

The Cover Up

Richard Norton-Taylor reveals the secrets of his forty-year career as a journalist covering the world of spies and their masters in Whitehall. Early in his career, Norton-Taylor successfully campaigned against official secrecy, gaining a reputation inside the Whitehall establishment and the outside world alike for his relentless determination to expose wrongdoing and incompetence. His special targets have always been the security and intelligence agencies and the Ministry of Defence, institutions that often hide behind the cloak of national security to protect themselves from embarrassment and being held to account. Encouraged by his trusted contacts in intelligence agencies and Whitehall departments, Norton-Taylor was among the first of the few journalists consistently to attack the planned invasion of Iraq in 2003 and subsequently covered for the Guardian the devastating evidence of every witness to the Chilcot inquiry. He also enjoyed unique access to a wide array of defence sources, giving him a rare insight into the disputes among top military commanders as they struggled to fight wars in Iraq and Afghanistan with under-resourced and ill-equipped troops. Described by a former senior Intelligence official as a 'long-term thorn in the side of the intelligence establishment', and winner of numerous awards for his journalism, Norton-Taylor is one of the most respected defence and security journalists of his generation. Provocative, and rich in anecdotes, *The State of Secrecy* is an illuminating, critical and, at times, provocative

Download Ebook The Cover Up

account of the author's experiences investigating the secret world.

The true identity of the psychotic ZODIAC killer has been known by the Mandamus Seven (group of retired law enforcement officers, federal agents, a minister, and a District Attorney) since March 15, 1971. This true story is now being told for the very first time. Official corruption and political intervention forced the investigation into a top secret, covert status, giving the insane ZODIAC killer immunity and a license to kill. His motive -- adultery! Mind and body ravaged by years of severe alcoholism, his blood-lusting revenge turned him into the most shocking and vicious killer in our 20th century. Through his tauntings of the police, his codes, ciphers, and letters, he was on a mission to redeem his shattered ego, to prove that he was better, smarter, and more clever than all the judges and police put together. With lordly arrogance and jealousy and with the assistance of the police, he continued his killing spree until he claimed a total of 37 victims. Lips sealed by secret oaths and federal obstructions of justice, the investigation was further impeded by personal associations with the suspect and his tenacious, intrepid wife, placing family members in imminent danger. The evidence is overwhelming and given the totality of the facts, it is the author's opinion that there is no jury in the world that would not find the suspect guilty of being the criminal genius, ZODIAC.

Hiroshima is the story of six people--a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest--who lived through

Download Ebook The Cover Up

the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.

‘Gritty and gripping’ – Kimberley Chambers, No. 1 Sunday Times Bestseller ‘Marnie Riches is a leading light in the field of Mancunian noir. Born Bad is impressive.’ The Guardian A powerful, darkly comic novel set in the criminal underworld of Manchester from bestselling author Marnie Riches.

New York Times bestselling sportswriter John Feinstein tackles doping in the NFL in this exciting football mystery. The Super Bowl. America’s biggest sports spectacle. Over 95 million fans will be watching, but teen sports reporters Stevie and Susan Carol know that what they’ll be watching is a lie. They know that the entire offensive line of the California Dreams have failed their doping tests. They know the owner is trying to cover up the results. The only thing they don’t know is how to prove it. John Feinstein has been praised as “the best writer of sports books in America today” (The Boston Globe), and he proves it again in this fast-paced novel.

During the occupation of Japan after WWII, the US had an important decision to make.

