

The Catholics The Church And Its People In Britain And Ireland From The Reformation To The Present Day

In *A People Adrift*, a prominent Catholic thinker states bluntly that the Catholic Church in the United States must transform itself or suffer irreversible decline. Peter Steinfels shows how even before the recent revelations about sexual abuse by priests, the explosive combination of generational change and the thinning ranks of priests and nuns was creating a grave crisis of leadership and identity. This groundbreaking book offers an analysis not just of the church's immediate troubles but of less visible, more powerful forces working below the surface of an institution that provides a spiritual identity for 65 million Americans and spans the nation with its parishes, schools, colleges and universities, hospitals, clinics, and social service agencies. In *A People Adrift*, Steinfels warns that entrenched liberals and conservatives are trapped in a "theo-logical gridlock" that often ignores what in fact goes on in families, parishes, classrooms, voting booths, and Catholic organizations of all types. Above all, he insists, the altered Catholic landscape demands a new agenda for leadership, from the selection of bishops and the rethinking of the priesthood to the thorough preparation and genuine incorporation of a lay leadership that is already taking over key responsibilities in Catholic institutions. Catholicism exerts an enormous cultural and political presence in American life. No one interested in the nation's moral, intellectual, and political future can be indifferent to the fate of what has been one of the world's most vigorous churches -- a church now severely challenged.

Provides answers to questions asked about the Catholic faith, worship, culture and customs.

The Number One Bestseller Shortlisted for the Irish Book Awards 2021 'A great achievement . . . Brilliant, engaging and essential' Colm Tóibín 'At once intimate and epic, this is a landmark book' Fintan O'Toole When Dubliner Derek Scally goes to Christmas Eve Mass on a visit home from Berlin, he finds more memories than congregants in the church where he was once an altar boy. Not for the first time, the collapse of the Catholic Church in Ireland brings to mind the fall of another powerful ideology - East German communism. While Germans are engaging earnestly with their past, Scally sees nothing comparable going on in his native land. So he embarks on a quest to unravel the tight hold the Church had on the Irish. He travels the length and breadth of Ireland and across Europe, going to Masses, novenas, shrines and seminaries, talking to those who have abandoned the Church and those who have held on, to survivors and campaigners, to writers, historians, psychologists and many more. And he has probing and revealing encounters with Vatican officials, priests and religious along the way. *The Best Catholics in the World* is the remarkable result of his three-year journey. With wit, wisdom and compassion Scally gives voice and definition to the murky and difficult questions that face a society coming to terms with its troubling past. It is both a lively personal odyssey and a resonant and gripping work of reporting that is a major contribution to the story of Ireland. 'Reflective, textured, insightful and original ... rich with history, interrogation and emotional intelligence' Diarmaid Ferriter, *Irish Times* 'An unblinking look at the collapse of the Church and Catholic deference in Ireland. Excellent and timely' John Banville, *The Sunday Times* 'Engaging and incisive' Caelainn Hogan, author of *Republic of Shame* 'Remarkable ... Essential reading for anyone concerned about history and forgetting' Michael Harding 'Fair-minded ... thoughtful' Melanie McDonagh, *The Times* 'Very pacy and entertaining ... and it changed how I regard Ireland and our history for good. Fantastic' Oliver Callan 'Original, thought-provoking and very engaging' Marie Collins 'A provocative insight into a time that many would rather forget' John Boyne 'Challenging' Mary McAleese 'Explores this subject in a way that I've never seen before' Hugh Linehan, *Irish Times*

This updated second edition of the *Catechism of the Catholic Church* incorporates all the final modifications made in the complete, official Latin text, accompanied by line-by-line explanations of orthodox Catholicism, summaries of each section, a detailed index, extensive cross-references, and helpful footnotes.

