The Cost of Victory Jay Allan, 2012-12-01 The Third Frontier War is raging, and all across human-occupied space worlds are burning. Massive battlefleets struggle for dominance and kilometer-long war ships exchange thermonuclear barrages. Battered in the early years of the war, the Western Alliance is resurgent. The brilliant Admiral Augustus Garret leads the Alliance fleet from victory to victory, taking the war to the very heart of the enemy empires. And on the ground, Colonel Erik Cain, hero of the Marine Corps, leads his crack troops again into combat, seeking the final battle. In the background, the secretive intelligence agencies of the despotic Superpowers plot and scheme, using their own soldiers as pawns in the great game for control of space. But the final battle will be fought in the reddish sands of a backwater world, and the prize will be the staggering secret that has lain hidden in a remote cave for untold centuries. All the Powers struggle for the ultimate victory, but at what cost? *The Cost of Victory* is the second book in the Crimson Worlds series and the sequel to *Marines*. Marines Jay Allan, 2012-11-28 Erik Cain joined the marines to get off death row. The deal was simple; enlist to fight in space and he would be pardoned for all his crimes. In the 23rd Century, assault troops go to war wearing AI-assisted, nuclear-powered armor, but it is still men and blood that win battles. From one brutal campaign to the next, Erik and his comrades fight an increasingly desperate war over the resource rich colony worlds that have become vital to the economies of Earth's exhausted and despotic Superpowers. As Erik rises through the ranks he finally finds a home, first with the marines who fight at his side and later among the colonists - men and women who have dared to leave everything behind to build a new society on the frontier, one where the freedoms and rights lost long ago on Earth are preserved. Amidst the blood and death and sacrifice, Erik begins to wonder. Is he fighting the right war? Who is the real enemy? *Crimson Worlds II: The Cost of Victory* - Available Now! *Tombstone: A Crimson Worlds Prequel* - Available Now! *Crimson Worlds III: A Little Rebellion* - December 2012

Tombstone In the 23rd Century, the Superpowers of Earth fight an unending war for control of occupied space and the vast resources of the colony worlds. Darius Jax is a senior officer and a hero of the Marine Corps, veteran of countless battles fought throughout occupied space. But once he was a raw private fighting his first battle on a planet so deadly, so hellish, its own occupants called it Tombstone. This is his story, before fame, before glory. The fighting on Tombstone is brutal and deadly, and Jax must find his inner strength if he is to survive. As he struggles through an unwinnable war he learns to rely on himself as he never has before, and he begins to understand just what he is - and is not - fighting for. Tombstone is a novella set in the years just before the Third Frontier War and the events described in Crimson Worlds Book I: Marines. Bitter Glory Augustus Garret is the hero of the Alliance, the greatest naval commander in the history of space combat. He leads massive fleets in great battles that decide the fate of millions. But once he was a new captain leading his tiny attack ship on its first mission. The young Garret was a natural genius, driven by uncontrollable ambition and a relentless quest for glory. But war in space is brutal, and the consequences of command decisions can haunt even the strongest commanders. The young Garret will win his glory, but will he be prepared to pay its horrendous cost? The Gates of Hell Elias Holm is the Commandant of the Marine Corps, a hero who has fought a hundred battles all across human-occupied space. He's led massive armies in the most desperate battles mankind has faced. But once he was only a junior captain, thrust into command when a crucial operation went horribly awry. The Second Frontier War had raged for a decade. Throughout human-occupied space, worlds were in ruins, the battlegrounds of the Superpowers' eternal struggle. The climactic battle of the war would be fought on the planet Persis, and Holm and his Marines would have to fight not only the Caliphate's elite Janissary soldiers, but also treachery and betrayal from his own government. A Little Rebellion Jay Allan,2013-01-29 Crimson Worlds Book III The Third Frontier War is over, and the Western Alliance is triumphant. All across human-occupied space, colony worlds celebrate the coming of peace. But peace is an elusive dream, and more trouble is brewing. The war was expensive, and the economies of the Superpowers, always fragile, are on the verge of total collapse. The Directorate, the shadowy intelligence organization that has become the true power behind the Alliance government, plans to strip the colonies bare to pay the costs of war. Already, they are tightening their control over the

