In this expanded version of the traditional song, a bear goes exploring near his home in the mountains, using all five senses throughout the four seasons.

What's over the mountain? A little bear and his best friends, of course! Story time darling Jane Cabrera puts a sweet spin on a classic children's song. The Bear went over the mountain, / To see what he could see. / But all that he could see, / Was the other side of the mountain, / Then he got stuck up a tree! Luckily Hare is there to rescue him, followed by Fox with some tea, Wolf with the dance moves, and Owl with the final piece of the party. But wait, there's one last attendee--a young child! Cabrera gently reveals that other side of the mountain was just up the stairs the whole time. The final spread shows the youngster all snuggled up in bed with his stuffed animal bear, hare, fox, wolf, and owl. Jane Cabrera's Story Time celebrates children's best-loved read along nursery rhymes and songs. These interactive favorites are given a new twist by award-winning artist Jane Cabrera and feature her bold, bright, kid-friendly illustrations. Other titles in the series include *The Wheels on the Bus*, *Old Mother Hubbard*, and *Old MacDonald Had a Farm*.

"I believe that man will not merely endure: he will prevail. He is immortal, not because he alone among creatures has an inexhaustible voice, but because he has a soul, a spirit capable of compassion and sacrifice and endurance." —William Faulkner, on receiving the Nobel Prize
Go Down, Moses is composed of seven interrelated stories, all of them set in Faulkner's mythic Yoknapatawpha County. counterinsurgency punctuated by moments of heady excitement and terror. Colonel Grau, the editor and translator, has added his own commentary to produce a useful guide for commanders to meet the challenges of this kind of war and to help keep his fellow soldiers alive. This book will also be of interest to the historian and general reader, who will discover that advances in technology have had little impact on this kind of war, and that many of the same tactics the British Army used on the Northwest Frontier still apply today.

Retelling of traditional song.

Outside Beijing, China, in the year 1572, nine-year-old Hu-Wan tends the vegetable garden with his grandfather. Their specialty is growing gourds that are made into ladles and bowls and sold in the marketplace. Each year, one special gourd is made into a cricket cage. This year, it is Hu-Wan's turn to grow and carve the special gourd. He decides it should be carved into the shape of a sleeping dragon. When Hu-Wan learns that the emperor has died and his nine-year-old son is named Emperor of China, he decides to give the dragon cricket cage to the young emperor to offer comfort and cheer.

A tiny American town's plans for radical self-government overlooked one hairy detail: no one told the bears. Once upon a time, a group of libertarians got together and hatched the Free Town Project, a plan to take over an American town and completely eliminate its government. In 2004, they set their sights on Grafton, NH, a barely populated settlement with one paved road. When they descended on Grafton, public funding for pretty much everything shrank: the fire department, the library, the schoolhouse. State and federal laws became meek suggestions, scarcely heard in the town's thick wilderness. The anything-goes atmosphere soon caught the attention of Grafton's neighbors: the bears. Freedom-loving citizens ignored hunting laws and regulations on food disposal. They built a tent city in an effort to get off the grid. The bears smelled food and opportunity. *A Libertarian Walks Into a Bear* is the sometimes funny, sometimes terrifying tale of what happens when a government disappears into the woods. Complete with gunplay, adventure, and backstabbing politicians, this is the ultimate story of a quintessential American experiment -- to live free or die, perhaps from a bear.

"In this classic fairy tale, retold with a twist, the Pied Piper has been asked to rid the town of rats. But when he plays his magic pipe, the rats are still there, but unexpected things start to happen"--

Once upon a time in rural Maine, a big black bear found a briefcase under a tree. Hoping for food, he dragged it into the woods, only to find that all it held was the manuscript of a novel. He couldn't eat it, but he did read it, and decided it wasn't bad.

Borrowing some clothes from a local store, and the name Hal Jam from the labels of his favorite foods he headed to New York to seek his fortune in the literary world. Then he took America by storm. *The Bear Went Over the Mountain* is a riotous, magical romp with the buoyant Hal Jam as he leaves the quiet, nurturing world of nature for the glittering, moneyed world of man. With a pitch-perfect comic voice and an eye for social satire to rival Swift or Wolfe, bestselling author William Kotzwinkle limns Hal's hilarious journey to New York, Los Angeles, and the great sprawling country in between, where a bear makes good despite his animal instincts, and where money-hungry executives see not a hairy beast with a purloined novel, but a rough-hewn, soulful, media-perfect nature guy who just might be the next Hemingway. By turns sidesplittingly funny, stingingly ironic, and unexpectedly tender, *The Bear Went Over the Mountain* captures the zeitgeist of the 1990s dead-on, in a delicious bedtime story for grown-ups. In the ancient hills and misty hollows of Fayette County, Pennsylvania, generations of locals have passed down stories of a woman with mysterious magical powers. People came from near and far to seek healing and protection through her strange rituals. Some even believed she could fly. Named Moll Derry and nicknamed the Witch of the Monongahela, her legend has been documented by writers and folklorists for more than two hundred years. She is intertwined in many regional tales, such as the Lost Children of the Alleghenies and Polly Williams and the White Rocks. Author Thomas White separates fact from fiction in the many versions of Moll Derry and recounts Western Pennsylvania's folk magic history along the way.

But that is all right, because there is always something just as exciting to try next! As winter arrives, the bear goes home to his cave, tired after his adventures. The Bear Went Over the Mountain, in paperback for the first time, teaches children about the five senses and the four seasons, all through a timeless song. When the Soviet Union decided to invade Afghanistan, they evaluated their chances for success upon their experiences in East Germany, Hungary and Czechoslovakia. Unfortunately for their soldiers, as well as the people of Afghanistan, they ignored not only the experiences of the British in the same region, but also their own experience with the Basmachi resistance fighters in Central Asia from 1918-1933. Consequently, in Afghanistan the Soviet army found its tactics inadequate to meet the challenges posed by the difficult terrain and the highly motivated mujahideen freedom fighters. To capture the lessons their tactical leaders learned in Afghanistan and to explain the change in tactics that followed, the Frunze Military Academy compiled this book for their command and general staff combat arms officers. The lessons are valuable not just for Russian officers, but for the tactical training of platoon, company and battalion leaders of any nation likely to engage in conflicts involving civil war...
