In Sardinia in the 1920's a bourgeois class fell easy prey to fascism. A heartbreaking tale of love, loss and one nearly perfect summer -- perfect for fans of *The Fault In Our Stars* and *Love, Simon*. It isn't until after nightfall that Katie's world opens up, when she takes her guitar to the local train station and plays for the people coming and going. Charlie Reed is a former all-star athlete at a crossroads in his life - and the boy Katie has secretly admired from afar for years. When he happens upon her playing guitar one night, fate intervenes and the two embark on a star-crossed romance. As they challenge each other to chase their dreams and fall for each other under the summer night sky, Katie and Charlie form a bond strong enough to change them -- and everyone around them -- forever.

Ada Gobetti's *Partisan Diary* is both diary and memoir. From the German entry into Turin on 10 September 1943 to the liberation of the city on 28 April 1945, Gobetti recorded an almost daily account of events, sentiments, and personalities, in a cryptic English only she could understand. Italian senator and philosopher Benedetto Croce encouraged Ada to convert her notes into a book. Published by the Italian publisher Giulio Einaudi in 1956, it won the Premio Prato, an annual prize for a work inspired by the Italian Resistance (*Resistenza*). From a political and military point of view, the *Partisan Diary* provides firsthand knowledge of how the partisans in Piedmont fought, what obstacles they encountered, and who joined the struggle against the Nazis and the Fascists. The mountainous terrain and long winters of the Alpine regions (the site of many of their battles) and the ever-present threat of reprisals by German occupiers and their fascist partners exacerbated problems of organization among the various partisan groups. So arduous was their fight, that key military events--Italy's declaration of war on Germany, the fall of Rome, and the Allied landings on D-Day --appear in the diary as remote and almost unrelated incidents. Ada Gobetti writes of the heartbreak of mothers who lost their sons or watched them leave on dangerous missions of sabotage, relating it to worries about her own son Paolo. She reflects on the relationship between anti-fascist thought of the 1920s, in particular the ideas of her husband, Piero Gobetti, and the Italian resistance movement (*Resistenza*) in which she and her son were participating. While the *Resistenza* represented a culmination of more than twenty years of anti-fascist activity for Ada, it also helped illuminate the exceptional talents, needs, and rights of Italian women, more than one hundred thousand of whom participated.

Druidism was the religion of the Celts and the Druids themselves were all-powerful, taking precedence over the Celtic kings. Over and above the evidence of classical texts and of archaeology, the richest source of information about the Druids is the vernacular material from Ireland and Wales. It is the author's unparalleled familiarity with the Gaelic texts, and her ability to see Druidism through Celtic eyes, that marks out this study from earlier books and strips away modern myths about the Druids.

Translated from the Italian by Ann McGarrell Half-memoir, half-meditation, 'Eros' presents an account of the commanding role of physical love in a man's life. The tone is intimate, the details are frank, the love described is always physical, though this is far from being a salacious book. Attacked by some women, defended by others, the narrator's love of women as women, as physical complements of men, as the object of desire, is always at the centre and Bevilacqua's goal is to identify the deepest meaning of congress.