"Father Lafont challenges the Church to offer a renewed image and to speak credibly, without abandoning any essentials given by God to the Church and without sacrificing the radicalism of the Gospel message."--BOOK JACKET.Title

"Magisterial and glorious" (*Pittsburgh Post-Gazette*), the first full authoritative biography of Dorothy Day—American icon, radical pacifist, Catholic convert, and advocate for the homeless—is "a vivid account of her political and religious development" (Karen Armstrong, *The New York Times*). After growing up in a conservative middle-class Republican household and working several years as a left-wing journalist, Dorothy Day converted to Catholicism and became an anomaly in American life for the next fifty years. As an orthodox Catholic, political radical, and a rebel who courted controversy, she attracted three generations of admirers. A believer in civil disobedience, Day went to jail several times protesting the nuclear arms race. She was critical of capitalism and US foreign policy, and as skeptical of modern liberalism as political conservatism. Her protests began in 1917, leading to her arrest during the suffrage demonstration outside President Wilson's White House. In 1940 she spoke in Congress against the draft and urged young men not to register. She told audiences in 1962 that the US was as much to blame for the Cuban missile crisis as Cuba and the USSR. She refused to hear any criticism of the pope, though she sparred with American bishops and priests who lived in well-appointed rectories while tolerating racial segregation in their parishes. Dorothy Day is the exceptional biography of a dedicated modern-day pacifist, an outspoken advocate for the poor, and a lifelong anarchist. This definitive and insightful account is "a monumental exploration of the life, legacy, and spirituality of the Catholic activist" (*Spirituality & Practice*).

Losing your religion is harder than it looks ... From devout ten-year-old performing the part of Jesus in a primary school play to blaspheming, undergraduate atheist, Monica Dux and her attitude to the Catholic Church changed profoundly over a decade. Eventually, she calmed down and was just 'lapsed'. Then, on a family trip to Rome, her young daughter expressed a desire to be baptised. Monica found herself re-examining her own childhood and how Catholicism had

shaped her. Was it really out of her system or was it in her blood for life? In *Lapsed*, Monica sets out to find the answer. Her investigations lead her to test a miracle cure in Lourdes and visit the grave of a headless Saint who claimed to be married to Christ (and wore a wedding ring made of his foreskin to prove it). She speaks to canon lawyers, abuse survivors and even a nun who insists that the Virgin Mary starts her car every morning. With wry humour and razor-sharp observations, *Lapsed* is the story of one woman's attempt to exorcise her religious upbringing, and to answer the question, is Catholicism like a blood group and, if so, is it possible to get a total transfusion? 'Enlightening, forensic and laugh-out-loud funny' -- JANE CARO 'A frank, funny and heartfelt exorcism of our need to believe in a man in the sky' -- SHAUN MICALLEF

Walter Kasper is already well-known and loved throughout the English-speaking world. He has held high office in the Vatican but until his recent retirement has felt constrained from publishing what he really thinks and his vision of the Church for the future. Kasper brings to conclusion a project that has been pursued for years, as it joins together his greatest monographs on the subject of God's teaching and Christology. The book covers three main topics: Nature, Reality and the Mission of the Church. The introductory section is autobiographical and the reader can see Kasper's personal and theological way in to and with the Church. He develops the actual ecclesiological exegesis - for Kasper the representation of the Being of the Church is not about empirical description, but rather a testimony of being. He emphasizes that nobody is able to apply the stereotypical and idealistic image of the heavens to the critical acknowledgement of the church's present. The program of the Church is ultimately not self-directed but rather remains oriented towards the finalization of the arrival of the kingdom of God and the spiritual healing of the human race.

Are you a Catholic or were you a Catholic? Do you know someone who is Catholic? Then this book could save your spiritual life or their spiritual life. Whether you read this book or not could mean the difference between life and death and heaven or hell. The Roman Catholic Church is the largest denomination of professed believers in Jesus Christ in the world, but do they preach the Gospel and the truth of the Bible or do they mislead parishioners with false doctrines and edicts not found in the Bible? Dr. Gauss is a former Catholic who discovered the truth of the Bible and was set free from the spiritual bondage of the Roman Catholic Church. You can also be set free by knowing the truth taught by Jesus and His Apostles. In this expanded edition, Dr. Gauss explores additional non-biblical traditions of the Roman Catholic Church.

