Includes an afterword by the author. Harry Crosby was the godson of J. P. Morgan and a friend of Ernest Hemingway. Living in Paris in the twenties and directing the Black Sun Press, which published James Joyce among others, Crosby was at the center of the wild life of the lost generation. Drugs, drink, sex, gambling, the deliberate derangement of the senses in the pursuit of transcendent revelation: these were Crosby's pastimes until 1929, when he shot his girlfriend, the recent bride of another man, and then himself. *Black Sun* is novelist and master biographer Geoffrey Wolff's subtle and striking picture of a man who killed himself to make his life a work of art.

This is a personal history of the twentieth century as seen through the eyes of Edith Kurzweil, author, teacher, editor of

Partisan Review, and a recent recipient of the National Medal of Humanities. The book opens with Kurzweil early adolescence in Vienna during the Nazi takeover. It ends with the author finding herself in the new century. In between, she kept moving on and interrogating the world around her. The reader follows Kurzweil on her perilous journey, at the age of fourteen, to Belgium, through France, Spain, and Portugal, alone with her younger brother. Her fantasies of reunion with her parents in New York kept her going but came to naught: she had not expected to fall from a wealthy childhood into the life of the working-class poor, as a millinery apprentice or a diamond cutter. Instead of entering college life, she eventually became a conventional American housewife. Unhappy and anxious, she anticipated the social changes in America, and returned to Europe with her second husband and her two children. She arrived at the beginning of the Italian miracle--its post-war revitalization. In Milan she met many Americans as an active member of its community and of the British-American club. After personal tragedy she returned to New York, and only then pursued her early intellectual ambitions. The author eventually became a professor of sociology and quickly climbed up the academic ladder. Just as she had been as a little girl, she still "wanted to know everything," beginning with her study of Italian entrepreneurs and going on to European history and French thought, to psychoanalysis and anti-Semitism. Her early writings prompted William Phillips, co-founder and editor of Partisan Review, to invite her into the elite circle of New York intellectuals. She worked alongside him, first as a reader, then as executive editor, and took over the editorship of the legendary journal during its final period. Kurzweil's journey was one of courage, and of emotional and intellectual growth. Full Circle will be of interest to intellectual and cultural historians, literary and Holocaust scholars, and American studies specialists.

A journalist's travelogue of war-torn Sri Lanka "brings refreshing clarity and enlightenment" to our understanding of terrorism (Robert Young Pelton). Armed with a map and a motorcycle, Mark Stephen Meadows ventures to Sri Lanka's war zone to interview terrorists, generals, and heroin dealers on their own terms. He seeks only to understand the conflict and witness the civil war's effects on the country. As he travels north through Colombo, Kandy, and the damaged city of Jaffna, Meadows discovers an island of beauty and abundance ground down by three decades of war. He is invited into an ancient culture where he learns to trap an elephant, weave rope from coconut husks, cast out devils, and even have afternoon tea with terrorists. Meadow's story and take on the war focuses on the interconnectedness of globalization, the media, and modern terrorism in what Greg Mortenson, author of *Three Cups of Tea*, calls "an excellent undertaking."

It amused her to have an admirer who was far too timid to approach. On that evening, she had been tempted to give him a fright, to swing round and confront him. The first English translation of a lost classic that reinvents the flaneur in Berlin. Franz Hessel (1880–1941), a German-born writer, grew up in Berlin, studied in Munich, and then lived in Paris, where he moved in artistic and literary circles. His relationship with the fashion journalist Helen Grund was the inspiration for Henri-Pierre Roche's novel *Jules et Jim* (made into a celebrated 1962 film by Francois Truffaut). In collaboration with Walter Benjamin, Hessel reinvented the Parisian figure of the flaneur. This 1929 book—here in its first English translation—offers Hessel's version of a flaneur in Berlin. In *Walking in Berlin*, Hessel captures the rhythm of Weimar-era Berlin, recording the seismic shifts in German culture. Nearly all of the essays take the form of a walk or outing, focusing on either a theme or part of the city, and many end at a theater, cinema, or club. Hessel deftly weaves the past with the present, walking through the city's history as well as its neighborhoods. Even today, his walks in the city, from the Alexanderplatz to Kreuzberg, can guide would-be flaneurs. *Walking in Berlin* is a lost classic, known mainly because of Hessel's connection to Benjamin but now introduced to readers of English. *Walking in Berlin* was a central model for Benjamin's Arcades Project and remains a classic of "walking literature" that ranges from Surrealist perambulation to Situationist "psychogeography." This MIT Press edition includes the complete text in translation as well as Benjamin's essay on *Walking in*

