

Teeth Are Not For Biting Board Book Best Behavior Series

Ease little ones into the get-ready-for-bed routine with this warm and cozy bedtime book. Aided by Mom and Dad, a sister and brother enjoy a little snack, relaxing baths, time for brushing teeth, stories, lullabies, back rubs, and hugs. Cheerful, soft illustrations and reassuring text set a tone that helps toddlers feel good about settling down to sleep. (As the narrator explains, “I do my best growing when I’m sleeping.”) In the morning, the children will yawn, stretch, and be a little bit bigger, a little bit stronger, and a little bit smarter—all because of a good night’s sleep. Includes tips for parents and caregivers.

With gentle encouragement, this book teaches children that they can think before speaking, choose what to say and how to say it, and find positive ways to respond when others use unkind words. The importance of saying “I’m sorry” is reinforced. Includes tips for parents and caregivers.

A latest entry in the popular series that includes *No More Diapers for Ducky!* finds frustrated new kid Billy Goat struggling with not knowing how to make friends and nipping his animal classmates before gentle guidance from a sympathetic Ducky helps him realize that teeth are for biting food and not friends.

From the bestselling author of *Charlie and the Chocolate Factory* and *The BFG!* The Enormous Crocodile is a horrid greedy grumpy brute who loves to guzzle up little boys and girls. But the other animals have had enough of his cunning tricks, so they scheme to get the better of this foul fiend, once and for all! This picture book edition has a beautiful full-color interior and large trim to feature Quentin Blake's iconic art.

Biting is one of the most frustrating and widespread issues childcare providers and parents face. *No Biting* discusses why toddlers bite, how to respond to biting, and how to develop a plan to address repeated biting. It also explores what parents think of biting, how to respond to their suggestions and demands, and how to create biting policies. This second edition includes additional anti-biting strategies, new information on the causes of biting, and sample newsletter articles to educate parents.

As parents and teachers know, yelling comes naturally to children. This friendly, encouraging book, geared to preschool and primary children, introduces and reinforces where and when to use an “indoor voice” or an “outdoor voice.” In classic Best Behavior style the author tells young readers, “Your voice is a powerful tool. How you use it is up to you.” Vivid illustrations show the times and places for an indoor voice, the ways people ask us to quiet our voices, and times when yelling might occur. “What happens if you’re mad or frustrated or really, really excited? Your voice gets louder and LOUDER.” But yelling hurts people’s ears and feelings. Children learn that they can quiet their voice and use their words to talk about a problem. “Think before you yell, and use your words well!” Includes a special section for parents and caregivers with activities and discussion starters. The Best Behavior series uses simple words and delightful full-color illustrations to guide children to choose peaceful, positive behaviors. Select titles are available in two versions: a durable board book for ages baby–preschool, and a longer, more in-depth paperback for ages 4–7. Kids, parents, and teachers love these award-winning books. All include helpful tips and ideas for parents and caregivers.

This book helps parents with everything they need to know about feeding babies during the first three years—including breastfeeding, bottle-feeding, puréed baby food, teething foods, and solids—making it the most comprehensive baby nutrition book on the market. It helps parents understand their baby's nutritional needs and enables them to prepare tasty food so their baby can develop healthy eating habits. It's part nutrition book, part cookbook, and a complete godsend for parents. *Baby Bites* is an iParenting Excellent Parenting Product Award winner! This book helps parents with everything they need to know about feeding babies during the first three years—including breastfeeding, bottle-feeding, puréed baby food, teething foods, and solids—making it the most comprehensive baby nutrition book on the market. It's part nutrition book, part cookbook, and a complete godsend for parents. *Baby Bites* is an iParenting Excellent Parenting Product Award winner!

Learning to use the potty takes patience and practice, and this charming, straightforward book helps pave the way. Young children learn how to use the potty and why it’s time to do so, while gaining the courage and confidence to face this important milestone in their lives. When little ones learn to “do what the big kids do” (go, wipe, flush, wash their hands), they won’t need a diaper anymore—they’ll have underwear under there! Includes tips for parents and caregivers from a children’s health specialist. Shows young readers that there is a better way to act out frustration than to bite, hit, push, or kick.

Biting is an issue that is more than skin-deep. It can affect any toddler in any setting and can have developmental, emotional, or environmental causes. An “unfortunately not unexpected” occurrence among toddlers, biting is more than a physical act. It is a serious, complicated issue that brings frustration to the biter, bitee, parents, and child care providers. This book offers technique-building advice for approaching biting in ways that work effectively for everyone involved. *No Biting, Third Edition*, is expanded with over 50% new and updated content that includes consultation and technical assistance on biting for infant-toddler specialists and a ready-to-use teacher training curriculum, organized into eight short training modules. Perhaps no other concern in toddler programs challenges teachers and parents as much as biting does. This how-to handbook helps you work through biting with successful strategies and trusted guidance.