Download Ebook The Cover Up

Should they hold those responsible for atrocities during the war accountable or should they take the information to advance national interest? The researchers who worked at Unit 731, the biological and chemical warfare research and development unit, were given immunity in exchange for their research data. Unit 731 included factories filled with humans, tested with various diseases, as well as field tests on civilians of the Soviet Union and China. Imperial Japan had aspirations to develop operative tools of biological warfare, one that was prohibited after World War I. Using alive human captives, the Japanese scientists of the medical profession gathered data on the progression of the diseases until the "human guinea pigs" collapsed. Most of these scientists lived peacefully after WWII, with a few of them having to go through the Khabarovsk Trial, which was deemed by the West as communist propaganda. Most of the horrors on Unit 731 had been hearsays and rumors until recently with the passing of the Freedom of Information Act. This book is based on documents found in the U.S. National Archives and Records Administration, Russian archival documents, and translations of the Khabarovsk Trial to paint a complete picture of the cover-up of the atrocious act of Unit 731. Readers could expect to questions themselves with this evidence: Should war crimes be covered up in the name of national interest?

The Rangers mission was clear. They were to lead the assault on Omaha Beach and breakout inland. Simultaneously other Ranger units would scale the cliffs at Pointe du Hoc to destroy the "huge" gun battery there and thus protect the invasion fleet from

Download Ebook The Cover Up

being targeted. But was the Pointe du Hoc mission actually necessary? Why did the Allies plan and execute an attack on a gun battery which they knew in advance contained no field guns? And more importantly, why did they ignore the position at Maisy that did? Using personal interviews with the surviving Rangers who fought on the beach and at Pointe du Hoc - this is a work of exceptionally detailed and fresh research which takes the reader into the centre of the action alongside the Rangers.??Gary Sterne has made a painstaking study of what the Allies actually knew in advance of D-day and about the Maisy Battery. Maps, orders and assault plans have been found in the UK, German and US archives, many of which were not released from the Top Secrecy Act for 60+ years. Radio communications have been found from the Rangers as they advanced inland towards Maisy and intelligence evaluations made by the RAF of bombing missions directed at the site have now been released. All these combine to make this one of the most up-to-date references on the subject.

A Congressional assistant presents some long-buried information about Pearl Harbor in an attempt to answer some nagging questions concerning Washington's--and Roosevelt's-foreknowledge of the attack

The Pulitzer Prize winner who first disclosed the massacre at My Lai 4 uncovers the full story of how those involved - from private to general - kept it secret. What he reveals is shocking - from the amorphous but very real "West Point Protective Association" to the fact that an extensive but closed investigation by the Army itself covered up another

massacre by the same unit on the same morning.

The Washington Post city news editor who broke the story twenty years ago reconstructs the Watergate scandal from the failed break-in at the Democratic headquarters to President Nixon's resignation. Reprint.

Using recently declassified government files, the authors present a compelling argument that the government knows a great deal more about UFOs than it has shared with the public, and has in fact deliberately concealed the findings of more than 30 years of investigations. Photographs.

Following a deadly car crash, small-town lawyer Lance Cooper risked everything to battle one of the most powerful auto corporations in the world to get justice for a young woman. A fast-paced, journalistic account of tragedy turned to triumph, despair to hope, Cobalt Cover-Up is an inspirational, thoroughly compelling, and victorious read. In the midst of his own family struggles, small-town Georgia lawyer Lance Cooper agreed to defend Ken and Beth Melton and investigate the deadly accident that killed their daughter Brooke after she inexplicably lost control of her Chevy Cobalt. But what started as a heartbreaking yet all too common lawsuit quickly escalated into a David vs. Goliath case when Cooper discovered shocking evidence that General Motors concealed an ignition switch defect for nearly a decade--resulting in 124 deaths, including Brooke's, and risking the lives of millions more. Despite GM's settlement offers and attempts to bury evidence, Cooper refused to back down and worked

Download Ebook The Cover Up

tirelessly to expose the truth. Locked in a tenacious legal fight, Cooper and the Meltons faced incredible odds--Ken and Beth losing jobs and suffering the difficulty of grieving a beloved daughter during a court battle, Cooper risking his reputation and private practice against the overwhelming opposition from GM's team of lawyers, and both parties facing massive financial strain. Yet, in the relentless pursuit for justice and to protect future innocent lives, this small-town lawyer and a working-class American couple stared down the biggest US auto manufacturing mogul and ultimately transformed the entire industry.

