Matilda Rabinowitz's illustrated memoir challenges assumptions about the lives of early twentieth-century women. In *Immigrant Girl, Radical Woman*, Rabinowitz describes the ways in which she and her contemporaries rejected the intellectual and social restrictions imposed on women as they sought political and economic equality in the first half of the twentieth century. Rabinowitz devoted her labor and commitment to the notion that women should feel entitled to independence, equal rights, equal pay, and sexual and personal autonomy. Rabinowitz (1887–1963) immigrated to the United States from Ukraine at the age of thirteen. Radicalized by her experience in sweatshops, she became an organizer for the Industrial Workers of the World from 1912 to 1917 before choosing single motherhood in 1918. "Big Bill" Haywood once wrote, "a book could be written about Matilda," but her memoir was intended as a private story for her grandchildren, Robbin Légère Henderson among them. Henderson's black-and-white-scratchboard drawings illustrate Rabinowitz's life in the Pale of Settlement, the journey to America, political awakening and work as an organizer for the IWW, a turbulent romance, and her struggle to support herself and her child.

The Holocaust represents an immense historical as well as a cultural trauma. The following thesis talks about the trauma symptoms and the behavior of Holocaust victims, including a broad selection of scholarly research on the Holocaust aftermath. Afterwards, features of postgeneration art will be presented in detail, as second generation literature and art mirrors the depression and horrid state of the mind of survivors. By analyzing Art Spiegelmann's "The Complete Maus" and Helen Fremont's "After Long Silence" this thesis aims at portraying the degree of traumatization as well as the extent to which the second generation is affected by the traumatic experiences of the parents' lives. Contents: - Symptoms of psychological trauma and behavior, - Recovery and the Necessity of a Story, - Direct and Indirect Trauma, - The Concept of Postmemory: Familial Transmission of Trauma, - The Silence of the First Generation.

Ivory Coast, 1978. It's a golden time, and the nation, too—an oasis of affluence and stability in West Africa—seems fueled by something wondrous. Aya is loosely based upon Marguerite Abouet's youth in Yop City. It is the story of the studious and clear-sighted 19-year old Aya, her easy-going friends Adjoua and Bintou, and their meddling relatives and neighbors. It's wryly funny, breezy account of the simple pleasures and private troubles of everyday life in Yop City. Clément Oubrerie's warm colors and energetic, playful line connect expressively with Marguerite Abouet's vibrant writing. This reworked edition offers readers the chance to immerse themselves in the lively world of Aya and her friends, bringing together the first three volumes of the series in Book One. Drawn & Quarterly has release volumes four through six of the original French series (as yet unpublished in English) in *Aya: Love in Yop City*. Aya is the winner of the Best First Album award at the Angoulême International Comics Festival, the Children's Africana Book Award, and the Glyph Award; was nominated for the Quill Award, the YALSA's Great Graphic Novels list, and the Eisner Award; and was included on "best of" lists from The Washington Post, Booklist, Publishers Weekly, and School Library Journal. *Aya: Life in Yop City* has been translated from the French by Helge Dascher. This Hugo Award-winning graphic novel chronicles the fall from grace of a group of superheroes plagued by all-too-human failings. Along the way, the concept of the super-hero is dissected as the heroes are stalked by an unknown assassin. One of the most influential graphic novels of all time and a perennial bestseller, WATCHMEN has been studied on college campuses across the nation and is considered a gateway title, leading readers to other graphic novels such as V FOR VENDETTA, BATMAN: THE DARK KNIGHT RETURNS and THE SANDMAN series.

Shira Spector, whose drawing is visceral, symbolic and naturalistic, literally paints a vivid portrait of the most eventful 10 years of her life, encompassing her tenacious struggle to get pregnant, the emotional turmoil of her father's cancer diagnosis and eventual death, and her recollections of past relationships with her parents and her partner. Set in a kaleidoscope of Montreal and Toronto, Red Rock Baby Candy begins in subtle, tonal shades of black ink and introduces color slowly over the next 50 pages until it explodes into a glorious full color palette. The visual storytelling eschews traditional comics panels in favor of a series of unique page compositions that convey both a stream of consciousness and the tactile reality of life, both the subjective impressions of the author at each moment of the life she depicts and the objective series of events that shape her narrative.

