

The 21st Century Journalism Handbook Essential Skills For The Modern Journalist By Tim Holmes Sara Hadwin Glyn Mottershead 2012 Paperback

"Every serious student of journalism should read this book... Denis McQuail has succeeded in producing a work of scholarship that shows what journalists do and what they should do." - Stephen Coleman, University of Leeds "For a half century we have spoken earnestly of journalism's responsibility to society instead of to business and government. Now this concept is given sophistication unmatched, by the best scholar of media theory of his generation." - Clifford Christians, University of Illinois "The grand old man of communication theory presents an overarching social theory of journalism that goes beyond the usual Anglo-American focus." - Jo Bardoel, University of Amsterdam (ASCoR) and Nijmegen "This book deals with the eternal question of how journalism is linked to society... I cannot think of a better staple food for students of journalism at all levels." - Kaarle Nordenstreng, University of Tampere This is a major new statement on the role of journalism in democracy from one of media and communication's leading thinkers. Denis McQuail leads the reader through a systematic exploration of how and why journalism and society have become so inextricably entwined and - as importantly - what this relationship should be like. It is a strong re-statement of the fundamental values that journalism aspires to. Written for students, this book: Makes the theory accessible and relevant Teaches the importance of journalism to power and politics Explores the status and future of journalism as a profession Outlines the impact and consequences of the digital Reveals journalism as it is, but also as it should be Takes each chapter further with guided reading list and free online journal articles. This textbook is the perfect answer to the how and why of journalism. It is crucial reading for any student of media studies, communication studies and journalism.

This Handbook encapsulates the intellectual history of mass media ethics over the past twenty-five years. Chapters serve as a summary of existing research and thinking in the field, as well as setting agenda items for future research. Key features include: up-to-date and comprehensive coverage of media ethics, one of the hottest topics in the media community 'one-stop shopping' for historical and current research in media ethics experienced, top-tier editors, advisory board, and contributors. It will be an essential reference on media ethics theory and research for scholars, graduate students, and researchers in media, mass communication, and journalism.

The Global Journalist in the 21st Century systematically assesses the demographics, education, socialization, professional attitudes and working conditions of journalists in various countries around the world. This book updates the original Global Journalist (1998) volume with new data, adding more than a dozen countries, and provides material on comparative research about journalists that will be useful to those interested in doing their own studies. The editors put together this collection working under the assumption that journalists' backgrounds, working conditions and ideas are related to what is reported (and how it is covered) in the various news media round the world, in spite of societal and organizational constraints, and that this news coverage matters in terms of world public opinion and policies. Outstanding features include: Coverage of 33 nations located around the globe, based on recent surveys conducted among representative samples of local journalists Comprehensive analyses by well-known media scholars from each country A section on comparative studies of journalists An appendix with a collection of survey questions used in various nations to question journalists As the most comprehensive and reliable source on journalists around the world, The Global Journalist will serve as the primary source for evaluating the state of journalism. As such, it promises to become a standard reference among journalism, media, and communication students and researchers around the world.

"An indispensable guide." Richard Lederer, author of *The Write Way*, *Sleeping Dogs Don't Lay*, and *Comma Sense* --

Via 100 entries or "mini-chapters," the SAGE 21st Century Reference Series volumes on Communication will highlight the most important topics, issues, questions, and debates any student obtaining a degree in the field of communication ought to have mastered for effectiveness in the 21st Century. The purpose is to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not as much jargon, detail or density as a journal article or a research handbook chapter.

The anthrax incidents following the 9/11 terrorist attacks put the spotlight on the nation's public health agencies, placing it under an unprecedented scrutiny that added new dimensions to the complex issues considered in this report. *The Future of the Public's Health in the 21st Century* reaffirms the vision of Healthy People 2010, and outlines a systems approach to assuring the nation's health in practice, research, and policy. This approach focuses on joining the unique resources and perspectives of diverse sectors and entities and challenges these groups to work in a concerted, strategic way to promote and protect the public's health. Focusing on diverse partnerships as the framework for public health, the book discusses: The need for a shift from an individual to a population-based approach in practice, research, policy, and community engagement. The status of the governmental public health infrastructure and what needs to be improved, including its interface with the health care delivery system. The roles nongovernment actors, such as academia, business, local communities and the media can play in creating a healthy nation. Providing an accessible analysis, this book will be important to public health policy-makers and practitioners, business and community leaders, health advocates, educators and journalists.

