

Teller Of Tales

Annja, world-travelling archaeologist and heir to Joan of Arc's mystical sword, travels to Virginia City to find a lost manuscript of Mark Twain's, but a mystery man will stop at nothing to keep her from finding it.

Translations from the Iranian epic, Shahnameh, a classic tale of politics, devotion, war and peace-making.

After his unfortunate clothing story, the Emperor's elderly reporter is ordered to write fairy tales, and with the help of a reluctant streetwise girl, comes up with a whole new slant on the old classics

Teller of Tales The Life of Arthur Conan Doyle Henry Holt and Company

Social Marketing involves the application of marketing techniques (usually associated with promoting consumption) to social ends. This new addition will arm the socially conscious marketing student with: Case studies from across the globe, accessible exercises, engaging stories and online support with an expanded and enhanced companion website which will all enable you to think critically about the individual and systemic drivers of both harm and progress, and provide you with the tools to act. This popular introductory textbook has been thoroughly updated to enable students to challenge the bad, champion the good and become rebels with a cause. Now including more on systems thinking, evaluation and apps, Hastings and Domegan also introduce the influential new 3Cs model (Containment, Counter-Marketing, Critical Capacity Building). This book is essential reading for all social marketing, marketing ethics, and marketing and society courses. Cover Picture: 'La Sardane de la Paix' by Pablo Picasso. The sardane is a traditional circle dance from Catalonia which has come to symbolise the struggle of ordinary people against oppression, from Napoleon through Hitler and Franco and into the modern era. The individual dancer holds his or her hands in the air in a gesture of autonomy and empowerment, and is able to maintain what would quickly become a tiring stance thanks to the supporting hands of her fellow-dancers. It illustrates the key social marketing lesson that addressing complex social problems, such as climate change or inequalities – as with dictators - requires a combination of individual agency and collective action. It also shows that critical analysis, the questioning and challenging of the current system, lies at the heart of progressive social change, and that good social marketers should be rebels with a cause.

A great story transcends the coldest winter. The year is 1738. Jacques Lafargue, a wide-eyed young Frenchman, arrives in New France aboard the Saint Michel. But before his Canadian adventure has a chance to begin, he is detained at Quebec harbour by suspicious port officials. Their distrust proves warranted: instead of a young man named Jacques Lafargue their captive turns out to be a young woman named Esther Brandeau, and instead of answers to their questions about who she is and where she came from, they are given tales of castaways raised by apes, of blind lovelorn sailors and merciless pirates, of runaway slaves and kindly desert nomads, and of other curiosities in a limitless world. Few suspect the truth: Esther is a Jew, which by law prohibits her from entering New France, and she is using her tale-telling to escape the restrictions placed upon her race and gender. And no one — not even Esther herself — realizes the power her stories have to open their hearts and minds to old dreams and new possibilities. The Tale-Teller is a marvel. Susan Glickman takes readers on a journey of discovery — starting with the fascinating true story of an obscure historical figure, and continuing through an intimate and richly-detailed portrait of Canadian colonial society, guided always by a map of wonders—to reveal timeless truths.

Anna and Abel couldn't be more different. They are both seventeen and in their last year of school, but while Anna lives in a nice old town house and comes from a well-to-do family, Abel, the school drug dealer, lives in a big, prisonlike tower block at the edge of town. Anna is afraid of him until she realizes that he is caring for his six-year-old sister on his own. Fascinated, Anna follows the two and listens as Abel tells little Micha the story of a tiny queen assailed by dark forces. It's a beautiful fairy tale that Anna comes to see has a basis in reality. Abel is in real danger of losing Micha to their abusive father and to his own inability to make ends meet. Anna gradually falls in love with Abel, but when his "enemies" begin to turn up dead, she fears she has fallen for a murderer. Has she? Award-winning author Antonia Michaelis moves in a bold new direction with her latest novel: a dark, haunting, contemporary story that is part mystery, part romance, and part melodrama. Praise for The Storyteller STARRED REVIEW "Michaelis crafts a beautifully written, carefully constructed mystery and love story that will capture the both the reader's imagination and heart from the first page. The novel weaves a sad and loving spell...this suspenseful, often violent, read will haunt readers long after its final page is turned." † "Booklist, starred review "The fairy tale is beautifully woven in and out of the contemporary scenes and the characters are well composed. † "School Library Journal Normal 0 false false false EN-US X-NONE X-NONE MicrosoftInternetExplorer4

