USA/Canada Edition Inspired by the author's experience of this issue with her own son, this easy-to-understand guide gives detailed advice on every aspect of stool withholding including soiling (encopresis), toilet training, laxative medication and constipation. Stool withholding is most common in two to four year olds but it can also affect school-age children. It is often triggered by an episode of painful constipation. The child then becomes so terrified of experiencing this pain again that they hold on to their poop for days, even weeks, at a time. Just to add to the misery, stool withholding often causes children to soil their underwear. This bewildering problem can sometimes feel like a form of daily torture, not just for the child but for the whole family. Unless you've experienced this with your own child, it's difficult to imagine just how distressing it can be. After reading this, parents will have a straightforward plan of action, with lots of tips and strategies to try at home. The book also contains useful information about the laxative MiraLAX, with guidance on appropriate doses (and RestoraLAX doses for those in Canada). The advice given is backed up by research, as well as the experiences of the author and other parents who have had to deal with this issue. Aimed primarily at parents, this guide should also be essential reading for healthcare professionals, teachers and anyone else who works with, or cares for, children. Stool withholding is still a widely misunderstood issue. If awareness and understanding of this subject is increased, many families could be spared this distressing problem. UK/Europe/Australia/NZ Edition also available on Amazon "Stool Withholding: What To Do When Your Child Won't Poop!" (with guidance on Movicol dosage). This story about a brave, young rabbit and a family of noisy elephants will teach children how being messy, loud and disrespectful to your neighbors may lead to problems and cost you friends - and how tidying up after yourself, caring for others and keeping your planet nice and clean might help you find new ones. A family of rabbits take a liking to a lovely, little pond in an arid savanna, but their peace of mind is soon disturbed by a family of loud elephants, who find the pond just as attractive and decide to drop in. They not only begin to drink up all the water, but also turn out to be very messy and rather unfriendly. Feeling threatened and upset, the rabbits decide to teach the elephants a lesson. The youngest and bravest rabbit comes up with a plan; late at night, under a bright, full moon, he hides in the bushes and speaks to the elephants in a terrifying voice. They can only see the shadow of a Pond Monster, scolding them about their bad habits and sending them away from the pond. The frightened elephants, realizing the errors of their ways, decide to act: they clean up all their litter and dispose of it in nearby trash cans. In the morning, the rabbits awaken to tidy shores and clean water and make friends with the elephants, offering them to play by the pond together from now on.

An uneasy alliance between warring families gets heated in this otherworldly novella from bestselling author Ilona Andrews. At first glance, the planet Rada seems like a lush paradise. For generations, the powerful families have pushed and pulled each other in a dance for dominance. Until a catastrophic betrayal from within changes everything. Now, deadly, disciplined, and solitary leaders Ramona Adler and Matias Baena must put aside their enmity and work together in secret to prevent sinister forces from exploiting universe-altering technology. Expecting to suffer through their uneasy alliance, Ramona and Matias instead discover that they understand each other as no one in their families can--and that their combined skills may eclipse the risks of their forbidden alliance. As the two warriors risk their lives to save their families, they must decide whether to resist or embrace the passion simmering between them. For now, the dance between their families continues--but just one misstep could spell the end of them both.

When the downtrodden animals of Manor Farm overthrow their master Mr Jones and take over the farm themselves, they imagine it is the beginning of a life of freedom and equality.

A departing tortoise has his bags packed and is almost ready to set out on an adventure, but he can't leave until he says good-bye to each of his animal friends. The tortoise stops for every last timid mouse and bumblebee, shouting his rhyming good-byes, making you wonder if, perhaps, he's stalling the start of his trip. His animal friends appear startled as he suddenly pops up on each page to say adieu—especially the perplexed rhinoceros the tortoise mistakes for a unicorn! With each farewell, the tortoise's good-byes get sillier and more creative. When will the good-byes end and the adventure begin? See You Later, Alligator is a silly story with bright, engaging illustrations and expressive, rhyming text that children will want to read—and giggle through—again and again. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The creators of Pick a Pine Tree are back with a joyful, energetic celebration of a Halloween tradition. Pick a pumpkin from the patch. Tall and lean or short and fat. Vivid orange, ghostly white, or speckled green, might be just right. Pairing a wonderfully rhythmic read-aloud text with expressive retro illustrations, author Patricia Toht and illustrator Jarvis capture all the excitement and familial feeling of a favorite holiday tradition. Readers will be happy to follow along with each step, from picking out the perfect specimen at the pumpkin patch (be sure to stop for cider and toffee apples) to carting it home, scooping out the insides, carving a scary face, and finally lighting a candle inside -- savoring the familiar ritual of transforming an ordinary pumpkin into a one-of-a-kind glowing jack-o'-lantern.