The Social Media Journalist Handbook teaches readers how to be a real-world social media journalist, tracing the evolution of the field to its current-day practice. This book establishes social media journalism as the latest and one of the most effective ways to practice journalism in the 21st century. It features insights from top recruiters, editors, and senior producers working in the field, as well exercises that aid readers in developing the practical skills necessary to work successfully with social media. Readers will come away from the book with the knowledge to build strong social media strategies across different budgets, employing evergreen principles that work for different, ever-changing platforms. They'll learn how to reach and engage with the maximum number of people, as well as find sources, raise one's profile, conduct research, and produce stories. This book also features additional material online for instructors.

The Routledge Handbook of Environmental Journalism provides a thorough understanding of environmental journalism around the world. An increasing number of media platforms – from newspapers and television to Internet social media networks – are the major providers of indispensable information about the natural world and environmental risk. Despite the dramatic changes in the news industry that have tended to reduce the number of full-time newspaper reporters, environmental journalists remain key to bringing stories to light across the globe. With contributions from around the world broken down into five key regions – the United States of America, Europe and Russia, Asia and Australia, Africa and the Middle East, and South America – this book provides support for today's environment reporters, the providers of essential news in the 21st century. As a scholarly and journalistic work written by academics and the environmental reporters themselves, this volume is an essential text for students and scholars of environmental communication, journalism, and global environmental issues more generally, as well as professionals working in this vital area.

The new edition of *Subediting and Production for Journalists* is a concise, clear and contemporary introduction to the skills required for subediting newspapers, magazines and websites. Tim Holmes describes how subediting has developed, from the early days of print to the modern era of the internet browser and social media, and explores the many challenges for the sub working today. Using numerous practical examples drawn from print and online, *Subediting and Production for Journalists* introduces the various techniques employed by the sub to help make the written word stand out on the page, including: subbing news and features for sense and style writing headlines and sells making copy legally safe understanding production, using software packages and content management systems editing and rewriting stories for online publication creating suitable page

furniture for websites handling and sizing pictures digitally handling audio and video. Subediting and Production for Journalists is the perfect guide for all those with an interest in subbing in today's multimedia environments, as well as anyone wanting to see their words come to life.

Set against the background of the fundamental issues facing the industry today, The 21st Century Journalism Handbook is a comprehensive guide to the core principles and practices essential to the modern journalist. Convergence, online, the growth of magazine formats, challenges presented by technology and new demands in news and feature writing are all covered from conceptual and practical perspectives. A thorough grounding in the key debates and techniques is provided; while clear, no-nonsense practical advice helps you develop your journalism skills and make a success of your studies and career. Key Features: A combination of professional insight, academic study and practical exercises allows you to develop at your own pace Thinking it through activities at the end of each chapter allow you to think over the topics discussed and to think about how you could apply these skills Case studies and Closer Look boxes explore real-life examples in more depth Key points to remember and chapter summaries highlight the essential things you need to know Comprehensive but digestible coverage of the key elements of ethics, regulation and law ensures you are fully equipped with the essential frameworks for informed practice With an emphasis on developing the 'whole journalist', a creative and visual reporter who can think across different platforms, this text is ideal for all for journalism students training in newspapers, magazines and online reporting.

Kershner's The Elements of News Writing 3/e is a concise handbook that presents the essential rules of journalism, while offering in-depth analysis of the evolving industry. With comprehensive coverage from history to how-to, and discussions of new media, online journalism, blogging, and social networking, this text covers news writing from a 360 degree view. The Elements of News Writing covers the basics of news writing without the extra verbiage. The author pays extra attention to grammar and usage, with easy-to-follow basic tips on writing for all types of mass media, new and old.

This new text offers a fresh look at feature writing and reporting in the 21st century. Award-winning professor and author Jennifer Brannock Cox teaches students the fundamentals of feature writing and reporting while emphasizing the skills and tools needed to be successful in the digital era. Packed with the best samples of feature writing today, this practical text gives students ample opportunity to practice their writing as they build a portfolio of work for their future careers. Cox's special attention on new multimedia and online reporting prepares readers for success in a rapidly changing media landscape.

