

The Conscious Hustle Business As A Path To Wealth Awakening

Do you feel like you're doing it all and it's still not enough? Discover your shortcut to success in P.S. You're A Genius. After a lifetime of overachieving, aiming to be excellent at everything, and three failed tech startups in Silicon Valley, Kelly Trach was stirred by a simple question: What if I just did what I'm good at? Now a six-figure business coach, Kelly poses the same question to you: What if you just did what you're good at? Despite conventional wisdom, the gifts and experience you need are already innate. Having that "it factor" or "special ingredient" isn't as elusive as you may think. P.S. You're a Genius takes you on a self-reflective journey to find your own gifts (especially when you don't feel "gifted" at all), asking questions like: How are your idols a reflection of your own genius? What are you great at that nobody taught you how to do? How is your darkest shadow your greatest gift? What have you been unexpectedly criticized for? Through these questions and more, you'll uncover the ways you naturally excel, relinquish the lie that you're not "good enough," and discover how to convincingly convey your value to anyone. In the process, you'll unlock the gumption to go after what you really want and ditch the mindset blocks holding you back—because YOU have an inherent genius. You just have to find it.

“Gabriel Krus is a really formidable poet. Acid Virga is rather terrifying, also a tour de force and a formal breakthrough. . . a blend of narrative and lyric the way the mind is. . .” —ALICE NOTLEY “As wildly visionary as it is linguistically alive, Gabriel Krus’s Acid Virga drills down into the bedrock of American life to produce a book unparalleled in its exploration of how visionary experience and social upheaval collide in ways that are both transformative and annihilating.” —TOM SLEIGH “If you’ve ever been conscious, and felt a little disturbed about it, of life as ancient and ephemeral or that falling apart is an integral force, this is a book to read over and over.” —STACY SZYMASZEK “. . .a great affliction and affection inform Acid Virga, fast-moving with strophes like brisk moving cloud banks over the mind in your heart.” —MAJOR JACKSON “Meanwhile, in el mal pais, leaned out on mucinex, mixing dexy cocktails in the haloed pharmacy of the car...” An unusually assured debut, Acid Virga is a memoir in verse cutting between a vivid Southwest upbringing and modern O’Hara hustle in New York City, deeply and seriously reckoning with the psychedelic heritage of religion and the psychological clarity of chemical consciousness. It is both thrillingly propulsive and dense enough to read again and again, always offering up something new. Language is boundlessly specific, evocative of states internal and external, reading at times like a melancholy memoir stuck between stations, an epic poem or even a philosophical tract, always a true and important record of our American lives as lived now—an endless and reliable ticker tape of the soul.

New York Times bestselling author Jefferson Bethke delivers a call to resist our cultural worship of connectivity and achievement before we lose the essentials that make us distinctly and deeply human. Our culture makes constant demands of us. Do more. Accomplish more. Buy more. Post more. Tweet more. And in following those demands, we have indeed become more--more anxious, more tired, more hurt, more depressed, more frantic. What we are doing isn't working because, Jefferson Bethke argues, we have forgotten the fundamentals that make us human, the things that anchor our lives, providing us with roots and meaning. In this highly anticipated new book, Jefferson Bethke delivers a wake-up call to resist our culture and embrace the slowness of Jesus. To stop doing and start becoming by proactively setting up boundaries in our lives and cultivating disciplines within them. He shows his readers how to find landmarks, anchors, and rhythms that provide depth and meaning and that push back against the demands of contemporary life. And he reveals that what the world teaches us to avoid at all costs--things such as silence, obscurity, solitude, and vulnerability--are the very things that can give us the meaning, depth, order, and the richness we are truly looking for.

The follow-up to the bestselling Part One delves deeper into personal development and explores business, relationships, community work, activism, networking, and creating widespread social change.