The great evangelist, Ravi Zacharias, had been a pretender for decades. He had built an international reputation for himself as a polished scholar and an apostle to the Academy by claiming academic credentials that he did not have. His Christian business colleagues remained silent. But then Ravi Zacharias had an online affair with a married woman. On October 29, 2016, she informed him that she would confess the affair to her husband. The evangelist responded by threatening suicide. And he did so in writing. Word of the famous preacher's suicide threat began to leak out. Zacharias's cover was about to blow. And when it did it would expose not just another corrupt clergyman but also cynicism and unbelief at the highest levels of God, Inc. Zacharias was desperate. On July 31, 2017, he filed a federal lawsuit against the woman. Four months later he settled that lawsuit on terms that required the parties to remain silent about what had happened between them. He had, it seemed, resecured his cover. This book blows that

cover.

To uncover the truth she must come back from the dead. Entering witness protection was supposed to end the threat on Jordan Kendrick's life and protect her fiancé, Ben Graham—but now an assassin has found her. Ben is the only person she trusts, but he thinks she's dead. When he learns the truth, can he help her expose her former employer's deadly crimes...without costing both of them their lives?

An unflinching look at the truth behind the media's lies about autism. Autism now affects 2 percent of US children. A once rare disorder is now so common that everyone knows someone with an affected child. Yet neither mainstream doctors nor government officials can tell the American public what is behind the staggering rise in diagnoses. The Big Autism Cover-Up explores how news outlets downplay the impact of autism while backing the official denial of any link between the disorder and vaccines. Despite never honestly and thoroughly investigating the link, mainstream news sources continue to challenge those who question the safety of vaccines and the mounting evidence that an unchecked, unsafe vaccination schedule is behind the exponential increase in autism. Anne Dachel has spent the last ten years monitoring how the press covers autism. She's seen the media promote the unrelenting message from health officials that autism hasn't really increased, but rather that it is simply a matter of better diagnosing of a disorder that's always been around. Meanwhile, autism remains a perpetual mystery, and scientists continue to guess at the genetic and environmental

Download Ebook The Cover Up

triggers. Officially there is no known cause or cure for autism. There's nothing a new mother can do to prevent a baby that was born healthy and is developing normally from regressing into autism by the age of two. Despite this, officials rarely express concern and adamantly refuse to call autism a crisis. The Big Autism Cover-Up exposes this controversy in searing detail.

The mystery of her sister's death is about to reveal some deadly answers... When her sister's remains are found just before Christmas, cold case agent Poppy Holliday is determined to solve the years-old murder — even if it turns the killer's sights on her. But her investigation with her straitlaced partner, Rhett Wallace, is stirring up the town's old memories — and bitter grudges. And this killer will do anything to keep secrets buried... Mills & Boon Love Inspired Suspense — Courage. Danger. Faith.

Why were both sides of the Civil War divide so evasive when it came to the death of Michael Collins? Why were they still trying to effect cover-ups as late as the 1960s? Determined to find the truth despite the trails of deception left by many of the key players, Gerard Murphy, a scientist, looked in detail at the evidence. Previous researchers have tended to concentrate on the reminiscences of survivors. Murphy instead focuses on information that appeared in the immediate wake of the ambush, before attempts could be made to conceal the truth. He also examines newly released material, and has carried out a forensic analysis of the ambush site based on photographic evidence of the aftermath recently discovered in a Dublin attic. These

Download Ebook The Cover Up

investigations have unearthed significant new evidence, overlooked for almost a century, that seriously questions the version of events currently accepted by historians. Cover-up of a Royal Murder is a thorough investigation of the British inquiry - the Paget report - into the deaths of Diana, Princess of Wales and Dodi Fayed. It uses eye-witness, documentary and other evidence to prove that the conclusions drawn in the Paget report are fundamentally flawed -- yet it is the Paget report that formed the basis for the British inquest completed in April 2008. This is the book that proves beyond reasonable doubt that Princess Diana was murdered and that there is a lot more to the Paris crash than the French and British investigations have revealed. "Cover-up" provides credibility to the lingering doubts of a large section of the British and international public -- doubts that remain even 10 years after the crash. This book lays down a huge challenge to those who believe the death of Diana Princess of Wales was just a tragic accident. Cover-up of a Royal Murder exposes one of the greatest cover-ups of our time.

