His methods will help individuals 'rewire' their brains for success so they can emerge as winners no matter what they currently know or understand. It will also teach them how to attract and use newly discovered 'uncommon' sense to achieve business success.

world to encounter an unfamiliar one filled with rich possibilities and new understandings. Bruce Kirkby had fallen into a pattern of looking mindlessly at his phone for hours, flipping between emails and social media, ignoring his children and wife and everything alive in his world, when a thought struck him. This wasn't living; this wasn't him. This moment of clarity started a chain reaction which ended with a grand plan: he was going to take his wife and two young sons, jump on a freighter and head for the Himalaya. In *Blue Sky Kingdom*, we follow Bruce and his family's remarkable three months journey, where they would end up living amongst the Lamas of Zanskar Valley, a forgotten appendage of the ancient Tibetan empire, and one of the last places on earth where Himalayan Buddhism is still practiced freely in its original setting. Richly evocative, *Blue Sky Kingdom* explores the themes of modern distraction and the loss of ancient wisdom coupled with Bruce coming to terms with his elder son's diagnosis on the Autism Spectrum. Despite the natural wonders all around them at times, Bruce's experience will strike a chord with any parent—from rushing to catch a train with the whole family to the wonderment and beauty that comes with experience the world anew with your children.
