The Ancient Giants Who Ruled America Richard J. Dewhurst, 2013-12-17 A study of the substantial evidence for a former race of giants in North America and its 150-year suppression by the Smithsonian Institution • Shows how thousands of giant skeletons have been found, particularly in the Mississippi Valley, as well as the ruins of the giants' cities • Explores 400 years of giant finds, including newspaper articles, first person accounts, state historical records, and illustrated field reports • Reveals the Stonehenge-era megalithic burial complex on Catalina Island with over 4,000 giant skeletons, including kings more than 9 feet tall • Includes more than 100 rare photographs and illustrations of the lost evidence Drawing on 400 years of newspaper articles and photos, first person accounts, state historical records, and illustrated field reports, Richard J. Dewhurst reveals not only that North America was once ruled by an advanced race of giants but also that the Smithsonian has been actively suppressing the physical evidence for nearly 150 years. He shows how thousands of giant skeletons have been unearthed at Mound Builder sites across the continent, only to disappear from the historical record. He examines other concealed giant discoveries, such as the giant mummies found in Spirit Cave, Nevada, wrapped in fine textiles and dating to 8000 BCE; the hundreds of red-haired bog mummies found at sinkhole "cenotes" on the west coast of Florida and dating to 7500 BCE; and the ruins of the giants' cities with populations in excess of 100,000 in Arizona, Oklahoma, Alabama, and Louisiana. Dewhurst shows how this suppression began shortly after the Civil War and transformed into an outright cover-up in 1879 when Major John Wesley Powell was appointed Smithsonian director, launching a strict pro-evolution, pro-Manifest Destiny agenda. He also reveals the 1920s' discovery on Catalina Island of a megalithic burial complex with 6,000 years of continuous burials and over 4,000 skeletons, including a succession of kings and queens, some more than 9 feet tall--the evidence for which is hidden in the restricted-access evidence rooms at the Smithsonian.

Lost Race of the Giants Patrick Chouinard, 2013-09-28 An exploration of mythological and archaeological evidence for prehistoric giants • Examines the many corresponding giant mythologies throughout the world, such as the Greek and Roman titans, Norse frost giants, and the biblical Nephilim • Reveals recent finds of giant skeletons in the deserts of Saudi Arabia and India • Explains how giants passed on their sophisticated culture and civilization to humanity before being wiped out in the great age of cataclysms and floods Giants are a cornerstone of the myths, legends, and traditions of almost every culture on Earth. Stories of giants are often considered fantasies of the ancients or primitive attempts to explain natural phenomena, but archaeological discoveries of 10- and 12-foot skeletons--many of which have been suppressed--confirm the existence of a forgotten golden age of giants before recorded history. Patrick Chouinard examines the staggering number of corresponding giant mythologies throughout the world, such as the Greek and Roman titans, Norse frost giants, the Hindu Daityas, the biblical Nephilim, the Celtic Formorach, the Sumerian Anunnaki, and the multitude of myths in which the sky or world is held aloft on the shoulders of a giant. He links these stories to Atlantis as well as other legends of prehistoric civilizations lost to cataclysm and great floods whose survivors spawned the rise of ancient civilizations. The author reveals how physical remains of giant-size peoples have been found on almost every continent, including recent finds in the deserts of Saudi Arabia, Afghanistan, and northern India as well as hundreds of excavations of giant mummies and skeletons across

the United States, corresponding directly with Native American accounts of red-haired giants. He also examines reports from famous explorers such as Magellan, Sir Francis Drake, and Desoto of their encounters with giants on the North American continent. Revealing how giants represent the true earthborn race, Chouinard explains how they engaged in open conflict with the extraterrestrial gods who created humanity for forced labor and how they passed their sophisticated culture and civilization on to humanity before being nearly wiped out in the great age of cataclysms.

