The Fallen: A new, pulse-pounding thriller from Eric Van Lustbader, the New York Times bestselling author of the Jason Bourne series and The Testament. The End of Days has been predicted for the last two thousand years. Now, without warning, it is upon us. In a hidden cave in the mountains of Lebanon, a man makes a fateful discovery. He will bring what has been forbidden for thousands of years out of the darkness and into the light: the Testament of Lucifer. In Istanbul, Bravo Shaw, head of the Gnostic Observatine sect, is warned by Fra Leoni of the war between Good and Evil, waged to a standstill since time immemorial. Now an unfathomable danger has arisen: Lucifer's advance guard, the Fallen. Humankind is in danger of being enslaved by the forces of evil. Bravo, Fra Leoni, and Bravo's blind, brilliant sister, Emma, are the first and last line of defense against the chaos unleashed by the Testament of Lucifer. All roads lead to the Book of Deathly Things: the Testament of Lucifer. But if Bravo and Emma become privy to its dreadful secrets they very might well forfeit far more than just their lives. In the sequel to his internationally bestselling The Testament, Lustbader delivers a new trilogy that explores religion, politics, and civilization, that plumbs the depths of morality, that, finally, asks us to consider what it really means to be human. We live in the age of the algorithm. Increasingly, the decisions that affect our lives—where we go to school, whether we can get a job or a loan, how much we pay for health insurance—are being made not by humans, but by machines. In theory, this should lead to greater fairness: Everyone is judged according to the same rules. But as mathematician and data scientist Cathy O’Neil reveals, the mathematical models being used today are unregulated and uncontestable, even when they’re wrong. Most troubling, they reinforce discrimination—propping up the lucky, punishing the downtrodden, and undermining our democracy in the process. Welcome to the dark side of Big Data.

deception . . . where nothing is what it seems and every truth brought to light exposes a darker lie. When Jordie Bennet and Shaw Kinnard lock eyes across a disreputable backwater bar, something definitely sparks. Shaw gives off a dangerous vibe that makes men wary and inspires women to sit up and take notice. None feel that undercurrent more strongly than savvy businesswoman Jordie, who doesn't belong in a seedy dive on the banks of a bayou. But here she is . . . and Shaw Kinnard is here to kill her. As Shaw and his partner take aim, Jordie is certain her time has come. But Shaw has other plans and abducts Jordie, hoping to get his hands on the \$30 million her brother has stolen and, presumably, hidden. However, Shaw is not the only one looking for the fortune. Her brother's ruthless boss and the FBI are after it as well. Now on the run from the feds and a notorious criminal, Jordie and Shaw must rely on their wits-and each other-to stay alive. Miles away from civilization and surrounded by swampland, the two play each other against their common enemies. Jordie's only chance of survival is to outwit Shaw, but it soon becomes clear to Shaw that Jordie isn't entirely trustworthy, either. Was she in on her brother's scam, or is she an innocent pawn in a deadly vendetta? And just how valuable is her life to Shaw, her remorseless and manipulative captor? Burning for answers-and for each other-this unlikely pair ultimately make a desperate move that could be their last. With nonstop plot twists and the tantalizing sexual tension that has made Sandra Brown one of the world's best-loved authors, *STING* will keep readers on the edge of their seats until the final pages.

Is there anything wrong with a Christian being a member of the Lodge? Are you a Christian pastor who has studied Masonry found nothing wrong with it and so you have not warned your members and possibly even joined the Lodge yourself? Does your church allow Masons to serve on your boards to teach the Bible in Sunday School and serve in other positions of influence and leadership? In this book we will document from the Masonic Ritual the authoritative book given to a person who enters and becomes a member of the Lodge how Masonry conflicts and denies foundational Christian truths. Masons are promised that nothing in Masonry's teachings will ever conflict with their own Christian belief. Has Masonry lied to or deceived Christians? In this book you will find answers to all these questions from the Masonic ritual and the Bible itself.

