Love Is a Battery: Unlocking the Secrets to the Best Relationships and Sex of Your Life Brandon Williams,2020-05-02

Love, dating and relationships is a subject that is the ultimate double-edged sword of existence. It can bring you tremendous joy or untold misery. After 15 years of misery, I decided to make a change: I went out in the world in search of answers. After reading every book I could possibly get my hands on, going to male empowerment seminars, approaching and accosting thousands of women, spending over 10,000 on self-improvement courses and communication courses, I have found the ultimate correlation between science and attraction... That correlation is involving the energy exchange of Direct Current (a battery) and Alternating current. In my book I break down each and every thing that I have realized over the past 15 years of self-discovery. The ultimate goal of my book is: to help you become infinitely happy with YOURSELF, thus allowing you to naturally attract the perfect romantic partner into your life. If you're looking for a way to pick up girls at the bar or if you're looking to meet your soul mate, this book will help. But, be warned, if you're just looking for a surface-level experience then you will likely think very differently after reading it. After being a therapist for many years, I realized that dating, sex and a relationships is the area that people have the most stuck attention. They are looking for help and there was not very much clear and helpful information. Most information out there is all about systems and button-pushing, not about real, beautiful connection. I hope to change that. I hope you use my book to achieve everything you have ever wanted in your life and to better connect with and become YOU.

The Hoodie Girl Yuen Wright,2021-08-10 My hoodie is freakishly oversized. It covers my body in a way that makes me feel comfortable. Safe. Invisible. Wren Martin isn't what you would call a popular girl. She is remarkably average, gets good grades, and aspires to get a scholarship to her dream college and leave her hometown, as it's filled with impossible memories. Asher Reed—star athlete and heartthrob of Eastview High—is everything wrong with high school in one frustratingly good-looking body. But when an on-field accident leaves him sidelined for the season, he takes an interest in Wren. With an undeniable connection, Wren and Asher form a friendship that quickly turns into something more. Yuen Wright's heartwarming debut is a reminder that when someone really sees you, the last thing you want is to be invisible.

Follow Your Bliss Joseph Campbell,2005

Don't Be a Slave to Your Clients Brandon Williams,2019-02 YOUR CLIENTS CAN LEGALLY KILL YOU... Human beings

spend a vast majority of their life doing two things: sleeping and working. These two areas, if messed up in some way, won't allow you to live a good life. This book addresses the latter (and most likely, eventually, covers the first one as well). Bad clients or customers at your business can destroy not just your work life but also your personal life. That horrific client causes you massive stress and you come home and, without you even totally knowing it, you take it out on your family, friends, pets, etc. You can even develop sickness and your health can start to slip. The people around you need to be aggressively filtered and watched because the closer they are, the more they affect you (for better or worse). You have worked very hard to learn your trade or your skill-set. Why do you need to beg for clients? Why do you need to be treated poorly? Do you need them more or do they need you more? Here are the main points I want you to realize about your job or business: 1. All the marketing sharks floating around you and your business are looking to get paid, sneak under the radar long enough, and get out. Chances are they have no idea how to market or sell what you do. You've probably been burned before and you will get burned again. This book will prevent that. 2. Marketing and sales are considered two different subjects. THEY ARE NOT. These two subjects are married and there is actually a step that goes in-between them that has to be in. If you don't do all 3 steps, you will continue to beg for your client's money and you will be a slave. You learn about all 3 aspects in this book. 3. All the garbage you have been told about closing techniques, sales drills, etc have always seemed wrong or strange. THEY ARE. When you are honest and create an attraction system to actually bring in the kind of people you want to work with, there are no head-games, no emotional wrestling, no painful headaches and no looking at your bank account balance in terror. This book will show you exactly how to do this and how to set it up so that your clients respect you and your time and are excited to pay you and get started. 4. Price resistance can only exist in a situation where the prospect is not enlightened. People that have doubts or insecurities complain about price. This book will help you to create trust and stability for your prospects and clients so that you do not need to handle price resistance ever again. You are a skilled technician. There are a million books out there on sales and marketing. It seems like a lot of work and you just don't have the time to do it. I will show you how you can actually make more money, dramatically reduce your stress and work LESS after this is all said-and-done. What is in this book applies also to staff and personnel: how to attract them and how to hire the right people. Marketing and sales, boiled down into one word, is simply ATTRACTION. If you attract the right people who are looking for what you have, there should not be much arguing or difficulty in having them around. So quit being a slave to your clients. Break your chains and regain your sanity. Regain your love for your work and allow that love to spread through your family, friends, etc. Make your work into a stronghold of your life where, no matter what else is going on, your work can be your anchor when times are tough. Work can be so wonderful that you actually feel good and refreshed after a 10-hour day. THIS IS THE WAY WORK SHOULD BE. I dumped every ounce of knowledge I have on this subject into this book. I wrote it with the purpose of delivering to you, the reader, the maximum amount of value in the minimum amount of time with the

minimum amount of big words or difficult concepts. I really want you to be able to gain this information easily so that you can use it right away. I care about you. Do well.