Catholic antimodern, 1920-1929 -- Anti-communism and paternal Catholicism, 1929-1944 -- Anti-fascism and fraternal Catholicism, 1929-1944 -- Rebuilding Christian Europe, 1944-1950 -- Christian democracy and Catholic innovation in the long 1950s -- The return of heresy in the global 1960s

The Catholic Church and the Bible: From the Council of Trent to the Jansenist Controversy studies the impact of Jansenism and anti-Jansenism on vernacular Bible reading and Bible production in the Low Countries in the sixteenth and seventeenth centuries. Church, and religion more broadly, exist within the context of our life stories. That's why this readable and engaging introduction to Catholicism deftly combines personal narrative with rich theology and current scholarship. Dennis Doyle's *The Catholic Church in a Changing World: A Vatican II Inspired Approach* invites readers to consider their own beliefs while studying the contemporary teachings of the Catholic Church. Organized around two central documents of Vatican II, *Lumen gentium* and *Gaudium et spes*, the text presents contemporary theological and ecclesiological ideas with nuance, clarity, and fairness, especially regarding issues that might be polarizing. With short chapters, sidebars, recommendations for further reading, and an ecumenical and inclusive voice, *The Catholic Church in a Changing World* updates a proven and popular text to meet the needs of the modern classroom.

This updated second edition of the Catechism of the Catholic Church incorporates all the final modifications made in the complete, official Latin text, accompanied by line-by-line explanations of orthodox Catholicism, summaries of each section, a detailed

A cautionary investigative exposé into some of the controversial ways the Catholic Church uses its considerable wealth traces the journey of money collected by some of the U.S.'s poorest parishes, revealing the considerable measures taken to conceal Vatican resource allocation. 50,000 first printing.

Using the 'Catechism of the Catholic Church' as a basis, the author presents a complete compendium of all the major beliefs of Catholicism. He offers a thorough summary of Catholic doctrine, morality, and worship in a popular format with less technical language. He presents a synthesis of the essential and fundamental Catholic teachings in the light of the Second Vatican Council and the whole of the church's Tradition. (Adapted from back cover).

Roman Catholicism stands at a crossroads, a classic "best of time, worst of times" moment. On the one hand, the Catholic Church remains by far the largest branch of the worldwide Christian family, and is growing at a remarkable clip. Yet the Church has also been rocked by a series of scandals related to the sexual abuse of minors by clergy, and, even more devastating, the cover-up by the Church hierarchy. The Church has enormous residual strength and exciting future prospects, but it also faces steep internal and external challenges. The author offers an authoritative and accessible guide to the past, present, and future of the Church.

Has the Americanization of American Catholics--their cultural assimilation, that is--been a blessing or a curse for the Church in the United States? Or has it been a bit of both? In *The Gibbons Legacy* Russell Shaw takes a searching look at that question and reaches a disturbing conclusion. Cultural assimilation, which was ardently championed by churchmen like the great Cardinal James Gibbons of Baltimore around the turn of the last century, has undoubtedly conferred many benefits on Catholics. Their absorption into the secular culture of America, however, now threatens the Catholic identity of millions of faithful and of their institutions, such as schools, universities, and hospitals. Shaw does not offer this conclusion as an unsupported generalization. *The Gibbons Legacy* is a richly documented analysis of a process extending over two centuries. Colorful characters and dramatic incidents abound, including the nineteenth-century intellectual feud between Father Orestes Brownson and the Transcendentalist convert to Catholicism Isaac Hecker, Pope Leo XIII's condemnation of Americanism, the anti-Catholicism that greeted the presidential campaigns of Al Smith and John F. Kennedy, and the numerous intra-Church conflicts that have divided American Catholics since the Second Vatican Council. In concluding his study, Shaw offers a number of thoughtprovoking suggestions about what the Church in America needs to do now in the face of an ongoing decline that is sapping its strength and may threaten its very survival.

This book explores the extent of parallelism and cross-influence between Catholic Social Teaching and the work of the world's oldest human rights institution, the International Labour Organisation (ILO). Sometimes there is a mutual attraction between seeming opposites who in fact share a common goal. This book is about just such an attraction between a secular organisation born of the political desire for peace and justice, and a metaphysical institution much older founded to bring peace and justice on earth. It examines the principles evident in the teachings of the Catholic Church and in the secular philosophy of the ILO; together with the theological basis of the relevant provisions of Catholic Social Teaching and of the socio-political origins and basis of the ILO. The spectrum of labour rights covered in the book extends from the right to press for rights, i.e., collective bargaining, to rights themselves – conditions in work – and on to post-employment rights in the

form of social security and pensions. The extent of the parallelism and cross-influence is reviewed from the issue of the Papal Encyclical of Pope Leo XIII *Rerum Novarum* (1891) and from the founding of the ILO in 1919. This book is intended to appeal to lay, professional and academic alike, and will be of interest to researchers and academics working in the areas of international human rights, theology, comparative philosophy, history and social and political studies. On 4 January 2021 it was granted an Imprimatur by the Roman Catholic Archbishop of Liverpool, Malcolm P. McMahon O.P., meaning that the Catholic Church is satisfied that the book is free of doctrinal or moral error.