This straightforward and effective how-to guide provides the basics for any reporter or journalism student beginning to use data for news stories. It has step-by-step instructions on how to do basic data analysis in journalism while addressing why these digital tools should be an integral part of reporting in the 21st century. In an ideal core text for courses on data-driven journalism or computer-assisted reporting, Houston emphasizes that journalists are accountable for the accuracy and relevance of the data they acquire and share. With a refreshed design, this updated new edition includes expanded coverage on social media, scraping data from the web, and text-mining, and provides journalists with the tips and tools they need for working with data.

Offers a field guide to modern book collectors that covers both traditional and electronic methods of acquisition, discussing such topics as how to spot first or book club editions, working a book fair, dust jackets, and book handling. Reprint. 17,500 first printing. This exciting and comprehensive text takes students, trainees and professionals into the world of the modern-day newsroom, covering both key techniques and theory in detail. The second edition has been revised and updated to include all the technical, regulatory and theoretical advances in recent broadcast custom and practice and is influenced by newsrooms around the country. Main features: Complete coverage of all the key skills: news gathering, interviewing, writing and story-telling, live/location-reporting, online, editing, graphics and presentation. Expert advice and contributions from leading broadcast journalists from the BBC, ITV and Sky News. The Essential Guide, a section on how to get a job, the law and an up-to-date glossary of broadcasting terms. Workshops and Exercises, which provides the opportunity to practise key skills. Case Study, A Closer Look and Thinkpiece boxes help put the theory into context. Remember and Tip boxes summarise key concepts and offer guidance. A DVD demonstrating filming techniques and editing ideas. New for the second edition: Greater emphasis on online elements of broadcast journalism and the role of social media in news gathering. A focus on the interactive nature of the contemporary news process - how to find user-generated content, empower audiences and engage listeners and viewers. The key skills required for students taking the new NCTJ Broadcast Journalism exams. Ideal for students on journalism courses at all levels, this text is also useful for professionals and trainees working in broadcast, print and other media, and those looking at broadcast journalism in the wider context of media studies.

The Bloomsbury Handbook of 21st-Century Feminist Theory was a PROSE Award finalist. The Bloomsbury Handbook of 21st-Century Feminist Theory is the most comprehensive available survey of the state of the art of contemporary feminist thought. With chapters written by world-leading scholars from a range of disciplines, the book explores the latest thinking on key topics in current feminist discourse, including: · Feminist subjectivity – from identity, difference, and intersectionality to affect, sex and the body · Feminist texts – writing, reading, genre and critique · Feminism and the world – from power, trauma and value to technology, migration and community Including insights from literary and cultural studies, philosophy, political science and sociology, The Bloomsbury Handbook of 21st-Century Feminist Theory is an essential overview of current feminist thinking and future directions for scholarship, debate and activism.

The Handbook to Global Online Journalism features a collection of readings from international practitioners and scholars that represent a comprehensive and state-of-the-art overview of the relationship between the internet and journalism around the world. Provides a state-of-the-art overview of current research and future directions of online journalism Traces the evolution of journalistic practices, business models, and shifting patterns of journalistic cultures that have emerged around the world with the migration of news online Written and edited by top international researchers and practitioners in the area of online journalism Features an extensive breadth of coverage, including economics, organizational practices, contents and experiences Discusses developments in online news in a wide range of countries, from the USA to Brazil, and from Germany to China Contains original theory, new research data, and reviews of existing studies in the field

The emergence of 'new media' and social media is widely discussed in contemporary society. However, media and public communication are mostly analyzed within particular theoretical frameworks and within specific disciplinary fields. Such approaches have created polarized views on media and communication, and fail to create an understanding of the

interdependencies between these fields. This book expertly synthesizes competing theories and disciplinary viewpoints, integrates scholarly and cutting edge research, and examines international data from fast-growing markets including China, to provide a comprehensive, holistic view of the twenty-first century (r)evolution in media and public communication. The book identifies how the changes are located in practices rather than technologies and that these practices are emergent in highly significant ways. Engaging and accessible, the book is essential reading for media scholars and communication professionals, and a valuable text for courses in media studies, journalism, advertising, public relations, and organisational and political communication.