The Encyclopedia of Ancient Giants in North America Fritz Zimmerman,2015-11-25 The Encyclopedia of Ancient Giants in North America chronicles two distinct waves of giant humans migrating to North America. As early as 7,000 B.C., strange people arrived on the North American shores of gigantic size with Neanderthal looking skulls. Their spread across the American landscape is documented not only by their massive skeletons but by an identical material culture that was found buried with their remains. Double rows of teeth and skulls with protruding horns make them one of America's most intriguing mysteries. At the advent of the Bronze Age another migration of giant humans found their way to North America. A persistent legend exists with Native Americans of a people who came to trade and mine the copper from the Upper Great Lakes. They left an indelible mark upon the landscape of the Ohio Valley with their large burial mounds and earthworks aligned to solar, lunar and stellar events. The measurements of these works reveal that they were constructed with the knowledge of advanced mathematics. The discovery of giant humans in North America is the result of pouring through over 10,000 State, County and Township histories at one of the largest genealogical libraries in America. Hundreds of additional accounts were also found within newspaper archives. The result is the Largest Compilation of Giant Human Skeletons Discovered in North America in Print. 888 Human Giants Giants in 47 States Mass Graves of Ancient Dwarfs Fairies and Paranormal Activity at Burial Mounds and Earthworks Giant Mummies

Ancient Giants Xaviant Haze,2018-06-12 Investigates physical evidence, history, and myths to reveal the lost race of giants that once dominated the world • Reveals suppressed archaeological and scientific discoveries supporting the existence of a worldwide race of giants • Examines giant myths and legends from ancient religious texts and literature from around the world • Includes findings from throughout Europe (Britain, France, Spain, Italy, Germany, and Russia), the Middle East (Israel, Egypt, Syria, Iraq, and Iran), Africa, Australia, New Zealand, and the Far East (China, Japan, Malaysia, and the Philippines) From the Nephilim and Goliath in the Bible to the Titans in Greek mythology and the Fomorians and Frost Giants in Celtic and Nordic lore, almost every culture around the world has spoken of an ancient race of giants. Giant footprints left in the geological bedrock, tens of thousands of years old, have been discovered in India, China, and the war-torn lands of Syria. Giant bones and full skeletons have been found in Europe, the Middle East, Africa, Australia, and Asia. Yet despite mounting evidence, mainstream science continues to consign these findings to the fringe. Examining global myths, historical records, megalithic ruins, and archaeological findings, Xaviant Haze provides compelling evidence for a lost race of giants in

Earth's prehistory. He explores myths that go back thousands of years, including those found in the world's holiest scriptures, as well as medieval and modern myths, such as Geoffrey of Monmouth's account of the first kings of Britain and the stories of giant bones unearthed by Allied soldiers during World War II. He investigates historical reports of ancient giants found in Ireland and the British Isles—the remains of which mysteriously disappeared shortly after their discovery. He explores the legends of giants in Russia and goes deep into the Far East, revealing the multitude of fascinating giant legends in China. Haze explains how giants were responsible for the megalithic wonders of Malta and how the early settlers of Australia discovered the remains of giants but these findings were suppressed by the Royal Academies. He also explores the mythic origins of the giants: Were they the hybrid results from genetic experiments of ancient aliens or from the interbreeding of the fallen angels with the daughters of man? Covering legends and finds from throughout Europe, the Middle East, Africa, Australia, New Zealand, and the Far East, Haze also presents--in its entirety--The Book of Giants, a portion of the Dead Sea Scrolls suppressed due to its overwhelming support for the existence of giants in antiquity.

The Red-Haired Giants Mary Sutherland, 2014-01-26 The Red-Haired Giants Atlantis in North America "And the Gods ruled from Akakor. They ruled over men and earth with ships faster than birds' flight, ships that reached their goal without sails or oars and by night as well as by day. They had magic stones to look into the distance so that they could see cities, rivers, hills and lakes. Whatever happened on earth or in the sky was reflected in the stones. They had great knowledge and could suspend the heaviest stones, fling lightning or melt rocks." Prior to the upcoming cataclysms, the ancient gods left earth for safer places. According to Tatunca Nara, "After the former Masters left in the year 'Zero', a global catastrophe occurred. Before leaving, they gave the sacred knowledge to their earthbound offspring to protect until their return. These people were known as the "Sacred Record Keepers". The pre-diluvium patriarchs took shelter in underground cities, underground tunnel systems and the high mountains above flood level. When the star visitors returned from the heavens, these grateful patriarchs gave them their loyalty and deified them as gods. In her book, *The Secret Doctrine*, H. P. Blavatsky links Noah to Enoch, describing the family of Noah as bearing the appellations of the giant Titans and Atlanteans. In ancient times the world was seen as two parts with one part mirroring the other. The lands of the east, where the sun rose, were known as the Upper World. Their inhabitants were known as the Talans. The lands of the west, where the sun set, were called the Lower or Under World. North America, known as Atala or Atalan was ruled by the Nagas, a class of semi divine beings. The Mahabharata describes them as a handsome race who could either take on the form of human or serpentine. They were not only a civilized people, but a maritime power. Indian myths and legends mention that many deities (exalted men) visited the western land of Atalan. One of these dignitaries was Vishnu who went there to help the survivors

