'This isn't just football, it's Discworld football. Or, to borrow another phrase, it's about life, the Universe and everything' The Times The Discworld is very much like our own - if our own were to consist of a flat planet balanced on the back of four elephants which stand on the back of a giant turtle, that is . . . Football has come to the ancient city of Ankh-Morpork. And now, the wizards of Unseen University must win a football match, without using magic, so they're in the mood for trying everything else. This is not going to be a gentleman's game. The prospect of the Big Match draws in a street urchin with a wonderful talent for kicking a tin can, a maker of jolly good pies, a dim but beautiful young woman, who might just turn out to be the greatest fashion model there has ever been, and the mysterious Mr Nutt (and no one knows anything much about Mr Nutt, not even Mr Nutt) but there is something powerful, and dark, locked away inside him. As the match approaches, secrets are forced into the light and four lives will be entangled and changed for ever. Here we go, here we go, here we go!

a giant turtle, that is . . . There is a curse. They say: may you live in interesting times. 'May you live in interesting times' is the worst thing one can wish on a citizen of Discworld, especially on the distinctly unmagical Rincewind, who has had far too much perilous excitement in his life and can't even spell wizard. So when a request for a ;Great Wizzard; arrives in Ankh-Morpork via carrier albatross from the faraway Counterweight Continent, it's the endlessly unlucky Rincewind who's sent as emissary. The oldest (and most heavily fortified) empire on the Disc is in turmoil, and Chaos is building. And, for some incomprehensible reason, someone believes Rincewind will have a mythic role in the ensuing war and wholesale bloodletting. There are too many heroes already in the world, but there is only one Rincewind. And he owes it to the world to keep that one alive for as long as possible.

There is a distinct hint of Armageddon in the air. According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (recorded, thankfully, in 1655, before she blew up her entire village and all its inhabitants, who had gathered to watch her burn), the world will end on a Saturday. Next Saturday, in fact. So the armies of Good and Evil are amassing, the Four Bikers of the Apocalypse are revving up their mighty hogs and hitting the road, and the world's last two remaining witch-finders are getting ready to fight the good fight, armed with awkwardly antiquated instructions

and stick pins. Atlantis is rising, frogs are falling, tempers are flaring. . . . Right. Everything appears to be going according to Divine Plan. Except that a somewhat fussy angel and a fast-living demon -- each of whom has lived among Earth's mortals for many millennia and has grown rather fond of the lifestyle -- are not particularly looking forward to the coming Rapture. If Crowley and Aziraphale are going to stop it from happening, they've got to find and kill the Antichrist (which is a shame, as he's a really nice kid). There's just one glitch: someone seems to have misplaced him. . . . First published in 1990, Neil Gaiman and Terry Pratchett's brilliantly dark and screamingly funny take on humankind's final judgment is back -- and just in time -- in a new hardcover edition (which includes an introduction by the authors, comments by each about the other, and answers to some still-burning questions about their wildly popular collaborative effort) that the devout and the damned alike will surely cherish until the end of all things.

The ready-made rural store even comes with an ancient homestead overlooking the river, albeit one requiring some TLC. They say there are only two things you can count on ...
But that was before DEATH started pondering the
existential. Of course, the last thing anyone needs is a
squeamish Grim Reaper and soon his Discworld bosses
have sent him off with best wishes and a well-earned
gold watch. Now DEATH is having the time of his life,
finding greener pastures where he can put his scythe to
a whole new use. But like every cutback in an important
public service, DEATH's demise soon leads to chaos
and unrest -- literally, for those whose time was
supposed to be up, like Windle Poon. The oldest geezer
in the entire faculty of Unseen University -- home of
magic, wizardry, and big dinners -- Windle was looking
forward to a wonderful afterlife, not this boring been-
there-done-that routine. To get the fresh start he
deserves, Windle and the rest of Ankh-Morpork's undead
and underemployed set off to find DEATH and save the
world for the living (and everybody else, of course).
The wizards of Unseen University are again called upon
to defend their creation, Roundworld, this time in a
courtroom—where its very existence hangs in the
balance. The Omnians fervently believe that the world is
round, not flat, and view the discovery of Roundworld as

a vindication of their faith. To leave this artifact in the hands of the wizards would be unacceptable. Not only do the academics hold that Discworld is flat, but by creating the Roundworld universe, they have elevated themselves to the level of gods. Ankh-Morpork's venerable tyrant Lord Vetinari agrees to a tribunal, where the wizards Ridcully, Rincewind, and Ponder Stibbons can present their case—with key assistance from a Roundworld librarian named Marjorie Daw. JUDGMENT DAY weaves together explorations of such Earthly topics as big science, creation, subatomic particles, the existence of dark matter, and the psychology of belief--a treat for Discworld fans and readers of popular science alike.