Early Reader Picture Book Benjamin is a little monkey with a habit of biting. He hasn't learned to use words to deal with his emotions. But Benjamin quickly finds out that biting comes with some real consequences. And Benjamin must learn to use words to express how he feels before he loses all his friends. Share the story of this mischievous loving little monkey. Fully illustrated and made for level 2 readers. Add this to your cart and Download this book Today!

Little Dino learns that he should not bite--except for food, of course.

Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. *Pinocchio, The Tale of a Puppet* is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's

literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinnocchio. It includes 40 illustrations.

GET THE PAPERBACK SO READ THEM WITH THAT CHILD YOU LOVE kids eat and crunch all the time. Teeth are strong and sharp and they should not be used for biting people. Crunch crunch crunch. . Ouch! Biting hurts. just as hitting hurts!" Sooner or later, almost all young children will bite someone--a friend, a parent, a sibling. in this book , help the young readers stop biting people. Teeth Are Not for BitingFree Spirit Pub

Muno learns that he should not bite his friends. On board pages.

Provides information on a child's biting tendency, describing normal child development and why a child bites, along with case studies of biters and worksheets and forms to help parents and educators.

At the urging of her family, Louise, a young alligator, tries hard to kick her biting habit.

There's a silent epidemic in western civilization, and it is right under our noses. Our jaws are getting smaller and our teeth crooked and crowded, creating not only aesthetic challenges but also difficulties with breathing. Modern orthodontics has persuaded us that braces and oral devices can correct these problems. While teeth can certainly be straightened, what about the underlying causes of this rapid shift in oral evolution and the health risks posed by obstructed airways? Sandra Kahn and Paul R. Ehrlich, a pioneering orthodontist and a world-renowned evolutionist, respectively, present the biological, dietary, and cultural changes that have driven us toward this major health challenge. They propose simple adjustments that can alleviate this developing crisis, as well as a major alternative to orthodontics that promises more significant long-term relief. Jaws will change your life. Every parent should read this book.

An award-winning author/illustrator team offers a fresh look at the times and transitions all toddlers face daily, giving young children the tools to handle routines with confidence and cooperation. Being dropped off at childcare or cared for by a baby-sitter means saying good-bye to Mom or Dad—and for many toddlers, bye-bye is a big deal. This gentle book helps ease the transition with simple rituals: hugs and kisses, a big wave, a deep breath, and the confidence to seek comfort with the new caregiver or other children. Toddlers learn that good-bye isn't forever, it's just for a while. Part of the Toddler Tools series, Bye-Bye Time can be shared before (or during) the desired "time," or whenever toddlers need encouragement with routines. Includes tips for parents and caregivers.

If pets could talk, what would they say? Maybe "Fur is for petting, backs are for scratching, noses are for nuzzling . . . and tails are not for pulling!" Toddlers and pets belong together—as long as toddlers don't chase, grab, squeeze, yank, and tease. In simple words and delightful illustrations, this book teaches the basics of kindness to animals: careful handling, awareness, safety, and respect. It also includes helpful tips for parents and caregivers.

Rhyming text and illustrations briefly point out what animals have teeth, their uses, and how to care for them.

A dazzling, sublimely funny debut that follows three unforgettable women who fight back after life kicks them in the teeth. Esther, Frankie, and Ruth live in a small Ohio town anchored by the thriving Juliet Pencils factory. After a freak accident at the plant, these women have to re-create their lives using the only tools they've got: wits, molars, and a new pair of shoes. Esther is an anxious person with a very specific prowess: she bites pencils. Her skill pays her bills but more importantly keeps her many worries in check. When the accident leaves her suddenly unemployed, she searches for new ways to manage her anxiety, but nothing works. She must discover a solution before her teeth mutiny and her worries take over. Frankie, the teenage daughter of the pencil factory owner, is full of contradictions. She wages a campaign to become the only girl in an all-boys club and listens exclusively to punk music, but she also watches soap operas in secret. After the accident damages Frankie's ability to speak, she is forced to step out of her powerful mother's shadow so she can discover who she is and what she wants to say. Ruth owns the local photography lab. She spends her days processing people's happy memories but spends her nights alone, talking to her dead husband. As the town unravels, Ruth spearheads a massive campaign to refocus on its future, but nothing will succeed until Ruth lets go of her past. This hilarious and redemptive story explores three women's liberation amid a tumult of grief, loneliness, and first love.