Berlin, originally written as a review of the book's original edition. "An absolutely epic book, a walking remembrance." —Walter Benjamin

Eastport, Maine, has plenty of salty local character. It also has a sweet side, thanks to Jacobia "Jake" Tiptree, her best friend Ellie, and their waterfront bake shop, The Chocolate Moose. This summer, Eastport's favorite lovebirds, kindergarten teacher Sharon Sweetwater and Coast Guard Captain Andy Devine, are getting married. The gala reception is sure to be the fête of the season, especially with a wedding-cake-sized whoopie pie courtesy of The Chocolate Moose. For Jake and Ellie, the custom-ordered confection will finally reel in some much-needed profits. But the celebratory air, and sweet smell of success, are ruined when Sharon's bitter ex-boyfriend Toby is murdered with a poisoned milkshake. With Andy jailed as the prime suspect and the wedding cancelled, it's up to Jake and Ellie to catch a poisonous predator before someone else sips their last dessert. Includes a Recipe! "Graves' second case of chocolate murder offers fans of the genre a trifecta of coziness: plucky heroines, sweet treats, and just enough puzzlement to keep you on your toes." —Kirkus Reviews "Lively characters, an intricate plot, and enticing descriptions of Down East Maine make this cozy a winner." —Publishers Weekly

An American Poet in Paris is a literary biography of Pauline Avery Crawford, a remarkable American expatriate who wrote for the Paris edition of the New York Herald Tribune in the 1930s and 1940s. Interspersed in the biography are numerous quotations from Crawford's

poetry and letters, along with an account of her fascinating life in Paris, a life that included the turbulent years before, during, and after World War II. Crawford was reared in the frontier town of Fort Collins, Colorado, went east to attend college, and then became a faculty wife. Her early happiness was marred by tragedy when her husband committed suicide, leaving her with two small boys, and her sister, whom she had joined in Paris, died of tuberculosis. Crawford contracted acute articular rheumatism and had to spend two long, painful years in the American Hospital in Neuilly. Despite the loss of a leg, this widow with two young children carved out a new life for herself in the pages of the Paris Herald Tribune. Therein she recorded the events of those dramatic pre- and postwar years in both poetry and prose. As a constant contributor to the "Mailbag," the column of letters to the editor, Crawford became a celebrity in the Anglo-American community even though she advocated American intervention in the war in a newspaper whose readership was largely isolationist. In the postwar years, the editor asked her to create a column that he dubbed "Our Times in Rhyme." In this column, which she wrote until shortly before her death in 1952, she provided an amusing, sometimes sarcastic, and often cheering commentary on world events and life in Paris, leavened with some of the more serious sonnets she had always loved to write. Well informed and well written, *An American Poet in Paris* throws light on a particular time and place as seen through the eyes of one extraordinary woman, in an unusual and pioneering American newspaper. Crawford's poetry and wit still sparkle, the controversies in which she indulged remain of interest, and her detailed description of life in occupied Paris is especially compelling.