India's biggest coverup is an investigative insight into the Netaji mystery and its stranger than fiction subplots. Relying heavily on official records-bulk of them still security classified in violation of democratic norms-the book uncovers a systematic obstruction of justice by the Government of India. India, the US and the UK has also been made use of.

“A densely detailed account of the 1879 Zulu defeat of the British . . . portrays a complex and interesting segment of British/African history.”—Library Journal The battle of Isandlwana—a great Zulu victory—was one of the worst defeats ever to befall a British Army. At noon on 22 January 1879, a British camp, garrisoned by over 1700 troops, was attacked and overwhelmed by 20,000 Zulu warriors. The defeat of the British, armed with the most modern weaponry of the day, caused disbelief and outrage throughout Queen Victoria's England. The obvious culprit for the blunder was Lieutenant General Lord Chelmsford, the defeated commander. Appearing to respond to the outcry, he ordered a court of inquiry. But there followed a carefully conducted cover-up in which Chelmsford found a scapegoat in the dead—most notably, in Colonel Anthony Durnford. Using source material ranging from the Royal Windsor Archives to the oral history passed down to the present Zulu inhabitants of Isandlwana, this gripping history exposes the full extent of the blunders of this famous battle and the scandal that followed. It also gives full credit to the masterful tactics of the 20,000 strong Zulu force and to Ntshingwayo kaMahole, for the way in which he comprehensively out-generalled Chelmsford. This is an illuminating account of one of the most embarrassing episodes in British military history and of a spectacular Zulu victory. The authors superbly weave the excitement of the battle, the British mistakes, the brilliant Zulu tactics and the shameful cover up into an exhilarating and tragic tale.

“A must for anyone interested in the Zulu War. Highly recommended.”—British Army Review

In the final days of 2019, a new and deadly virus was quietly spreading through the city of Wuhan, China. Within six months it would kill half a million people worldwide, infect a further 10 million, and change the way all of us live, work and play forever. Now, for the first time, the real story of the greatest global crisis of the age can be told. Reporters Dylan Howard and Dominic Utton, collaborating from New York and London—infection hotspots in what would become two of the worst-hit nations on Earth—have together mapped the rise, spread and impact of the virus . . . and uncovered some explosive revelations. COVID-19: The Greatest Cover-Up in History—From Wuhan to the White House delivers the unfettered truth about what is undoubtedly the biggest political scandal of our time. It shows in unprecedented detail how governments in China, the UK, and the US not only failed to protect their citizens from the threat of the disease, but actively conspired to put their own political and economic ideologies above the lives of ordinary people. From early attempts by Beijing to silence any reports of the new virus to the inability of the WHO to act decisively; from warnings received and ignored by President Trump to decisions taken by the UK government that directly led to the loss of tens of thousands of lives; from whispers of military experiments to outlandish 5G conspiracy theories, Howard and Utton separate fact from fiction, science from hysteria, and expose a trail of dead bodies, wilful mismanagement, incompetence,

Download Ebook The Cover Up

arrogance, deliberate cover-ups, and outrageous lies that raise serious questions about who is really responsible for the hundreds of thousands killed by COVID-19. Through vigorous investigations, dedicated reporting, and exclusive first-person sourcing, COVID-19 unearths a more complex understanding of the rise, spread, and consequences of the first six months of the pandemic than has yet been seen, and exposes shocking revelations about the roles and motivations of the American and British governments in the crisis. The true story of COVID-19 is not just that of a silent killer that suddenly invaded the world . . . it's the scandal of a global tragedy that could have—and should have—been prevented. The real number of deaths and infections from the virus will never be known. The figures have not only been underreported in China, but by supposedly transparent governments in the West for reasons less connected with public safety and more to do with their own mendacity, incompetence, and corruption. Written with the urgency and tension of a thriller novel but grounded in rigorously factual reporting, COVID-19 is the essential read on the most horrifying scandal of our age.

