

The Baby Unicorn Manifesto

An empowering and educational board book that proves colors are for everyone, regardless of gender. Pink is for boys . . . and girls . . . and everyone! This timely and beautiful board book rethinks and reframes the stereotypical blue/pink gender binary and empowers kids-and their grown-ups-to express themselves in every color of the rainbow. Featuring a diverse group of relatable characters, Pink Is for Boys invites and encourages children to enjoy what they love to do, whether it's racing cars and playing baseball, or loving unicorns and dressing up. Vibrant illustrations help children learn and identify the myriad colors that surround them every day, from the orange of a popsicle, to the green of a grassy field, all the way up to the wonder of a multicolored rainbow. Parents and kids will delight in Robb Pearlman's sweet, simple script, as well as its powerful message: life is not color-coded.

A definitive deep-dive into queer history and culture with hit reality show RuPaul's Drag Race as a touchstone, by the creators of the pop culture blog Tom and Lorenzo From the singular voices behind Tom and Lorenzo comes the ultimate guide to all-things RuPaul's Drag Race and its influence on modern LGBTQ culture. Legendary Children centers itself around the idea that not only is RuPaul's Drag Race the queerest show in the history of television, but that RuPaul and company devised a show that serves as an actual museum of queer cultural and social history, drawing on queer traditions and the work of legendary figures going back nearly a century. In doing so, Drag Race became not only a repository of queer history and culture, but also an examination and illustration of queer life in the modern age. It is a snapshot of how LGBTQ folks live, struggle, work, and reach out to one another--and how they always have--and every bit of it is tied directly to Drag Race. Each chapter is an examination of a specific aspect of the show--the Werk Room, the Library, the Pit Crew, the runway, the Untucked lounge, the Snatch Game--that ties to a specific aspect of queer cultural history and/or the work of certain legendary figures in queer cultural history.

The Instant #1 New York Times Bestseller The global icon, award-winning singer, songwriter, producer, actress, mother, daughter, sister, storyteller, and artist finally tells the unfiltered story of her life in The Meaning of Mariah Carey It took me a lifetime to have the courage and the clarity to write my memoir. I want to tell the story of the moments - the ups and downs, the triumphs and traumas, the debacles and the dreams, that contributed to the person I am today. Though there have been countless stories about me throughout my career and very public personal life, it's been impossible to communicate the complexities and depths of my experience in any single magazine article or a ten-minute television interview. And even then, my words were filtered through someone else's lens, largely satisfying someone else's assignment to define me. This book is composed of my memories, my mishaps, my struggles, my survival and my songs.

Unfiltered. I went deep into my childhood and gave the scared little girl inside of me a big voice. I let the abandoned and ambitious adolescent have her say, and the betrayed and triumphant woman I became tell her side. Writing this memoir was incredibly hard, humbling and healing. My sincere hope is that you are moved to a new understanding, not only about me, but also about the resilience of the human spirit. Love, Mariah

Sweet Sleep is the first and most complete book on nights and naps for breastfeeding families. It's mother-wisdom, reassurance, and a how-to guide for making sane and safe decisions on how and where your family sleeps, backed by the latest research. It's 4 A.M. You've nursed your baby five times throughout the night. You're beyond exhausted. But where can you breastfeed safely when you might fall asleep? You've heard that your bed is dangerous for babies. Or is it? Is there a way to reduce the risk? Does life really have to be this hard? No, it doesn't. Sweet Sleep is within reach. This invaluable resource will help you • sleep better tonight in under ten minutes with the Quick Start guide—and sleep safer every night with the Safe Sleep Seven checklist • sort out the facts and fictions of bedsharing and SIDS • learn about normal sleep at every age and stage, from newborn to new parent • direct your baby toward longer sleep when he's ready • tailor your approach to your baby's temperament • uncover the hidden costs of sleep training and “cry it out” techniques • navigate naps at home and daycare • handle concerns from family, friends, and physicians • enjoy stories and tips from mothers like you • make the soundest sleep decisions for your family and your life Advance praise for Sweet Sleep “Chock-full of advice and information . . . The editors smartly break the information into digestible bits organized by topics and age ranges. And for any parent desperate for an uninterrupted few hours of sleep, the advice is worth the read. Sweet Sleep includes extensive information on creating a safe sleep space, helping children learn to sleep on their own and defusing criticism of your family's choices. . . . This book is nothing but supportive of whatever your choices are about nursing and sleeping.”—BookPage “An essential guide for parents . . . detailed, practical advice on bed sharing and breast-feeding, with basic guidelines for safe bed sharing outlined in seven steps.”—Publishers Weekly

