The first part of *The Boy Who Biked the World* follows Tom leaving England, cycling through Europe and all the way through Africa to the tip of South Africa. Along the way, young readers are introduced not only to the various fascinating landscapes he passes through, but also to the various people who so happily embrace him as he traveled on his journey. With engaging illustrations, postcards, and journal entries throughout, this book provides an immersive experience for any young adventurer.

The Boy Who Biked the World: Part Two Alastair Humphreys, 2014-11-01 In volume two of this marvelous cycling adventure, Tom—a young English boy who decides cycling solo around the world would be a better classroom than the confines of school—heads north from the tip of South America Having cycled the depth of Europe and the length of Africa, Tom now decides to make his way through the Americas. With a long uphill struggle facing him, Tom has the massive Andes and raging Amazon to contend with in South America, deserts and grizzly bears in North America, and a colorful array of characters all along the way. With engaging illustrations, maps, and handwritten journal entries throughout, this book provides an immersive experience for any young adventurer.

The Boy Who Biked the World: Part Three Alastair Humphreys, Tom Morgan-Jones, 2015-09-30 Tom was laughed at for day dreaming. His dreams were of being an adventurer. One day he decided to prove everyone wrong and set off cycling round the world. Parts One and Two follow Tom crossing Europe and descending Africa, then pedalling through the Americas to Alaska. In Part Three, Tom is on the last leg of his journey where he continues to discover strange and amazing sights and meet a host of fun characters. He skids through the freezing temperatures of Siberia, and in Japan even shares a steaming hot pool with some surprised monkeys. He follows the Great Wall of China towards the mysterious lands of Central Asia and on crossing the world's largest inland sea, is at last biking through Europe towards his home in Yorkshire. Based on the

author's personal experiences and with engaging illustrations, maps and handwritten journal entries throughout, this book provides an immersive experience for any young adventurer.

Moods of Future Joys Alastair Humphreys, Sir Ranulph Fiennes, 2007-11-01 An updated edition including new color photographs and a new afterword looking back at the journey Alastair Humphreys' around-the-world journey of 46,000 miles was an old-fashioned adventure: long, lonely, low-budget, and spontaneous. Cycling across five continents and sailing over the oceans, his ride took four years to complete, on a tiny budget of hoarded student loans. Here is the story of the first remarkable stage of the expedition. Just two weeks into the ride the September 11th attacks changed everything. All Humphreys' plans went out the window and, instead of riding towards Australia, he suddenly found himself pedaling through the Middle East and Africa and on toward Cape Town. This book recounts an epic journey that succeeded through Humphreys' trust in the kindness of strangers, at a time where the interactions of our global community are more confused and troubled than ever.

Emmanuel's Dream: The True Story of Emmanuel Ofosu Yeboah Laurie Ann Thompson, 2015-01-06 Emmanuel Ofosu Yeboah's inspiring true story—which was turned into a film, *Emmanuel's Gift*, narrated by Oprah Winfrey—is nothing short of remarkable. Born in Ghana, West Africa, with one deformed leg, he was dismissed by most people—but not by his mother, who taught him to reach for his dreams. As a boy, Emmanuel hopped to school more than two miles each way, learned to play soccer, left home at age thirteen to provide for his family, and, eventually, became a cyclist. He rode an astonishing four hundred miles across Ghana in 2001, spreading his powerful message: disability is not inability. Today, Emmanuel continues to work on behalf of the disabled. Thompson's lyrical prose and Qualls's bold collage illustrations offer a powerful celebration of triumphing over adversity. Includes an author's note with more information about Emmanuel's charity.

Alastair Humphreys' Great Adventurers Alastair Humphreys, 2018-08-23 Hand-selected by Alastair Humphreys, read about the incredible journeys undertaken by twenty of the most heroic and impressive explorers who ever lived, including Ibn Battuta (14th-century explorer); Apsley Cherry-Garrard (a member of Scott's Antarctic expedition); Michael Collins (Apollo Moon mission astronaut) and Nellie Bly (who travelled round the world in less than 80 days). A wide-spread selection of explorers from young to old, male to female and with a range of abilities, these explorers crossed land, sea and sky in the name of adventure and may just inspire readers aged 7+ to do the same. Alastair Humphreys was named National Geographic Adventurer of the Year in 2012 for his work on the concept of microadventures.