Waking The Core Of Man Selna Kim,Connor McCanless,2020-09-28 Club Promoting - The shady organization that lies behind the scenes of the world's biggest nightclubs where men, who are chosen, go to transform themselves from loser and reject to undoubtedly irresistible with the opposite sex. Waking up at 21 years old, Connor (Selna Kim) McCanless realized he would be a failure forever with the opposite sex unless he did something about it. In less than 2 years, he was able to turn his life completely around, starting with discovering a secret organization. One that laid in the shadows, pulling the strings behind the success of the Midwest's most famous clubs. 'Letter-Jay' was a codename for a member that had all of the secrets behind meeting, attracting, dating, and winning the heart of the women he's always dreamed of. They met as kids when they both were living broke and next to an Indianapolis train yard, but Jay had weaseled his way from poverty to riches in 18 months using only his attraction, seduction, and networking skills. The Midwest recruited him to pack the clubs with people; beginning to make most people's monthly income in just a few nights. Learning under Letter-Jay for a few months, he unlocked the secrets to spark desire with any woman. When Letter-Jay began to notice his rapid acceleration in success with the opposite sex, he was introduced by Letter-Jay to the top dog - the leader of the industry. They quickly witnessed Kim's potential, classifying him a permanent spot in this community as 'Letter-C'. Discovering the other members, who were on par if not better than Letter-Jay, including Letter-H, X, Z and more, Letter-C sapped their skills and knowledge with the opposite sex. These skills catastrophically impacted the clubbing industry, bringing finer women into the clubs and more men that followed them in there. With that, it became a lifestyle of private jets, raves, VIP, models, and celebrities. Clubs across the Midwest hired them to turn their gasping-for-air clubs into region hot spots. He joined the community to find love, but he became addicted, cold, and dark. Power created greed, and it was rotting him. Either he would relearn what it takes to love, or dive so deep into greed that he would lose himself forever. This stuff is powerful material, Selna Kim quotes. It's the gateway to becoming the man all men want to be and all women desire. Use this power for good, for if you let it use you then it will consume you, it will hurt others, and it will leave you with nothing.

As You Are Nick Sparks, 2015-10-23 You've been in that zone where socializing, both platonic and romantic, comes easy - but most of the time you're not there. Around the women who intimidate you most you struggle to think of what to say, sabotage yourself in ways you don't fully understand, and feel confused about when and how to express your sexuality. You worry that you'll have to settle for someone who you're not all that excited to be with (if you're lucky enough to find anyone) and/or face a messy divorce when it inevitably doesn't work out. That's why I wrote this book. I've coached men on improving their social and dating lives for over a decade, charging thousands of dollars for a weekend program, appearing on national news outlets, and amassing millions of views on youtube. I have a success rate with my clients that puts the rest of the industry to shame, and this book represents the very best of what I teach. I want to make this knowledge available now because I know what it's like to feel as though you'll have to settle for whatever comes along... like the women you really want to be with are speaking a different language. I wrote this book because I wish I had it back in middle school. This isn't a collection of pickup lines or tricks. Let's face it - if those worked, you wouldn't be reading this right now. Simply put, this book teaches you to be that person you are when you're in the zone all the time. It's about stripping away all the things that are keeping you from being naturally attractive. You've always known that, just be yourself, was good advice, otherwise it wouldn't be repeated so often. This is the book that finally explains how to do it. In this book you're going to learn: - How to eliminate rejection - Why the words you say don't really matter - The action to take that will always get you in the zone - How to identify the women that really want you to approach them - Understanding what flirting means, and how to become a master at it - What to text if she doesn't respond - How to know exactly when she wants you to make the move - What to say to start a conversation in any situation - How to make conversations with people who intimidate you flow as smoothly as chats with your best friends - How to get her to contribute equally to the conversation so you don't do most of the talking and run out of things to say - How to easily overcome awkward silences - The secret to being funny - How to move an interaction forward sexually without ever worrying about being called inappropriate or creepy - How to get a phone number that turns into a date 90% of the time - How to ensure your dates are charged with sexual tension rather than ending in an awkward kiss attempt - The way sexual attraction actually works, and why the lessons you've learned your entire life are wrong - How to turn a friendship into something more - How to build a social circle so you'll always have a wingman or someone to hang out with - How to always look great, even if you're shopping on a budget - How to scream confidence with your body language instead of insecurity - The difference between He was ok and He's awesome - How to develop yourself into the man who naturally attracts the woman (or women) you really want Don't expect anything overly-complicated. You'll find yourself saying, it can't be this easy, more than once - only to discover that you're the one who's been making it difficult the entire time. Disclaimer: The language I use throughout this book represents men communicating with women because that's what

I've successfully taught hundreds of guys to do. My advice, however, applies to anyone, man or woman, who's looking to improve their platonic and romantic communication with anyone else.

The Masculine in Relationship G. S. Youngblood, 2019-10-13 Can Masculine power successfully co-exist with the strong Feminine? Yes. In this book is a model of Masculine groundedness that you can manifest in your relationship with a strong and capable woman. Such a woman doesn't settle for mediocre. She needs you to consistently follow through on your word, have purpose in life, remain grounded in the face of her intense emotion, make her feel safe, and provide leadership in the relationship. When that doesn't happen, she may start to drift. Things between you will start to feel flat, contentious, or even toxic. To you, she will seem to nag and criticize more, and have less interest in sex. When she gets really angry, you'll label it as crazy and blame her. But, in truth, she's just expressing the pain of you not stepping up. It is a relationship arc that is all too common. Fighting or defending yourself doesn't resolve anything. Withdrawing into work or your phone just makes it worse. And contorting yourself to avoid conflict just kills her respect for you. The answer is to develop and live from your Masculine core. This book shows you how in an actionable three-part framework: Respond vs. React, Provide Structure, and Create Safety. This is not the old model based on control, but a modern model based on clarity and leadership. This is not a manual for Alpha Dogs, nor a fuzzy spiritual guide. Rather, it is a clear set of principles that help you develop your Masculine leadership. And it doesn't take anything away from Feminine power. It is a blueprint for inspiring your woman's trust, lust, and devotion.