Cover Up What the Government Is Still Hiding About the War on Terror Harper Collins
As the Super Bowl draws nearer, teens Steve Thomas and Susan Carol Anderson learn that the entire offensive line of the California Dreams have failed their doping tests and that the Dreams' owner is trying to cover up the test results. Reprint.

Their passion was forged in flames. Will they survive the next inferno? Mark Taylor can put out a fire, but Amy Hall is a different kind of challenge. He's determined to keep her safe—and although she's a target, she's just as certain that she doesn't need his protection. As they hunt down an arsonist, both Mark and Amy try to deny their red-hot desire. Will they trust each other enough to surrender...before a madman burns down their world? From Harlequin Intrigue: Seek thrills. Solve crimes. Justice served. The Taylor Clan: Firehouse 13 Book 1: Crime Scene Cover-Up

From the author of New York Times bestseller MEGHAN comes a scandalous historical drama about the secrets hidden between the royal family, Franklin D. Roosevelt, Winston Churchill, the Duke of Windsor, and Adolf Hitler before, during, and after World War II. Andrew Morton tells the story of the feckless Edward VIII, later Duke of Windsor, his American wife, Wallis Simpson, the bizarre wartime Nazi plot to make him a puppet king after the invasion of Britain, and the attempted cover-up by Churchill, General Eisenhower, and King George VI of the duke's relations with Hitler. From the alleged affair between Simpson and the German foreign minister to the discovery of top secret correspondence about the man dubbed "the traitor king" and the Nazi high command, this is a saga of intrigue, betrayal, and deception suffused with a heady aroma of sex

Download Ebook The Cover Up

and suspicion. For the first time, Morton reveals the full story behind the cover-up of those damning letters and diagrams: the daring heist ordered by King George VI, the smooth duplicity of a Soviet spy as well as the bitter rows and recriminations among the British and American diplomats, politicians, and academics. Drawing on FBI documents, exclusive pictures, and material from the German, Russian, and British royal archives, as well as the personal correspondence of Churchill, Eisenhower, and the Windsors themselves, *17 CARNATIONS* is a dazzling historical drama, full of adventure, intrigue, and startling revelations, written by a master of the genre.

In October 2010, nine months after the massive earthquake that devastated Haiti, a second disaster began to unfold—soon to become the world's largest cholera epidemic in modern times. In a country that had never before reported cholera, the epidemic mysteriously and simultaneously appeared in river communities of central Haiti, eventually triggering nearly 800,000 cases and 9,000 deaths. What had caused the first cases of cholera in Haiti in recorded history? Who or what was the deadly agent of origin? Why did it explode in the agricultural-rich delta of the Artibonite River? When answers were few, rumors spread, causing social and political consequences of their own. Wanting insight, the Haitian government and French embassy requested epidemiological assistance from France. A few weeks into the epidemic, physician and infectious disease specialist Renaud Piarroux arrived in Haiti. In *Deadly River*, Ralph R. Frerichs tells the story of the epidemic, of a French disease detective determined to

Download Ebook The Cover Up

trace its origins so that he could help contain the spread and possibly eliminate the disease, and the political intrigue that has made that effort so difficult. The story involves political maneuvering by powerful organizations such as the United Nations and its peacekeeping troops in Haiti, as well as by the World Health Organization and the U.S. Centers for Disease Control. Frerichs explores a quest for scientific truth and dissects a scientific disagreement involving world-renowned cholera experts who find themselves embroiled in intellectual and political turmoil in a poverty-stricken country. Frerichs's narrative highlights how the world's wealthy nations, nongovernmental agencies, and international institutions respond when their interests clash with the needs of the world's most vulnerable people. The story poses big social questions and offers insights not only on how to eliminate cholera in Haiti but also how nations, NGOs, and international organizations such as the UN and CDC deal with catastrophic infectious disease epidemics.

