The Cakrasamvara Tantra (The Discourse of Sri Heruka) David B. Gray,2019-04-09 This is the first complete, critical English translation of the Cakrasamvara Tantra, also known as the Sriherukabhidhana and Laghusamvara. This is the first complete, critical English translation of the Cakrasamvara Tantra. Composed in India during the eighth century, it is a foundational scripture of one of the most important Indian Buddhist tantric traditions. The translator's introductory essay provides an analysis of the historical and intellectual contexts in which the Cakrasamvara Tantra was composed. The heavily annotated translation was made on the basis of the surviving Sanskrit manuscripts of the tantra and its commentaries, parallel passages in related explanatory tantras (vyakhyatantra), two different Tibetan translations of the root text, and several Tibetan commentaries. Includes a trilingual glossary and index. The author has also translated the commentary on this tantra by the great Tibetan scholar Tsong Khapa (1357-1419), *Illumination of the Hidden Meaning*, now published in two companion volumes. Taken together, these three volumes provide the reader with the first full study in English of this pivotal tantra. Composed in India during the late eighth or early ninth century, the Cakrasamvara Tantra is a foundational scripture of one of the most important Indian Buddhist tantric traditions, as evidenced by the vast number of commentaries and ritual literature associated with it. Along with the Hevajra Tantra, it is one of the earliest and most influential of the yogini tantras, a genre of tantric Buddhist scripture that emphasizes female deities, particularly the often fiercely depicted yoginis and ?akinis.

From the Heart of Chenrezig Glenn H. Mullin, 2013-06-11 The lineage of the reincarnated line of Dalai Lamas has held primary spiritual authority and, until recently, temporal power in Tibet since the beginning of the fifteenth century. The translations in this book represent a curated set of their writings specifically on tantra, the advanced path of Tibetan Buddhism in which practitioners use a variety of methods and techniques to directly overcome delusion and conflicting emotions. If one has the proper training in sutra and tantra, it is said that the path to enlightenment can be traversed swiftly. Glenn H. Mullin, one of the foremost translators of the Dalai Lamas, has selected key texts from eight of the Dalai Lamas that clearly elucidate the proper understanding and context of the tantric system in this lineage.

Nagarjuna's Middle Way Mark Siderits, Shoryu Katsura, 2013-04-22 Winner of the 2014 Khyenste Foundation Translation Prize. Nagarjuna's renowned twenty-seven-chapter Fundamental Verses on the Middle Way (Mulamadhyamakakarika) is the foundational text of the Madhyamaka school of Mahayana Buddhist philosophy. It is the definitive, touchstone presentation of the doctrine of emptiness. Professors Siderits and Katsura prepared this translation using the four surviving Indian commentaries in an attempt to reconstruct an interpretation of its enigmatic verses that adheres as closely as possible to that of its earliest proponents. Each verse is accompanied by concise, lively exposition by the authors conveying the explanations of the Indian commentators. The result is a translation that balances the demands for fidelity and accessibility.

The Lamp for Integrating the Practices (Caryamelapakapradipa) Aryadeva, 2021-05-11 An essential tantric text on the practice of advanced yoga in tantric Buddhism. The Lamp for Integrating the Practices (Caryamelapakapradipa) is a systematic and comprehensive exposition of the most advanced yogas of the Esoteric Community Tantra (Guhyasamaja-

tantra) as espoused by the Noble (Nagarjuna) tradition, an influential school of interpretation within the Mahayoga traditions of Indian Buddhist mysticism. Equal in authority to Nagarjuna's famous Five Stages (Pañcakrama), Aryadeva's work is perhaps the earliest prose example of the "stages of the mantra path" genre in Sanskrit. Its systematic path exerted immense influence on later Indian and Tibetan traditions, and it is widely cited by masters from all four major lineages of Tibetan Buddhism. This volume presents the Lamp in a thoroughly annotated English translation. It includes an introductory study discussing the history of the Guhyasamaja and its exegetical traditions, surveying the scriptural and commentarial sources of the Nagarjuna tradition, and analyzing in detail the contents of the Lamp. The book also features a detailed, trilingual glossary. Simultaneously presented online for scholars are a version of its Sanskrit original, critically edited from recently identified manuscripts, and a critical edition of the eleventh-century Tibetan translation by Rinchen Zangpo, including notes on readings found in "lost," alternative translations.