Nicanor the story-teller was the son of Rathumus the wood-cutter, who was the son of Razis the worker in bronze, who was the son of Melchior the story-teller. So that Nicanor came honestly by his gift, and would even believe that his great-grandsire had handed it down to him by special act of bequest...

"WOW! I wish I could dream up a story this good!"-J.J. Sedelmaier, Animator (Beavis & Butthead, SNL's Ambiguously Gay Duo) "A wonderfully clever tale, well-told."-Jerry Cleaver, Author of Immediate Fiction. "The power of my fables is legendary-if I may be permitted to say so. They have reformed the criminal, healed the sick, and righted the mentally unbalanced. Why, just last year did I not bring the implacable Blackhouse Ripper to tears of repentance on the eve of his execution, so that he begged to be led to the gallows forthwith? I have fables for every occasion, and this is no exception, believe me." So boasts the Fabulist to the King of Uaxala, who has summoned him to that distant unknown land to improve the character of the Prince. But the Prince has stories of his own to tell, and the Fabulist and his Manservant are drawn into astonishing adventures, including (but not limited to): Cold-blooded revenge; an infinite labyrinth; startling philosophical speculations and disputes that actually move the plot forward; torture by unbearably exquisite caresses; death-duels aboard a pirate ship; an uncharted island inhabited solely by comely young women; gunpowder tattoos; gyascuti farsed with grebes farsed with capons farsed with wrens; imprisonment in a tower; The Excursus of Hermes Trismegistus, as well as the Chema of Chemes; polygamous marriage and jealous wives; potions of invisibility and immobility; a barber of blood. The Tale of the Teller of Tales is a novel of high adventure, low comedy, and disturbing metaphysical insights.

Civil-servant-turned-schoolteacher Arunava Varman is secretive and reticent. But he turns into an inspired teller of tales after a couple of drinks, especially in the company of his friend, Tapan. Arunava's bizarre stories—involving friends, family and colleagues—add a dash of excitement to Tapan's mundane life of a bureaucrat. But over the years, as Tapan gets to know Arunava better, he starts discovering disturbing holes in these tales. Elegant, wistful and full of surprises, this exquisitely crafted first novel combines the suspense of a thriller with the tender charm of a love story.

Seventeen stories, covering many aspects of life, death and mysteries in between... Will a man who proposed to five women get away with a Breach of Promise case in Court? Where on Earth is Frenchman's Creek? An inventive and fun anthology of stories from an author with a prodigious catalogue of stories that explore all the facets of existence.

This book offers new, often unexpected, but always intriguing portraits of the writers of classic fairy tales. For years these authors, who wrote from the sixteenth to the nineteenth centuries, have been either little known or known through skewed, frequently sentimentalized biographical information. Jacob and Wilhelm Grimm were cast as exemplars of national virtues; Hans Christian Andersen's life became—with his participation—a fairy tale in itself. Jeanne-Marie Leprince de Beaumont, the prim governess who wrote moral tales for girls, had a more colorful past than her readers would have imagined, and few people knew that nineteen-year-old Marie-Catherine d'Aulnoy conspired to kill her much-older husband. Important figures about whom little is known, such as Giovan Francesco Straparola and Giambattista Basile, are rendered more completely than ever before. Uncovering what was obscured for years and with newly discovered evidence, contributors to this fascinating and much-needed volume provide a historical context for Europe's fairy tales.

In a time of drought in the Kingdom of Morocco, a storyteller and a boy weave a tale to thwart a Djinn and his sandstorm from destroying their city.

A biography of the creator of Sherlock Holmes shows how Sir Arthur Conan Doyle, beginning as a small-town doctor, became a friend to the famous, a celebrated writer, and a psychic investigator.