Seminar paper from the year 2010 in the subject English Language and Literature Studies - Literature, grade: 2,3, Martin Luther University, language: English, abstract: This seminar paper deals with the graphic novel "Maus" by Art Spiegelman. The book was published in two volumes. The first volume with the subtitle: "My Father Bleeds History"(1986) and the second volume had the subtitle: "And Here My Troubles Began" (1991). The novel is about the genocide of European Jews. The action is centered on the Holocaust survivor Vladek Spiegelman, who was imprisoned in Auschwitz. His son Art Spiegelman reconstructs the story of his father by interviewing him and taking notes. During the novel the author Art Spiegelman informs the reader also about his mother Anja and himself. First of all, there is the question of how to deal with the medium comic, because comics represent actually funny stories but the Holocaust is anything but funny thus they are extreme opposites. However, Spiegelman

started a new era of comics, because he showed which opportunities exist in this medium and introduced the genre to a mass audience. He was able to do this, because he does not want to tell the complete history of the Holocaust but only a story of a survivor. The book includes three different time levels. The first one is the tale of woe of his father, who survives the Holocaust, the second one is where Art interviews his father about his experiences and memories and the third time level acts after Vladek's death and shows Art working on the second volume of "Maus." Due to the jumping between the time levels emerges close connection between present and past, thereby the story appears truer. The exact title of this seminar paper is Characterization and symbolism in "Maus" and will deal with the question of what happens with stereotypes of nationalism and how Spiegelman reflect personalities. First, the genre of the book will be examined by characteristics of fables and allegories. Furthermore

The author reflects on the comics form and its influence on his life and art as he traces his evolution from comics-obsessed boy to a neurotic adult exploring the effects of his parents' memories of Auschwitz on his own son.

Praised throughout the cartoon industry by such luminaries as Art Spiegelman, Matt Groening, and Will Eisner, this innovative comic book provides a detailed look at the history, meaning, and art of comics and cartooning.

A graphic novel based on the life and death of Robert "Yummy" Sandifer, an 11-year-old gang member from Chicago's Southside who was killed by his own gang members.

In late 1995 and early 1996, cartoonist/reporter Joe Sacco travelled four times to Gorazde, a UN-designated safe area during the Bosnian War, which had teetered on the brink of obliteration for three and a half years. Still surrounded by Bosnian Serb forces, the mainly Muslim people of Gorazde had endured heavy attacks and severe privation to hang on to their town while the rest of Eastern Bosnia was brutally 'cleansed' of its non-Serb population. But as much as SAFE AREA GORAZDE is an account of a terrible siege, it presents a snapshot of people who were slowly letting themselves believe that a war was ending and that they had survived. Since it was first published in 2000, SAFE AREA GORAZDE has been recognized as one of the absolute classics of graphic non-fiction. We are delighted to publish it in the UK for the first time, to stand beside Joe Sacco's other books on the Cape list - PALESTINE, THE FIXER and NOTES FROM A DEFEATIST.

USA Today, and praise from comedians like Patton Oswalt and Kristen Schaal. Her designs define the look of the wildly popular Netflix animated series *Bojack Horseman*. Her culinary-focused comics and illustrated essays in *Lucky Peach* magazine won her a James Beard Award. Now, *Hot Dog Taste Test* collects Hanawalt's devastatingly funny comics, gorgeous art, and screwball lists as she tucks into the pomposities of the foodie subculture. Hanawalt dismantles the notion of breakfast; says goodbye to New York through a street food smorgasbord; shadows chef Wylie Dufresne, samples all-you-can-eat buffets in Vegas; and crafts an eerie comic about being a horse lover yet an avid carnivore. *Hot Dog Taste Test* explodes with color, hilarity, charm, and, occasionally, reproductive organs. Lush full-spread paintings of birds getting their silly feet all over a kitchen, a fully imagined hot dog show (think *Best in Show* but with hot dogs), and a holiday feast gone awry are the creamy icing on this imaginative rainbow-colored cake. But Hanawalt's wit and heart extend far beyond gags--her insightful musings on popular culture, relationships, and the animal in all of us are as keen and funny as her watercolors are exquisite.

