Crime and Justice in the Trump Era Francis T Cullen, Amanda Graham, 2020-05-21 Crime and Justice in the Trump Era documents the impact of Trump administration policies on (1) violence against women, (2) the treatment of persons of color, (3) corporate and environmental crime (both domestic and international), and (4) federal crime control policy. First, the book examines how the policies of Donald Trump's administration have affected the rights and safety of female Americans—in particular, violence against women, including sexual assault. The book then goes on to explore President Trump's very public stances devaluing people of color—whether they reside within the nation's borders or are seeking entry into the United States. Next, the collection evaluates the collateral costs attached to the ongoing campaign to reduce regulations that protect consumers, workers, and the environment. Likewise, the valuing America's narrow self-interests may also have effects internationally, where crime and violence may be tied to Trump's promotion of White nationalism, toleration of human rights violations, and denial of climate change. Lastly, criminal justice policies are examined, both in the early stages of Trump's presidency, which were marked by his get-tough rhetoric, along with the more recent support for the First Step Act. The authors represent different perspectives in the discipline—critical/feminist and mainstream criminologists, quantitative and qualitative scholars, and students of both street and white-collar crime. Taken together, this book reflects a variety of criminological voices and advances immeasurably our understanding of the Trump administration's influence on crime and justice in America. The chapters in this book were originally published as a special issue of *Victims & Offenders: An International Journal of Evidence-based Research, Policy, and Practice*.

**The Palgrave Handbook of Philosophy and Public Policy** David Boonin, 2018-10-08 This book brings together a large and diverse collection of philosophical papers addressing a wide variety of public policy issues. Topics covered range from long-standing subjects of debate such as abortion, punishment, and freedom of expression, to more recent controversies such as those over gene editing, military drones, and statues honoring Confederate soldiers. Part I focuses on the criminal justice system, including issues that arise before, during, and after criminal trials. Part II covers matters of national defense and sovereignty, including chapters on military ethics, terrorism, and immigration. Part III, which explores political participation, manipulation, and standing, includes discussions of issues involving voting rights, the use of nudges, and claims of equal status. Part IV covers a variety of issues involving freedom of speech and expression. Part V deals with questions of justice

and inequality. Part VI considers topics involving bioethics and biotechnology. Part VII is devoted to beginning of life issues, such as cloning and surrogacy, and end of life issues, such as assisted suicide and organ procurement. Part VIII navigates emerging environmental issues, including treatments of the urban environment and extraterrestrial environments.

*Imagining Latinidad*, 2022-11-21 *Imagining Latinidad* examines how Latin American migrants use technology for public engagement, social activism, and to build digital, diasporic communities. Thanks to platforms like Facebook and YouTube, immigrants from Latin America can stay in contact with the culture they left behind. Members of these groups share information related to their homeland through discussions of food, music, celebrations, and other cultural elements. Despite their physical distance, these diasporic virtual communities are not far removed from the struggles in their homelands, and migrant activists play a central role in shaping politics both in their home country and in their host country. Contributors are: Amanda Arrais, Karla Castillo Villapudua, David S. Dalton, Jason H. Dormady, Carmen Gabriela Febles, Álvaro González Alba, Yunuen Ysela Mandujano-Salazar, Anna Marta Marini, Diana Denisse Merchant Ley, Covadonga Lamar Prieto, María del Pilar Ramírez Gröbli, David Ramírez Plascencia, Jessica Retis, Nancy Rios-Contreras, and Patria Román-Velázquez. *Imagining Latinidad: Digital Diasporas and Public Engagement Among Latin American Migrants* is now available in paperback for individual customers.

**Crossing the Rubicon** Michael C. Ruppert, 2004-09-15 The acclaimed investigative reporter and author of *Confronting Collapse* examines the global forces that led to 9/11 in this provocative exposé. The attacks of September 11, 2001 were accomplished through an amazing orchestration of logistics and personnel. *Crossing the Rubicon* examines how such a conspiracy was possible through an interdisciplinary analysis of petroleum, geopolitics, narco-traffic, intelligence and militarism—without which 9/11 cannot be understood. In reality, 9/11 and the resulting War on Terror are parts of a massive authoritarian response to an emerging economic crisis of unprecedented scale. Peak Oil—the beginning of the end for our industrial civilization—is driving the elites of American power to implement unthinkably draconian measures of repression, warfare and population control. *Crossing the Rubicon* is more than a story of corruption and greed. It is a map of the perilous terrain through which we are all now making our way.

