Greyson hunts down answers, putting together pieces of a puzzle that begins in Iraq and ends in their bedroom. The cure may be worse than the disease, and as Caden's roughness hits new heights, so does Greyson's pleasure. She's falling in love with a man she never married—a man whose very existence is a mystery, and one she's hell-bent on destroying. With time running out and forces bigger than their marriage working against them, Greyson needs to put together the pieces before Caden takes it all too far... Simple songs or airs, in which a male poetic voice either seduces or excoriates a female object, were an influential vocal genre of the French Baroque era. In this comprehensive and interdisciplinary study, Catherine Gordon-Seifert analyzes the style of airs, which was based on rhetorical devices of lyric poetry, and explores the function and meaning of airs in French society, particularly the salons. She shows how airs deployed in both text and music an encoded language that was in sensuous contrast to polite society's cultivation of chaste love, strict gender roles, and restrained discourse.

Sarah's kidnapped on her wedding day, held by a man who wants vengeance on her father, married to him against her will, and thrust into a world of betrayal, lies, and deviance she's lived in her entire life...but never known it. All she has to do to escape is destroy everything she's ever loved, and love a man she must destroy.

Monica does not abdicate. She will not resign herself to a man's will...even a man as strong as Jonathan. She's not weak or fragile, nor does she break at the first sign of trouble. Until she realizes she's falling in love with him and that she'll never be the same if she allows it. She breaks into a million sharp pieces and damages him in the process. But what can she do? Stay with him and untangle the mess of his life? Commit to his rules, his secrets, his troubles? No. She'll commit to a man, not a lie. She'll strip away everything between them, even if it ends them. ---- An Audie Award Finalist under the title Control Burn Resist

Sherley A. Williams' highly acclaimed historical novel details two women's fierce strength of will and an unlikely bond despite racial barriers in the pre-civil war south "Having this treasure of a book available again for new and more readers is not only necessary, it is imperative."—Toni Morrison In 1829, in Kentucky, a pregnant black woman helped lead an uprising of a group of slaves headed to the market for sale. She was sentenced to death, but her hanging was delayed until after the birth of her baby. In North Carolina in 1830, a white woman living on an isolated farm was reported to have given sanctuary to runaway slaves. In *Dessa Rose*, Sherley A. Williams asks the question: "What if these two women met?" From there the story unfolds: two strong women, one black, one white, form a forbidden and ambivalent alliance; a bold scheme is hatched to win freedom; trust is slowly extended and cautiously accepted as the two women unite and discover greater strength together than alone. United by fate but divided by prejudice, these two women are locked in a thrilling battle for freedom, sisterhood, friendship, and love.

Sir Phillip knew that Eloise Bridgerton was a spinster, and so he'd proposed, figuring that she'd be homely and unassuming, and more than a little desperate for an offer of marriage. Except . . . she wasn't. The beautiful woman on his doorstep was anything but quiet, and when she stopped talking long enough to close her mouth, all he wanted to do was kiss her . . . and more. Did he think she was mad? Eloise Bridgerton couldn't marry a man she had never met! But then she started thinking . . . and wondering . . . and before she knew it, she was in a hired carriage in the middle of the night, on her way to meet the man she hoped might be her perfect match. Except . . . he wasn't. Her perfect husband wouldn't be so moody and ill-mannered, and while Phillip was certainly handsome, he was a large brute of a man, rough and rugged, and totally unlike the London gentlemen vying for her hand. But when he smiled . . . and when he kissed her . . . the rest of the world simply fell away, and she couldn't help but wonder . . . could this imperfect man be perfect for her?

Ourselves, the fourth volume of Charlotte Mason's Classic Homeschooling Series, is a character curriculum book written directly to children. Book I, Self-Knowledge, is for elementary school students; Book II, Self-Direction, is for older students. Self-Knowledge discusses our human desires and appetites; the "helpers" in our minds, such as intellect, sense of beauty, imagination, and reason; the ways in which we feel and express love for others, including sympathy, kindness, generosity, gratitude, courage, loyalty, and humility; and truth, justice, and integrity; and ends by encourages children to develop the habit of being useful. Self-Direction is an in-depth discussion of the conscience and virtues such as temperance, chastity, fortitude, and prudence; the will and self-control; and the soul and its capacities, such as prayer, thanksgiving, faith, and praise. Charlotte Mason was a late nineteenth-century British educator whose ideas were far ahead of her time. She believed that children are born persons worthy of respect, rather than blank slates, and that it was better to feed their growing minds with living literature and vital ideas and knowledge, rather than dry facts and knowledge filtered and pre-digested by the teacher. Her method of education, still used by some private schools and many homeschooling families, is gentle and flexible, especially with younger children, and includes first-hand exposure to great and noble ideas through books in each school subject, conveying wonder and arousing curiosity, and through reflection upon great art, music, and poetry; nature observation as the primary means of early science teaching; use of manipulatives and real-life application to understand mathematical concepts and learning to reason, rather than rote memorization and working endless sums; and an emphasis on character and on cultivating and maintaining good personal habits. Schooling is teacher-directed, not child-led, but school time should be short enough to a

The critically acclaimed, award-winning, modern classic *Speak* is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an

upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.