NEW YORK TIMES BESTSELLER • The knockdown, drag-out, untold story of the other scandal that rocked Nixon's White House, and reset the rules for crooked presidents to come—with new reporting that expands on Rachel Maddow's Peabody Award-nominated podcast “Both a thriller and a history book, *Bag Man* is a triumph of storytelling.”—Preet Bharara, New York Times bestselling author of *Doing Justice* and host of the podcast *Stay Tuned with Preet* Is it possible for a sitting vice president to direct a vast criminal enterprise within the halls of the White House? To have one of the

Download Ebook The Cover Up

most brazen corruption scandals in American history play out while nobody's paying attention? And for that scandal to be all but forgotten decades later? The year was 1973, and Spiro T. Agnew, the former governor of Maryland, was Richard Nixon's second-in-command. Long on firebrand rhetoric and short on political experience, Agnew had carried out a bribery and extortion ring in office for years, when—at the height of Watergate—three young federal prosecutors discovered his crimes and launched a mission to take him down before it was too late, before Nixon's impending downfall elevated Agnew to the presidency. The self-described “counterpuncher” vice president did everything he could to bury their investigation: dismissing it as a “witch hunt,” riling up his partisan base, making the press the enemy, and, with a crumbling circle of loyalists, scheming to obstruct justice in order to survive. In this blockbuster account, Rachel Maddow and Michael Yarvitz detail the investigation that exposed Agnew's crimes, the attempts at a cover-up—which involved future president George H. W. Bush—and the backroom bargain that forced Agnew's resignation but also spared him years in federal prison. Based on the award-winning hit podcast, Bag Man expands and deepens the story of Spiro Agnew's scandal and its lasting influence on our politics, our media, and our understanding of what it takes to confront a criminal in the White House.

Ever since 9/11, investigative reporter Peter Lance has been leading the fight to expose the intelligence gaps that led to 9/11. Now, in the follow-up to his bestselling 1000

Download Ebook The Cover Up

Years for Revenge, he returns with devastating new evidence that the government has been covering up its own counterterror failures since the mid-1990s -- and continues today. In *Cover Up*, Lance shows how the government chose again and again to sacrifice America's national security for personal motives and political convenience. In its first half, he unveils shattering new evidence that terror mastermind Ramzi Yousef ordered the bombing of TWA 800 from his prison cell in order to effect a mistrial in his own terror bombing case. Astonishingly, the FBI was alerted to Yousef's plans in advance by a prison informant who even passed along his detailed sketch of a bomb-trigger device -- a document seen here for the first time. And Lance reveals the shocking reason the Justice Department suddenly ruled the crash an accident despite overwhelming evidence of the bombing -- throwing away its best chance to penetrate the cell that was already planning 9/11. And the outrage doesn't stop there. In Part II, Lance offers an unofficial "minority report" on the 9/11 Commission, critiquing it as the incomplete, highly politicized "Warren Commission of our time." He explores potential conflicts of interest among its members, from the staff director who wrote a book with Condoleezza Rice, to the former Clinton deputy attorney general who participated in a critical meeting that upended the TWA probe. He exposes the report's false contention that the 9/11 plan was conceived in 1996, when the FBI had knowledge that the plot was in motion as early as 1994. And, in a heart-stopping, minute-by-minute chronicle of the attacks, he asks dozens of unanswered questions about the defense failures of that

Download Ebook The Cover Up

day -- from why fighter jets weren't scrambled for almost an hour after the hijackings, to why the president and several of his top military advisers remained virtually incommunicado for more than half an hour after it was clear that America was under attack. At a time when America feels no safer than ever, Cover Up will lend new eyes to readers who want the full story behind the 9/11 attacks -- and inspire us all to keep demanding the truth.