rehabilitate themselves from the ravages of a flood that nearly destroyed Atlantis. The Toltec and Aztecs called Vishnu 'Kukulcan or Quetzalcoatl'; the Mayans called him Kukulcan, and the Inca called him Guculmatz. Evidence strongly supports that races of Atlantean giants lived in North America and were the advent of the smaller races of modern men and women. As thousands of earthen burial mounds attest, constant war against one another caused their numbers to diminish and the smaller, but more numerous races eventually subjugated them. The Red-Haired Giants: Atlantis in North America tells the story of the red-haired giants fall from grace and their eventual extermination.

The Suppressed History of America Paul Schrag, Xaviant Haze, 2011-05-20 An investigation into the discoveries of Lewis and Clark and other early explorers of America and the terrible acts committed to suppress them • Provides archaeological proof of giants, the fountain of youth, and descriptions from Lewis's journals of a tribe of "nearly white, blue-eyed" Indians • Uncovers evidence of explorers from Europe and Asia prior to Columbus and of ancient civilizations in North America and the Caribbean • Investigates the Smithsonian conspiracy to cover up Lewis and Clark's discoveries and what led to Lewis's murder Meriwether Lewis discovered far more than the history books tell--ancient civilizations, strange monuments, "nearly white, blue-eyed" Indians, and evidence that the American continent was visited long before the first European settlers arrived. And he was murdered to keep it all secret. Examining the shadows and cracks between America's official version of history, Xaviant Haze and Paul Schrag propose that the America of old taught in schools is not the America that was discovered by Lewis and Clark and other early explorers. Investigating the discoveries of Spanish conquistadors and Olmec stories of contact with European-like natives, the authors uncover evidence of explorers from Europe and Asia prior to Columbus, sophisticated ancient civilizations in North America and the Caribbean, the fountain of youth, and a long-extinct race of giants. Verifying stories from Lewis's journals with modern archaeological finds, geological studies, 18th- and 19th-century newspapers, and accounts of the world in the days of Columbus, the authors reveal how Lewis and Clark's finds infuriated powerful interests in Washington--including the Smithsonian Institution--culminating in the murder of Meriwether Lewis.

The Giants of Stonehenge and Ancient Britain Hugh Newman, Jim Vieira, 2022-10-26 Did giants really exist in the British Isles? Do the legends of them building Stonehenge hold any reality? Why does the establishment deny they ever existed? Hugh Newman and Jim Vieira, best selling authors of *Giants On Record: America's Hidden History*, *Secrets in the Mounds* and the *Smithsonian Files* (2015), and stars of History Channel's *Search for the Lost Giants*, investigate these claims and take a deep dive into obscure newspaper accounts, antiquarian diaries, archaeological reports, local history records, newly-translated ancient texts, academic papers, new scientific reports and written evidence from hundreds of sources going back over a 4,000-year period to uncover the truth. Over 250 accounts of the remains of giant human skeletons ranging from 7 feet to 21 feet have been found in the archaeological and historical record, often measured and commented on by famous

scientists, scholars and writers at the time. A wealth of folklore from England, Wales, Scotland and Ireland talks about sophisticated cultures of giants with supernatural powers and advanced technology who had control over thunder and lightning, as witnessed when their tombs were disturbed by later generations. They were often high kings and queens who were master geomancers, surveyors, architects and astronomers who ruled from their mountaintop fortresses--whilst others were cannibals with violent tendencies who enjoyed throwing gigantic rocks across the landscape! The authors take a close look at these age-old stories and the remarkable skeletal discoveries to reveal for the first time an important lost chapter of British history. Includes an 8-page color section.

100 Pics That Prove Nephilim Giants Existed History Hunter,2019-05-17 Is there any evidence that giants existed in the past? Is the Smithsonian responsible for covering up said evidence? While these pics may not prove beyond a shadow of a doubt that giants existed, they do serve as compelling evidence for us to dig deeper in search of the truth.+ Was Jack the giant slavery a real person?+ Is there any truth to the Native American legends?+ Were the giants in the Bible literal?The truth is that on every continent and within every culture on this planet, people have shared stories of giants. Not just from a hearsay point of view, but many times from an eyewitness perspective. Faced with actual evidence, we as a species can no longer afford to popular opinion dictate what we believe. It is our responsibility to dig for the truth ourselves, because the history we've been told to believe is not the history that actually happened.