The Routledge Companion to British Media History provides a comprehensive exploration of how different media have evolved within social, regional and national contexts. The 50 chapters in this volume, written by an outstanding team of internationally respected scholars, bring together current debates and issues within media history in this era of rapid change, and also provide students and researchers with an essential collection of comparable media histories. The first two parts of the Companion comprise a series of thematic chapters reflecting broadly on historiography, providing historical context for discussions of the power of the media and their social importance, arranged in the following sections: Media History Debates Media and Society The subsequent parts are made up of in-depth sections on different media formats, exploring various approaches to historicizing media futures, divided as follows: Newspapers Magazines Radio Film Television Digital Media The Routledge Companion to British Media History provides an essential guide to key ideas, issues, concepts and debates in the field. Chapter 40 of this book is freely available as a downloadable Open Access PDF at www.tandfebooks.com/openaccess. It has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 3.0 license.

The New News offers an approachable, practical guide to the 21st-century newsroom, equipping journalists with the skills needed to work expertly, accurately, and efficiently across multiple media platforms. Emphasizing the importance of verification and authentication, the book shows how journalists adapt traditional practices of information-gathering, observation, interviewing, and newswriting for online publications. The text includes comprehensive coverage of key digital and multimedia competencies – capturing multimedia content, "doing" data journalism, mobile reporting, working in teams, participating with global audiences, and building a personal brand. Features developed exclusively for this book include innovative visuals showing the multimedia news structures and workflows used in modern newsrooms; interviews with prominent journalists about their experiences in contemporary journalism; a glossary of up-to-date terms relevant to online journalism; and practical exercises and activities for classroom use, as well as additional downloadable online instructor materials. The New News provides excellent resources to help journalism students and early-career professionals succeed in today's digital networked news industry. The authors are donating all royalties to nonprofit LION's programs to support local online news publications.

When you combine the sheer scale and range of digital information now available with a journalist's "nose for news" and her ability to tell a compelling story, a new world of possibility opens up. With The Data Journalism Handbook, you'll explore the potential, limits, and applied uses of this new and fascinating field. This valuable handbook has attracted scores of contributors since the European Journalism Centre and the Open Knowledge Foundation launched the project at MozFest 2011. Through a collection of tips and techniques from leading journalists, professors, software developers, and data analysts, you'll learn how data can be either the source of data journalism or a tool with which the story is told—or both. Examine the use of data journalism at the BBC, the Chicago Tribune, the Guardian, and other news organizations Explore in-depth case studies on elections, riots, school performance, and corruption Learn how to find data from the Web, through freedom of information laws, and by "crowd sourcing" Extract information from raw data with tips for working with numbers and statistics and using data visualization Deliver data through infographics, news apps, open data platforms, and download links

How do we practice journalism in a digital world, in which the old 'rules' no longer apply? This text offers comprehensive, instructive coverage of the techniques and secrets of being a successful online journalist, both from a theoretical and practical point of view. Reflecting the vitality of the web, it will inspire you to acquire new skills and make sense of a transforming industry. Key Features: How to investigate and break stories online Learn to broadcast to millions using video and podcast How to blog like a pro Learn to manage and stimulate user-generated content Include and use social media in your toolkit How to dig out stories using data journalism Rise to the challenge of citizen journalism Make your journalism more interactive at every stage of the process Dedicated chapter for Law and Online Communication The Online Journalism Handbook is essential reading for all journalism students and professionals and of key interest to media, communication studies and more broadly the social sciences.

"The Handbook of Mass Media Ethics brings together the intellectual history of mass media ethics over the past 25 years. The chapters included summarize existing research and thinking in the field, as well as setting agenda items for future research that is grounded in both philosophy and the social sciences. Each chapter includes a section that summarizes current understanding and research, and contributions come from many of the best minds in the field, including international scholars. Many have worked as journalists, public relations professionals, or advertising practitioners." "Taken in total, The Handbook of Mass Media Ethics provides an examination of the depth and the breadth of current thinking on media ethics. For students and professionals who seek to understand and do the best work possible, this book will provide both insight and direction. Readers wanting to learn what scholars believe they know will find in this book a good grounding from which to begin more in-depth and individualized explorations, and the extensive bibliographies for each chapter will aid that process. Standing apart in its comprehensive coverage, the Handbook is required reading for scholars, graduate students, and researchers in media, mass communication, journalism, ethics, and related areas."--BOOK JACKET.

