A travel series unlike any other, Insight Guides go beyond the sights and into reality. Their incomparable photojournalistic approach captures the uniqueness of each culture they cover: their traditions, their arts, their history, their lives. The stunning photography is married to compelling text, written by local writers; the people most qualified to convey their culture's secrets. Yes, Insight Guides will tell you which attractions to visit, but they'll also tell you a whole lot more. From the most popular resort cities to the world's most remote and exotic villages, Insight Guides will give you the insider's perspective you need to truly experience any destination you visit. Insight Guides serve many purposes. They are ideal for planning a trip. And, they're wonderful souvenirs to treasure for years after. Even the armchair traveler can be swept away by their magnificent content and experience the world from the comfort of home. Many international and domestic destinations also offer companion FlexiMaps, an innovative laminated folding map specially designed for the discriminating traveler.

Provides information on the geography, population, economy, resources, and cities of each nation as well as the postal zip-code numbers of United States cities

In this brand new publication from eminent historian Peter C. Smith, we are regaled with the engaging and often incredibly disturbing history of the Kamikaze tradition in Japanese culture. Tracing its history right back to the original Divine Wind (major natural typhoons) that saved Japan from invaders in ancient history, Smith explores the subsequent resurrection of the cult of the warrior in the late nineteenth century. He then follows this tradition through into the Second World War, describing the many Kamikaze suicide attacks carried out by the Emperor's pilots against Allied naval vessels in the closing stages of the Pacific campaign.??These pilots were at the mercy of an overriding cultural tradition that demanded death over defeat, capture or perceived shame. Despite often being under-trained and ill-prepared psychologically for the sacrifices they were about to make, they were nonetheless expected to make them. The dedication of sacrifice for the Emperor and the Nation is explored by dissecting the traces left behind by these pilots. Smith provides a detailed look at the heartbreak of the pilot's families and the men

themselves, the notes they left and the effects on those who did not share their philosophy. The views of individuals under attack are also included in this balanced history.??Countless attacks carried out over the Philippine Islands (including the sinking of the St Lo) are analyzed and the Okinawa campaign is afforded particularly strong coverage, with the sinking of HMAS Australia explored in detail. The collective sacrifice is then summed up, with reflections from survivors on both sides appraising events in a humane historical context. A detailed appendices then follows, featuring units formed, sorties mounted, ships sunk and damages inflicted.

With its historic cities, dramatic landscapes, rich culture and sun-soaked beaches, it's little wonder that Spain is one of the world's most popular tourist destinations. "Protecting the Promise: Indigenous Education between Mothers and Their Children is a collection of educational essays as told by five Native American families in the U.S. Northwest (Washington, Montana, North Dakota). Collectively, these stories speak to the "everyday" aspects of Indigenous educational resurgence rooted in the intergenerational learning that occurs between Native American mothers and their children. It is in the hyper-local--the everyday moments--in Indigenous families' lives where "the most radical and hopeful possibilities for Indigenous resurgence and futures can and do unfold" (Bang, Montañó Nolan & McDaid-Morgan, 2018, p. 2). We define "resurgence" as the ongoing actions (both large and small) that recenter Indigenous realities and knowledges while, simultaneously, denouncing and healing from the damaging effects of settler colonial systems. This book is a testament to the powerful ways everyday interactions between mothers and their children are intricately connected to larger social issues such as protection of land, sovereign tribal nation rights, revitalization, and sustaining of language and cultural practices. Everyday is defined as those daily actions taken up by families and communities, often unacknowledged and unseen by teachers and schools that have the power to generate Indigenous resurgence (Corntassel & Scow, 2017; Hunt & Holmes, 2015)"--

The definitive chronicle of underground music in the 1980s tells the stories of Black Flag, Sonic Youth, The Replacements, and other seminal bands whose DIY revolution changed American music forever. Our Band Could Be Your Life is the never-before-told story of the musical revolution that happened right under the nose of the Reagan Eighties -- when a small but sprawling network of bands, labels, fanzines, radio stations, and other subversives re-energized American rock with punk's do-it-yourself credo and created music that was deeply personal, often brilliant, always challenging, and immensely influential. This sweeping chronicle of music, politics, drugs, fear, loathing, and faith is an indie rock classic in its own right. The bands profiled include: Sonic Youth Black Flag The Replacements Minutemen Husker Du Minor Threat Mission of Burma Butthole Surfers Big Black Fugazi Mudhoney Beat Happening Dinosaur Jr.

An alphabetical arrangement of the ships of the continental and United States Navies, with a historical sketch of each one.

Expanded and updated from the Electronic Resources section, The APA style guide to electronic resources outlines for students and writers the key elements with numerous examples. Dissertations and theses; bibliographies; curriculum and course material; reference materials, including Wiki; gray literature, such as conference hearings, presentation slides, and policy briefs; general interest media and alternative presses such as audio podcasts; and online communities, such as Weblog posts and video Weblog posts.

"This handbook provides conceptual frameworks and models, empirical findings, and practical interventions in the field of exercise psychology. Foundations and contemporary perspectives in exercise psychology are explored. The role of psychology in exercise is examined. The book details developmental psychology and physical activity in the areas of exercise habits and predictors across the lifespan. Exercise adherence and the cognitive psychology of physical activity are addressed. Social and clinical and counseling issues are discussed. The book concludes with two chapters that explore psychological issues in exercise injuries, rehabilitation, and performance."--Preface. (PsycINFO Database Record (c) 2019 APA, all rights reserved).

Close relationships and mental health are two key ingredients to living a meaningful, fulfilled life. These two domains are the central focus of Treating Relationship Distress and Psychopathology in Couples: A Cognitive-Behavioural Approach. As expert clinicians, trainers, and researchers in the field of cognitive-behavioural couple therapy and couple-based interventions for psychopathology, the authors offer a highly accessible volume for experienced clinicians and trainees alike. This book details the most recent innovations in CBCT, a principle-based, flexible treatment approach for couples with a wide range of relationship concerns, circumstances, and stages of life. Based on a clear conceptual framework, readers learn how to address individual and couple functioning in an integrated, comprehensive manner and how to apply principle-based interventions that directly flow from this framework. Treating Relationship Distress and Psychopathology in Couples was written by a team of five authors, born in four different countries and working together as a team for a number of years, providing a cohesive framework based on work in a variety of contexts. While staying close to research findings that inform treatment, they

provide a text for clinicians at all levels of training and experience in working with couples.

This volume synthesizes and evaluates major theories, research, and applications in the psychology of men and masculinities--a thriving, growing field dedicated to the study of how men s lives shape, and are shaped by, sex and gender. "

This fully revised and updated Berlitz Pocket Guide is packed with all the information you need to enjoy Spain, in a genuinely pocketable format. Places to go and unmissable attractions are explored within easy-to-use, colour-coded sections, so you can locate the information you need at a glance.