A Wall Street Journal Bestseller An insider's revealing and in-depth examination of Big Tech's failure to keep its foundational promises and the steps the industry can take to course-correct in order to make a positive impact on the world. Trampled by Unicorns: Big Tech's Empathy Problem and How to Fix It explores how technology has progressed humanity's most noble pursuits, while also grappling with the origins of the industry's destructive empathy deficit and the practical measures Big Tech can take to self-regulate and make it right again. Author Maëlle Gavet examines the tendency for many of Big Tech's stars to stray from their user-first ideals and make products that actually profoundly damage their customers and ultimately society. Offering an account of the world of tech startups in the United States and

Europe—from Amazon, Google, and Facebook to Twitter, Airbnb, and Uber (to name a few)—Trampled by Unicorns argues that the causes and consequences of Big Tech’s failures originate from four main sources: the Valley’s cultural insularity, the hyper-growth business model, the sector’s stunning lack of diversity, and a dangerous self-sustaining ecosystem. However, the book is not just an account of how an industry came off the rails, but also a passionate call to action on how to get it back on track. Gavet, a leading technology executive and former CEO of Ozon, an executive vice president at Priceline Group, and chief operating officer of Compass, formulates a clear call to action for industry leaders, board members, employees, and consumers/users to drive the change necessary to create better, more sustainable businesses—and the steps Western governments are likely to take should tech leaders fail to do so. Steps that include reformed tax codes, reclassification of platforms as information companies, new labor laws, and algorithmic transparency and oversight. Trampled by Unicorns’ exploration of the promise and dangers of technology is perfect for anyone with an interest in entrepreneurship, tech, and global commerce, and a hope of technology’s all-empowering prospect. An illuminating book full of insights, Trampled by Unicorns describes a realistic path forward, even as it uncovers and explains the errors of the past. As Gavet puts it, “we don’t need less tech, we need more empathetic tech.” And how that crucial distinction can be achieved by the tech companies themselves, driving change as governments actively pave the road ahead.

Pura Belpré Honor-winning author David Bowles joins Newbery Honor-winning Adam Gidwitz as co-author of the newest Unicorn Rescue Society adventure, as the kids travel to the U.S.-Mexican border to help the legendary chupacabras. A new adventure begins for Elliot and Uchenna when Professor Fauna bursts into their classroom with a frightening report from the Texas-Mexico border: something has completely drained the blood from a cow’s body! The team must fly to Laredo, where tempers are running high. Teaming up with local kids Lupita and Mateo—plus their brilliant mother, Dr. Alejandra Cervantes, and her curandero husband, Israel—can the Unicorn Rescue Society save the region’s animals and help bring a divided community together once more? And what is that spiny, bloodsucking, adorable little creature? If you search the Internet for parenting tips and read a few parenting books you will most likely stumble across the mythical Unicorn Baby. This is the baby who feeds every four hours and sleeps through the night, sits at six months, pees pure gold and poops rainbows. Didn’t get one of these? Don’t worry, neither did clinical occupational therapist and mom of two ‘Non-Unicorns’, Roxanne Atkinson, which is why she’s written this book. Combining her clinical and personal experience, Roxanne uses evidence-based facts to bust 10 anxiety-inducing parenting myths, including the myth that breastfeeding comes naturally and that you must get your baby into a perfect routine. Acknowledging that every baby is unique, this book helps new parents navigate the first year of their baby’s life with their sanity – and sense of

humour – intact. This book offers, among others: - A better understanding of your baby's brain and biology - Tried and tested activities that support your baby's development - A way to rid yourself of unrealistic expectations.

