Celebrating the 40th anniversary of the Terry Fox Marathon of Hope, this picture book biography tells the story of a friendship defined by strength and love. Before Terry Fox become a national hero and icon, he was just a regular kid. But even then, his characteristic strength, determination and loyalty were apparent and were the foundation for his friendship with Doug. The two first met at basketball tryouts in grammar school. Terry was the smallest - and worst - basketball player on the court. But that didn't stop him. With Doug's help, Terry practiced and practiced until he earned a spot on the team. As they grew up, the best friends supported each other, challenged each other, helped each other become better athletes and better people. Doug was by Terry's side every step of the way: when Terry received a diagnosis of cancer in his leg, when he was learning to walk - then run - with a prosthetic leg and while he was training for the race of his life, his Marathon of Hope. Written from Doug's perspective, this story shows that Terry Fox's legacy goes beyond the physical and individual accomplishments of a disabled athlete and honors the true value of friendship.

Nat and Ned are poor and often hungry, until Ned rescues a wish-granting fairy. But are all their troubles over for good? Part of the Usborne Reading Programme developed with reading experts at the University of Roehampton, specially written for children just starting to read alone. This ebook includes audio and reading-related puzzles. "Crack reading and make confident and enthusiastic readers with this fantastic reading programme." - Julia Eccleshare

Something he refuses to tell even his friends in the cul-de-sac. Especially not Abby Hunter and the girls!Will Jason use his scary-looking pet to trick his best pals? Can he fool everyone on

Blossom Hill Lane?

This oral history of the air war in Vietnam includes the stories of more than thirty pilots who all had one thing in common—after returning from Southeast Asia and separating from the service, they were hired as pilots by Western Airlines. As the chapters begin, Bruce Cowee tells his story and introduces us to each pilot. The interesting theme is that all of these men served in Southeast Asia and in most cases never knew each other until they came home and went to work for Western Airlines. Each of the pilots featured in this book is the real thing, and in an age of so many "Wannabees," it is reassuring to know that each of them was a pilot for Western Airlines and someone who Bruce worked with or knew professionally. The stories span a 9 year period, 1964 - 1973, and cover every aspect of the Air War in Southeast Asia. These 33 men represent only a small fraction of the Vietnam veterans hired as pilots by Western Airlines, but this book pays tribute to all of them.

Written by renowned data science experts Foster Provost and Tom Fawcett, *Data Science for Business* introduces the fundamental principles of data science, and walks you through the "data-analytic thinking" necessary for extracting useful knowledge and business value from the data you collect. This guide also helps you understand the many data-mining techniques in use today. Based on an MBA course Provost has taught at New York University over the past ten years, *Data Science for Business* provides examples of real-world business problems to illustrate these principles. You'll not only learn how to improve communication between business stakeholders and data scientists, but also how to participate intelligently in your company's data science projects. You'll also discover how to think data-analytically, and fully appreciate how data science methods can support business decision-making. Understand how data science fits in your organization—and how you can use it for competitive advantage. Treat data as a business asset that requires careful investment if you're to gain real value. Approach business problems data-analytically, using the data-mining process to gather good data in the most appropriate way. Learn general concepts for actually extracting knowledge from data. Apply data science principles when interviewing data science job candidates.

An interactive book that keeps children guessing

More than 160 tales from eighty tribal groups gives us a rich and lively panorama of the Native American mythic heritage. From across the continent comes tales of creation and love; heroes and war; animals, tricksters, and the end of the world. In addition to mining the best folkloric sources of the nineteenth century, the editors have also included a broad selection of contemporary Native American voices. With black-and-white illustrations throughout Selected and edited by Richard Erdoes and Alfonso Ortiz Part of the Pantheon Fairy Tale and Folklore Library

The tropical botanist shares the story of her adventures doing pioneering ecological research in forest canopies of Australia, Africa, Belize, and the United States.

Can Leonardo battle ninja robots and keep his troublemaking brothers in line? Kids ages 2 to 5 will find out in this all-new, full-color book starring Nickelodeon's Teenage Mutant Ninja Turtles. This Nickelodeon Read-Along contains audio narration.

Some superheroes have capes and trusty sidekicks too, but how many of these superheroes have ever rescued you? Who are the real superheroes that keep our world safe? This charming picture ebook by author-illustrator Julia Seal celebrates the brave, everyday heroes who keep our world turning through difficult times. From supermarket staff to delivery drivers to doctors and nurses and more, this rhyming ebook for kids is dedicated to key workers - the real superheroes looking after us during these challenging times.

My most important person is an affectionate and heartwarming dedication to the most important person in children's life: their mother. When everything, from losing a sock to reading a book, is about to turn into a full meltdown, only the unwavering love of a mother brings peace for every struggle of her wonderful child. With beautiful illustrations that embrace diversity, this book describes how moms care for children's struggles in a special way by bringing the same passion, dedication and joy to both parenting and their professional jobs. A book for any occasion that presents a wide range of important roles that women play in society and how they mirror in family.