An astonishing novel about redemption and forgiveness from the “amazingly talented writer” (HuffPost) and #1 New York Times bestselling author Jodi Picoult. Some stories live forever...

Sage Singer is a baker. She works through the night, preparing the day's breads and pastries, trying to escape a reality of loneliness, bad memories, and the shadow of her mother's death.

When Josef Weber, an elderly man in Sage's grief support group, begins stopping by the bakery, they strike up an unlikely friendship. Despite their differences, they see in each other the hidden scars that others can't. Everything changes on the day that Josef confesses a long-buried and shameful secret and asks Sage for an extraordinary favor. If she says yes, she faces not only moral repercussions, but potentially legal ones as well. With the integrity of the closest friend she's ever had clouded, Sage begins to question the assumptions and expectations she's made about her life and her family. In this searingly honest novel, Jodi Picoult gracefully explores the lengths to which we will go in order to keep the past from dictating the future.

Winner of the 1999 Edgar Award for Best Biographical Work, this is "an excellent biography of the man who created Sherlock Holmes" (David Walton, The New York Times Book Review) This fresh, compelling biography examines the extraordinary life and strange contrasts of Sir Arthur Conan Doyle, the struggling provincial doctor who became the most popular storyteller of his age. From his youthful exploits aboard a whaling ship to his often stormy friendships with such figures as Harry Houdini and George Bernard Shaw, Conan Doyle lived a life as gripping as one of his adventures. Exhaustively researched and elegantly written, Daniel Stashower's Teller of Tales sets aside many myths and misconceptions to present a vivid portrait of the man behind the legend of Baker Street, with a particular emphasis on the Psychic Crusade that dominated his final years--the work that Conan Doyle himself felt to be "the most important thing in the world."

A beautiful collection of the legendary thinker's short stories The Storyteller gathers for the first time the fiction of the legendary critic and philosopher Walter Benjamin, best known for his groundbreaking studies of culture and literature, including Illuminations, One-Way Street and The Arcades Project. His stories revel in the erotic tensions of city life, cross the threshold between rational and hallucinatory realms, celebrate the importance of games, and delve into the peculiar relationship between gambling and fortune-telling, and explore the themes that defined Benjamin. The novellas, fables, histories, aphorisms, parables and riddles in this collection are brought to life by the playful imagery of the modernist artist and Bauhaus figure Paul Klee.

"Draw closer... closer, that you might clearly hear my words; for in the telling of tales, the softly spoken word may carry more power than the shout... the silence between words, more power than the words themselves. I know this, because I am Omar, the Teller of Tales..." Omar the Teller of Tales, winner of the British Fantasy Society Short Story Prize 2010 and thirty more stories.

The #1 New York Times Bestseller So, I've written a book. Having entertained the idea for years, and even offered a few questionable opportunities ("It's a piece of cake! Just do 4 hours of interviews, find someone else to write it, put your face on the cover, and voila!") I have decided to write these stories just as I have always done, in my own hand. The joy that I have felt from chronicling these tales is not unlike listening back to a song that I've recorded and can't wait to share with the world, or reading a primitive journal entry from a stained notebook, or even hearing my voice bounce between the Kiss posters on my wall as a child. This certainly doesn't mean that I'm quitting my day job, but it does give me a place to shed a little light on what it's like to be a kid from Springfield, Virginia, walking through life while living out the crazy dreams I had as young musician. From hitting the road with Scream at 18 years old, to my time in Nirvana and the Foo Fighters, jamming with Iggy Pop or playing at the Academy Awards or dancing with AC/DC and the Preservation Hall Jazz Band, drumming for Tom Petty or meeting Sir Paul McCartney at Royal Albert Hall, bedtime stories with Joan Jett or a chance meeting with Little Richard, to flying halfway around the world for one epic night with my daughters...the list goes on. I look forward to focusing the lens through which I see these memories a little sharper for you with much excitement.