Dr. Brooke Spencer always felt different from other girls. Now a successful scientist, she is finally discovering where she belongs: working alongside the brilliant, trailblazing researcher Dr. Charles Samuelson. Dr. Samuelson has recently made a discovery that has eluded philosophers and dreamers for centuries: How to transmute iron into gold. Determined to use the knowledge for good, Dr. Samuelson recruits Brooke to assist him with his new plan, his "Golden Manifesto." But humans are not alone and his discovery has not gone unnoticed. Extraterrestrial visitors seek to control Dr. Samuelson's Breakthrough, and before long, Brooke is all that stands between Earth and total Destruction. Will she be able to hold her ground? Or will the timeless temptation of gold prove too much for even the strongest of spirits? Brooke will soon face a choice that will make her question her background, her career, and the fate of the planet.

An empowerment manifesto for creatives, misfits, innovators, and disruptors from the star of So You Think You Can Dance and creator of Broadway's Finding Neverland A Unicorn in a World of Donkeys offers a playbook for living a creative and authentic life. Using her own story as a launching spot, and creative quizzes, charts, and lists to engage the reader in an interactive journey, Mia Michaels explores the experience of the unicorn in a world of donkeys, a world where fitting in, pleasing others, following rules, and maintaining norms-no matter how messed up those norms are-is the only acceptable path. She acknowledges the struggles of the unicorn life-loneliness, ridicule, being misunderstood and undervalued-and goes on encourage readers to reframe the unicorn life the way she has, as essential to a life of brilliance.

A new, definitive, translation of the Karl Marx and Frederick Engels' Communist Manifesto by American socialist luminary, Hal Draper. This book is a collection of narratives from children and parents immersed in living with conscious awareness. These articles vary in content and style. Some capture moments in time, some offer insights and others reflect people's choices about how to live their lives. NEW YORK TIMES BESTSELLER * A passionate manifesto that exposes hypocrisy on both sides of the political divide and points a way out of the tribalism that is tearing America apart--from the CNN host hailed as "a star of the 2016 campaign" (The New York Times), now seen on The Van Jones Show Van Jones burst into the American consciousness during the 2016 presidential campaign with an unscripted, truth-telling style and an already established history of bridge-building across party lines. His election night commentary, during which he coined the term "whitelash," became a viral sensation. A longtime progressive activist with deep roots in the conservative South, Jones has made it his mission to challenge voters and viewers to stand in one another's shoes and disagree constructively. In Beyond the Messy Truth, he offers a blueprint for transforming our collective anxiety into meaningful change. Jones urges both parties to abandon the politics of accusation. He issues a stirring call for a new "bipartisanship from below," pointing us toward practical answers to problems that affect us all regardless of region or ideology. He wants to tackle rural and inner-city poverty, unemployment, addiction, unfair incarceration, and the devastating effects of the pollution-based economy on both coal country and our urban centers. Along the way, Jones shares memories from his decades of activism on behalf of working people, inspiring stories of ordinary citizens who became champions of their communities, and little-known examples of cooperation in the midst of partisan conflict. In his quest for positive solutions, Van Jones encourages us to set fire to

Read Free The Baby Unicorn Manifesto

our old ways of thinking about politics and come together to help those most in need. Includes an invaluable resource of contacts, books, media, and organizations for bipartisan bridge-building and problem solving. "Van Jones is a light in the darkness when we need it most. In the tradition of the great bridge builders of our past, Van's love for this country and all its people shines through."--Cory Booker, U.S. senator, New Jersey "Van Jones's voice has become an integral part of our national political debate. He is one of the most provocative and interesting political figures in the country."--Bernie Sanders, U.S. senator, Vermont

