Right before my eyes, my mother was becoming a shadow of herself. And now Madison needed another costly medical intervention. Every time I'd read about the Wall Street fat cats, bankers, and billionaires getting richer and richer with government bailouts while half our wages went on taxes, it made me more and more resentful and bitter about the system we lived in. So... when I was offered a lot of money to take (okay, steal) something from a Russian billionaire, who had originally stolen it from another Russian billionaire anyway, I said yes. The woman who offered me the deal made it sound easy. Her exact words were, "an in and out job." But it wasn't an in and out job. Not by a long shot. To my astonishment, I had foolishly wandered into the glamorous and dangerous world of the insanely rich. I had walked into Konstantin Tsarnov's life, a secretive, unforgiving, and sinfully handsome beast. A Standalone Full Length Romance.

Jett Olsson isn't looking for anything serious and she's not looking for anything at all, so why does it seem so hard to keep it professional? I love my life—the thrill of being on the ice as part of the Arizona Vengeance, the rush of winning, the adoration of the fans. And if that adoration means I don't have to spend the night alone, well even better. I'm content being single and always ready to mingle. But the day Emory Holland walks into a Vengeance team meeting my attention is caught like never before. I can tell right away she's full of smarts and sass, and the fact that she's hot as hell sure doesn't hurt either. She immediately shuts down my advances, so I opt for the road less traveled—straight to the friend zone. My approach works like a charm, and when she invites me into her bed for a no-strings, friends-with-benefits arrangement, I vow to give her everything I have. She's been hurt before, and if I'm able to help her heal while giving her a spectacularly satisfying time *pats self on back*, then I'll be happy. Or at least that's the lie I keep telling myself as the time ticks down on the final buzzer of our "relationship". Now the real question is, can I score the winning goal in a game neither of us realized we were playing?

A sweeping history of the legendary private investment firm Brown Brothers Harriman, exploring its central role in the story of American wealth and its rise to global power. Conspiracy theories have always swirled around Brown Brothers Harriman, and not without reason. Throughout the nineteenth century, when America was convulsed by a devastating financial panic essentially every twenty years, Brown Brothers quietly went from strength to strength, propping up the U.S. financial system at crucial moments and catalyzing successive booms, from the cotton trade and the steamship to the railroad, while largely managing to avoid the unwelcome attention that plagued some of its competitors. By the turn of the twentieth century, Brown Brothers was unquestionably at the heart of what was meant by an American Establishment. As America's reach extended beyond its shores, Brown Brothers worked hand in glove with the State Department, notably in Nicaragua in the early twentieth century, where the firm essentially took over the country's economy. To the Brown family, the virtue of their dealings was a given; their form of muscular Protestantism, forged on the playing fields of Groton and Yale, was the acme of civilization, and it was their duty to import that civilization to the world. When, during the Great Depression, Brown Brothers ensured their strength by merging with Averell Harriman's investment bank to form Brown Brothers Harriman, the die was cast for the role the firm would play on the global stage during World War II and thereafter, as its partners served at the highest levels of government to shape the international system that defines the world to this day. In *Inside Money*, acclaimed historian, commentator, and former financial executive Zachary Karabell offers the first full and frank look inside this institution against the backdrop of American history. Blessed with complete access to the company's archives, as well as a thrilling understanding of the larger forces at play, Karabell has created an X-ray of American power—financial, political, cultural—as it has evolved from the early 1800s to the present. Today, unlike many of its competitors, Brown Brothers Harriman remains a private partnership and a beacon of sustainable capitalism, having forgone the heady speculative upsides of the past thirty years but also having avoided any role in the devastating downsides. The firm is no longer in the command capsule of the American economy, but, arguably, that is to its credit. If its partners cleaved to any one adage over the generations, it is that a relentless pursuit of more can destroy more than it creates.

Named a Best Book of 2018 by the Financial Times and Fortune, this "thrilling" (Bill Gates) New York Times bestseller exposes how a "modern Gatsby" swindled over \$5 billion with the aid of Goldman Sachs in "the heist of the century" (Axios). Now a #1 international bestseller, BILLION DOLLAR WHALE is "an epic tale of white-collar crime on a global scale" (Publishers Weekly, starred review), revealing how a young social climber from Malaysia pulled off one of the biggest heists in history. In 2009, a chubby, mild-mannered graduate of the University of Pennsylvania's Wharton School of Business named Jho Low set in motion a fraud of unprecedented gall and magnitude--one that would come to symbolize the next great threat to the global financial system. Over a decade, Low, with the aid of Goldman Sachs and others, siphoned billions of dollars from an investment fund--right under the nose of global financial industry watchdogs. Low used the money to finance elections, purchase luxury real estate, throw champagne-drenched parties, and even to finance Hollywood films like The Wolf of Wall Street. By early 2019, with his yacht and private jet reportedly seized by authorities and facing criminal charges in Malaysia and in the United States, Low had become an international fugitive, even as the U.S. Department of Justice continued its investigation. BILLION DOLLAR WHALE has joined the ranks of Liar's Poker, Den of Thieves, and Bad Blood as a classic harrowing parable of hubris and greed in the financial world.