Going Somewhere Brian Benson, 2014-06-24 Brian has a million vague life plans but zero sense of direction. So when he meets Rachel, a self-possessed woman who daydreams of bicycling across the States, he decides to follow her wherever she'll take him. Brian and Rachel soon embark on a ride from northern Wisconsin to Somewhere West, infatuated with the promise of adventure and each other. But as the pair progress from the Northwoods into the bleak western plains, they begin to

discover the messy realities of life on the road. Mile by mile, they contend with merciless winds and brutal heat, broken bikes and bodies, each other and themselves—and the looming question of what comes next. Told in a voice as hilarious as it is wise (Cheryl Strayed), *Going Somewhere* is a candid tale of the struggle to move forward.

Nala's World Dean Nicholson, 2020-09-29 Discover the nationally bestselling, true story of a life-changing friendship between a man and his rescue cat, Nala, as they adventure together on a bike journey around the world -- from the Instagram phenomenon @1bike1world. When 30-year-old Dean Nicholson set off from Scotland to cycle around the world, his aim was to learn as much as he could about our troubled planet. But he hadn't bargained on the lessons he'd learn from his unlikely companion. Three months after leaving home, on a remote road in the mountains between Montenegro and Bosnia, he came across an abandoned kitten. Something about the piercing eyes and plaintive meowing of the bedraggled little cat proved irresistible. He couldn't leave her to her fate, so he put her on his bike and then, with the help of local vets, nursed her back to health. Soon on his travels with the cat he named Nala, they forged an unbreakable bond -- both curious, independent, resilient and adventurous. The video of how they met has had 20 million views and their Instagram has grown to almost 750k followers -- and still counting! Experiencing the kindness of strangers, visiting refugee camps, rescuing animals through Europe and Asia, Dean and Nala have already learned that the unexpected can be pretty amazing. Together with Garry Jenkins, writer with James Bowen of the bestselling *A Street Cat Named Bob*, Dean shares the extraordinary tale of his and Nala's inspiring and heart-warming adventure together.

To Shake the Sleeping Self Jedidiah Jenkins, 2018-10-02 NEW YORK TIMES BESTSELLER • “With winning candor, Jedidiah Jenkins takes us with him as he bicycles across two continents and delves deeply into his own beautiful heart.”—Cheryl Strayed, author of *Wild* and *Tiny Beautiful Things* On the eve of turning thirty, terrified of being funneled into a life he didn't choose, Jedidiah Jenkins quit his dream job and spent sixteen months cycling from Oregon to Patagonia. He chronicled the trip on Instagram, where his photos and reflections drew hundreds of thousands of followers, all gathered

around the question: What makes a life worth living? In this unflinchingly honest memoir, Jed narrates his adventure—the people and places he encountered on his way to the bottom of the world—as well as the internal journey that started it all. As he traverses cities, mountains, and inner boundaries, Jenkins grapples with the question of what it means to be an adult, his struggle to reconcile his sexual identity with his conservative Christian upbringing, and his belief in travel as a way to wake us up to life back home. A soul-stirring read for the wanderer in each of us, *To Shake the Sleeping Self* is an unforgettable reflection on adventure, identity, and a life lived without regret. Praise for *To Shake the Sleeping Self* “[Jenkins is] a guy deeply connected to his personal truth and just so refreshingly present.”—Rich Roll, author of *Finding Ultra* “This is much more than a book about a bike ride. This is a deep soul deepening us. Jedidiah Jenkins is a mystic disguised as a millennial.”—Tom Shadyac, author of *Life’s Operating Manual* “Thought-provoking and inspirational . . . This uplifting memoir and travelogue will remind readers of the power of movement for the body and the soul.”—Publishers Weekly