It's never too soon for children to learn that violence is never okay, hands can do many good things, and everyone is capable of positive, loving actions. In this bright, inviting, durable board book, simple words and full-color illustrations teach these important concepts in ways even very young children can understand. Created in response to requests from parents, preschool teachers, and childcare providers, this book belongs everywhere young children are. Includes tips for parents and caregivers.

Whether we realize it or not, we carry in our mouths the legacy of our evolution. Our teeth are like living fossils that can be studied and compared to those of our ancestors to teach us how we became human. In Evolution's Bite, noted paleoanthropologist Peter Ungar brings together for the first time cutting-edge advances in understanding human evolution with new approaches to

uncovering dietary clues from fossil teeth. The result is a remarkable investigation into the ways that teeth—their shape, chemistry, and wear—reveal how we came to be. Traveling the four corners of the globe and combining scientific breakthroughs with vivid narrative, *Evolution's Bite* presents a unique dental perspective on our astonishing human development.

NATIONAL BESTSELLER • Set against London's racial and cultural tapestry, venturing across the former empire and into the past as it barrels toward the future, *White Teeth* revels in the ecstatic hodgepodge of modern life, flirting with disaster, confounding expectations, and embracing the comedy of daily existence. Zadie Smith's dazzling debut caught critics grasping for comparisons and deciding on everyone from Charles Dickens to Salman Rushdie to John Irving and Martin Amis. But the truth is that Zadie Smith's voice is remarkably, fluently, and altogether wonderfully her own. At the center of this invigorating novel are two unlikely friends, Archie Jones and Samad Iqbal. Hapless veterans of World War II, Archie and Samad and their families become agents of England's irrevocable transformation. A second marriage to Clara Bowden, a beautiful, albeit tooth-challenged, Jamaican half his age, quite literally gives Archie a second lease on life, and produces Irie, a knowing child whose personality doesn't quite match her name (Jamaican for "no problem"). Samad's late-in-life arranged marriage (he had to wait for his bride to be born), produces twin sons whose separate paths confound Iqbal's every effort to direct them, and a renewed, if selective, submission to his Islamic faith.

"A gripping read...Unabashedly queer, probing and unafraid...Exceedingly engaging." —USA Today "Sublimely weird, fluently paced, brazenly funny and gayer still, and it richly deserves to find readers." —New York Times From the author of the New York Times–bestselling sensation *Mostly Dead Things*: a surprising and moving story of two mothers, one difficult son, and the limitations of marriage, parenthood, and love If she's being honest, Sammie Lucas is scared of her son. Working from home in the close quarters of their Florida house, she lives with one wary eye peeled on Samson, a sullen, unknowable boy who resists her every attempt to bond with him. Uncertain in her own feelings about motherhood, she tries her best—driving, cleaning, cooking, prodding him to finish projects for school—while growing increasingly resentful of Monika, her confident but absent wife. As Samson grows from feral toddler to surly teenager, Sammie's life begins to deteriorate into a mess of unruly behavior, and her struggle to create a picture-perfect queer family unravels. When her son's hostility finally spills over into physical aggression, Sammie must confront her role in the mess—and the possibility that it will never be clean again. Blending the warmth and wit of Arnett's breakout hit, *Mostly Dead Things*, with a candid take on queer family dynamics, *With Teeth* is a thought-provoking portrait of the delicate fabric of family—and the many ways it can be torn apart.

With *On-the-Go Time*, shopping and errands really can mean fewer hassles and more fun for everyone! Toddlers learn simple tools and encouragement to keep moving, cope with the changing scenes, and be super helpers in the car, at the store or library, and on the road. What do they do when they're on-the-go? Listen, follow along, and even lend a hand. If they're disappointed or overstimulated along the way, they can take deep breaths to calm down. Who says running errands with toddlers has to be stressful? Includes tips for parents and caregivers. Part of the award-winning *Toddler Tools™* series.

Manners start with a smile—then you add the words. There are polite words to use when you greet someone, ask for something, or (oops!) make a mistake. There's even a nice way to say no. This book gives toddlers a head start on manners, setting the stage for social skills that will last a lifetime. Includes tips for parents and caregivers.

Zak George is a new type of dog trainer. A dynamic YouTube star and Animal Planet personality with a fresh approach, Zak helps you to tailor train to your dog's unique traits and energy level—leading to quicker results and a much happier pet. Packed with everything you need to know to raise and care for your dog, this book will help you communicate and bond with one another in a way that makes training easier, more rewarding, and—most of all—fun!

