The Man Who Ate Too Much: The Life of James Beard John Birdsall, 2020-10-06 A Finalist for the 2022 James Beard Foundation Cookbook Award (Writing) The definitive biography of America's best-known and least-understood food personality, and the modern culinary landscape he shaped. In the first portrait of James Beard in twenty-five years, John Birdsall accomplishes what no prior telling of Beard's life and work has done: He looks beyond the public image of the Dean of American Cookery to give voice to the gourmet's complex, queer life and, in the process, illuminates the history of American food in the twentieth century. At a time when stuffy French restaurants and soulless Continental cuisine prevailed, Beard invented something strange and new: the notion of an American cuisine. Informed by previously overlooked correspondence, years of archival research, and a close reading of everything Beard wrote, this majestic biography traces the emergence of personality in American food while reckoning with the outwardly gregarious Beard's own need for love and connection, arguing that Beard turned an unapologetic pursuit of pleasure into a new model for food authors and experts. Born in Portland, Oregon, in 1903, Beard would journey from the pristine Pacific Coast to New York's Greenwich Village by way of gay undergrounds in London and Paris of the 1920s. The failed actor-turned-Manhattan canapé hawker-turned-author and cooking teacher was the jovial bachelor uncle presiding over America's kitchens for nearly four decades. In the 1940s he hosted one of the first television cooking shows, and by flouting the rules of publishing would end up crafting some of the most expressive cookbooks of the twentieth century, with recipes and stories that laid the groundwork for how we cook and eat today. In stirring, novelistic detail, The Man Who Ate Too Much brings to life a towering figure, a man who still represents the best in eating and yet has never been fully understood—until now. This is biography of the highest order, a book about the rise of America's food written by the celebrated writer who fills in Beard's life with the color and meaning earlier generations were afraid to examine.

The James Beard Cookbook James Beard, 2015-03-03 The million-selling culinary classic from the “dean of American cookery” offers timeless and delicious recipes—a must-have for beginners to foodies (The New York Times). Hailed by the

New York Times as “one of the best basic cookbooks in America,” The James Beard Cookbook remains as indispensable to home cooks today as it was when it was first published over fifty years ago. James Beard transformed the way we cook and eat, teaching us how to do everything from bread baking to making the perfect Parisian omelet. Beard was the master of cooking techniques and preparation. In this comprehensive collection of simple, practical-yet-creative recipes, he shows us how to bring out the best in fresh vegetables, cook meat and chicken to perfection, and even properly boil water or an egg. From pasta to poultry, fish to fruit, and salads to sauces, this award-winning cookbook is a must-have for beginning cooks and expert chefs alike. Whether it is deviled pork chops or old-fashioned barbecue, there is not a meal in the American pantheon that Beard cannot teach us to master. Enduring and eminently sensible, The James Beard Cookbook is the go-to book for twenty-first-century American home kitchens.

The 4-Hour Body Timothy Ferriss,2010-12-14 #1 NEW YORK TIMES BESTSELLER • The game-changing author of *The 4-Hour Workweek* teaches you how to reach your peak physical potential with minimum effort. “A practical crash course in how to reinvent yourself.”—Kevin Kelly, *Wired* Is it possible to reach your genetic potential in 6 months? Sleep 2 hours per day and perform better than on 8 hours? Lose more fat than a marathoner by bingeing? Indeed, and much more. *The 4-Hour Body* is the result of an obsessive quest, spanning more than a decade, to hack the human body using data science. It contains the collective wisdom of hundreds of elite athletes, dozens of MDs, and thousands of hours of jaw-dropping personal experimentation. From Olympic training centers to black-market laboratories, from Silicon Valley to South Africa, Tim Ferriss fixated on one life-changing question: For all things physical, what are the tiniest changes that produce the biggest results? Thousands of tests later, this book contains the answers for both men and women. It’s the wisdom Tim used to gain 34 pounds of muscle in 28 days, without steroids, and in four hours of total gym time. From the gym to the bedroom, it’s all here, and it all works. You will learn (in less than 30 minutes each): • How to lose those last 5-10 pounds (or 100+ pounds) with odd combinations of food and safe chemical cocktails • How to prevent fat gain while bingeing over the weekend or the holidays • How to sleep 2 hours per day and feel fully rested • How to produce 15-minute female orgasms • How to triple testosterone and double sperm count • How to go from running 5 kilometers to 50 kilometers in 12 weeks • How to reverse “permanent” injuries • How to pay for a beach vacation with one hospital visit And that's just the tip of the iceberg. There are more than 50 topics covered, all with real-world experiments, many including more than 200 test subjects. You don't need better genetics or more exercise. You need immediate results that compel you to continue. That’s exactly what *The 4-Hour Body* delivers.

Something from the Oven Laura Shapiro, 2005-03-29 Author of the forthcoming What She Ate: Six Remarkable Women and the Food That Tells Their Stories (Summer 2017) In this captivating blend of culinary history and popular culture, the award-winning author of Perfection Salad shows us what happened when the food industry elbowed its way into the kitchen after World War II, brandishing canned hamburgers, frozen baked beans, and instant piecrusts. Big Business waged an all-out campaign to win the allegiance of American housewives, but most women were suspicious of the new foods—and the make-believe cooking they entailed. With sharp insight and good humor, Laura Shapiro shows how the ensuing battle helped shape the way we eat today, and how the clash in the kitchen reverberated elsewhere in the house as women struggled with

marriage, work, and domesticity. This unconventional history overturns our notions about the '50s and offers new thinking on some of its fascinating figures, including Poppy Cannon, Shirley Jackson, Julia Child, and Betty Friedan.