Buddhist Philosophy of Language in India Lawrence J. McCrea, Parimal G. Patil, 2010 Jnanasrimitra (975-1025) was regarded by both Buddhists and non-Buddhists as the most important Indian philosopher of his generation. His theory of exclusion combined a philosophy of language with a theory of conceptual content to explore the nature of words and thought. Jnanasrimitra's theory informed much of the work accomplished at Vikramasila, a monastic and educational complex instrumental to the growth of Buddhism. His ideas were also passionately debated among successive Hindu and Jain philosophers. This volume marks the first English translation of Jnanasrimitra's Monograph on Exclusion, a careful, critical investigation into language, perception, and conceptual awareness. Featuring the rival arguments of Buddhist and Hindu intellectuals, among other thinkers, the Monograph reflects more than half a millennium of competing claims while providing an invaluable introduction to a crucial philosopher. Lawrence J. McCrea and Parimal G. Patil familiarize the reader with the author, themes, and topics of the text and situate Jnanasrimitra's findings within his larger intellectual milieu. Their clear, accessible, and accurate translation proves the influence of Jnanasrimitra on the foundations of Buddhist and Indian philosophy.

The Tara Tantra Susan A. Landesman, 2020-05-19 A groundbreaking English translation of a key tantric text in the

history of Indo-Tibetan Buddhism. This volume contains an English translation of the “root text” of the Tara-mula-kalpa, a scripture-ritual compendium that captures an important Buddhist tantric tradition in mid-formation. In this regard it is utterly unique and unlike any other text in the Buddhist canon. Its contents document the emergence of the quintessential female Buddha Tara in seventh-century India. As her popularity grew, her cult spread throughout Southeast Asia, as well as Tibet, where she became revered as the “Mother” of the Tibetan people. Tara is worshiped for a variety of reasons, from health and long life, to wealth, protection from enemies, and ultimately, the mind of enlightenment. Her presence pervades the evolution of Buddhism in Tibet, including within royal circles, as well as mentor and guide to many important Buddhist scholars, practitioners, and lineage holders.

The Cakrasamvara Tantra (The Discourse of Sri Heruka) David B. Gray, 2012 This is a companion volume to the author's study and translation of The Cakrasamvara Tantra (AIBS 2007). It includes an introductory essay on the textual history of the Cakrasamvara Tantra, a critical edition of the Sanskrit text, based upon available manuscripts, commentaries, and intertexts in the Buddhist explanatory tantras; a critical edition of the standard Prajñāakirti-Mardo revised Tibetan translation, based upon seven print redactions; a diplomatic edition of the Sumatikirti-Malgyo revised translation, as preserved in the Phug-brag manuscript Kangyur; and an edition of the extracanonical Sumatikirti-Mardo translation, based upon two surviving prints. Crushing the Categories (Vaidalyaprakarana) Nagarjuna, 2018-09-25 A rare glimpse of the sophisticated philosophical exchange between Buddhist and non-Buddhist schools at an early stage. The Vaidalyaprakarana provides a rare glimpse of the sophisticated philosophical exchange between Buddhist and non-Buddhist schools at an early stage and will be of interest to scholars of Buddhist thought, classical Indian Philosophy, and the history of Asian thought. Belonging to a set of Nagarjuna's philosophical works known as the yukti-corpus, the Vaidalyaprakarana is noteworthy for its close engagement with the Hindu philosophers. It refutes the sixteen categories of the Nyaya school, which formed the logical and epistemological framework for many of the debates between Buddhist and Hindu philosophers. The Sanskrit original of the Vaidalyaprakarana long lost, the author translates the text from Tibetan, giving it an extensive analytical commentary. The aim is twofold: to investigate the interaction of the founder of the Madhyamika school with this influential school of Hindu thought; and to make sense of how Nagarjuna's arguments that refute the Naiyayika categories are essential to the Madhyamika path in general.