[Ancient Giants of the Americas](#) Xaviant Haze,2016-11-21 Did a race of ancient giants once inhabit the Americas? Do ancient megalithic stoneworks, out-of-place artifacts, DNA mysteries, and strange bones provide proof of their existence? Ancient Giants of the Americas reveals an array of astounding truths, including: How giants were a dominant feature of Native American origin myths. Extraordinary first-person tales about meetings with giant Native Americans. How early pioneers discovered the remains of ancient giants and a previously unknown civilization—and how the Smithsonian successfully covered them up. Analyzing the historical and archaeological evidence, Xaviant Haze provides ample proof that our ancestors in the ancient Americas were much taller and a lot more mysterious than we imagine. Their exploits inspired the Native Americans to keep oral accounts of these mysterious giants, who left behind strange artifacts, massive cities of burial mounds, and the remains of a vast copper-mining network. Who were these ancient giants? Did some really have six toes? Were some related to the elongated-skull peoples of Peru? Your view of American history will never be the same after

going down the giant rabbit hole that is Ancient Giants of the Americas.

African Temples of the Anunnaki Michael Tellinger,2013-05-24 Archaeological proof of the advanced civilization on the southern tip of Africa that preceded Sumer and Egypt by 200,000 years • Includes more than 250 original full-color photographs of South Africa's circular stone ruins, ancient roads, prehistoric mines, large pyramids, and the first Sphinx • Reveals how these 200,000-year-old sites perfectly match Sumerian descriptions of the gold mining operations of the Anunnaki and the city of Enki • Shows how the extensive stone circle complexes are the remains of Tesla-like technology used to generate energy and carve tunnels straight into the Earth With more than 250 original full-color photographs, Michael Tellinger documents thousands of circular stone ruins, monoliths, ancient roads, agricultural terraces, and prehistoric mines in South Africa. He reveals how these 200,000-year-old sites perfectly match Sumerian descriptions of Abzu, the land of the First People--including the vast gold-mining operations of the Anunnaki from the 12th planet, Nibiru, and the city of Anunnaki leader Enki. With aerial photographs, Tellinger shows how the extensive stone circle and road complexes are laid out according to the principles of sacred geometry and represent the remains of Tesla-like technology used to generate energy and carve immensely long tunnels straight into the Earth in search of gold--tunnels that still exist and whose origins had been a mystery until now. He reveals, with photographic evidence, that the human civilization spawned by the Anunnaki was the first to create many totems of ancient Egypt, such as the Horus bird, the Sphinx, the Ankh, and large pyramids, as well as construct an accurate stone calendar, at the heart of their civilization, aligned with the Orion constellation. He explores how their petroglyphs, carved into the hardest rock, are nearly identical to the hieroglyphs of Sumerian seals. Mapping thousands of square miles of continuous settlements and three urban centers--each one larger than modern-day Los Angeles--Tellinger provides the physical proof of Zecharia Sitchin's theories on the Anunnaki origins of humanity.

The Genesis 6 Conspiracy Gary Wayne, 2020-09-15 Genesis 6 Conspiracy: There are giants among us, passing largely unnoticed, intent on carrying out a secret plan to enslave all humanity. They may not look like giants today, but their bloodlines extend all the way back to the Nephilim—the offspring of angels who mated with human women—described in Genesis 6 when giants roamed the land. Gary Wayne, author of The Genesis 6 Conspiracy: How Secret Societies and the Descendants of Giants Plan to Enslave Humankind, details the role of modern-day Nephilim in Satan’s plan to install the Antichrist at the End of Days. When God cast the angel Lucifer and his followers out of heaven, Lucifer set into motion a scheme to ensure the Nephilim survived. Why? Because from the bloodlines of these Nephilim the Antichrist will come. To keep his plan alive, Satan has enlisted the loyalty of secret societies such as the Freemasons, the Templars, and the Rosicrucians to conspire in teaching a theology and a history of the world that is contrary to the biblical one. This Genesis 6 Conspiracy marches toward the Great Tribulation, when the loyalty of the Terminal Generation—this generation—will be tested. The Bible, along with many other ancient sources, clearly records the existence of giants. Wayne provides copious citations from many society insiders, along with extensive Bible references, other religious references, and historical material to bolster his contention. What he uncovers will astonish you—and it will challenge you to prepare for the fulfilling of God’s promises.