From the acclaimed author of *A Very English Scandal*, a thrilling and dramatic true-life account of the rise and fall of one of the most notorious media moguls of all time: Robert Maxwell. In February 1991, Robert Maxwell triumphantly sailed into Manhattan harbor on his yacht, the *Lady Ghislaine*, to buy the ailing *New York Daily News*. Taxi drivers stopped their cabs to shake his hand, children asked for his autograph, and patrons of the hottest restaurant in Manhattan gave him a standing ovation while he dined. Ten months later, Maxwell disappeared off that same yacht in the middle of the night and was later found dead in the water. As John Preston reveals in this entertaining and revealing biography, Maxwell's death was as mysterious as his remarkable life. A tightly paced, addictive saga of ambition, hubris, narcissism, greed, power, and intrigue, *Fall* recounts Maxwell's rise and fall and rise and fall again. Preston weaves backwards and forwards in time to examine the forces that shaped Maxwell, including his childhood as a Jew in occupied Eastern Europe through his failed political ambitions in the 1960s which ended in accusations of financial double-dealing, and his resurrection as a media mogul--and on to the family legacy he left behind, including his daughter Ghislaine Maxwell. Preston chronicles Maxwell's all-encompassing rivalry with Rupert Murdoch—a battle that ruined Maxwell financially, threatened his sanity and led, indirectly, to his death. Did Maxwell have a heart attack and fall overboard? Was his death suicide? Or was he murdered—possibly by Mossad or the KGB? Few in the twentieth century journeyed as far from his roots as Robert Maxwell. Yet, as *Fall* reveals, no one, however rich and powerful, can entirely escape their past. Some secrets won't stay silent... An evening out at the theatre for Lana and Blake ends prematurely with shocking news. Frantic, the couple rush home to discover their worst fears. And Blake is forced to confront the realization that his new family is on a collision course with his past - caught in the crossfire of adversaries who won't hesitate to hurt them. Once

again Lana shows the strength that underpins her character to keep her family together, but with Blake already weakened by the revelation of devastating secrets, will they be strong enough to face down such menacing adversaries? Lana and Blake know that time is running out and difficult decisions must be made, ones that will irrevocably and forever alter their lives. And that ultimately, Blake will be called upon to make the greatest sacrifice of all...

When Lana Bloom learns the devastating news that her mother is dying, she is faced with a terrible dilemma. The one thing that can save her is the one thing she does not have. NEW YORK TIMES EDITORS' CHOICE • Big Tobacco meets Silicon Valley in this “deeply reported and illuminating” (The New York Times Book Review) corporate exposé of what happened when two of the most notorious industries collided—and the vaping epidemic was born. “The best business book I’ve read since *Bad Blood*.”—Jonathan Eig, New York Times bestselling author of *Ali: A Life* Howard Willard lusted after Juul. As the CEO of tobacco giant Philip Morris’s parent company and a veteran of the industry’s long fight to avoid being regulated out of existence, he grew obsessed with a prize he believed could save his company—the e-cigarette, a product with all the addictive upside of the original without the same apparent health risks and bad press. Meanwhile, in Silicon Valley, Adam Bowen and James Monsees began working on a device that was meant to save lives and destroy Big Tobacco, but they ended up baking the industry’s DNA into their invention’s science and marketing. Ultimately, Juul’s e-cigarette was so effective and so market-dominating that it put the company on a collision course with Philip Morris and sparked one of the most explosive public health crises in recent memory. In a deeply reported account, award-winning journalist Lauren Etter tells a riveting story of greed and deception in one of the biggest botched deals in business history. Etter shows how Philip Morris’s struggle to innovate left Willard desperate to acquire Juul, even as his own team sounded alarms about the startup’s reliance on underage customers. And she shows how Juul’s executives negotiated a lavish deal that let them pocket the lion’s share of Philip Morris’s \$12.8 billion investment while government regulators and furious parents mounted a campaign to hold the company’s feet to the fire. *The Devil’s Playbook* is the inside story of how Juul’s embodiment of Silicon Valley’s “move fast and break things” ethos wrought havoc on American health, and how a beleaguered tobacco company was seduced by the promise of a new generation of addicted customers. With both companies’ eyes on the financial prize, neither anticipated the sudden outbreak of vaping-linked deaths that would terrorize a nation, crater Juul’s

value, end Willard's career, and show the costs in human life of the rush to riches—while Juul's founders, board members, and employees walked away with a windfall.

From the bestselling author of *Less Than Zero* and *American Psycho*, *The Rules of Attraction* is a startlingly funny, kaleidoscopic novel about three students at a small, affluent liberal-arts college in New England with no plans for the future--or even the present--who become entangled in a curious romantic triangle. Bret Easton Ellis trains his incisive gaze on the kids at self-consciously bohemian Camden College and treats their sexual posturings and agonies with a mixture of acrid hilarity and compassion while exposing the moral vacuum at the center of their lives. Lauren changes boyfriends every time she changes majors and still pines for Victor who split for Europe months ago and she might or might not be writing anonymous love letter to ambivalent, hard-drinking Sean, a hopeless romantic who only has eyes for Lauren, even if he ends up in bed with half the campus, and Paul, Lauren's ex, forthrightly bisexual and whose passion masks a shrewd pragmatism. They waste time getting wasted, race from Thirsty Thursday Happy Hours to Dressed To Get Screwed parties to drinks at The Edge of the World or The Graveyard. *The Rules of Attraction* is a poignant, hilarious take on the death of romance. The basis for the major motion picture starring James Van Der Beek, Shannyn Sossamon, Jessica Biel, and Kate Bosworth.