For Lila Reyes, a summer in England was never part of the plan. But then the Trifecta happened, and everything—including Lila herself—fell apart. Worried about Lila’s mental health, her parents make a new plan for her: Spend three months with family friends in Winchester, England, to relax and reset. But with the lack of sun, a grumpy inn cook, and a small town lacking Miami flavor (both in food and otherwise), what would be a dream trip for some feels more like a nightmare to Lila...until she meets Orion Maxwell. A teashop clerk with troubles of his own, Orion is determined to help Lila out of her funk, and appoints himself as her personal tour guide. From Winchester’s drama-filled music scene to the sweeping English countryside, it isn’t long before Lila is not only charmed by Orion, but England itself. Navigating through youth and young adulthood isn't easy, and in Sorry Not Sorry, Naya Rivera shows us that we're not alone in the highs, lows, and in-betweens. Whether it's with love and dating, career and ambition, friends, or gossip, Naya inspires us to follow our own destiny and step over--or plod through--all the crap along the way. After her rise and fall from early childhood stardom, barely eking her way through high school, a brief stint as a Hooters waitress, going through thick and thin with her mom/manager, and resurrecting her acting career as Santana Lopez on Glee, Naya emerged from these experiences with some key life lessons: Sorry: - All those times I scrawled "I HATE MY MOM" in my journal. So many moms and teenage daughters don't get along--we just have to realize it's nothing personal on either side. - At-home highlights and DIY hair extensions. Some things are best left to the experts, and hair dye is one of them. - Falling in love with the idea of a person, instead of the actual person. Not Sorry: - That I don't always get along with everyone. Having people not like you is a risk you have to take to be real, and I'll take that over being fake any day. - Laughing at the gossip instead of getting upset by it. - Getting my financial disasters out of the way early--before I was married or had a family--so that the only credit score that I wrecked was my own. Even with a successful career and a family that she loves more than anything else, Naya says,

"There's still a thirteen-year-old girl inside of me making detailed lists of how I can improve, who's never sure of my own self-worth." Sorry Not Sorry is for that thirteen-year-old in all of us.

Part inspiration, part information narrative for our story is based on walking meditation, also known as mindful walking; an active practice that requires you to be consciously aware and moving in the environment rather than sitting with your eyes closed. Just as The Life-Changing Magic of Tidying Up, Marie Kondo's mega-selling book (over 4 million copies sold worldwide) provides readers with a life/spiritual philosophy embedded in the how-to of minimalism (with practical tips for de-cluttering of one's home), A Walk in the Wood provides a narrative grounded in the simple act of slowing down, observing what is around us, and being present. Appealing to adults who are actively searching ways to join the JOMO movement (Joy of Missing Out and being content just "being"), A Walk in the Wood also makes for a perfect gift for stressed-out family members and friends.

An argument that operational urban planning can be improved by the application of the tools of urban economics to the design of regulations and infrastructure. Urban planning is a craft learned through practice. Planners make rapid decisions that have an immediate impact on the ground—the width of streets, the minimum size of land parcels, the heights of buildings. The language they use to describe their objectives is qualitative—"sustainable," "livable," "resilient"—often with no link to measurable outcomes. Urban economics, on the other hand, is a quantitative science, based on theories, models, and empirical evidence largely developed in academic settings. In this book, the eminent urban planner Alain Bertaud argues that applying the theories of urban economics to the practice of urban planning would greatly improve both the productivity of cities and the welfare of urban citizens. Bertaud explains that markets provide the indispensable mechanism for cities' development. He cites the experience of cities

without markets for land or labor in pre-reform China and Russia; this “urban planners' dream” created inefficiencies and waste. Drawing on five decades of urban planning experience in forty cities around the world, Bertaud links cities' productivity to the size of their labor markets; argues that the design of infrastructure and markets can complement each other; examines the spatial distribution of land prices and densities; stresses the importance of mobility and affordability; and critiques the land use regulations in a number of cities that aim at redesigning existing cities instead of just trying to alleviate clear negative externalities. Bertaud concludes by describing the new role that joint teams of urban planners and economists could play to improve the way cities are managed.