The Book of Tibetan Elders Sandy Johnson, 1996 A historically isolated people, the Tibetans have now indeed come to the land of the red man, and nearly every other country on earth. When the Chinese invaded the country in 1959 and proceeded to destroy the ancient-wisdom culture as well as nearly a sixth of the population, hundreds of thousands of Tibetans fled to India and parts west. In the 1980s, the prophecy was fulfilled, and the Dalai Lama, exiled leader of Tibet, met

with Hopi and other American Indian elders in an effort to reunite the brothers. Tibet's spiritual elders are dying off, and it is with them that so many of the secrets of survival lie. They are the ones who can find by touching someone's wrist what our medicine cannot detect; they saw the empty spaces of the atom before science considered the concept of subatomic particles; they know how to realign even severe emotional imbalances without drugs or therapy; they know what plants heal us (they have catalogued more than two thousand) and how to save them from destruction; they predicted the demise of their own country at the hands of the Chinese; they saw the coming of AIDS almost ten centuries ago. These people are dying off, and with them, the wisdom we need to make it through the next century and beyond. After the Chinese occupation of their country, many Tibetan elders were killed in reeducation camps. Many survived, however, to escape what has now become a brutally oppressive environment. Sandy Johnson traveled around the world gathering the life stories and teachings of Tibetan doctors, the state oracle, the previous Dalai Lama's tailor, the great women masters - the entire range of the culture. An astrologer offers to produce Sandy's chart, including the date of her death; a stone carver shows her the rocks with prayers painted on them that he places in the river at the end of every day so that the water may carry blessings to everything it touches; Johnson meets a woman of indeterminate age who lives her life in a cave praying that people might be less distracted by material things and learn to care for each other again. At the same time, Johnson herself is on a spiritual quest, and interwoven with the stories of the elders comes her own physical healing as well as a long-awaited reconciliation with her family. The book is filled with predictions made by the Tibetan elders about the course of Johnson's life - most of which have already come true.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The Two Traditions of Meditation in Ancient India Johannes Bronkhorst, 2000 This book elucidates the early Buddhist teachings and beliefs concerning meditations and its role in the process to liberation. In a number of cases, the Buddhist canonical texts reject practices which they accept elsewhere. When these practices-sometimes rejected, sometimes accepted-correspond to what is known about non-Buddhist practices, the conclusion is then proposed that they are non-Buddhist practices which have somehow found their way into the Buddhist texts. A similar procedure enables one to choose between conflicting beliefs.

Illumination of the Hidden Meaning Tsong-kha-pa Blo-bzang-grags-pa, 2017 This is the first in a two-volume annotated translation of Tsong Khapa's Illumination of the Hidden Meaning (sba don kun sel). A magnificent and massive commentary on the Cakrasamvara Tantra, this is first English translation of a work that marks a milestone in the Tibetan assimilation of the Indian Buddhist tantras. This first volume, which includes Tsong Khapa's detailed introduction to chapters 1 to 24 of the 51 chapter root tantra, covers the history of the tradition, its interpretation, and a range of topics including the construction of the mandala, the consecration therein, and the decoding of mantras and their ritual applications, as well as extensive

details concerning the clans of the yoginis and the procedures to win their favor. David B. Gray situates the work in context and explores in depth the sources used in composing this commentary. He also provides detailed notes, a trilingual English-Tibetan-Sanskrit glossary, and an appendix that includes a translation and a critical edition of the *Laghusamvaratantrapatalabhisandhi*, a synopsis of the *Cakrasamvara Tantra* composed by Sumatikirti, which is quoted in its entirety by Tsong Khapa in his commentary. This work will be followed by a second volume of the annotated translation subtitled *Yogic Vows, Conduct, and Ritual Praxis (An Annotated Translation of Chapters 25-51)* and a third volume that will include a critical edition of the entire Tibetan text. Published by American Institute of Buddhist Studies (AIBS)

