But she is also a barely domesticated wild animal whose compulsions might include shredding upholstery, knocking over plants, and trying to dominate the "territory" you call home. How to accommodate your pet's feral instincts while reducing these problem areas in your relationship? Through engineering! From the author of the New York Times bestselling Oh My Dog comes the true story of Yoda, a very special cat—and adorable Instagram sensation—rescued by Beth and Howard Stern. When Beth first met Yoda at the animal shelter, he was skinny and his fur was matted. He hid in the back of his cage and wanted nothing to do with anyone. But Beth chose Yoda. She took him home, cleaned him up, and gave him love. Beth fosters kittens, too, and before long Yoda discovered them—and his life purpose. Now he's happy, and fluffy, and very, very busy. He makes sure the orphan kittens eat, he keeps them safe, and he even cleans up after them. Yoda acts like a father and mother to the foster kittens that fill his home, and taking care of others has helped him too: even though Yoda has a serious heart condition, he's made a miraculous turnaround, and is healthier than doctors thought he could be. To further the important work that Beth does on behalf of animals, all of her proceeds from this book will be donated to North Shore Animal League America's Bianca's Furry Friends campaign.

Dog is a cat- the only problem is that he doesn't behave like one! Instead he wags his tail, sticks out his tongue and yaps in a manner which is distinctly puppyish. Something has to be done! The pride of cats is at stake - the shame of an entire species a consequence of allowing a feline to behave in such a disgraceful canine manner.

Bella loves Anna "so much" that she copies every single thing she does. Finally Anna decides she's had enough of Bella being "such" a copycat! What is Bella going to do? This debut offers a lighthearted look at playground friendships. Full color.

This comprehensive cat care guide from the star of the hit Animal Planet show "My Cat from Hell," Jackson Galaxy, shows us how to eliminate feline behavioral problems by understanding cats' instinctive behavior. Cat Mojo is the confidence that cats exhibit when they are at ease in their environment and in touch with their natural instincts—to hunt, catch, kill, eat, groom, and sleep. Problems such as litter box avoidance and aggression arise when cats lack this confidence. Jackson Galaxy's number one piece of advice to his clients is to help their cats harness their mojo. This book is his most comprehensive guide yet to cat behavior and basic cat care, rooted in understanding cats better. From getting

kittens off to the right start socially, to taking care of cats in their senior years, and everything in between, this book addresses the head-to-toe physical and emotional needs of cats—whether related to grooming, nutrition, play, or stress-free trips to the vet.

From the publisher of B. Kliban's *Cat, All I Need to Know I Learned from My Cat, and Bad Cat*, comes a new book that answers the question all cat lovers ask: How do I make my cat like me? *97 Ways to Make a Cat Like You* is the perfect interactive guide to these mysterious, fickle, seemingly aloof—yet really, just particular—pets. Paired with a full-color photograph of friendly, extroverted, happy cats (in case you've forgotten what a cat looks like when he "likes" you), the 97 inspired, occasionally silly but always behaviorally-based tips and tricks prove that when a cat is treated right, he or she will respond in kind. Within reason. There's the "Eye on the Ball"—record a tennis match or a Ping-Pong game on TV to play back for your cat when he needs a bit of exercise. "Cat Burrito"—wrap your cat in a towel, burrito-style, which is particularly good for anxious pets or trips to the vet. The "Boing, Boing!"—wind pipe cleaners around a pencil in a spiral shape to create springs. Carefully slide off the pencil so the spirals go "boing" when pressed. The classic "Tickle, Tickle"—tickle Kitty under her chin and softly say "gitchy, gitchy, gitchy" in your highest-pitched voice. And for the cat owner willing to go the distance, the "There's No Business Like Show Business"—practice your best Ethel Merman by belting out favorite show tunes for your cat. Kitty won't care if you're off-key and she'll enjoy the stimulation.

The best gift for cat-lovers who have everything! Today, I'm going to collect cats. At the moment, I have no cats. But I do have plan... This hilarious picture book is purrrfect for cat lovers everywhere! Honestly: can anyone ever have too many cats? The answer might be yes, if the cats are rather large, with big teeth! But mostly, the answer is NEVER!

In a world filled with inspirational know-it-alls and quotable blowhards, only one figure is indifferent enough to tell the cranky truth: Grumpy Cat. Following the success of her New York Times bestselling debut, everyone's favorite disgruntled feline is back with this demotivational guide to everyday life, love, friendship, and more. Featuring many new photos of Grumpy Cat's famous frown and packed with uninspiring observations, *The Grumpy Guide to Life* will help anyone get in touch with their inner grouch.

