"In the Japanese art of kirigami it takes just a cut and a fold to form three-dimensional trees, animals, and buildings, as well as an array of decorative cards, household items, and drawings. With the techniques, projects, and templates provided here, shape such magical designs as a Christmas landscape, a delightful circus set, a "Window on Paris," birthday cards, a pencil holder, and much more!"--Publisher description.

These mandalas are on the cutting edge! The rising popularity of paper craft will have you folding and cutting your way to beautiful decorations and art pieces. Lose yourself in the meditative process of creating unique models from paper and admiring the symmetry of these Tibetan mandalas. A cut above traditional paper folding, this craft requires a little more planning, but has inspirational results.

? Paper dolls might seem the height of simplicity--quaint but simple toys, nothing more. But through the centuries paper figures have reflected religious and political beliefs, notions of womanhood, motherhood and family, the dictates of fashion, approaches to education, individual self-image and self-esteem, and ideas about death. This book examines paper dolls and their symbolism--from icons made by priests in ancient China to printable Kim Kardashians on the Internet--to show how these ephemeral objects have an enduring and sometimes surprising presence in history and culture.

An in-depth introduction by paper art expert Natalie Avella illuminates the rich history of the centuries-old form, and a whimsical preface by beloved artist Rob Ryan rounds out this delightful collection.

From the creator of the bestselling Anti-Coloring Book series with more than 600,000 copies sold, a new parenting guide to encouraging creativity in preschool-age children Young at Art is the first and only comprehensive book for the general audience about the nature, value and impact of art on very young children. Directed towards parents and educators of one to five year olds, Susan Striker explains why children's art is not a frill, but the very foundation upon which all later fundamental skills are built. She drives home the idea that encouraging children's artistic growth will have beneficial effects on all other aspects of their emotional and intellectual development. At the core of this practical guide is the understanding that art is an important tool in teaching young children crucial concepts related to self-expression, reading and writing. As opposed to more structured exercises, such as coloring on dittos and underlining pictures in workbooks, Striker stresses that scribbling and free drawing experiments are the most important art activities a child can engage in; they better prepare children to read independently as they grow. Young at Art provides descriptions for age-appropriate art activities, tips for carrying them out safely, and helps parents recognize what a child's art work should look like at each stage of development. With Young at Art, parents will develop realistic expectations of their children's work, learn how to speak to their children about their art, and facilitate skills well beyond their creativity that will benefit children.

A perfect combination of Chinese classics and paper cuttings. Six intangible cultural heritage paper cutting masters spent 433 days applying the paper cutting skills that have been passed down over 3,000 years, creatively blending their work with the memories of Tang, Song, and Yuan verse, offering insights on their expressions of Asian beauty. In this book, six masters are invited to collaborate on creative works in the tradition of six national intangible cultural heritage forms that are on the verge of extinction, including Gaomi paper cutting, Yuxian paper cutting, Horing paper cutting, Fuyang paper cutting, Guangling paper cutting, and Fangzheng paper cutting. The art of paper cutting is used to create artistic conceptions of Tang, Song, and Yuan verse, offering new insights into those poetic traditions.

The definitive work on papercuts, a long-overlooked aspect of Jewish folk art.

Art and literature are essential components of a child's education that encourage creativity, self-expression, and abstract, critical thinking. These skills, in turn, help a child excel in math, science, reading, and drama. However, traditional educational settings often destroy a child's innate self-esteem and creativity. Art and Children is an indispensable aid to educators and librarians interested in helping young children achieve their artistic and creative potential. This teaching aid provides thematic, unit-based activities that use art and literature to develop skills such as interpretation, self-expression, critical thinking, experiential learning, and problem solving. Accompanied by numerous examples, it offers step-by-step suggestions on how to plan, implement, and present these units and their related activities. Addresses of art suppliers are also provided.

Tells the story of Hans Christian Andersen as an artist, and how he made paper cuttings while he was telling a fairy tale, then gave them to the children listening to him. Reprint.

Hans Christian Andersen, the Danish storyteller whose fairy tales are known all over the world, was also a gifted artist. He made hundreds, perhaps thousands, of paper cuttings of swans, clowns, toy theaters, windmills, angels, and other whimsical images. Often he made the paper cuttings while telling a story, then gave them to the children listening to him. In this inspired biography, Beth Wagner Brust tells the story of Andersen as an artist who used his many talents to escape the poverty into which he was born and who entertained others with not only his famous stories but also his innovative and original art.

There's a renaissance underway in the art form of cut paper, with an explosion of raw talent and an abundance of amazing work produced in the medium in recent years. This gorgeous volume features work from 26 contemporary international artists who are creating images of astonishing intricacy, using little more than paper and blade. Featuring a host of new discoveries and including art by such stars as Nikki McClure, Rob Ryan, and Thomas Allen, as well as a number of emerging practitioners, Paper Cutting is sure to engage art buffs and indie crafters alike. An in-depth introduction by paper art expert Natalie Avella illuminates the rich history of the centuries-old form, and a whimsical preface by beloved artist Rob Ryan rounds out this delightful collection.