Most start-ups fail. And they die remarkably young: The typical start-up lasts 20 months and burns through \$1.3 million in financing before closing its doors. So what's the formula for success for those start-ups that make it through the early trials, leveraging their early success into either getting acquired or issuing an IPO (initial public offering)? What are the lessons that first-time entrepreneurs and employees need to know to navigate their way to success? The Ultimate Start-Up Guide offers practical advice, insights, lessons, and best practices from the world of start-ups, including: Strategies for hiring and building your team, culture, and values. How to pitch your company, secure funding, and distribute equity. Best practices in launching your business. How venture capitalist investors think, evaluate new companies, and advise entrepreneurs. War stories and red flags from top VC partners and entrepreneurs. Start-ups are a business model and culture of their own, changing the economic landscape as well as the way we live and work. The Ultimate Start-Up Guide offers an insider's look at this world. It's a fascinating read for anyone contemplating how to build or participate in a successful start-up.

A lonely little girl befriends a star that has fallen out of the sky, but when the star begins to get sick she must allow it to return home, in a magical tale about friendship. Reprint. 15,000 first printing.

Fascism vs. Capitalism: The Central Ideological Conflict of Our Times "Fascism" has become a term of general derision and rebuke. It is tossed casually in the direction of anything a critic happens to dislike. But fascism is a real political and economic concept, not a stick with which to beat opponents arbitrarily. The abuse of this important word undermines its true value as a term referring to a very real phenomenon, and one whose spirit lives on even now. Fascism is a specific ideology based on the idea that the state is the ideal organization for realizing a society's and an individual's potential economically, socially, and even spiritually. The state, for the fascist, is the instrument by which the people's common destiny is realized, and in which the potential for greatness is to be found. Individual rights, and the individual himself, are strictly subordinate to the state's great and glorious goals for the nation. In foreign affairs, the fascist attitude is reflected in a belligerent chauvinism, a contempt for other peoples, and a society-wide reverence for soldiers and the martial virtues. Lew Rockwell, in this new volume, examines the starkly contrasting systems of capitalism and fascism, noting pro-fascist trends in recent decades as well as the larger historical trends in the United States and internationally. In Section One, Rockwell focuses on the nature of fascism and its influence in Western society, with a focus on American political and economic institutions. In Section Two, Rockwell examines capitalism as the enemy of, and antidote to fascism. Combining economics, history, and political philosophy, this book doesn't just provide a diagnosis of what ails American and Western society, but also sheds light on how we might repair the damage that has been done, and with the help of the intellectual work of great minds like Murray Rothbard and Ron Paul, we might as a society shed the fascism of our times and look to freedom instead.

All the movers, shakers and change-makers of the world continue to tackle the growing list of problems facing humanity. However, there's a problem. Nonprofits and foundations need each other to fulfil their quest to eradicate global poverty like a unicorn needs a rainbow, but the way in which they work together is far from perfect. Enter the Unicorns. Part relationship-counseling, part manifesto, part workbook. Unicorns

Unite provides the game-changing ideas and talking points for the conversation we really need to have; how can non-profits and foundations work better together?

"Jenny made me laugh so hard I feared for my safety! I think that's how she was able to get past my defenses and make me feel more okay about myself." -Allie Brosh, author of *Hyperbole and a Half* For fans of David Sedaris, Tina Fey, and Mindy Kaling-the new book from Jenny Lawson, author of the #1 New York Times bestseller *LET'S PRETEND THIS NEVER HAPPENED...* In *LET'S PRETEND THIS NEVER HAPPENED*, Jenny Lawson baffled readers with stories about growing up the daughter of a taxidermist. In her new book, *FURIOUSLY HAPPY*, Jenny explores her lifelong battle with mental illness. A hysterical, ridiculous book about crippling depression and anxiety? That sounds like a terrible idea. And terrible ideas are what Jenny does best. According to Jenny: "Some people might think that being 'furiously happy' is just an excuse to be stupid and irresponsible and invite a herd of kangaroos over to your house without telling your husband first because you suspect he would say no since he's never particularly liked kangaroos. And that would be ridiculous because no one would invite a herd of kangaroos into their house. Two is the limit. I speak from personal experience. My husband says that none is the new limit. I say he should have been clearer about that before I rented all those kangaroos." "Most of my favorite people are dangerously fucked-up but you'd never guess because we've learned to bare it so honestly that it becomes the new normal. Like John Hughes wrote in *The Breakfast Club*, 'We're all pretty bizarre. Some of us are just better at hiding it.' Except go back and cross out the word 'hiding.'" Jenny's first book, *LET'S PRETEND THIS NEVER HAPPENED*, was ostensibly about family, but deep down it was about celebrating your own weirdness. *FURIOUSLY HAPPY* is a book about mental illness, but under the surface it's about embracing joy in fantastic and outrageous ways-and who doesn't need a bit more of that?

