Terma is the hidden knowledge of the universe that reveals itself time to time, depending upon the relevance of its presence. Explorers from around the world have traveled from faraway places to the Himalayas looking for this mystical place. Archeologists from around the world often speculate that this enormous city is hidden by optical illusion. Karma and Zamyang decide to embark on a journey and write an account of their experience so that no more people lose their lives looking for Shambhala. Their journey takes a turn when they meet Rudratsering and he warns them of Maya, the clan of guardians who fiercely protected the city and were willing to die for it. Mystique, legend or folklore, it was all a surprise to Ada.