This handbook provides an overview on major developments that occurred in the field of economic sociology after its rebirth since the 1980s in the US. It offers new insights on the uniqueness of European economic sociology compared to US economic sociology which emerged at the end of the 20th century. The handbook presents economic sociology as a developing field which started with certain foundations as new economic sociology, widening the perspective by introducing social factors thereby focusing more on general belief systems, social forms of coordination and the relationships between society and the economy. It offers an outstanding portrait of the research field helping to identify major foundations and trajectories as well as new research perspectives for a globalized economic sociology. This makes the handbook appeal to specialized researchers of the field, researchers from other disciplines interested in economic phenomena, as well as graduate and postgraduate students.

An authoritative and detailed illustration of the state of journalistic practice in the United States today, *The American Journalist in the 21st Century* sheds light on the demographic and educational backgrounds, working conditions, and professional and ethical values of print, broadcast, and Internet journalists at the beginning of the 21st century. Providing results from telephone surveys of nearly 1,500 U.S. journalists working in a variety of media outlets, this volume updates the findings published in the earlier report, *The American Journalist in the 1990s*, and reflects the continued evolution of journalistic practice and professionalism. The scope of material included here is extensive and inclusive, representing numerous facets of journalistic practice and professionalism, and featuring separate analyses for women, minority, and online journalists. Many findings are set in context and compared with previous major studies of U.S. journalists conducted in the 1970s, 80s, and 90s. Serving as a detailed snapshot of current journalistic practice, *The American Journalist in the 21st Century* offers an intriguing and enlightening profile of professional journalists today, and it will be of great interest and value to working journalists, journalism educators, media managers, journalism students, and others seeking insights into the current state of the journalism profession.

This essential guide provides you with a tailored introduction to the design techniques and production practices employed in the media industry. It presents clear and relevant explanations of how to design and produce any type of print and online publication to a professional standard, from pre-planning through to going to press or online. In providing the context, principles and thinking behind design over time, alongside the key practical techniques and know-how, this resource will enable you to present information clearly and effectively. Key features: Provides a complete resource, explaining the background, theory and application of design as well as the 'how to' Tutorials and exercises demonstrate how to create clean, attractive and well-targeted designs Supported by a comprehensive gallery of examples and case studies Highly illustrated throughout Colour 'How to' sections explain in detail how to create layouts and work with type, pictures and colour successfully Design for Media is a core resource for students and professionals in journalism, PR, advertising, design and across the media and creative sectors.

The Magazines Handbook is an introductory guide to all aspects of magazine journalism and publishing. The book explores the latest innovations in digital design and delivery, whilst also reaffirming the continued importance of key journalistic skills, including good interviewing, feature writing and news writing. The book includes chapters on the visual aspects of magazines, such as illustration and picture editing, and chapters covering the business background of this increasingly global industry. Jenny McKay offers tips on training and work experience as well as outlining the function of various editorial jobs. Profiles of four young journalists give a flavour of life in the early years of a career. Chapters include: advice on embarking on a career in magazine journalism; an overview of magazine design and the production process; analysis of the state of the magazine industry today, with a look to its future; a discussion of legal issues related to magazine journalism; a glossary of key terms and recommended reading in every chapter. Now in its fourth edition, *The Magazines Handbook* offers a nuanced and reflective account of periodical journalism, ideal for students of journalism and budding professionals who are seeking a useful starting point for wide-ranging academic discussion about magazines.

