*Poetry 5th Ed + Bedford Glossary of Critical and Literary Terms 2nd Ed + Tempest* Michael Meyer,Ross C. Murfin,Supryia M. Ray,William Shakespeare,2007-07-01 Adapted from Michael Meyer's best-selling Bedford Introduction to Literature, this anthology responds to the needs of all kinds of poetry courses. Instructors across the country report that especially at schools where there is a decreased emphasis on literature and the humanities, students do not necessarily see literature as relevant to their lives. They are sometimes totally new to poetry and are often intimidated by it; they sometimes have difficulty approaching and reading a poem and lack confidence in their critical and interpretive abilities. With these factors and students in mind, Meyer has put together an enticing collection of poems from many time periods, cultures, and

themes, with voices ranging from the traditional to the hottest contemporary poets, always mixing in plenty of quirky and humorous selections that students will enjoy. Editorial features such as the author's new sample close readings and thematic case studies offer students real help with reading, appreciating, and writing about literature. Poetry is a book designed to make students life-long readers of poetry.