An enchanting story full of magic and yes--unicorns!--that will melt your heart, your world & everyone around you!

Inspired by the birth of a friend's daughter, Heer came up with the idea to *The Baby Unicorn Manifesto* as a reminder of the unlimited potential we each carry into this world at birth.

Ironically enough, one of the twentieth century's leading pacifists wrote *Little Wars*, a book that has entertained and enlightened war buffs for the past hundred years. H. G. Wells, the great science-fiction pioneer, turned his attention from tales of time travel and alien invasions to write the first classic book of war games. His simulations of past battles and hypothetical future clashes allow readers to test their tactical and strategic skills and attempt to rewrite history. The companion piece, *Floor Games*, offers a more lighthearted look at war games. Based on the playful battles Wells waged with his sons, the narrative describes how creative play with miniature figures can transform an ordinary room into a magical world. The book has since been hailed as an inspiration for the development of a nonverbal psychotherapeutic

method employed in the treatment of adults and children. Both Little Wars and Floor Games feature winsome illustrations by J. R. Sinclair that enhance their antique charm.

The Baby Dragon Manifesto is an inspiring tale of a new dragon's unexpected arrival into the world and its journey of self-discovery to uncover its true purpose - to be itself, fire, flames and all! The Baby Dragon Manifesto is a fire-breathing sequel to authors Dr. Dain Heer and Katarina Wallentin's first children's book, The Baby Unicorn Manifesto. It is a perfect companion to their first book, continuing Heer and Wallentin's theme of magic and endless possibilities, with the help of an enchanting and colorful new being. Beautifully illustrated by Nathalie Beauvois, this imaginative story will encourage a new generation of children to awaken their inner baby dragons and soar to new heights, by embracing their uniqueness and unlimited potential.

“The best feminist book so far . . . A book with personality, a book that knows the distinction between the self and the other, a book that combines the best of masculinity and femininity.” — New York Times A ground-breaking, worldwide bestselling study of women’s oppression that is at once an important social commentary and a passionately argued masterpiece of polemic—and a feminist classic The publication of Germaine Greer’s *The Female Eunuch* in 1970 was a landmark event, raising eyebrows and ire while creating a shock wave of recognition in women around the world with its steadfast assertion that sexual liberation is the key to women's liberation. Today, Greer's searing examination of the oppression of women in contemporary society is both an important historical record of where we've been and a shockingly relevant treatise on what still remains to be achieved.

With a pinch of stardust + water + energy, it all begins. From Dr. Dain Heer and Katarina Wallentin comes the sequel to the popular Baby Unicorn and Baby Dragon Manifesto books: *The Baby Stardust Manifesto*! It is a beautiful exploration of the unique and bright magic of this planet, and within ourselves, we so often take for granted. Follow a tiny piece of baby stardust on its journey through the galaxies to become the magical blue place we call Earth. Join the joy, wonder, and discovery when life begins and hear the planet's request of all of us: Let the stardust in you come alive. Turn it on. Let it shine. Inspiring to read and exquisitely illustrated, *The Baby Stardust Manifesto* is the perfect bedtime story for curious children of our time. This story can also open up a soft space to talk about the balance of nature, climate change, and how everything is interrelated. The story is written by Dain Heer and Katarina Wallentin. The illustrations are done by Nathalie Beauvois. "We live on a truly magical planet, a piece of rock that beat all the odds and created life from stardust. In this book, we would like to give kids a sense of the wonder the Earth is, and invite them to marvel in our luck to live on this very rock in the whole wide universe." Katarina Wallentin, author of *The Baby Stardust Manifesto* "What if our greatest gift to the Earth is to come alive and let the joy in? Happiness is deeply transformative, and it inspires the

generosity of spirit that makes us the care-takers of this planet that we are meant to be." Dain Heer, author of *The Baby Stardust Manifesto*