When the time came for law officers to retake Attica Prison on Sept. 13, 1971, the head of the New York state police troop charged with that task told his men he did not want a "turkey shoot." That, however, is precisely what he got, asserts this powerful expose by a former chief assistant to the special Attica prosecutor. Police use of excessive force, charges Bell, set in motion a conspiracy on the part of the state to cover up for the lawmen involved. Loyal to his superior, Bell was reluctant to believe in official wrongdoing, but when he saw his efforts to prosecute the police undermined, he felt he had to resign. He suggests that the cover-up originated in the office of Attorney General Louis Lefkowitz who was eager to protect the reputation of Governor Nelson Rockefeller, named U.S. Vice-President just as the grand jury investigation of the case was climaxing. A major contribution to the Attica story.

The Chief Executive of the United States of America was publicly executed as he rode through the streets of downtown Dallas. This book is an expose of this government's cover-up.

After ten years of blissful marriage, Navy Pilot Nate Chandler is divorcing his cheating husband. Single for the first time in years, Nate is numb to all emotion and kisses any chance of another relationship goodbye. Not only is Nate struggling to get through this divorce, but his body is branded with a permanent reminder of his failed marriage: a matching tattoo with his ex. Searching for a place to cover up his old tattoo, Nate finds himself at the Skin Deep, Inc., where he meets the young and charming cover-up tattoo apprentice, Lucas Brandt. From just flirty glances to steamy hot encounters, Nate and Lucas dive headfirst into a fling of hookups. But worried that he'll forever be Nate's "cover up" rebound relationship, Lucas fears that their love won't be anything more than just skin deep. What was once just a casual attraction, Lucas now hopes to turn into a real relationship. But will he be able to convince the still tender-hearted Nate to fall in love again? Third installment of L.A. Witt's Skin Deep romance series, COVER UP is a story of passion, pleasure, and happily ever after.

In easy-to-understand language and engaging images, this storybook shows children ages 3-7 the freedom that comes through confessing sin rather than trying to cover it up.

A Skin Deep, Inc. Novel Fighter pilot Jon Russell never sleeps with the same man twice.

Known for his lack of shame when it comes to hooking up, Jon has no interest in commitment—even friends with benefits sounds like too much work. Matt Huffman has slept with lots of women. He's had loads of girlfriends. So why does the hot as hell pilot getting a tattoo as the result of a lost bet stop his breath? And how come he can't stop thinking about him, even after he's gone? When Jon returns to Skin Deep the second time, he doesn't want

Download Ebook The Cover Up

another tattoo. He wants to hook up with the gorgeous artist he spent hours agonizingly close to, and Matt wants to explore some curiosity about men. Fulfill the desire he can't stop fantasizing over. And he wants to do it with Jon. As their casual hook up becomes more than just skin deep, both Matt and Jon are faced with questions they don't want to answer. Matt understands he's bi—but are these feelings he has typical of hooking up with a man? Or is it only Jon that can make his heart pound? If Jon wanted nothing more than a fling, why does he find himself needing not just Matt's body, but all of him? And can their relationship withstand the hardships that makes Jon avoid them in the first place? Pounding Skin is part of the Skin Deep, Inc series. The Skin Deep, Inc books can be read in any order—come enter a world where gorgeous tattoo artists and hot Navy men find passion, pleasure, and a happily ever after together. L.A. Witt also writes under the name Lauren Gallagher.

