Amateur or expert, every angler dreams of landing the big one, but that's only part of the appeal of fly fishing. Because even when hours pass without a bite, nothing beats the rugged beauty of the surroundings. For both armchair travelers and avid outdoorsmen who may have already started a checklist of their own, *Fifty Places to Fly Fish Before You Die* maps out the meccas of the fly-fishing world. Through in-depth interviews with the sport's acknowledged gurus, author Chris Santella goes beyond standard guides to convey the very essence of the recommended locations. Readers can vicariously cast mouse pattners to fifty-pound taimen in the wilds of Mongolia, wrangle with wily permit off the Florida Keys, and match the hatch on Montana's Armstrong's Spring Creek. Jardines de la Reina, Cuba (tarpon), the Zhupanova River, Kamchatka (rainbow trout), and the Rio Negro, Brazil (peacock bass) are also included. The essays include a cultural and natural history of each site, along with colorful anecdotes based on the author's and authorities' experiences. With breath-takingly-beautiful photos of the spots, many by celebrated fly-fishing photographer R. Valentine Atkinson, the book also provides adventurous anglers with enough travel-and-tackle information so that they, too, can start planning excursions to go fish around the globe.

The extraordinary life of the man who founded Islam, and the world he inhabited—and remade. Lesley Hazleton's new book, *Agnostic: A Spirited Manifesto*, is out now from Riverhead Books. Muhammad's was a life of almost unparalleled historical importance; yet for all the iconic power of his name, the intensely dramatic story of the prophet of Islam is not well known. In *The First Muslim*, Lesley Hazleton brings him vibrantly to life. Drawing on early eyewitness sources and on history, politics, religion, and psychology, she renders him as a man in full, in all his complexity and vitality. Hazleton's account follows the arc of Muhammad's rise from powerlessness to power, from anonymity to renown, from insignificance to lasting significance. How did a child shunted to the margins end up revolutionizing his world? How did a merchant come to challenge the established order with a new vision of social justice? How did the pariah hounded out of Mecca turn exile into a new and victorious beginning? How did the outsider become the ultimate insider? Impeccably researched and thrillingly readable, Hazleton's narrative creates vivid insight into a man navigating between idealism and pragmatism, faith and politics, nonviolence and violence, rejection and acclaim. *The First Muslim* illuminates not only an immensely significant figure but his lastingly relevant legacy.

****THE INSTANT NEW YORK TIMES BESTSELLER**** "A Gen-X This Boy's Life...Music and his fierce brilliance boost Jollett; a visceral urge to leave his background behind propels him to excel... In the end, Jollett shakes off the past to become the captain of his own soul. Hollywood Park is a triumph." —O, The Oprah Magazine "This moving and profound memoir is for anyone who loves a good redemption story." —Good Morning America, 20 Books We're Excited for in 2020 "Several years ago, Jollett began writing Hollywood Park, the gripping and brutally honest memoir of his life. Published in the middle of the pandemic, it has gone on to become one of the summer's most celebrated books and a New York Times best seller..." —Los Angeles Magazine **HOLLYWOOD PARK** is a remarkable memoir of a tumultuous life. Mikel Jollett was born into one of the country's most infamous cults, and subjected to a childhood filled with poverty, addiction, and emotional abuse. Yet, ultimately, his is a story of fierce love and family loyalty told in a raw, poetic voice that signals the emergence of a uniquely gifted writer. We were never young. We were just too afraid of ourselves. No one told us who we were or what we were or where all our parents went. They would

arrive like ghosts, visiting us for a morning, an afternoon. They would sit with us or walk around the grounds, to laugh or cry or toss us in the air while we screamed. Then they'd disappear again, for weeks, for months, for years, leaving us alone with our memories and dreams, our questions and confusion. ... So begins *Hollywood Park*, Mikel Jollett's remarkable memoir. His story opens in an experimental commune in California, which later morphed into the Church of Synanon, one of the country's most infamous and dangerous cults. Per the leader's mandate, all children, including Jollett and his older brother, were separated from their parents when they were six months old, and handed over to the cult's "School." After spending years in what was essentially an orphanage, Mikel escaped the cult one morning with his mother and older brother. But in many ways, life outside Synanon was even harder and more erratic. In his raw, poetic and powerful voice, Jollett portrays a childhood filled with abject poverty, trauma, emotional abuse, delinquency and the lure of drugs and alcohol. Raised by a clinically depressed mother, tormented by his angry older brother, subjected to the unpredictability of troubled step-fathers and longing for contact with his father, a former heroin addict and ex-con, Jollett slowly, often painfully, builds a life that leads him to Stanford University and, eventually, to finding his voice as a writer and musician. *Hollywood Park* is told at first through the limited perspective of a child, and then broadens as Jollett begins to understand the world around him. Although Mikel Jollett's story is filled with heartbreak, it is ultimately an unforgettable portrayal of love at its fiercest and most loyal.

Aphrodite descends to protect her son, the Trojan warrior Aeneas, when Diomedes on the side of the Greeks severely injures him. Diomedes has been encouraged by Athena to attack Aphrodite whenever he encounters her siding with the Trojans. He pursues her spear at the ready and launches it into the hand that shelters her son, causing a wound that drips immortal blood, the ichor of the gods. Homer's verses in Book 5 of the Iliad then break aside, or were annotated, for a few lines to explain that the gods do not consume earthly food and drink and are therefore without blood and undying. This eight line passage of the Iliad, and

the two lines later in the book that describe Aphrodite's healing by her mother Dione are the only words in the epic of the Trojan War on the physical nature of the gods and one of the few in which a mortal attacks a divinity. The words of the Greek original contain a great deal more information on the subject than a bare English translation provides. Over the centuries of commentary on and translation of the Iliad into post-Homeric forms of Greek, Latin and other languages these words have been seen to expose stalking and a rape, the fundamental constituents of gods and mortals, the force and curse of a warrior, the differences in sustenance among living beings, and the texture of wartime injury and healing. This book is a temporal travelogue of many translations through the lives of translators and the times in which they lived, the same words transformed and mutated within the coruscating glass of our common language.