In this extraordinary book, the renowned Hans Kung chronicles the Roman Catholic Church's role as a world power throughout history. He examines great schisms — between East and West, Catholicism and Protestantism — the evolving role of the papacy and the stories of the great reforming popes; and the expansion of a global Church infrastructure. The book concluded with a searching assessment of how the Catholic faith will confront the immense challenges posed in the new millennium by the scientific community, by women questioning their role in the Church, and by those seeking reform of the strictures against abortion and contraception. *The Catholic Church* is a landmark book by a controversial and profoundly influential thinker.

Written with economy and in chronological order, this book offers a comprehensive account of the response to the Nazi tyranny by Pope Pius XII, his envoys, and various representatives of the Catholic Church in every country where Nazism existed before and during WWII. Peter Bartley makes extensive use of primary sources — letters, diaries, memoirs, official government reports, German and British. He manifestly quotes the works of several prominent Nazis, of churchmen, diplomats, members of the Resistance, and ordinary Jews and gentiles who left eye-witness accounts of life under the Nazis, in addition to the wartime correspondence between Pius XII and President Roosevelt. This book reveals how resistance to Hitler and rescue work engaged many churchmen and laypeople at all levels, and was often undertaken in collaboration with Protestants and Jews. The Church paid a high price in many countries for its resistance, with hundreds of churches closed down, bishops exiled or martyred, and many priests shot or sent to Nazi death camps. Bartley also explores the supposed inaction of the German bishops over Hitler's oppression of the Jews, showing that the Reich Concordat did not deter the hierarchy and clergy from protesting the regime's iniquities or from rescuing its victims. While giving clear evidence for Papal condemnation of the Jewish persecution, he also explains why Pius XII could not completely set aside the language of diplomacy and be more openly vocal in his rebuke of the Nazis. It is no secret: the body of Christ in the United States is broken. While universality—and unity amid diversity—is a fundamental characteristic of Roman Catholicism, all-too-familiar issues related to gender, sexuality, race, and authority have rent the church. Healthy debates, characteristic of a living tradition, suffer instead from an absence of genuine engagement and dialogue. But there is still much that binds American Catholics. In naming the wounds and exploring their social and religious underpinnings, *Polarization in the US Catholic Church* underscores how shared beliefs and aspirations can heal deep fissures and the hurts they have caused. Cutting across disciplinary and political lines, this volume brings essential commentary in the direction of reclaimed universality among American Catholics.

Rather than chronicling the well-reported sexual abuse scandal or advocating a particular reform agenda, David Gibson shows how the crisis in the church is unleashing forces that will change American Catholicism forever.

The Authority of Women in the Catholic Church elucidates the essential role women play in the covenant of salvation. With the support of Scripture, the writings of the Fathers of the Church, and contemporary theological insights, Monica Migliorino Miller explains how Christian women exemplify the reality of the Church in relation to Christ and the ministerial priesthood. While providing a fascinating response to contemporary feminist theology, *The Authority of Women in the Catholic Church* clarifies the meaning of authentic feminine authority so needed in the Church today.

Presenting case studies from sixteen countries on five continents, *The Catholic Church and the Nation-State* paints a rich portrait of a complex and paradoxical institution whose political role has varied historically and geographically. In this integrated and synthetic collection of essays, outstanding scholars from the United States and abroad examine religious, diplomatic, and political actions—both admirable and regrettable—that shape our world. Kenneth R. Himes sets the context of the book by brilliantly describing the political influence of the church in the post-Vatican II era. There are many recent instances, the contributors assert, where the Church has acted as both a moral authority and a self-interested institution: in the United States it maintained unpopular moral positions on issues such as contraception and sexuality, yet at the same time it sought to cover up its own abuses; it was complicit in genocide in Rwanda but played an important role in ending the horrific civil war in Angola; and it has alternately embraced and suppressed nationalism by acting as the voice of resistance against communism in Poland, whereas in Chile it once supported opposition to Pinochet but now aligns with rightist parties. With an in-depth exploration of the five primary challenges facing the Church—theology and politics, secularization, the transition from serving as a nationalist voice of opposition, questions of justice, and accommodation to sometimes hostile civil authorities—this book will be of interest to scholars and students in religion and politics as well as Catholic Church clergy and laity. By demonstrating how national churches vary considerably in the emphasis of their teachings and in the scope and nature of their political involvement, the analyses presented in this volume engender a deeper understanding of the role of the Roman Catholic Church in the world.