"From the best-selling author of *Maine*, a gorgeous, compulsively-readable novel that tells the story of the complex relationship between two women, Elisabeth, a privileged new mother and writer attempting to find her footing after childbirth, and Sam, the idealistic, working-class college student she hires to nanny her young son"--

Do you have a real relationship with God, or do you just have a religion? Do you know God, or do you just know about God? In *How Big Is Your God?* Paul Coutinho, SJ, challenges us to grow stronger and deeper in our faith and in our relationship with God—a God whose love knows no bounds. To help us on our way, Coutinho introduces us to people in various world religions—from Hindu friends to Buddhist teachers to St. Ignatius of Loyola—who have shaped his spiritual life and made possible his deep, personal relationship with God.

This is a very different book. It is written for the dreamers of this world—the people who know that something different is possible—but who have never had the tools before. What if I told you that the tools exist? The possibilities you've always dreamed of are possible! This book will provide you with a set of practical and dynamic tools and processes that empowers you to know what is true for you and who you truly BE. What if you, being you, can change everything—your life, relationships, body, money situation. . .and the world?

The BTS members have taken the world by storm with their amazing discography, impressive choreography and down to earth personalities. But how much do you really know about the band and its members? Find out by complete the activities in this book. There are multiple types of quizzes, word searches, word scrambles and matching activities. Good luck, ARMYs!

The Manual You Should Have Been Given When You Were Born is not like any other body book you've ever read. It's about functioning with your body from the perspective of beingness. It explores how you, as an infinite being, can experience greatness with your body. "What if your body were an ongoing source of joy?" This book may go against everything you've ever thought, everything you've been taught and everything you've read; and everything you have brought that everyone else believes. It doesn't claim to give you all the answers. Instead it will encourage you to ask the questions that will allow you to enjoy the body you currently have and to create your body so that you can truly enjoy it.

New York Times bestselling author C.J. Box's novels have been called "red hot" (Booklist) and "edge-of-your-seat read[s]" (Omaha World-Herald). Now he delivers a novel that will steal your sleep as much as it will wrench your heart. *Three Weeks to Say Goodbye* is a novel about something that could be anyone's worst nightmare. . . Jack and Melissa McGuane have spent years trying to have a baby. Finally their dream has come true with the adoption of their daughter, Angelina. But nine months after bringing her home, they receive a devastating phone call... Angelina's birth father, a teenager, never signed away his parental rights—and he wants her back. Worse, his father, a powerful Denver judge, will use every trick in the book to make sure it happens.

Read Free The Baby Unicorn Manifesto

The McGuanes attempt to meet face-to-face with the father and son...but soon it becomes clear that there's something sinister about their motivations—and that love for Angelina is not one of them. A horrifying game of intimidation and double crosses begins that quickly becomes a death spiral where everyone is suspect and no one is safe. Now Jack and Melissa will stop at nothing to protect their child—even though time is running out... C.J. Box has once again written a bone-chilling thriller that will keep you guessing until the very last page.