Tantric Treasures, 2004-04-01 Roger Jackson provides accurate, accessible translations of three classics of medieval Indian Buddhist mysticism: the couplet-treasures of the great tantric masters Saraha, Kanha, and Tilopa. Since their composition around 1000 CE, these poems have exerted a powerful influence on spiritual life, as well as poetry and song, in India, Nepal, and Tibet. Jackson's fresh translations allow the poetry to shine through, capturing the sense and spirit of the poems in the original. Jackson offers a thorough introduction that deftly summarizes the latest scholarship, situating the poems in their historical context and making them accessible not only to scholars but also to students and practitioners.

Tara Rachael Wooten, Ph.D., 2020-04-28 A practical guide for invoking the power and blessings of Tara, the beloved female Buddhist deity of Tibet Tara connects you to the archetypal Divine Feminine, writes Dr. Rachael Wooten, an energetic force that exists within us and all around us. While there are many scholarly books on Tara, this practical, psychological guide shows how those of any tradition can directly access her, through clear instruction and authentic Tibetan Buddhist teachings. In her myriad forms, Tara—also known as the female Buddha of Tibet—has the power to protect us from inner and outer negativity, illuminate our self-sabotaging habits, cleanse mental and physical poisons, open us to abundance, give us strength and peace, help us fulfill our life purposes, and more. Here, readers explore each of the 21 manifestations of Tara, engaging with each through traditional meditations, visualizations, praises, mantra chants, and the author's extensive experience as a depth psychologist. If ever the voice of wisdom and compassion was needed in the form of an awakened female figure such as Tara, writes Wooten, that time is now. This book illuminates the way to her healing, blessings, and aid.

Buddhist Thought Paul Williams, Anthony Tribe, Alexander Wynne, 2002-01-04 *Buddhist Thought* guides the reader towards a richer understanding of the central concepts of classical Indian Buddhist thought, from the time of Buddha, to the latest scholarly perspectives and controversies. Abstract and complex ideas are made understandable by the authors' lucid style. Of particular interest is the up-to-date survey of Buddhist Tantra in India, a branch of Buddhism where strictly controlled sexual activity can play a part in the religious path. Williams' discussion of this controversial practice as well as of

many other subjects makes Buddhist Thought crucial reading for all interested in Buddhism.

The Essence of Tibetan Buddhism Lama Thubten Yeshe, 2012-06-14 The first teaching, The Three Principal Aspects of the Path, was given in France in 1982. The second teaching, an Introduction to Tantra, also in two parts, was given at Grizzly Lodge, California, in 1980. It comprises the first two lectures of a commentary on the Chenrezig yoga. Meditation is not on the level of the object but on that of the subject - you are the business of your meditation. Bodhicitta is very practical, I tell you. It's like medicine. The self-cherishing thought is like a nail or a sword in your heart; it always feels uncomfortable. With bodhicitta, from the moment you begin to open, you feel incredibly peaceful and you get tremendous pleasure and inexhaustible energy. Forget about enlightenment - as soon as you begin to open yourself to others, you gain tremendous pleasure and satisfaction. Working for others is very interesting; it's an infinite activity. Your life becomes continuously rich and interesting. Historically, Shakyamuni Buddha taught the four noble truths. To whose culture do the four noble truths belong? The essence of religion has nothing to do with any one particular country's culture. Compassion, love, reality - to whose culture do they belong? The people of any country, any nation, can implement the three principal aspects of the path, the four noble truths or the eightfold path. There's no contradiction at all.