A NEW YORK TIMES NOTABLE BOOK OF 2020 New York Times bestselling author Lesley M.M. Blume reveals how one courageous American reporter uncovered one of the deadliest cover-ups of the 20th century—the true effects of the atom bomb—potentially saving millions of lives. Just days after the United States decimated Hiroshima and Nagasaki with nuclear bombs, the Japanese surrendered unconditionally. But even before the surrender, the US government and military had begun a secret propaganda and information suppression campaign to hide the devastating nature of these experimental weapons. The cover-up intensified as Occupation forces closed the atomic cities to Allied reporters, preventing leaks about the horrific long-term effects of radiation which would kill thousands during the months after the blast. For nearly a year the cover-up worked—until New Yorker journalist John Hersey got into Hiroshima and managed to report the truth to the world. As Hersey and his editors

Download Ebook The Cover Up

prepared his article for publication, they kept the story secret—even from most of their New Yorker colleagues. When the magazine published “Hiroshima” in August 1946, it became an instant global sensation, and inspired pervasive horror about the hellish new threat that America had unleashed. Since 1945, no nuclear weapons have ever been deployed in war partly because Hersey alerted the world to their true, devastating impact. This knowledge has remained among the greatest deterrents to using them since the end of World War II. Released on the 75th anniversary of the Hiroshima bombing, *Fallout* is an engrossing detective story, as well as an important piece of hidden history that shows how one heroic scoop saved—and can still save—the world.

Describes the assassination of President John F. Kennedy using photographic evidence, eyewitnesses, and new information.

Looks at the efforts being made to refute the findings of environmental scientists on the subject of global warming, exploring the public relations techniques, the creation of questionable think tanks, and the mounting private funding being used by pollsters and public commentators to deny the negative effects of climate change.

In his new book, which has gained national attention, award-winning author Greg Mitchell probes a turning point in U.S. history: the suppression of film footage, for decades, shot by a U.S. Army unit in Hiroshima and Nagasaki -- with staggering consequences even today. This is a detective story, and one of the last untold stories of World War II, and it has far-reaching impact. The shocking cover-up even extended to Hollywood -- with President Truman censoring an MGM film. Mitchell, co-author of the classic "Hiroshima in America" and eleven other books, now reveals the full story, based on new research, from the Truman Library to

Download Ebook The Cover Up

Nagasaki. Along the way the book tells the story of our "nuclear entrapment" -- from Hiroshima to Fukushima. David Friend of Vanity Fair calls it "a new work of revelatory scholarship and insight by Greg Mitchell that will speak to all of those concerned about the lessons of the nuclear age." "Atomic Cover-up" is also now available in an e-book edition here at Amazon. How did this cover-up happen? Why? And what did the two military officers, Daniel McGovern and Herbert Sussan, try to do about it, for decades? There was no WikiLeaks then to air the film. "Atomic Cover-up" answers all of these questions in a quick-paced but often surprising narrative. You can watch a trailer for the book, including some of the suppressed footage, here: <http://bit.ly/r0AIZL> Mitchell's classic Random House book "The Campaign of the Century" won the Goldsmith Book Prize and has just been published for the first time as an e-book. Robert Jay Lifton, author of "Death in Life" (winner of the National Book Award) and numerous other acclaimed books, writes: "Greg Mitchell has been a leading chronicler for many years of Hiroshima and Nagasaki, and American behavior toward them. Now he has written the first book devoted to the suppression of historic film footage shot by Japanese and Americans in the atomic cities in 1945 and 1946. He makes use of key interviews and documents to record an extremely important part of atomic bomb history that deserves far more attention today." It's curtains for an interfering stage mother in this "frothy, funny" mystery from an Agatha Award-winning author (Kirkus Reviews). London public relations firm Perkins & Tate has a potentially lucrative new client: the American country singer known as Black Bart. Unfortunately, the Nashville sensation comes with a reputation for chasing underage groupies—and an entourage that includes both his comedienne wife and her driven, controlling stage mother . . . who soon dies under highly suspicious circumstances. Now Douglas Perkins