Very often in the history of Christianity, "reformers," by whatever name, have aspired to return to "the early Church." The Church of their own day, for whatever reason, fails to live up to what they think Christianity should be: in their view there has been a falling away from the beautiful ideals of the early Church. Kenneth Whitehead shows in this book how the early Church has, in fact, not disappeared, but rather has survived and persisted, and is with us still. "Reformers" are not so much the ones needed by this Church as are those who aspire to be saints—to follow Christ seriously and always to fulfill God's holy will by employing the means of sanctification which Christ continues to provide in the Church. Whitehead shows how the visible body which today bears the name "the Catholic Church" is the same Church which Christ established to carry on and perpetuate in the world his Words and his Works—and his own divine Life—and to bring salvation and sanctification to all mankind. Despite superficial differences in certain appearances, the worldwide Catholic Church today remains the same Church that was originally founded by Jesus Christ on Peter and the other apostles back in the first century in the ancient Near East. The early Church,

The presence of the Catholic Church in the United States reaches back to the founding days of our country through the leadership of Archbishop John Carroll, the first Catholic bishop in the United States. His story like the stories at the start of each chapter in the United States Catholic Catechism for Adults give us a glimpse into the lives of Catholics who lived out their faith throughout our country's history. Each chapter in the Catechism for Adults includes stories, doctrine, reflection, quotations, discussion questions, and prayer to lead the reader to a deepening faith. The Catechism for Adults is an excellent resource for preparation of catechumens in the Rite of Christian Initiation of Adults and for ongoing catechesis of adults.

For 2,000 years, Catholicism—the largest religion in the world and in the United States—has shaped global history on a scale unequalled by any other institution. But until now, Catholics interested in their faith have been hard-pressed to find an accessible, affirmative, and exciting history of the Church. *Triumph* is that history. Inside, you'll discover the spectacular story of the Church from Biblical times and the early days of St. Peter—the first pope—to the twilight years of John Paul II. It is a sweeping drama of Roman legions, great crusades, epic battles, toppled empires, heroic saints, and enduring faith. And, there are stormy controversies: Dark Age skullduggery, the Inquisition, the Renaissance popes, the Reformation, the Church's refusal to accept sexual liberation and contemporary allegations like those made in Hitler's Pope and Papal Sin. A brawling, colorful history full of inspiring pageantry and spirited polemic, *Triumph* will exhilarate, amuse, and infuriate as it extols

the glories of Catholic history and the gripping stories of its greatest men and women.

A New York Times columnist and one of America's leading conservative thinkers considers Pope Francis's efforts to change the church he governs in a book that is "must reading for every Christian who cares about the fate of the West and the future of global Christianity" (Rod Dreher, author of *The Benedict Option*). Born Jorge Mario Bergoglio in 1936, today Pope Francis is the 266th pope of the Roman Catholic Church. Pope Francis's stewardship of the Church, while perceived as a revelation by many, has provoked division throughout the world. "If a conclave were to be held today," one Roman source told *The New Yorker*, "Francis would be lucky to get ten votes." In his "concise, rhetorically agile...adroit, perceptive, gripping account (*The New York Times Book Review*), Ross Douthat explains why the particular debate Francis has opened—over communion for the divorced and the remarried—is so dangerous: How it cuts to the heart of the larger argument over how Christianity should respond to the sexual revolution and modernity itself, how it promises or threatens to separate the church from its own deep past, and how it divides Catholicism along geographical and cultural lines. Douthat argues that the Francis era is a crucial experiment for all of Western civilization, which is facing resurgent external enemies (from ISIS to Putin) even as it struggles with its own internal divisions, its decadence, and self-doubt. Whether Francis or his critics are right won't just determine whether he ends up as a hero or a tragic figure for Catholics. It will determine whether he's a hero, or a gambler who's betraying both his church and his civilization into the hands of its enemies. "A balanced look at the struggle for the future of Catholicism...*To Change the Church* is a fascinating look at the church under Pope Francis" (*Kirkus Reviews*). Engaging and provocative, this is "a pot-boiler of a history that examines a growing ecclesial crisis" (*Washington Independent Review of Books*).