Legendary Navajo policeman Lieutenant Joe Leaphorn takes center stage in this riveting atmospheric mystery from New York Times bestselling author Anne Hillerman that combines crime, superstition, and tradition and brings the desert Southwest vividly alive. Joe Leaphorn may have retired from the Tribal Police, but he finds himself knee-deep in a perplexing case involving a priceless artifact—a reminder of a dark time in Navajo history. Joe's been hired to find a missing biil, a traditional dress that had been donated to the Navajo Nation. His investigation takes a sinister turn when the leading suspect dies under mysterious circumstances and Leaphorn himself receives anonymous warnings to beware—witchcraft is afoot. While the veteran detective is busy working to untangle his strange case, his former colleague Jim Chee and Officer Bernie Manuelito are collecting evidence they hope will lead to a cunning criminal behind a rash of burglaries. Their case takes a complicated turn when Bernie finds a body near a popular running trail. The situation grows more complicated when the death is ruled a homicide, and the Tribal cops are thrust into a turf battle because the murder involves the FBI. As Leaphorn, Chee, and Bernie draw closer to solving these crimes, their parallel investigations begin to merge . . . and offer an unexpected opportunity that opens a new chapter in Bernie's life.

Innkeeper's daughters Adele and Eleda are "mirror twins"—identical twins whose looks are reflections of each other's—and their special talents are like mirrors, too. Adele is a Safe-Keeper, entrusted with hearing and never revealing others' secrets; Eleda is a Truth-Teller, who cannot tell a lie when asked a direct question. The town of Merendon relies on the twins, no one more than their best friend, Roelynn Karro, whose strict, wealthy father is determined to marry her off to the prince. When the girls are seventeen, a handsome dancing-master and his apprentice come to stay at the inn, and thus begins a chain of romance, mistaken identity, and some very surprising truths and falsehoods. Sefia is determined to keep Archer out of the Guard's clutches and their plans for war between the Five Kingdoms. The Book, the ancient, infinite codex of the past, present and future, tells of a prophecy that will plunge Kelanna in that bloody war, but it requires a boy-Archer-and Sefia will stop at nothing to ensure his safety. The Guard has already stolen her mother, her father, and her Aunt Nin. Sefia would sooner die than let them take anymore from her-especially the boy she loves. But escaping the Guard and the Book's prophecy is no easy task. After all, what is written always comes to pass.As Sefia and Archer watch Kelanna start to crumble to the Guard's will, they will have to choose between their love and joining a war that just might tear them apart.

"The Book of Stories for the Story-teller" by Fanny E. Coe. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Readers of the Canterbury Tales have always marvelled at the spirited interplay among the pilgrims and the manner in which the stories they tell seem to fit their characters. In *Tellers, Tales, and Translation* Warren Ginsberg argues that Chaucer often recast a coordinating idea or set of concerns in the portraits, prologues, tales, and epilogues that make up a 'Canterbury' performance. For the Clerk, the idea is transition, for the Merchant it is revision and reticence, for the Miller it is repetition, for the Franklin it is interruption and elision, for the Wife of Bath it is self-authorship, for the Pardoner it is misdirection and subversion. When readers assemble the parts, which say the same thing otherwise, they become roadside translators who join Chaucer in organizing his greatest work.

"All my work fits in my mouth," Jo Carson says. "I write performance material no matter what else the pieces get called, and whether they are for my voice or other characters' voices . . . they are first to be spoken aloud." Following an oral tradition that has strong roots in her native Tennessee, the author of *Teller Tales* invites the reader to participate in events in a way that no conventional history book can. Both stories in this book are set in East Tennessee in the mid-eighteenth century and share certain characters. The first narrative, "What Sweet Lips Can Do," recounts the story of the Overmountain Men and the battle of King's Mountain, a tide-turning battle in the American Revolution. "Men of Their Time" is an exploration of white-Cherokee relationships from early contact through the time of the Revolution. Although not well known to the outside world, the stories recounted in *Teller Tales* are cornerstones in the heritage of the Appalachian region and of American history. In ways that will appeal to young and old alike, Jo Carson's irreverent telling will broaden the audience and the understanding for the stories of native Americans, settlers, explorers, and revolutionaries of early America.