This classic work of science fiction is widely considered to be the ultimate time-travel novel. When Daniel Eakins inherits a time machine, he soon realizes that he has enormous power to shape the course of history. He can foil terrorists, prevent assassinations, or just make some fast money at the racetrack. And if he doesn't like the results of the change, he can simply go back in time and talk himself out of making it! But Dan soon finds that there are limits to his powers and forces beyond his control. In this hyperkinetic and relentlessly inventive novel, Japan's most popular (and controversial) fiction writer hurtles into the consciousness of the West. *Hard-Boiled Wonderland and the End of the World* draws readers into a narrative particle accelerator in which a split-brained data processor, a deranged scientist, his shockingly undemure granddaughter, Lauren Bacall, Bob Dylan, and various thugs, librarians, and subterranean monsters collide to dazzling effect. What emerges is simultaneously cooler than zero and unaffectedly affecting, a hilariously funny and deeply serious meditation on the nature and uses of the mind. From the Trade Paperback edition.

Packed with humor, inspiration, and advice, *You Are a Badass* is the #1 New York Times bestselling self-help book that teaches you how to get better without getting busted. In this refreshingly entertaining how-to guide, bestselling author and world-traveling success coach, Jen Sincero, serves up twenty-seven bite-sized chapters full of hilariously inspiring stories, sage advice, easy exercises, and the occasional swear word, helping you to: Identify and change the self-sabotaging beliefs and behaviors that stop you from getting what you want, Create a life you totally love. And create it NOW, and Make some damn money already. The kind you've never made before. By the end of *You Are a Badass*, you'll understand why you are how you are, how to love what you can't change, how to change what you don't love, and how to use The Force to kick some serious ass.

Az Üzenet a bébi unikornishoz ötlete akkor született meg Heerben, amikor megszületett egyik barátjának a kislánya, hogy emlékeztessen a korlátlan potenciálra, amelyet születésünkkor mindannyian magunkkal hozunk erre a világra. A történet társszerzője Katarina Wallentin, az illusztrációkat pedig Nathalie Beauvois készítette. Mindannyian azt remélik, hogy bébi unikornisok generációit inspirálhatják arra, hogy kérdezzék meg mindazt, amit a lehetőségeiknek hisznek. Mi lenne, ha a gyerekeknek születésük pillanatában elmondanák, hogy milyen hatalmas ajándékok? Hogy bármivé válhatnak és bármit tehetnek, amit csak akarnak? Mi lenne, ha naponta elmondanánk a gyerekeknek, hogy mennyire hálásak vagyunk a létezésükért? Mit tudnának akkor teremteni? Mi lenne akkor lehetséges?" - teszi fel a kérdést Heer. Wallentin is így gondolja: "Ha egyetlen dolog lenne, amit odaajándékozhatnék a lányomnak, az lenne, hogy minden kétséget kizárólag tudja, hogy ? nem csak hogy elég, hanem egyedi, tökéletes, lenyűgöző?, és nagyon szeretik. Ez alapvetően tükör, ennek tudása mégis varázslatot hoz létre. Nagy

varázslatot" - mondja.Kötelez? olvasmány minden gyerek könyvespolcán!

The Baby Unicorn Manifesto

'I wish this book had been written before I stopped having them. I might have enjoyed them more! It's brilliant, informative and funny. Period.' Jennifer Saunders 'I want to hear what Emma Barnett says about everything, and this terrific and timely book proves to be no exception.' Elizabeth Day

The bohemian disruption has arrived. Microdosing psychedelics has become the new business learning tool, spiritual ceremonies and ideas festivals are now coveted pastimes, and Burning Man is already a bigger cultural touchstone than Woodstock. Written by boho-from-birth Julia Chaplin, The Boho Manifesto is here to illuminate the revolution. This finely detailed and richly illustrated handbook is the essential guide to what lies beyond the experience of everyday conformity. You'll learn how to quit the gym and go dancing instead and how to become a sex-positive tantric unicorn. And, should you be ready, there's advice on how to leave your cubicle behind and embrace the life of a nomadic entrepreneur—or at least a nomad.

How is academia portrayed in children's literature? This Element ambitiously surveys fictional professors in texts marketed towards children, who are overwhelmingly white and male, tending to be elderly scientists. Professors fall into three stereotypes: the vehicle to explain scientific facts, the baffled genius, and the evil madman. By the late twentieth century, the stereotype of the male, mad, muddlehead, called Professor SomethingDumb, is formed in humorous yet pejorative fashion. This Element provides a publishing history of the role of academics in children's literature, questioning the book culture which promotes the enforcement of stereotypes regarding intellectual expertise in children's media. This title is also available, with additional material, as Open Access.