By 1979, we knew all that we know now about the science of climate change - what was happening, why it was happening, and how to stop it. Over the next ten years, we had the very real opportunity to stop it. Obviously, we failed. Nathaniel Rich's groundbreaking account of that failure - and how tantalizingly close we came to signing binding treaties that would have saved us all before the fossil fuels industry and politicians committed to anti-scientific denialism - is already a

Rich has become an instant, in-demand expert and speaker. A major movie deal is already in place. It is the story, perhaps, that can shift the conversation. In the book *Losing Earth*, Rich is able to provide more of the context for what did - and didn't - happen in the 1980s and, more important, is able to carry the story fully into the present day and wrestle with what those past failures mean for us in 2019. It is not just an agonizing revelation of historical missed opportunities, but a clear-eyed and eloquent assessment of how we got to now, and what we can and must do before it's truly too late.

Confronting opponents one at a time, the authors methodically debunk the myths that have surrounded Freemasonry since its establishment, investigating the motives and misconceptions that derive antagonists to spread deceit about Masonic traditions. The explosive true story of fraud, embezzlement, and government betrayal. In 2000, the US Centers for Disease Control (CDC) carried out a secret mission to bury, skew, and manipulate data in six vaccine safety studies, in a coordinated effort to control the message that “vaccines do not cause autism.” They did so via secret meetings and backtesting health-care data. The CDC invested tens of millions of dollars in a foreign health-care data analytics startup run by Danish scientist Poul Thorsen, a move to ensure that no link ever surfaced. But fate had other ideas. The agency soon learned it couldn’t control Thorsen. In 2011, the US Justice Department indicted him for the theft of more than \$1 million of CDC grant money. Master Manipulator exposes the CDC’s hidden agenda for the cover-up. Influenced by Big Pharma money, future high-paying jobs, and political

lobbyists, CDC executives charted a course different than what the findings of earlier vaccine safety studies revealed. The CDC needed an outsider to “flatten” the results of the data, while building an exit strategy: a fall guy in case the secret plan was exposed. Thorsen fit the bill nicely, conducting studies overseas. But the CDC’s plan backfired, as Thorsen took the money to the bank and the power went to his head. It would take years for his fraud scheme—funneling CDC grant money to a Danish university and then back to a CDC bank account he controlled—to play out. *Master Manipulator* is a true story of fraud and betrayal, and an insider’s view of what takes place behind the closed doors of agencies and drug companies, and with the people tasked to protect the health of American children. It’s a cautionary tale of the dangers of blind trust in the government and the health-care industry.

Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt's sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young

blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience. Brilliantly conceived and masterfully written, this enormously engaging portrait of a most beguiling Southern city has become a modern classic.

Come follow the Cosmic Christ on the path of the green priesthood, deep into the heart of a living web of Divine Creation. "Christian animism", for many, can suggest nothing more than crude syncretism, or a blasphemous oxymoron. In this book the author challenges that view, from his own experiences and reflections, and those of many who find themselves on the fringes of church and society. He also searches out the fertile places of his own Christian tradition, seeking to hear a Word of healing for our Earth, a Word of grace for the trees and the animals, and a Word of invitation back to the garden of Creation, our once and future home.

Police Sergeant William South has a good reason to shy away from murder investigations: he is a murderer himself. A methodical, diligent, and exceptionally bright detective, South is an avid birdwatcher and trusted figure in his small town on the rugged Kentish coast. He also lives with the deeply buried secret that, as a child in Northern Ireland, he may have killed a man.

When a fellow birdwatcher is found murdered in his remote home, South's world flips. The culprit seems to be a drifter from South's childhood; the victim was the only person connecting South to his early crime; and a troubled, vivacious new female sergeant has been relocated from London and assigned to work with South. As our hero investigates, he must work ever-harder to keep his own connections to the victim, and his past, a secret. The Birdwatcher is British crime fiction at its finest; a stirring portrait of flawed, vulnerable investigators; a meticulously constructed mystery; and a primal story of fear, loyalty and vengeance.
