Since 1996, Alexander Payne has made six feature films and a short segment of an omnibus movie. Although his body of work is quantitatively small, it is qualitatively impressive. His movies have garnered numerous accolades and awards, including two Academy Awards for Best Adapted Screenplay. As more than one interviewer in this volume points out, he maintains an impressive and unbroken winning streak. Payne's stories of human strivings and follies, alongside his mastery of the craft of filmmaking, mark him as a contemporary auteur of uncommon accomplishment. In this first compilation of his interviews, Payne reveals himself as a captivating conversationalist as well. The discussions collected here range from 1996, shortly after the release of his first film, *Citizen Ruth*, to the debut of *Nebraska* at the Cannes Film Festival in 2013. Over his career, he muses on many subjects including his own creative processes, his commitment to telling character-centered stories, and his abiding admiration for movies and directors from across decades of film history. Critics describe Payne as one of the few contemporary filmmakers who consistently manages to buck the current trend toward bombastic blockbusters. Like the 1970s director-driven cinema that he cherishes, his films are small-scale character studies that manage to maintain a delicate balance between sharp satire and genuine poignancy.

When Penelope O'Shaunessy, "an incoming freshman of average height and lank hair" steps into Harvard Yard for the first time she has lots of advice from her mother: "Don't be too enthusiastic, don't talk to people who seem to be getting annoyed, and for heaven's sake, stop playing Tetris on your phone at parties." Penelope needs this advice. She is the kind of girl who passes through much of her life with coffee spilled on her white shirt, who can't quite tell when people are joking, and who, inevitably, always says the wrong thing. But no amount of coaching will prepare Penelope for the people she meets at school. Gloriously skewering the social hierarchy of college, Penelope is the brilliantly funny story of one of the most singular, memorable heroines in recent fiction.

Pointing out that presumptions of solidarity, antagonism, or incommensurability between Black and Native communities are insufficient to understand the relationships between both groups, this volume's scholars, artist, and activists investigate the complex relationships between settler colonialism and anti-Blackness to explore the political possibilities that emerge from such inquiries.

From the New York Times bestselling author of The Gutsy Girl comes this provocative, compelling novel of irrevocable consequences for people thrust unwittingly into a devastating war of nations and American identity—based on a little-known true event. December 1941. The inhabitants of Niihau lead a simple life. Mostly Hawaiian natives, they work the ranch of Niihau's eccentric haole owner, who keeps his island totally isolated from the outside world, devoid of cars, phones, and electricity. But then a plane crash-lands there, and although the villagers rescue the pilot, they have no idea that he has just attacked Pearl Harbor. War has now come to Eden, slowly undoing its tranquillity, widening the cracks in the already troubled marriage of Irene and Yoshio Harada, the island's only Japanese-American couple. It will test everyone's loyalties and all they believe in . . . as Paradise, once within reach, slowly falls victim to its own isolated innocence.

In the well-heeled milieu of New York's Upper East Side, coolly elegant Philippa Lye is the woman no one can stop talking about. Despite a shadowy past, Philippa has somehow married the scion of the last family-held investment bank in the city. And although her wealth and connections put her in the center of this world, she refuses to conform to its gossip-fueled culture. Then, into her precariously balanced life, come two women: Gwen Hogan, a childhood acquaintance who uncovers an explosive secret about Philippa's single days, and Minnie Curtis, a newcomer whose vast fortune and frank revelations about a penurious upbringing in Spanish Harlem put everyone on alert. When Gwen's husband, a heavy-drinking, obsessive prosecutor in the US Attorney's Office, stumbles over the connection between Philippa's past and the criminal investigation he is pursuing at all costs, this insulated society is forced to confront the rot at its core and the price it has paid to survive into the new millennium. Macy has written a modern-day House of Mirth, not for the age of railroads and steel but of hedge funds and overnight fortunes, of scorched-earth successes and abiding moral failures. A brilliant portrait of love, betrayal, fate and chance, Mrs. marries razor-sharp social critique and page-turning propulsion into an unforgettable tapestry of the way we live in the 21st Century. Set in the months leading up to the 2018 nuclear missile false alarm, a Korean American family living in Hawai'i faces the fallout of their eldest son's attempt to run across the Demilitarized Zone into North Korea in this "fresh, inventive, and at times, hilarious novel" (Kauai Hart Hemmings, author of *The Descendants*). Things are looking up for Mr. and Mrs. Cho. Their dream of franchising their Korean plate lunch restaurants across Hawai'i seems within reach after a visit from Guy Fieri boosts the profile of Cho's Delicatessen. Their daughter, Grace, is busy finishing her senior year of college and working for her parents, while her older brother, Jacob, just moved to Seoul to teach English. But when a viral video shows Jacob trying—and failing—to cross the Korean demilitarized zone, nothing can protect the family from suspicion and the restaurant from waning sales. No one knows that Jacob has been possessed by the ghost of his lost grandfather, who feverishly wishes to cross the divide and find the family he left behind in the north. As Jacob is detained by the South Korean government, Mr. and Mrs. Cho fear their son won't ever be able to return home, and Grace gets more and more stoned as she negotiates her family's undoing. Struggling with what they don't know about themselves and one another, the Chos must confront the separations that have endured in their family for decades. Set in the months leading up to the 2018 false missile alert in Hawai'i, Joseph Han's profoundly funny and strikingly beautiful debut novel is an offering that aches with histories inherited and reunions missed, asking how we heal in the face of what we forget and who we remember.