"Is that my cat? It can't be. My cat is a slim, sleek pussy cat." Something strange is happening with this rather large kitty—the one who used to fit through the cat door, climbed trees fearlessly, and always wanted to play. Now she lazes on the windowsill, and it takes two hands to pick her up! Keep guessing as the story unfolds page by page, until right at the end when there's a big surprise!

Jim Qwilleran and his cats scramble for clues when peaceful Breakfast Island is turned upside-down by murder in this mystery in the New York Times bestselling *Cat Who* series. Qwilleran and the cats are visiting an island known by many names. Qwill has always called it Breakfast Island, but to the taciturn natives, it's Providence Island. To the rich summer resident, it's Grand Island—and to the developers and tourists who are turning this once-peaceful place into a circus, it's Pear Island. But when some odd "accidents" occur, including a fatal boat explosion, Qwill suspects sabotage and sets out to investigate—because murder by any other name is just as deadly...

Just when you thought you knew all there was to know about cats comes the ultimate—and unexpected—guide to taking your cat into the wild. Here are cats walking on a leash. Cats hiking on a leash. Cats tramping through snow. Cats

camping. Cats kayaking, canoeing, even surfing—yes, cats who love water. When animal writer and active hiker Laura Moss couldn't find an online resource for hitting the trail with her cat, she created one. AdventureCats.org took off like wildfire, with attention from Wired, the Huffington Post, Outside magazine, BuzzFeed, and much more. Now, the book *Adventure Cats*—a collection of jaw-dropping photographs, inspiring stories of real-life cats, and all the how-to a cat owner needs—will take readers and their cats well beyond the backyard. Learn how to leash-train a cat. What to do if you encounter wildlife on the trail. Plus, winter safety tips, and how to bring a little bit of the outdoors to an indoor cat. The stories themselves are catnip for animal lovers, from Nanakuli, the one-eyed cat who hangs ten; to Georgie, a four-year-old gray tabby who lives on a sailboat; to Quandary, who not only insists on hiking with her family but also teaches them a valuable lesson: When you follow your cat's natural tendency to wander, you experience the outdoors at a slower, richer pace. This book will delight every cat person, regardless of whether their pet is inclined to adventure. (Take the quiz at the beginning of the book to find out!)

Hannah uses her engaging, fun voice to show how she helps orphan kittens grow up, get adopted, and become healthy, happy cats. Featuring irresistible photographs and playful doodles, Kitten Lady's Big Book of Little Kittens shows what you can do to help the tiniest felines in our big, big world.

A pioneering book highlighting the dynamic environmental dimensions of towns and villages and spatial connections with surrounding land.

Learn how to persuade cats—the world's most skeptical and cautious negotiators—with this primer on rhetoric and argument from the New York Times bestselling author of *Thank You for Arguing!* Cats are skilled manipulators who can talk you into just about anything without a single word (or maybe a meow or two). They can get you to drop whatever you're doing and play with them. They can make you serve their dinner way ahead of schedule. They can get you to sit down in an instant to provide a lap. On the other hand, try getting a cat to do what you want.... While it's hard, persuading a cat is possible. And after that, persuading humans becomes a breeze, and that is what you will learn in this book. *How to Argue with a Cat* will teach you how to:

- Hold an intelligent conversation—one of the few things easier to do with a cat than a human.
- Argue logically, even if your opponent is furry and irrational.
- Hack up a fallacy (the hairball of logic).
- Make your body do the talking (cats are very good at this).
- Master decorum: the art of fitting in with cats, venture capitalists, or humans.
- Learn the wisdom of predator timing to pounce at the right moment.
- Get someone to do something or stop doing it.
- Earn any creature's respect and loyalty.

America's favorite cat behavior expert, author of *Catwise* and *Cat vs. Cat*, offers the most complete resource for cat owners of all stripes, now fully updated. Whether you are a veteran cat lover, a brand-new owner of a sweet kitten, or the frustrated companion of a feline whose driving you crazy, Pam Johnson-Bennett will help you understand what makes your cat tick (as well as scratch and purr). Topics range from where to get a cat to securing a vet; from basic health care to treating more serious problems; choosing an irresistible scratching post and avoiding litterbox problems. A comprehensive guide to cat care and training, she helps you understand the instincts that guide feline behavior. Using behavior modification and play therapy techniques, she shares successful methods that will help you and your cat build a great relationship.