*A Little History of the World* E. H. Gombrich, 2014-10-01 E. H. Gombrich's *Little History of the World*, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the *Little History* brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments,

though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

The Case Against the Common Law Gordon Tullock, 1997 Central to the social functions and the foundational principles of the common law system is the concept of doctrinal stability as encapsulated in the institutional principle of stare decisis, or binding precedent. Under this principle, precedent binds subsequent similar cases when certain formal conditions are met. The doctrinal stability standard cannot survive significant deviation from the principle of stare decisis. Gordon Tullock demonstrates how the retreat from stare decisis in the U.S. common law system is a predictable consequence of adverse institutional characteristics. He concludes that this withdrawal is now sufficiently extensive as to challenge the validity of the common law system itself.

**Cato Handbook for Policymakers** Cato Institute, David Boaz, 2008 Offers policy recommendations from Cato Institute experts on every major policy issue. Providing both in-depth analysis and concrete recommendations, the Handbook is an invaluable resource for policymakers and anyone else interested in securing liberty through limited government.

**Ship of Fools** Tucker Carlson, 2019-10-01 The #1 New York Times bestseller from FOX News star of Tucker Carlson Tonight offers “a targeted snipe at the Democrats and Republicans and their elite enablers” (New York Journal of Books) in a funny political commentary on how America’s ruling class has failed everyday Americans. “Informal and often humorous...an entertainingly told narrative of elite malfeasance” (Publishers Weekly), Tucker Carlson’s Ship of Fools tells the truth about the new American elites, a group whose power and wealth has grown beyond imagination even as the rest of the country has withered. The people who run America now barely interact with it. They fly on their own planes, ski on their own mountains, watch sporting events far from the stands in sky boxes. They have total contempt for you. In Ship of Fools, Tucker Carlson offers a blistering critique of our new overlords and answers the all-important question: How do we put the country back on course? Traditional liberals are gone, he writes. The patchouli-scented hand-wringers who worried about whales and defended free speech have been replaced by globalists who hide their hard-edged economic agenda behind the smokescreen of identity politics. They’ll outsource your job while lecturing you about transgender bathrooms. Left and right, Carlson says, are no longer meaningful categories in America. “The rift is between those who benefit from the status quo, and those who don’t.” Our leaders are fools, Carlson concludes, “unaware that they are captains of a sinking ship.” But in the signature and witty style that viewers of Tucker Carlson Tonight enjoy so much, Ship of Fools is “bulging with big and interesting ideas,

presented succinctly with wit and precision, each chapter a potential book in itself” (The Washington Times).

Who Do You Serve, Who Do You Protect? Maya Schenwar, Joe Macaré, Alana Yu-lan Price, 2016-05-30 Essays and reports examining the reality of police violence against Black and brown communities in America. What is the reality of policing in the United States? Do the police keep anyone safe and secure other than the very wealthy? How do recent police killings of young Black people in the United States fit into the historical and global context of anti-blackness? This collection of reports and essays (the first collaboration between Truthout and Haymarket Books) explores police violence against Black, brown, indigenous, and other marginalized communities, miscarriages of justice, and failures of token accountability and reform measures. It also makes a compelling and provocative argument against calling the police. Contributions cover a broad range of issues including the killing by police of Black men and women, police violence against Latino and indigenous communities, law enforcement’s treatment of pregnant people and those with mental illness, and the impact of racist police violence on parenting. There are also specific stories such as a Detroit police conspiracy to slap murder convictions on young Black men using police informant, and the failure of Chicago’s much-touted Independent Police Review Authority, the body supposedly responsible for investigating police misconduct. The title *Who Do You Serve, Who Do You Protect?* is no mere provocation: the book also explores alternatives for keeping communities safe. Contributors include William C. Anderson, Candice Bernd, Aaron Cantú, Thandi Chimurenga, Ejeris Dixon, Adam Hudson, Victoria Law, Mike Ludwig, Sarah Macaraeg, and Roberto Rodriguez. Praise for *Who Do You Serve, Who Do You Protect?* “With heartbreaking, glass-sharp prose, the book catalogs the abuse and destruction of Black, native, and trans bodies. And then, most importantly, it offers real-world solutions.” —Chicago Review of Books “A must-read for anyone seeking to understand American culture in the present day.” —Xica Nation “This brilliant collection of essays, written by activists, journalists, community organizers and survivors of state violence, urgently confronts the criminalization, police violence and anti-Black racism that is plaguing urban communities. It is one of the most important books to emerge about these critical issues: passionately written with a keen eye towards building a world free of the cruelty and violence of the carceral state.” —Beth Richie, author of *Arrested Justice: Black Women, Violence, and America’s Prison Nation*

