Early Americans have long been considered "A People of the Book" because the nickname was coined primarily to invoke close associations between Americans and the Bible, it is easy to overlook the central fact that it was a book—not a geographic location, a monarch, or even a shared language—that has served as a cornerstone in countless investigations into the formation and fragmentation of early American culture. Few books can lay claim to such powers of civilization-altering influence. Among those which can are sacred books, and for Americans principal among such books stands the Bible. This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions. It takes seriously the fact that the Bible is both a physical object that has exercised considerable totemic power, as well as a text with a powerful intellectual design that has inspired everything from national religious and educational practices to a wide spectrum of artistic endeavors to our nation's politics and foreign policy. This Handbook brings together a number of established scholars, as well as younger scholars on the rise, to provide a scholarly overview—rich with bibliographic resources—to those interested in the Bible's role in American cultural formation.

This early work by Robert E. Howard was originally published in 1935 and we are now republishing it with a brand new introductory biography. 'Hawk of the Hills' is a story in the El Borak series where El Borak leads a tribe to war in Afganistan. Robert Ervin Howard was born in Peaster, Texas in 1906. During his youth, his family moved between a variety of Texan boomtowns, and Howard – a bookish and somewhat introverted child – was steeped in the violent myths and legends of the Old South. At fifteen Howard began to read the pulp magazines of the day, and to write more seriously. The December 1922 issue of his high school newspaper featured two of his stories, 'Golden Hope Christmas' and 'West is West'. In 1924 he sold his first piece – a short caveman tale titled 'Spear and Fang' – for \$16 to the not-yet-famous Weird Tales magazine. Howard's most famous character, Conan the Cimmerian, was a barbarian-turned-King during the Hyborian Age, a mythical period of some 12,000 years ago. Conan featured in seventeen Weird Tales stories between 1933 and 1936 which is why Howard is now regarded as having spawned the 'sword and sorcery' genre. The Conan stories have since been adapted many times, most famously in the series of films starring Arnold Schwarzenegger.

"In the beginning-- before the first man was created; before the earth, the sun, the stars, even before the light and time were created, there was God. He alone existed without beginning, but he was not lonely. He communed with himself in a perfect trinity of love. But God wanted to share his life. He wanted friends and neighbors. The Bible tells us in eternity past God created numerous kinds of angelic beings to offer praise around his throne but this is not their story. This is the story of God working with mankind."--P. [4] of cover.

There is a distinct hint of Armageddon in the air. According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (recorded, thankfully, in 1655, before she blew up her entire village and all its inhabitants, who had gathered to watch her burn), the world will end on a Saturday. Next Saturday, in fact. So the armies of Good and Evil are amassing, the Four Bikers of the Apocalypse are revving up their mighty hogs and hitting the road, and the world's last two remaining witch-finders are getting ready to fight the good fight, armed with awkwardly antiquated instructions and stick pins. Atlantis is rising, frogs are falling, tempers are flaring. . . . Right. Everything appears to be going according to Divine Plan. Except that a somewhat fussy angel and a fast-living demon -- each of whom has lived among Earth's mortals for many millennia and has grown rather fond of the lifestyle -- are not particularly looking forward to the coming Rapture. If Crowley and Aziraphale are going to stop it from happening, they've got to find and kill the Antichrist (which is a shame, as he's a really nice kid). There's just one glitch: someone seems to have misplaced him. . . . First published in 1990, Neil Gaiman and Terry Pratchett's brilliantly dark and screamingly funny take on humankind's final judgment is back -- and just in time -- in a new hardcover edition (which includes an introduction by the authors, comments by each about the other, and answers to some still-burning questions about their wildly popular collaborative effort) that the devout and the damned alike will surely cherish until the end of all things.

Dame Darcy is one of the sui generis artistic talents of the past two decades ? musician, actress, fortune teller, dollmaker, Gen X/feminist icon, and last but not least, cartoonist to the core ? and has been bewitching readers for over 20 years with her neo-Victorian horror/humor/romance comic Meat Cake. Alternating between one-off (often cruelly tragic) fairy tales and ongoing romps starring her eclectic cast of characters, including Effluvia the Mermaid, the roguish roué Wax Wolf, Igpay the Pig-Latin pig, Stregapez (a women who speaks by dispensing Pez-like tablets through a bloody hole in her throat), the mischievous Siamese twins Hindrance and Perfidia, Scampi the Selfish Shellfish, the stalwart Friend the Girl, and the blonde bombshell Richard Dirt, all delineated in her inimitable luxurious scrawl, Meat Cake is like a peek into the most creative, deranged dollhouse you ever saw. The Meat Cake Bible is the definitive collection of the series, collecting every story from all 17 issues (1993-2008) ? including "Hungry Is the Heart," Darcy's legendary collaboration with Alan Moore ? as well as new stories from the unpublished 18th issue.