Cesar Millan—nationally recognized dog expert—helps you see the world through the eyes of your dog so you can finally eliminate problem behaviors. From his appearances on *The Oprah Winfrey Show* to his roster of celebrity clients to his reality television series, Cesar Millan is America's most sought-after dog-behavior expert. But Cesar is not a trainer in the traditional sense—his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to the celebrity palaces of Los Angeles, Cesar recounts how he learned what makes dogs tick. In *Cesar's Way*, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in that order. Taking readers through the basics of dog psychology and behavior, Cesar shares the inside details of some of his most fascinating cases, using them to illustrate how common behavior issues develop and, more important, how they can be corrected. You'll learn:

- What your dog really needs may not be what you're giving him
- Why a dog's natural pack instincts are the key to your happy relationship
- How to relate to your dog on a canine level
- There are no "problem breeds," just problem owners
- How to choose a dog who's right for you and your family
- The difference between discipline and punishment
- And much more!

Filled with fascinating anecdotes about Cesar's longtime clients, and including forewords by the president of the International Association of Canine Professionals and Jada Pinkett Smith, this is the only book you'll need to forge a stronger, more rewarding connection with your four-legged companion.

Sometimes it's fun to share, and sometimes it's hard. This book offers toddlers simple choices (take turns, use the toy together, wait for another time) to make sharing easier, and shows them where to turn for help when sharing is difficult. Little ones learn that sharing can mean double the fun—and sharing a while can make someone smile! Includes tips for parents and caregivers.

Sneezes, coughs, runny noses, spills, and messes are facts of everyday life with children. And that's why it's never too soon to teach little ones about germs and ways to stay clean and healthy. This book is a short course for kids on what germs are, what they do, and why it's so important to cover them up, block them from spreading, and wash them down the drain. Simple words complement warm, inviting, full-color illustrations that show real-life situations kids can relate to. A special section for adults includes ideas for discussion and activities.

Every parent, caregiver—and toddler—knows the misery that comes with meltdowns and temper tantrums. Through rhythmic text and warm illustrations, this gentle, reassuring book offers toddlers simple tools to release strong feelings, express them, and calm themselves down. Children learn to use their calm-down place—a quiet space where they can cry, ask for a hug, sing to themselves, be rocked in a grown-up's arms, talk about feelings, and breathe: "One, two, three . . . I'm calm as can be. I'm taking care of me." After a break, toddlers will feel like new—and adults will, too. Books include tips for parents and caregivers. Discusses all the ways to cope with frustration, feeling sad and mad, and mouth pain, without biting.

Lisa Wheeler and Caldecott Honor–winning illustrator Molly Idle remind overeager little biters that biting is for food in this hysterical read-

aloud picture book. Learning good behavior has never been so fun! It's good to bite a carrot. It's good to bite a steak. It's bad to bite your sister! She's not a piece of cake. Cause... People don't bite people! That's what this book's about. So if you find you're tooth-inclined—you'd better check it out!

"Crunch crunch crunch. Teeth are strong and sharp. Crunch crunch crunch. Teeth can help you chew. But teeth are not for biting. Ouch! Biting hurts." Sooner or later, almost all young children will bite someone—a friend, a parent, a sibling. This upbeat, colorful, virtually indestructible book helps prevent biting and teaches positive alternatives. The companion to our best-selling Hands Are Not for Hitting Board Book, Teeth Are Not for Biting gives reasons why children might want to bite. Little mouths feel sore when new teeth come in; sometimes kids bite when they're hungry, tired, cranky, frustrated, angry, bored, distressed, or seeking attention. Author Elizabeth Verdick suggests positive things children can do instead of biting: chew a chewy toy, drink a cold drink, get a hug, tell a grown-up. This book also includes helpful tips for parents and caregivers.

"Biting is for food." Tiny Tiger has big, sharp teeth, and he discovered he could bite. However, Tiny Tiger must learn to use his teeth in the right way. This book will teach your child positive behavior patterns and good manners. Perfect examples will demonstrate that biting is not meant for clothes, toys, or friends. Biting is for tasty food. "Tiny Tigers Don't Bite" has funny illustrations and light rhymes that are great for children who have just discovered the power of biting.

"Look at those feet! Aren't they sweet?" Yes—when they're walking, standing, leaping and landing. And when they're kicking balls or leaves. But not when they're kicking people! In simple words and charming full-color illustrations, this book helps little ones learn to use their feet for fun, not in anger or frustration. It also includes tips for parents and caregivers on how to help toddlers be sweet with their feet.

Biting can be good and biting can be bad; it all depends on what you bite on. Oh, the delight when biting into an apple or a peach! But it is not so lovely if you bite on an ice cube or a nut while it still in its shell. Things may not turn out so well. And never, never bite another child; biting must be reserved for something that will bring a smile - delicious, nutritious food. All in rhyme with loads of charming illustrations.