This new and highly readable textbook by Richard M. Perloff introduces students to the complex world of contemporary news and its theoretical underpinnings, engaging with debates and ethical quandaries. The book takes readers on a concept-guided tour of the contours, continuities, and changing features of news. It covers a huge breadth of topics including: the classic theories of what news should do, its colorful history in America and popular myths of news, the overarching forces involved in contemporary news gathering, critical economic determinants of news and social system influences, and innovative trends in the future of journalism. Drawing on scholarship in the fields of journalism studies and sociology of news, Perloff offers readers a critical, in-depth exploration of news filled with relevant examples from newspapers, newscasts, and social media. Students of journalism, communication, sociology, politics, and related courses, as well as inquisitive scholars, will find this book's intellectual focus enriching, the writing and examples engaging, and the thoroughness of its search of the contemporary media scene invigorating. Boxes summarizing theory and key concepts help students to deepen their understanding of both what news is now and its future. This straightforward and effective how-to guide provides the basics for any journalist or student beginning to use data for news stories. It has step-by-step instructions on how to do basic data analysis in journalism while addressing why these digital tools should be an integral part of reporting in the 21st century. The book pays particular attention to the need for accuracy in computer-assisted reporting and to both the potential and pitfalls in utilizing large datasets in journalism. An ideal core text for courses on data-driven journalism or computer-assisted reporting, Houston pushes back on current trends by helping current and future journalists become more accountable for the accuracy and relevance of the data they acquire and share. Online instructor's materials are available to adopting professors, and additional exercises are available free online to students at the below address: <http://ire.org/carbook/> username: carbook password: carbook4

This book covers the history of journalism as an institutionalized form of discourse from the *acta diurna* in ancient Rome to the news aggregators of the 21st century. It traces how journalism gradually distinguished itself from chronicles, history, and the novel in conjunction with the evolution of news media from news pamphlets, newsletters, and newspapers through radio, film, and television to multimedia digital news platforms like Google News. *Historical Dictionary of Journalism, Second Edition* covers 46 countries, it contains a chronology, an introduction, an extensive bibliography, the dictionary section has more than 300 cross-referenced entries on a wide array of topics such as African-American journalism, the historiography of the field, the New Journalism, and women in journalism. This book is an excellent resource for students, researchers, and anyone wanting to know more about journalism.

Helps journalists understand military basics, how to organize a military beat, the protocol for interviewing military personnel, and

many other issues.

This fully updated second edition of the popular handbook provides an exploration of thinking on media ethics, bringing together the intellectual history of global mass media ethics over the past 40 years, summarising existing research and setting future agenda grounded in philosophy and social science. This second edition offers up-to-date and comprehensive coverage of media ethics, including the ethics of sources, social media, the roots of law in ethics, and documentary film. The wide range of contributors include scholars and former professionals who worked as journalists, public relations professionals, and advertising practitioners. They lay out both a good grounding from which to begin more in-depth and individualized explorations, and extensive bibliographies for each chapter to aid that process. For students and professionals who seek to understand and do the best work possible, this book will provide both insight and direction. Standing apart in its comprehensive coverage, *The Routledge Handbook of Mass Media Ethics* is required reading for scholars, graduate students, and researchers in media, mass communication, journalism, ethics, and related areas.

The Routledge Handbook of Religion and Journalism is an outstanding reference source to the key topics, challenges, past and present global issues and debates in this exciting subject. The first collection of its kind, this volume comprises over 25 chapters by a team of international contributors. This Handbook is divided into five parts, each taking global developments in the field into account: Theoretical Reflections Power and Authority Conflict, Radicalization and Populism Dialogue and Peacebuilding Trends Within these sections, central issues, debates and developments are examined, including religious and secular press; ethics; globalization; gender; datafication; differentiation; journalistic religious literacy; race and religious extremism. This volume is essential reading for students and researchers in journalism and religious studies. This Handbook will also be very useful for those in related fields, such as sociology, communication studies, media studies and area studies.