There was an eighth son of an eighth son. He was, quite naturally, a wizard. And there it should have ended. However (for reasons we'd better not go into), he had seven sons. And then he had an eighth son... a wizard squared...a source of magic...a Sourcerer. SOURCERY SEES THE RETURN OF RINCEWIND AND THE LUGGAGE AS THE DISCWORLD FACES ITS GREATEST - AND FUNNIEST - CHALLENGE YET.

examples of Pratchett's non fiction writing, both serious and surreal: from musings on mushrooms to what it means to be a writer (and why banana daiquiris are so important); from memories of Granny Pratchett to speculation about Gandalf's love life, and passionate defences of the causes dear to him. With all the humour and humanity that have made his novels so enduringly popular, this collection brings Pratchett out from behind the scenes of the Discworld to speak for himself -- man and boy, bibliophile and computer geek, champion of hats, orangutans and Dignity in Dying. Snuff was the bestselling adult hardcover novel of 2011. A Blink of the Screen, Terry's short fiction collection, was also one of the bestselling hardcovers of 2012.

“Istanbul, Istanbul turns on the tension between the confines of a prison cell and the vastness of the imagination; between the vulnerable borders of the body and the unassailable depths of the mind. This is a harrowing, riveting novel, as unforgettable as it is inescapable.” —Dale Peck, author of Visions and Revisions “A wrenching love poem to Istanbul told between torture sessions by four prisoners in their cell beneath the city. An ode to pain in which Dostoevsky meets The Decameron.” —John Ralston Saul, author of On Equilibrium; former president, PEN International “Istanbul is a city of a million cells, and every cell is an Istanbul unto itself.” Below the ancient streets of Istanbul, four prisoners—Demirtay the student, the doctor, Kamo the barber, and Uncle Küheylan—sit, awaiting their turn at the hands of their wardens. one another stories about the city, shaded with love and humor, to pass the time. Quiet laughter is the prisoners' balm, delivered through parables and riddles. Gradually, the underground narrative turns into a narrative of the above-ground. Initially centered around people, the book comes to focus on the city itself. And we discover there is as much suffering and hope in the Istanbul above ground as there is in the cells underground. Despite its apparently bleak setting, this novel—translated into seventeen languages—is about creation, compassion, and the ultimate triumph of the imagination.

'Just because you can't explain it, doesn't mean it's a miracle.' In the beginning was the Word. And the Word was: 'Hey, you!' This is the Discworld, after all, and religion is a controversial business. Everyone has their own opinion, and indeed their own gods, of every shape and size, and all elbowing for space at the top. In such a competitive environment, it's certainly not helpful to be reduced to appearing in the form of a tortoise, a manifestation far below god-like status in anyone's book. In such instances, you need an acolyte, and fast: for the Great God Om, Brutha the novice is the Chosen One – or at least the only One available. He wants peace and justice and brotherly love. He also wants the Inquisition to stop torturing him now, please... Now adapted into graphic novel form with new artwork by Ray Friesen. In a distant and second-hand set of dimensions, in an astral plane that was never meant to fly . . . Imagine a flat world sitting on the backs of four elephants who hurtle through space balanced on a giant turtle. The Discworld is a place (and a time) strikingly parallel to our own—but also very different. But also very similar. To commemorate the twenty-fifth anniversary of the birth of the Discworld, the first two volumes of the remarkable Terry Pratchett's equally remarkable—and phenomenally successful—series were made available together, right here, in graphic novel form. These beautifully illustrated renditions of *The Colour of Magic* and *The Light Fantastic* show and tell the bizarre misadventures of the spectacularly inept wizard Rincewind and Twoflower, Discworld's very first—and possibly, portentously its very last—tourist. Not to mention the Luggage, which has a mind of its own. And teeth.

This is how the Discworld began. Here is the sapient pearwood Luggage, a mobile trunk which launders any clothes put in it and incidentally homicidally defends its owner. Here is Twoflower, an innocent tourist in a world of nightmares and fairy tales

In the first of the Discworld series, the inept wizard Rincewind finds himself the reluctant escort of the Discworld's first tourist, Twoflower, and his magical Luggage.

While his cousins were learning how to create the things that commoners called fairies, ghosts, golems, trolls, werewolves, and other such miracles that were the heritage of the North family, Danny worried that he would never show a talent, never form an outself. He grew up in the rambling old house, filled with dozens of cousins, and aunts and uncles, all ruled by his father. Their home was isolated in the mountains of western Virginia, far from town, far from schools, far from other people. There are many secrets in the House, and many rules that Danny must follow. There is a secret library with only a few dozen books, and none of them in English — but Danny and his cousins are expected to become fluent in the language of the books. While Danny's cousins are free to create magic whenever they like, they must never do it where outsiders might see. Unfortunately, there are some secrets kept from Danny as well. And that will lead to disaster for the North family.