freewheeling colonial governments. And the Marine Corps faces total destruction at the hands of the worst traitor in its history. But the colonists are a different breed than the passive mob on Earth, and they have no intention of meekly surrendering their hard won freedoms. On worlds all across the frontier, plans are hatched and weapons hoarded. And in taverns and meeting halls the words of an ancient text are uttered in hushed tones. A little rebellion, now and then, is a good thing. Flames of Rebellion Jay Allan,2017-03-21 In *Flames of Rebellion*, a group of rebels fighting for independence sows the seeds of revolution across the galaxy in this blockbuster military sci-fi adventure from Jay Allan, the author of the *Crimson Worlds* and *Far Stars* series. The planet Haven slides closer to revolution against its parent nation, Federal America. Everett Wells, the fair-minded planetary governor, has tried to create a peaceful resolution, but his failure has caused the government to send Asha Stanton, a ruthless federal operative, to quell the insurgency. Wells quickly realizes that Stanton has the true power . . . and two battalions of government security troops—specifically trained to put down unrest—under her control. Unlike Wells, Stanton is prepared to resort to extreme methods to break the back of the gathering rebellion, including unleashing Colonel Robert Semmes, the psychopathic commander of her soldiers, on the Havenites. But the people of Haven have their own ideas. They are not the beaten-down masses of Earth, but men and women with the courage and fortitude to tame a new world. Damian Ward is such a resident of Haven, a retired veteran and decorated war hero, who has watched events on his adopted world with growing apprehension. He sympathizes with the revolutionaries, his friends and neighbors, but he is loath to rebel against the flag he fought to defend. That is, until Stanton's reign of terror intrudes into his life—and threatens those he knows and loves. Then he does what he must, rallying Haven's other veterans and leading them to the aid of the revolutionaries. Yet the battle-scarred warrior knows that even if Haven's freedom fighters defeat the federalists, the rebellion is far from over . . . it's only just begun.

But now he has left the Corps, driven to near madness by an overwhelming need for vengeance. He has sworn to kill Gavin Stark, the madman responsible for his mentor's death and, with a small band of dedicated followers, he is pursuing his prey across occupied space. They are supported by the Janissaries, their longtime enemies, now turned allies, but they are exhausted and outnumbered, facing a vastly superior enemy entrenched and waiting for them. Janissaries both, men and women who have battled the armies of the First Imperium and lived to tell the tale. And on Earth, the economic collapse Stark engineered has shattered the Treaty of Paris and its century-long prohibition against terrestrial warfare. Millions are already dead as the war between the Superpowers spreads across the Earth, a growing conflagration that could end in apocalyptic nuclear, chemical, and biological exchanges between the powers. To Hell's Heart Jay Allan, 2013-09 The combined forces of humanity have beaten back the First Imperium invasion. For the first time, the enemy has been defeated in battle. The cost was high in blood and suffering, but the Line held. The heart of human-occupied space has been saved from annihilation. For now. There is little time for the victorious warriors to savor their triumph or mourn their dead. The First Imperium has been driven back, but it has not been defeated. No one expects the fruits of victory to be more than a brief respite. Augustus Garret, Erik Cain, and the rest of the human high command have a decision to make. Do they stand on the defensive, waiting for the massive second invasion they all know will come? Or do they consider another option, one that compels them to face overwhelming odds, and launch a strike that could end the war in one campaign? The attack ship Hornet returned home after a miraculous run through enemy space, and her crew brought with them priceless intelligence...the location of a world of the First Imperium. In the capitals of Earth, the ruling classes call for caution, for the armed forces to stand on the defensive. But on the frontier, Garret and his compatriots are planning something different, and they do not intend to be deterred. They are going to take the war to the enemy. They are going to march into hell's heart.

Echoes of Glory Jay Allan, 2017-06-05 A Fight to the End... The Confederation and the Union have fought each other to a standstill. Battered, exhausted fleets eye each other warily across a border that has been a battlefield for three bloody years. Neither side has the strength to attack, and both wait for reinforcements that will allow them to resume the fight. On the worlds of the Iron Belt, the heavily industrialized sector near the Confederation's Core, massive shipyards operate around the clock, producing the great vessels that can end the war. The Union knows it cannot win the economic struggle with its wealthier, more productive enemy, and Sector Nine, its feared spy agency, is not idle. Their focus is not on the front lines,

the ravaged border between the two nations, but far off, beyond the Rim, in the strange, militaristic realm know as the Alliance. Sector Nine's intrigues are targeted at nothing less than instigating a coup, and bringing to power a regime that favors war against the Confederation, a change in government that will bring the fresh fleets of the Alliance into the war, striking at the Confederation's unguarded flank. Once again, Captain Tyler Barron and his battleship Dauntless must go back to the Rim, and on to the Alliance itself to somehow thwart the Union's plan...and prevent a two-front war the Confederation cannot win.

The Line Must Hold Jay Allan,2013-06 The robotic legions of the First Imperium burst into human space, destroying everything in their path. Directed by the maniacal Regent, the enemy pressed forward with one goal: the destruction of mankind. The Superpowers of Earth, enemies for over a century, have banded together to face the threat from outside and their combined forces have fought delaying actions to buy time. But now, the Rim has fallen, and the heart of human space lies before the invaders. Erik Cain grimly leads his Marines and their new allies to Sandoval, to fight and hold that world against anything the enemy throws at it . But Cain plans more than just a defense: he intends to annihilate the enemy forces. And he'll sacrifice anything to win the ultimate victory. Even himself.