Criminology has experienced tremendous growth over the last few decades, evident, in part, by the widespread popularity and increased enrollment in criminology and criminal justice departments at the undergraduate and graduate levels across the U.S. and internationally. Evolutionary paradigmatic shift has accompanied this surge in definitional, disciplinary and pragmatic terms. Though long identified as a leading sociological specialty area, criminology has emerged as a stand-alone discipline in its own right, one that continues to grow and is clearly here to stay. Criminology, today, remains inherently theoretical but is also far more applied in focus and thus more connected to the academic and practitioner concerns of criminal justice and related professional service fields. Contemporary criminology is also increasingly interdisciplinary and thus features a broad variety of ideological orientations to and perspectives on the causes, effects and responses to crime. *21st Century Criminology: A Reference Handbook* provides straightforward and definitive overviews of 100 key topics comprising traditional criminology and its modern outgrowths. The individual chapters have been designed to serve as a "first-look" reference source for most criminological inquires. Both connected to the sociological origins of criminology (i.e., theory and research methods) and the justice systems' response to crime and related social problems, as well as coverage of major crime types, this two-volume set offers a comprehensive overview of the current state of criminology. From student term papers and masters theses to researchers commencing literature reviews, *21st Century Criminology* is a ready source from which to quickly access authoritative knowledge on a range of key issues and topics central to contemporary criminology. This two-volume set in the SAGE 21st Century Reference Series is intended to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not so much jargon, detail, or density as a journal article or research handbook chapter. 100 entries or "mini-chapters" highlight the most important topics, issues, questions, and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century. Curricular-driven, chapters provide students with initial footholds on topics of interest in researching term papers, in preparing for GREs, in consulting to determine directions to take in pursuing a senior thesis, graduate degree, career, etc. Comprehensive in coverage, major sections include *The Discipline of Criminology*, *Correlates of Crime*, *Theories of Crime & Justice*, *Measurement & Research*, *Types of Crime*, and *Crime & the Justice System*. The contributor group is comprised of well-known figures and emerging young scholars who provide authoritative overviews coupled with insightful discussion that will quickly familiarize researchers, students, and general readers alike with fundamental and detailed information for each topic. Uniform chapter structure makes it easy for students to locate key information, with most chapters following a format of Introduction, Theory, Methods, Applications, Comparison, Future Directions, Summary, Bibliography & Suggestions for Further Reading, and Cross References. Availability in print and electronic formats provides students with convenient, easy access wherever they may be.

The 21st Century Journalism Handbook Essential Skills for the Modern Journalist Routledge

Offers an inside account of the Jayson Blair plagiarism scandal that rocked *The New York Times*, the autocratic leadership style of the newspaper's executive editor, Howell Raines, the turmoil surrounding the scandal and its repercussions, and the implications of the episode in terms of the rapidly changing world of modern journalism. Reprint. 25,000 first printing.

A scholarly work examining the continuing evolution of the magazine—part of the popular *Handbooks in Media and Communication* series *The Handbook of Magazine Studies* is a wide-ranging study of the ways in which the political economy of magazines has dramatically shifted in recent years—and continues to do so at a rapid pace. Essays from emerging and established scholars explore the cultural function of magazine media in light of significant changes in content delivery, format, and audience. This volume integrates academic examination with pragmatic discussion to explore contemporary organizational practices, content, and cultural impact. Offering original research and fresh insights, thirty-six chapters provide a truly global perspective on the conceptual and historical foundations of magazines, their organizational cultures and narrative strategies, and their influences on society, identities, and lifestyle. The text addresses topics such as the role of advocacy in shaping and changing magazine identities, magazines and advertising in the digital age, gender and sexuality in magazines, and global magazine markets. Useful to scholars and educators alike, this book: Discusses media theory, academic research, and real-world organizational dynamics Presents essays from both emerging and established scholars in disciplines such as art, geography, and women's studies Features in-depth case studies of magazines in international, national, and regional contexts Explores issues surrounding race, ethnicity, activism, and resistance Whether used as a reference, a supplementary text, or as a catalyst to spark new research, *The Handbook of Magazine Studies* is a valuable resource for students, educators, and scholars in fields of mass media, communication, and journalism. This second edition of *The Handbook of Journalism Studies* explores the current state of research in journalism studies and sets an agenda for future development of the field in an international context. The volume is structured around theoretical and empirical approaches to journalism research and covers scholarship on news production; news content; journalism and society; journalism and culture; and journalism studies in a global context. As journalism studies has become richer and more diverse as a field of study, the second edition reflects both the growing diversity of the field, and the ways in which journalism itself has undergone rapid change in recent years. Emphasizing comparative and global perspectives, this new edition explores: Key elements, thinkers, and texts Historical context Current state of the field Methodological issues Merits and advantages of the approach/area of study Limitations and critical issues of the approach/area of study Directions for future research Offering broad international coverage from world-leading contributors, this volume is a comprehensive resource for theory and scholarship in journalism studies. As such, it is a must-have resource for scholars and graduate students working in journalism, media studies, and communication around the globe.
