## Lee Mackenzie

**Sinful Confessions** ,2015 Lust, gluttony, greed, sloth, wrath, envy and pride. The Cynfell brothers are the very embodiment of a sinful existence. But could the right woman change that? Wrath Locked behind the walls of Lockwood Manor, Julian Cynfell, the Marquess of Lockwood whiles away his days writing angry letters, drinking and sleeping. He never expects his solitude to be interrupted by a brazen American heiress. An American heiress who is expecting a wedding. Viola Thompson can't believe her luck when the English lord she has been corresponding with for the better part of a year asks her to visit him. This has to mean an offer of marriage surely? Finally, Viola will prove to her family and friends that she is more than a ruined woman with no prospects. Not to mention she knows they will be a love match. No one could write such beautiful letters without being the perfect man. But when she arrives in cold, dreary England to be faced by a foul-tempered, grizzled--albeit in a handsome way--marquess, her dreams of marriage are quickly dashed. Can she draw the lord out of his melancholy ways? And does she even want to remain in England while rumours of three dead wives circulate around Lockwood? One thing is for certain, this American heiress has never been one to back down from a challenge--especially when not even the Atlantic Ocean could dampen the patent desire running between them.

*On a Red Horse* Monica Corwin,2015-03-20 Scarlet needs a new job, but Horseman of the Apocalypse doesn't sound good on a resume. Three years ago she followed her companions to Earth in an effort to live human lives. But the moment she left her husband Tyr she knew life wouldn't be worth living. Lonely and longing for her husband, Scarlet is on a path of destruction that could endanger all the riders. Tyr, god of justice, hunts his wife across the realms. From Hell to the Golden Throne, he travels until he finds her working as a phone operator. Scarlet is no longer the woman he fell in love with, and he is determined to bring that woman back to him if it takes the rest of eternity. Even though the Horsemen live on Earth, they are still responsible for guarding four seals that can unleash the Apocalypse. When a prophecy is awoken by a deity who only has her own interests at heart, they must go on the defensive to keep their homes on Earth and protect the seals. If even one seal opens, it will start a chain reaction that will force the Horsemen to take up their mantles and destroy the new lives they've worked so hard to build.

**The Brothers Three** Layton Green,2017-03-14 Have you ever wondered what it would be like to be plunged into a dangerous fantasy world? The Blackwood brothers from New Orleans are about to find out. Youngest brother Will dreams of

escaping his mundane life as an apprentice contractor. Caleb is a bartender whose charm and good looks see him through life. Val, the eldest, is a high-powered attorney who hides the fact that he can perform parlor tricks with his mind. The brothers' lives are changed forever when they receive a belated inheritance from their father: a staff with a mysterious stone on top, a pair of rogue's bracers, and a sword that Will can barely lift. Searching for an explanation, it is not until a strange key whisks the brothers across time and space, into a terrifying version of New Orleans ruled by wizards, that the brothers accept the truth and undergo a perilous journey home. With the help of an alluring but deadly adventuress, they must break into the keep of a sorcerer known for his love of diabolical games, find a trio of enchanted talismans, and somehow defeat an evil wizard who can raise legions of the undead to do his bidding. It seems the brothers have found their adventure. But will they live to tell the tale?

**Hearts Aflame** Johanna Lindsey, 2011-06-28 Beautiful and defiant, Kristen Haardrad meets the hot, longing gaze of Royce, Thane of Wyndhurst, with icy fury - vowing never to be enslaved by the powerful Saxon lord who holds her captive. She is his enemy and his prize - a wild and lusty hellion to be tamed by her dashing conqueror's kiss. But though maddened with desire for the golden-haired Viking temptress, noble Royce, in conscience, cannot force his exquisite prisoner to submit. For only Kristen's willing surrender can quench the blistering fires that sear his tormented soul - and heal a heart consumed by passion with a soothing balm of rapturous, unconditional love.

*Sinful Liaisons* Jc Gardner, Robert Fulghum, 2011-04 Written over a period of ten years, *Third Wish* is an epic novel that is above all - a love story - not in the usual sense, but the story of people who love life and go to great lengths to live it in a flourishing way. In fairy tales, the third wish is the last one left when the first wish was foolish, and the second wish was used to undo the first. Now the remaining wish must be used wisely and well - with the help of co-conspirators. The story threads its way through Greece, Japan, France, England, Spain and Seattle. Woven into the fabric is cultural history, art, philosophy, archeology, poetry, theater and music. The mode of the novel is contained in these three words: SLOWLY, SURPRISE, WITNESS. The two-volume set is divided into five parts and includes over 150 illustrations by three accomplished artists.

Hannah is determined to transport an artifact from France-one that will change everything-even if it means working with a lawless man like Red. Nothing is more important than preserving history. Nothing. Not even the touch of a smuggler who inconceivably makes her stomach twist. When it becomes clear the irritating bluestocking will do anything for this blasted artifact and needs saving from herself, the earl-turned-smuggler steps in.

Carting a cursed stone across the country with a know-it-all woman is not Red's idea of fun, particularly when their journey runs far from smoothly...so why does he find himself enjoying her company just a little too much?

For once in her life, she wants to prove she's just as good as a man and she does not need Nathaniel Kingsley getting in her way. With her brother injured, it is up to her to continue her family's work...and that means tracking down a French spy and ensuring said spy will turn. Unfortunately, no one believes she can do it alone. Which is where Nathaniel comes in. Nate is happy to be of service. Why pass up the opportunity to repay an old friend, especially with a little intrigue along the way? Find the spy, play escort to Patience, return home to continue smuggling. Easy. Or at least it would be if the stubborn Patience would let him do his job. The breeches-wearing woman is determined to do it all alone and, he has to admit, there's something quite distracting about a woman in men's clothes. Can he keep his attention from her long enough to complete their mission and persuade Patience to let him do his job and protect her? A job he's beginning to find he's enjoying a lot more than he thought he would...