Peddalling to Kailash: Cycling Adventures and Misadventures Across the Roof of the World Graydon Hazenberg, 2021-02-26 In 1998, Graydon Hazenberg, his sisters and their partners set off on a youthful quest. Seduced by the romance of the loftiest peaks on earth and a road claimed to be the world's highest, they pedalled out of Islamabad, Pakistan headed for Tibet's holiest mountain, the pilgrimage site of Mt. Kailash. Had they known how hard it would be on their equipment, their bodies and their willpower, they might have thought twice. Calling themselves the Xtreme Dorks, the five cyclists pedalled, pushed and hiked their way around, over and through the world's highest mountain ranges. For three months they persevered despite a frequent lack of food or anything resembling a real road. They followed in the footsteps of previous pilgrims, explorers and mountaineers, passing through remote valleys and wind-scoured plateaux. Along the way they had the privilege of meeting members of some of the cultures that call the Roof of the World home: the Pakhtuns of the Northwest Frontier; the Kalash people of Chitral; the Baltis living around K2; the longlived Hunzakut; the Kyrgyz, Tajiks and Uighurs of western Xinjiang; and the dokpa nomadic herders inhabiting western Tibet. It was not a straightforward journey. Plagued by frequent equipment failures, recurrent illness, abysmal road conditions and efforts by the Chinese Public Security

Bureau to stop them cycling to Tibet, it required real determination to keep the pedals turning in the direction of Kailash. Initial exuberance gradually acquired some of the resolve shown by hardy Tibetan and Hindu pilgrims as the Dorks approached the far-off mountain with glacial slowness. Even once they had reached Kailash and nearby Lake Manasarovar, their troubles were not over, as their onward travel by vehicle towards Lhasa proved every bit as challenging as cycling had been. Graydon Hazenberg has taken the account of this long-ago pilgrimage and brought it to life in the present, interweaving it with stories of the history and culture of the places encountered along the way. The result is a compelling tale that will entertain seasoned adventurers, cycle tourists, history buffs and armchair travellers of all descriptions. As John Keay, the distinguished British writer of numerous books about the Indian subcontinent's history, says of Pedalling to Kailash, It was a brutal marathon, but it makes for an engrossing read.

Born to Run Christopher McDougall,2010-12-09 A New York Times bestseller 'A sensation ... a rollicking tale well told' - The Times At the heart of Born to Run lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

My Midsummer Morning: Rediscovering a Life of Adventure Alastair Humphreys,2019-05-30 A Financial Times Summer Book of 2019 Seasoned adventurer Alastair Humphreys pushes himself to his very limits - busking his way across Spain with a violin he can barely play.

The City at Eye Level Meredith Glaser,2012 Although rarely explored in academic literature, most inhabitants and visitors interact with an urban landscape on a day-to-day basis is on the street level. Storefronts, first floor apartments, and sidewalks are the most immediate and common experience of a city. These plinths are the ground floors that negotiate between inside and outside, the public and private spheres. The City at Eye Level qualitatively evaluates plinths by exploring specific examples from all over the world. Over twenty-five experts investigate the design, land use, and road and foot traffic in rigorously researched essays, case studies, and interviews. These pieces are supplemented by over two hundred beautiful color images and engage not only with issues in design, but also the concerns of urban communities. The editors have put

together a comprehensive guide for anyone concerned with improving or building plinths, including planners, building owners, property and shop managers, designers, and architects.

The Everything Store Brad Stone, 2013-10-15 The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as the definitive account of how a tech icon came to life. Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

Into Thick Air Jim Malusa, 2010-07-01 "Delightful debut travelogue by botanist Malusa, who cycled to the lowest point on each of six continents." —Kirkus Reviews With plenty of sunscreen and a cold beer swaddled in his sleeping bag, writer and botanist Jim Malusa bicycled alone to the lowest point on each of six continents, a six-year series of "anti-expeditions" to "anti-summits." His journeys took him to Lake Eyre in the arid heart of Australia, along Moses' route to the Dead Sea, and from Moscow to the Caspian Sea. He pedaled across the Andes to Patagonia, around tiny Djibouti in the Horn of Africa, and from Tucson to Death Valley. With a scientist's eye, Malusa vividly observes local landscapes and creatures. As a lone man, he is overfed by grandmothers, courted by ladies of the night in Volgograd, invited into a mosque by Africa's most feared tribe, chased by sandstorms and hurricanes—yet Malusa keeps riding. His reward: the deep silence of the world's great depressions. A large-hearted narrative of what happens when a friendly, perceptive American puts himself at the mercy of strange landscapes and their denizens, *Into Thick Air* presents one of the most talented new voices in contemporary travel writing. "I've followed all of Jim's amazing and hilarious journeys, and I am happy to claim him as one of my favorite writers." —Barbara Kingsolver, New York Times bestselling author "His descriptions of desert landscapes can be extraordinary . . . You can almost feel the dry gusts turning Malusa's lips into cracked leather." —The New York Times Book Review