Seminar paper from the year 2018 in the subject English Language and Literature Studies - Literature, grade: 1,3, University of Würzburg, language: English, abstract: This paper will concentrate on the function of the portrayal of Jews as mice in the graphic novel "Maus" by Art Spiegelman as they represent the main characters and, thus, form the focus of the novel. The author proposes that with the depiction of Jews as mice, Spiegelman provides the reader with a more direct way to the material. Moreover, by creating a paradox, he disapproves Hitler's statement, which is printed in the epigraph of the novel, that "Jews are undoubtedly a race, but they are not human" and by using masks to modify the character's identity Spiegelman criticizes the Nazi's racial logic that specific populations have an unchanging character. The graphic novel "Maus" by Art Spiegelman has been one of the most popular and deeply discussed comics of the last decades. Being the first graphic novel about the Holocaust, it arose much attention but was also often criticized of not dealing with the topic with enough respect.

Maus I: A Survivor's Tale and *Maus II - the complete story of Vladek Spiegelman and his wife, living and surviving in Hitler's Europe*. By addressing the horror of the Holocaust through cartoons, the author captures the everyday reality of fear and is able to explore the guilt, relief and extraordinary sensation of survival - and how the children of survivors are in their own way affected by the trials of their parents. A contemporary classic of immeasurable significance. Follows the adventures of Paul Atreides, the son of a betrayed duke given up for dead on a treacherous desert planet and adopted by its fierce, nomadic people, who help him unravel his most unexpected destiny.

You may be looking at the back of this book, watching as someone else is reading it-a book entitled: Love: Expressed. And you're thinking, 'They must have issues.' So to help them out for a moment: This isn't another one of those 'self-help' manuals. This isn't a book about romance and sex, or feelings and cuddles. This isn't a guidebook offering relationship advice, giving tips on how to find 'love' and 'look after' it. In those senses, this isn't even a book about love. It's a book about life-every part of it. About how it should be lived, how it should be explored, how it should be expressed. This is a book about meaning, about life's trajectories. It's about God. It's about you. It's about them. In that sense, this is all about love. But if I could capture here what I mean by 'love' in that sense, I wouldn't have needed to write a book. In Kashmir's frigid winter a woman leaves her door cracked open, waiting for the return of her only son. Every month in a public park in Srinagar, a child remembers her father as she joins her mother in collective mourning. The activist women who form the Association of the Parents of the Disappeared Persons (APDP) keep public attention focused on the 8,000 to 10,000 Kashmiri men disappeared by the Indian government forces since 1989. Surrounded by Indian troops, international photojournalists, and curious onlookers, the APDP activists cry, lament, and sing while holding photos and files documenting the lives of their disappeared loved ones. In this radical departure from traditionally private rituals of mourning, they create a spectacle of mourning that combats the government's threatening silence about the fates of their sons, husbands, and fathers. Drawn from Ather Zia's ten years of engagement with the APDP as an anthropologist and fellow Kashmiri activist, *Resisting Disappearance* follows mothers and "half-widows" as they step boldly into courts, military camps, and morgues in search of their disappeared kin. Through an amalgam of ethnography, poetry, and photography, Zia illuminates how dynamics of gender and trauma in Kashmir have been transformed in the face of South Asia's longest-running conflict, providing profound insight into how Kashmiri women and men nurture a politics of resistance while facing increasing military violence under India.