**The New Jim Crow** Michelle Alexander, 2020-01-07 Named one of the most important nonfiction books of the 21st century by Entertainment Weekly, Slate, Chronicle of Higher Education, Literary Hub, Book Riot, and Zora A tenth-anniversary edition of the iconic bestseller—one of the most influential books of the past 20 years, according to the Chronicle

of Higher Education—with a new preface by the author It is in no small part thanks to Alexander's account that civil rights organizations such as Black Lives Matter have focused so much of their energy on the criminal justice system. —Adam Shatz, London Review of Books Seldom does a book have the impact of Michelle Alexander's *The New Jim Crow*. Since it was first published in 2010, it has been cited in judicial decisions and has been adopted in campus-wide and community-wide reads; it helped inspire the creation of the Marshall Project and the new \$100 million Art for Justice Fund; it has been the winner of numerous prizes, including the prestigious NAACP Image Award; and it has spent nearly 250 weeks on the New York Times bestseller list. Most important of all, it has spawned a whole generation of criminal justice reform activists and organizations motivated by Michelle Alexander's unforgettable argument that we have not ended racial caste in America; we have merely redesigned it. As the Birmingham News proclaimed, it is undoubtedly the most important book published in this century about the U.S. Now, ten years after it was first published, The New Press is proud to issue a tenth-anniversary edition with a new preface by Michelle Alexander that discusses the impact the book has had and the state of the criminal justice reform movement today.

Antifragile Nassim Nicholas Taleb, 2014-01-28 *Antifragile* is a standalone book in Nassim Nicholas Taleb's landmark *Incerto* series, an investigation of opacity, luck, uncertainty, probability, human error, risk, and decision-making in a world we don't understand. The other books in the series are *Foiled by Randomness*, *The Black Swan*, *Skin in the Game*, and *The Bed of Procrustes*. Nassim Nicholas Taleb, the bestselling author of *The Black Swan* and one of the foremost thinkers of our time, reveals how to thrive in an uncertain world. Just as human bones get stronger when subjected to stress and tension, and rumors or riots intensify when someone tries to repress them, many things in life benefit from stress, disorder, volatility, and turmoil. What Taleb has identified and calls "antifragile" is that category of things that not only gain from chaos but need it in order to survive and flourish. In *The Black Swan*, Taleb showed us that highly improbable and unpredictable events underlie almost everything about our world. In *Antifragile*, Taleb stands uncertainty on its head, making it desirable, even necessary, and proposes that things be built in an antifragile manner. The antifragile is beyond the resilient or robust. The resilient resists shocks and stays the same; the antifragile gets better and better. Furthermore, the antifragile is immune to prediction errors and protected from adverse events. Why is the city-state better than the nation-state, why is debt bad for you, and why is what we call "efficient" not efficient at all? Why do government responses and social policies protect the strong and hurt the weak? Why should you write your resignation letter before even starting on the job? How did the sinking of the Titanic save lives? The book spans innovation by trial and error, life decisions, politics, urban planning, war, personal finance, economic systems, and medicine. And throughout, in addition to the street wisdom of Fat Tony of Brooklyn, the voices and recipes of ancient wisdom, from Roman, Greek, Semitic, and medieval sources, are loud and clear. *Antifragile* is a blueprint for living in a Black Swan world. Erudite, witty, and iconoclastic, Taleb's message is revolutionary: The antifragile,

and only the antifragile, will make it. Praise for Antifragile “Ambitious and thought-provoking . . . highly entertaining.”—The Economist “A bold book explaining how and why we should embrace uncertainty, randomness, and error . . . It may just change our lives.”—Newsweek

**The Vote Motive** Gordon Tullock,2008 In this classic introductory public choice text, Gordon Tullock analyses the motives and activities of politicians, civil servants and voters. Government 'servants' can most likely be assumed to be pursuing their own interests, just like those in the private sector, although, given the coercive power of the state, the effects can be far from benign. The incentive structures present within public institutions mean that government action may well fail to improve economic welfare and frequently has results different from those intended. The application of the 'economic theory of politics' effectively undermines the market failure approach to government policy-making, which relies on the assumption that benevolent and far-sighted governments are capable of clearing up the failings of private markets. This new edition includes a reflection by Gordon Tullock and commentaries by Peter Kurrild-Klitgaard, Charles K. Rowley, Stefan Voigt and Michael C. Munger. These contributions consider the impact of the original publication of *The Vote Motive* in 1976. Thirty-years later, with public-sector bureaucracies retaining substantial control over large swathes of the economy, it is clear that policy-makers still have much to learn from Tullock's seminal work.

*My Family Divided* Diane Guerrero, Erica Moroz,2018-07-17 The star of *Orange Is the New Black* and *Jane the Virgin*, Diane Guerrero presents her personal story in this middle grade memoir about her parents' deportation and the nightmarish struggles of undocumented immigrants and their American children--

**Middlemarch** George Elliott,2009-03-09 An extraordinary masterpiece written from personal experience, *Middlemarch* is a deep psychological observation of human nature that revolves around the issues of love, jealousy, and obligation. Eliot's feminist views are apparent through the novel: she stresses the fact that women should control their own lives.