"You know your Daddy loves you in every single way..." In this heartwarming confirmation of a father's love, that special little person in your life will hear the most powerful message a father can send, "I love you." For fathers young and old, new and not-so-new, this sweet rhyming book is meant to be read aloud to your child creating a special bond and a memory that will be treasured for a lifetime.

Roger the Frog is sick and tired of his life in the pond. Unloved by his parents, Freda and Frank, and bored to death of eating nothing but flies day after day, he decides that he will venture forth into the Big Wide World in the hope that he might one day be something. Bidding his family farewell, he embarks on a daring voyage of discovery, meeting a series of weird and wonderful creatures along the way, all of whom test his bravery (and his patience!) to its very limit...Will Roger prevail and find the magnificent new life he has always dreamed of? Or will he discover the hard way that sometimes there is no place like home? A spectacularly silly yarn from the writer of 'Norbert'.

Finger painting, learning addition and a school trip to the zoo are just some of the universal moments of childhood that a busy boy experiences during his week. Inspired by the longstanding favorite, Brown Bear, Brown Bear (Martin/Carle), the story uses predictable language to delightfully teach the days of the week. While being a quick read for busy parents, children will be able to "read" along with the simple, fun text while enjoying the charming illustrations. With its singsong, question and answer, chantable verse, it is suitable for the English language learner. The segments of the week are differentiated with drawings for the weekdays depicting school events and weekends featuring activities at home. Grade level appropriate sight words are used. *Readers please note: ebook 17 interior pages; paperback 34 interior pages.

Orson Scott Card's The Lost Gate is the first book in the Mithermages series from the New York Times bestselling author of Ender's Game. Danny North knew from early childhood that his family was different, and that he was different from them. While his cousins were learning how to create the things that commoners called fairies, ghosts, golems, trolls, werewolves, and other such miracles that were the heritage of the North family, Danny worried that he would never show a talent, never form an outself. He grew up in the rambling old house, filled with dozens of cousins, and aunts and uncles, all ruled by his father. Their home was isolated in the mountains of western Virginia, far from town, far from schools, far from other people. There are many secrets in the House, and many rules that Danny must follow. There is a secret library with only a few dozen books, and none of them in English — but Danny and his cousins are expected to become fluent in the language of the books. While Danny's cousins are free to create magic whenever they like, they must never do it where outsiders might see. Unfortunately, there are some secrets kept from Danny as well. And that will lead to disaster for the North family. The Mithermages series The Lost Gate The Gate Thief Gatefather At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

"A collection of folktales at their absolute best" (Elizabeth Bird, SLJ.com) about a legendary scoundrel, brought to new life through Renate Raecke's lively retelling and Jonas Lauströer's expressive illustrations. Reynard the Fox has been a staple trickster character of European literature since at least the Middle Ages. The tales of his schemes have been told many times, and he always manages to win readers' sympathies. Reynard is a rascal, a ne'er-do-well. While we may suffer from his pranks, at the same time we smile at the shrewd thinking through which he escapes hopeless situations. In this expertly retold version, the classic tales of Reynard's exploits find a new life. They speak to us now as much as ever, for who among us doesn't know a Reynard-like figure in our lives?

Get Free Terry Treetop And The Lost Egg The Lost Egg Bedtime Story

This fun picture book is about a boy with red hair and freckles named Terry, yet everybody calls him Terry Treetop because he loves climbing trees. Terry is chasing a beautiful butterfly and wants to go back home. But where is Terry's home?

Let your kids color the beloved Terry Treetop and the Lost Egg story. If your children love to get creative, they will enjoy this children's coloring book, and you will appreciate the educational aspect, too. In this coloring book, you can find the whole story of Terry Treetop and the Lost Egg so you and your children can enjoy the story as well as benefit from coloring advantages. Why is coloring so important? For many children, coloring is therapeutic. You can use coloring to help your children "vent" their feelings and frustrations, as well as other emotions through coloring. Children learn how to hold a pencil by first coloring with crayons. I think it's important for children to develop proper grip and control over a crayon to help them properly grip and control other writing instruments in the future. These basic coordination developing skills will last children a lifetime. Your children will have fun while developing motor skills at a very basic, simple level that they will expand on later in life. While completing a coloring page to the best of their ability and stay inside the lines at all costs, your children will develop concentration and focus skills. As they get older in school and have to complete math or spelling worksheets, they will be able to better focus without being bothered by the "buzz" around them in the classroom. In addition, this early exposure to boundaries in print will be a huge help when handwriting time comes around, and the child has to respect the boundaries of the preprinted handwriting lines on the paper.

A happy Chicken and a desperate Coyote develop a special friendship and expand their horizons together. This fun whimsical story makes for enjoyable bedtime reading for parents of children 5 years old and up, and is also wonderful for young readers who are ready to question and reflect on the meaning behind Chicken and Coyote's choices. Readers have loved the story's inspiring message and the large colourful illustrations by Inga Shalvashili. The Disney-level vocabulary and cartoonish action make this a fun experience for readers big and small, and a great gift for any time of the year. Enjoy!