Papercutting is an ancient, elegant art that dates almost as far back as the creation of paper itself. In today's multicultural world, papercutting embraces any number of themes, designs, and images. It is an all-inclusive art that requires few tools and minimal materials. All one needs is instruction and inspiration, both of which are found in good measure in The Art of Papercutting. The book includes more than 20 projects that feature a range of sizes, subject matters, and techniques. Every project features step-by-step photographs and numerous helpful hints.

With dozens of beautiful, original designs and detailed explanations, this Chinese paper cutting book is a great reference for beginners. Paper cutting is a popular papercraft in today's multicultural world, embracing a great variety of themes, designs and images. In China, its birthplace, it is regarded as an elegant traditional folk art. Chinese paper cuts reflect many aspects of life, including prosperity, health and the harvest. Paper cuts are typically used to decorate walls, windows and doors, or as patterns for embroidery and lacquer work. Rich in cultural

tradition, with a long history of over 1,500 years, Chinese paper cutting was listed as a UNESCO Intangible Cultural Heritage in 2009. Easy to learn, paper cutting only requires paper and scissors which can be used to create a wide range of interesting paper cut outs. Instruction and inspiration can be found in The Beginner's Guide to Chinese Paper Cutting. This Chinese crafts book introduces all the basic elements of Chinese paper cutting, including the necessary preparation, basic techniques, simple practices and appreciation. The book's clear directions and illustrations will allow anyone to explore the art of paper cutting and start making their own works of art.

The Amazing Paper Cuttings of Hans Christian Andersen Houghton Mifflin Harcourt

Hans Christian Andersen is indisputably the best known of all Scandinavian writers, his tales and stories having been translated probably into more languages than any other work except the Bible. He is also one of the greatest travelers of nineteenth-century belles lettres and few were the major European cities, capitals, and countries he did not visit, many of them several times: Vienna, Berlin, Dresden, Leipzig, Weimar, Paris, and London. He met and became friends with some of the most outstanding representatives of the European artistic community: Charles Dickens, Victor Hugo, Alexandre Dumas père, Franz Grillparzer, Heinrich Heine, the Brothers Grimm, Wilhelm von Kaulbach, Franz Liszt, Felix Mendelssohn-Bartholdy, Clara and Robert Schumann, to mention a few. Andersen was the first notable Danish writer of proletarian origin, and even though he was never able to overcome his personal traumas, he became extremely successful in climbing the social ladder receiving invitations wherever he went from nobility and royalty and being showered with recognition and decorations. He read aloud to and was feted by Maximilian II of Bavaria, Friedrich Wilhelm IV of Prussia, Grand Duchess Sophia of Austria, and Friedrich August II of Saxony. Even though he also was a frequent visitor at the Danish court Andersen always felt more appreciated abroad. In spite of Andersen's status as a world-renowned writer, no critical treatment has thus far discussed him as a key figure in European contemporary culture and a cosmopolitan personality. The contributors to the present volume -- all of whom are acclaimed Andersen scholars -- have made extensive use of the vast material available in Andersen's diaries, almanacs, autobiographies, and letters. Most of this material, now made available in English for the first time, allows a new Andersen to emerge, different from the traditional portrayal of him as a content and happy storyteller -- a myth indeed! To the contrary, all contributors of this volume discuss his complexity, the traumas and disillusionments of a professional artist constantly struggling to maintain his position and incessantly worried about running out of inspiration. This volume -- besides presenting biographical information in an international perspective -- focuses on Andersen's fascinating psychological make-up, his taste in music, literature, and the pictorial arts, the contemporary critical reception of his work, and explores his creative universe in a more general sense including his poetry, novels, plays, and travelogues. Andersen's overall artistic achievements are viewed in the context of world literature.

Rediscover Old World Papercrafting! Scherenschnitte, which literally means "scissors cutting," is a lovely old Swiss-German folk art tradition. Pronounced share-en-schnit-ta, this venerable technique was introduced to colonial America by the "Pennsylvania Dutch," who applied it in intricate and symmetrical designs on marriage and birth certificates, silhouettes, valentines, and love letters. Now Paper Cutting Old & New makes this ancient craft come alive, with easy step-by-step instructions and complete full-sized patterns for snipping your own framed treasures, holiday ornaments, unique cards, scrapbook pages, and much more. Add a touch of old-fashioned elegance to your art, with easy-to-follow instructions for false-grain painting that will turn even the plainest frame into a conversation piece. "Paper Cutting Old & New is a wonderful addition to the dissemination of the Pennsylvania German culture. This publication successfully introduces in a clear and concise manner an important piece of history to the modern crafter who wishes to be a part of a long running tradition." Jennifer Royer, Museum Curator Landis Valley Village and Farm Museum Lancaster, Pennsylvania