Crisis and Challenge in the Roman Catholic Church explores the historical, theological, and ethical dimensions of the current issues and challenges facing the Catholic Church and offers constructive hope for reformation.

This Companion to the Catechism of the Catholic Church Book of References contains all the passages of Sacred Scripture referred to in the Catechism arranged according to the paragraphs in which the references are made. But that is only a beginning. The Catechism also refers to conciliar texts, papal documents, writings of the Fathers and of the Saints. There are more than 3,600 of these references extending from the earliest credal formulations of the ancient Church to the documents of Vatican II and beyond to the magisterial teaching of Pope John Paul II. The Book of References includes all the texts referred to arranged, along with the Scripture passages, according to the paragraphs of the Catechism in which they are referred. (From Ignatius Press website: <http://www.ignatius.com/Products/CCCC-P/the-companion-to-the-catechism-of-the-catholic-church.aspx> - accessed 11/03/2011).

Predicts a significant decline in the Roman Catholic Church in the United States, examining its responses to important issues, noting twentieth-century changes, and making suggestions about how the faith should be redirected.

Discusses essential issues facing the Catholic Church and offers a case for democracy within the Church and a new way to approach reform. Table of contents includes: Prayers, An overview of the tradition, Scripture, Church, Liturgy, The Liturgical year, Devotions in Catholic tradition, Veneration of saints and heroes, Catholic symbols, Word and phrase origins.

The Catholic Church has been nearly destroyed by its resistance to change, censured for its abuses. Pope Francis has promised reform: radical theologian Hans Küng here presents what Catholics have long been yearning for: modern responses to the challenges of a modern world.

A comprehensive history of the Catholic Church from its beginnings in Jesus' ministry to its current status in an increasingly secular world.

The Catholic Church and the Bible is a significant scriptural study guide, published from a Catholic perspective and particularly keyed to the new Catechism of the Catholic Church. The well-planned, straight forward text is clearly outlined to make information easy to find and understand. Main topics include the Catholic understanding of the Bible, God's Word and its purpose in the Church, a biblical theology of the Mass, the place of the Bible in the Sacred Liturgy, and a question-and-answer section that deals with pertinent and popular inquiries made by Catholics and non-Catholics alike. This work should be heartily welcomed by both clergy and laity, for Father Stravinskis sheds new light on Catholic Bible study by writing with candor, clarity and scriptural backing. This is ideal for use in Catholic high schools and in parish RCIA programs.

"Courageous and inspiring."—Karen Armstrong, author of *The Case for God* "James Carroll takes us to the heart of one of the great crises of our times."—Stephen Greenblatt, author of *The Swerve* An eloquent memoir by a former priest and National Book Award-winning writer who traces the roots of the Catholic sexual abuse scandal back to the power structure of the Church itself, as he explores his own crisis of faith and journey to renewal NAMED ONE OF THE BEST BOOKS OF THE YEAR BY PUBLISHERS WEEKLY James Carroll weaves together the story of his quest to understand his personal beliefs and his relationship to the Catholic Church with the history of the Church itself. From his first awakening of faith as a boy to his gradual disillusionment as a Catholic, Carroll offers a razor-sharp examination both of himself and of how the Church became an institution that places power and dominance over people through an all-male clergy. Carroll argues that a male-supremacist clericalism is both the root cause and the ongoing enabler of the sexual abuse crisis. The power structure of clericalism poses an existential threat to the Church and compromises the ability of even a progressive pope like Pope Francis to advance change in an institution accountable only to itself. Carroll traces this dilemma back to the Roman Empire and the Middle Ages, when Scripture, Jesus Christ, and His teachings were reinterpreted as the Church became an empire. In a deeply personal re-examination of self, Carroll grapples with his own feelings of being chosen, his experiences as a priest, and the moments of doubt that made him leave the priesthood and embark on a long personal journey toward renewal—including his tenure as an op-ed columnist at *The Boston Globe* writing about sexual abuse in the Church. Ultimately, Carroll calls on the Church and all reform-minded Catholics to revive the culture from within by embracing anti-clerical, anti-misogynist resistance and staying grounded in the spirit of love that is the essential truth at the heart of Christian belief and Christian life.

Catechism of the Catholic Church With Modifications from the Editio Typicalmage