PERIOD founder and Harvard College student Nadya Okamoto offers a manifesto on menstruation and why we can no longer silence those who bleed—and how to engage in youth activism. Throughout history, periods have been hidden from the public. They're taboo. They're embarrassing. They're gross. And due to a crumbling or nonexistent national sex ed program, they are misunderstood. Because of these stigmas, a status quo has been established to exclude people who menstruate from the seat at the decision-making table, creating discriminations like the tampon tax, medicines that favor male biology, and more. Period Power aims to explain what menstruation is, shed light on the stigmas and resulting biases, and create a strategy to end the silence and prompt conversation about periods.

BELLETRIST'S AUGUST 2020 BOOK PICK "[Mackintosh's] writing is clear and sharp, with piercing moments of wisdom and insight that drive toward a pitch-perfect ending...Blue Ticket adds something new to the dystopian tradition set by Orwell's 1984 or Atwood's The Handmaid's Tale." --New York Times Book Review From the author of the Man

Booker Prize longlisted novel *The Water Cure* ("ingenious and incendiary"--*The New Yorker*) comes another mesmerizing, refracted vision of our society: What if the life you're given is the wrong one? Calla knows how the lottery works. Everyone does. On the day of your first bleed, you report to the station to learn what kind of woman you will be. A white ticket grants you marriage and children. A blue ticket grants you a career and freedom. You are relieved of the terrible burden of choice. And once you've taken your ticket, there is no going back. But what if the life you're given is the wrong one? When Calla, a blue ticket woman, begins to question her fate, she must go on the run. But her survival will be dependent on the very qualities the lottery has taught her to question in herself and on the other women the system has pitted against her. Pregnant and desperate, Calla must contend with whether or not the lottery knows her better than she knows herself and what that might mean for her child. An urgent inquiry into free will, social expectation, and the fraught space of motherhood, *Blue Ticket* is electrifying in its raw evocation of desire and riveting in its undeniable familiarity.

With powerful magic that manipulates the natural world, dangerously cunning royalty, and heart-stopping romance, this new sweeping fantasy series is perfect for fans of Sabaa Tahir. "Another fantasy romance in the vein of books by Sabaa Tahir, Renee Ahdieh. . . . Shalia matures from a frightened girl in a foreign land to a woman unwilling to allow her destiny or desires to be controlled by the men around her." - *School Library Journal* "I will be thinking about Shalia's strength and fearlessness (and swooning over the slow-burn romance) as I anxiously await book two!" - Erin Bowman, author of *Vengeance Road* Shalia is a proud daughter of the desert, but after years of devastating war with the adjoining kingdom, her people are desperate for an end to the violence that has claimed so many of their loved ones. Willing to trade her freedom to ensure the safety of her family, Shalia becomes Queen of the Bone Lands, a country where magic is outlawed and the Elementae--those that can control earth, air, fire and water--are traitors, subject to torture . . . or worse. Before she is even crowned, Shalia discovers that she can bend the earth to her will. Trapped between her husband's irrational hatred of the Elementae and a dangerous rebellion led by her own brother, Shalia must harness her power and make an impossible choice: save her family, save the Elementae, or save herself.

From actor Max Greenfield (fan-favorite "Schmidt" from television's *New Girl*) comes a hilarious picture book for every child who thinks they don't like to read books (and all the kids—and grownups—who do). Words, sentences, and even worse, paragraphs fill up books. Ugh! So what's a reluctant reader to do? Actor Max Greenfield (*New Girl*) and New York Times bestselling illustrator Mike Lowery bring the energy and laugh-out-loud fun out for every child (and parent) who thinks they don't want to read a book. Joining the ranks of favorites like *The Book With No Pictures* and *The Serious Goose*, this clever and playful read-aloud breaks the fourth wall and will have all readers coming back for laughs again