Seminar paper from the year 2013 in the subject English - Literature, Works, grade: 1,0, University of Tübingen (Philosophische Fakultät), course: Popular Culture, language: English, abstract: Representing the Holocaust in a comic book is a daring enterprise; doing it with animal figures is even bolder. Spiegelman's work *Maus* braves many conventions of dealing with the Holocaust but reconstructs it in an unprecedented and unique manner. By exceeding literary boundaries and generic expectations, it is thus an essential addition to Holocaust literature. [...] This paper analyzes the animal metaphor in Spiegelman's *Maus*. It examines and discusses the different spheres in which the functions of the animal metaphor become evident. First, this paper traces back to the origins of using animals in literature. After a brief historical introduction of the sources and the development of animal figures, chapter 2 explains their literary function and their significance in comic books. Chapter 3 delivers a brief overview of *Maus*. It includes a synopsis of the comic's plot as well as a summary of its reception. Chapter 4, the main part of this paper, investigates the various functions and receptions of the animal metaphor in *Maus* from different perspectives. In chapter 4.1, Spiegelman's personal explanations reveal how *Maus*'s animal characters function for him as a second generation witness. Chapter 4.2 focuses upon these implications brought into

play with the use of the mask. A further subject, discussed in chapter 4.3, is how the animal imagery serves as a distancing and defamiliarizing device in order to deal with the horror of the Holocaust. Chapter 4.4 discusses the interconnection between both features. In chapter 4.5, the examination tries further to comprehend how the animal metaphor contributes to the reconstruction of ethnicity and identity in *Maus*. Since any analysis of a comic book must not neglect its visual dimension, chapter 4.6 considers *Maus*'s drawing style and the significance of its visual representation. *Maus* has attracted many critics and its reception has been diverse and manifold. Target of the criticism has been especially the use of animals as substitutes for human beings. Chapter 4.7 examines and discusses *Maus*'s animal device from a critical point of view regarding its incongruities and problems brought into play with the association of human beings and animals. The last chapter summarizes the insights of the analysis and discusses in what way *Maus*'s animal metaphor strikes a new path in the conception and reconstruction of the Holocaust.

On the occasion of the twenty-fifth anniversary of its first publication, here is the definitive edition of the book acclaimed as "the most affecting and successful narrative ever done about the Holocaust" (*Wall Street Journal*) and "the first masterpiece in comic book history" (*The New Yorker*). The Pulitzer Prize-winning *Maus* tells the story of Vladek Spiegelman, a Jewish survivor of Hitler's Europe, and his son, a cartoonist coming to terms with his father's story. *Maus* approaches the unspeakable through the diminutive. Its form, the cartoon (the Nazis are cats, the Jews mice), shocks us out of any lingering sense of familiarity and succeeds in "drawing us closer to the bleak heart of the Holocaust" (*The New York Times*). *Maus* is a haunting tale within a tale. Vladek's harrowing story of survival is woven into the author's account of his tortured relationship with his aging father. Against the backdrop of guilt brought by survival, they stage a normal life of small arguments and unhappy visits. This astonishing retelling of our century's grisliest news is a story of survival, not only of Vladek but of the children who survive even the survivors. *Maus* studies the bloody pawprints of history and tracks its meaning for all of us.

A collection of absurdist comics short stories navigating etiquette and diplomacy within the vicissitudes of the animal kingdom: from proud ostriches to racist mice, and delicious-looking weasels.

In *Writing After War*, John Limon develops a theory of the relationship of war in general to literature in general, in order to make sense of American literary history in particular. Applying the work of war theorists Carl von Clausewitz and Elaine Scarry, John Limon argues that *The Iliad* inaugurates Western literature on the failure of war to be duel-like, to have a beautiful form. War's failure is literature's justification. American literary history is demarcated by wars, as if literary epochs, like the history of literature itself, required bloodshed to commence. But in chapters on periods of literary history from realism, generally taken to be a product of the Civil War, through modernism, usually assumed to be a prediction or result of the Great War, up to postmodernism which followed World War II and spanned Vietnam, Limon argues that, despite the looming presence of war in American history, the techniques that define these periods are essentially ways of not writing war. From James and Twain, through Fitzgerald, Faulkner, and even Hemingway, to Pynchon, our national literary history is not hopelessly masculinist, Limon argues. Instead, it arrives naturally at Bobbie Ann Mason

and Maxine Hong Kingston. Kingston brings the discussion full circle: *The Woman Warrior*, like *The Iliad*, appears to condemn the fall from duel to war that is literature's endless opening.