Detailed summary and analysis of *The Power of Habit*.

Elegant, brutal, and profound—this magnificent debut captures the grit and glory of modern Hawai'i with breathtaking force and accuracy. In a stunning collection that announces the arrival of an incredible talent, Kristiana Kahakauwila travels the islands of Hawai'i, making the fabled place her own. Exploring the deep tensions between local and tourist, tradition and expectation, façade and authentic self, *This Is Paradise* provides an unforgettable portrait of life as it's truly being lived on Maui, Oahu, Kaua'i and the Big Island. In the gut-punch of “Wanle,” a beautiful and tough young woman wants nothing more than to follow in her father's footsteps as a legendary cockfighter. With striking versatility, the title story employs a chorus of voices—the women of Waikiki—to tell the tale of a young tourist drawn to the darker side of the city's nightlife. “The Old Paniolo Way” limns the difficult nature of legacy and inheritance when a patriarch tries to settle the affairs of his farm before his death. Exquisitely written and bursting with sharply observed detail, Kahakauwila's stories remind us of the powerful desire to belong, to put down roots, and to have a place to call home.

The New York Times—bestselling author delivers “a riveting saga about Big Sugar flexing its imperialist muscle in Hawaii . . . A real gem of a book” (Douglas Brinkley, author of *American Moonshot*). Deftly weaving together a memorable cast of characters, *Lost Kingdom* brings to life the clash between a vulnerable Polynesian people and relentlessly expanding capitalist powers. Portraits of royalty and rogues, sugar barons, and missionaries combine into a sweeping tale of the Hawaiian Kingdom's rise and fall. At the center of the story is Lili'uokalani, the last queen of Hawai'i. Born in 1838, she lived through the nearly complete economic transformation of the islands. Lucrative sugar plantations gradually subsumed the majority of the land, owned almost exclusively by white planters, dubbed the “Sugar Kings.” Hawai'i became a prize in the contest between America,

Britain, and France, each seeking to expand their military and commercial influence in the Pacific. The monarchy had become a figurehead, victim to manipulation from the wealthy sugar plantation owners. Lili'u was determined to enact a constitution to reinstate the monarchy's power but was outmaneuvered by the United States. The annexation of Hawai'i had begun, ushering in a new century of American imperialism. "An important chapter in our national history, one that most Americans don't know but should." —The New York Times Book Review "Siler gives us a riveting and intimate look at the rise and tragic fall of Hawaii's royal family . . . A reminder that Hawaii remains one of the most breathtaking places in the world. Even if the kingdom is lost." —Fortune "[A] well-researched, nicely contextualized history . . . [Indeed] 'one of the most audacious land grabs of the Gilded Age.'" —Los Angeles Times

"The Imperial Wife is a smart, engaging novel that parallels two fascinating worlds and two singular women. Irina Reyn writes beautifully of immigrants, art and the vagaries of love". --Jess Walter, National Book Award finalist and author of the New York Times bestseller, Beautiful Ruins Two women's lives collide when a priceless Russian artifact comes to light. Tanya Kagan, a rising specialist in Russian art at a top New York auction house, is trying to entice Russia's wealthy oligarchs to bid on the biggest sale of her career, The Order of Saint Catherine, while making sense of the sudden and unexplained departure of her husband. As questions arise over the provenance of the Order and auction fever kicks in, Reyn takes us into the world of Catherine the Great, the infamous 18th-century empress who may have owned the priceless artifact, and who it turns out faced many of the same issues Tanya wrestles with in her own life. Suspenseful and beautifully written, The Imperial Wife asks whether we view female ambition any differently today than we did in the past. Can a contemporary marriage withstand an "Imperial Wife"?
