Second Edition Tales Of Mystery

The Supernatural

An “addictive volume” of amphetamine stories from William T. Vollmann, Sherman Alexie, and more (Publishers Weekly). Speed is the most American of drugs: twice the productivity at half the cost, and equal opportunity for all. It has reinvented itself many times, from miracle cure to biker-gang scourge and everything in between. It goes by many names: crystal meth, amphetamines, Dexedrine, Benzedrine, Adderall; crank, spizz, chickenscratch, oblivious marching powder, the go-fast. And it crosses all ethnicities, genders, and geographies—from immigrants and heartlanders punching double factory shifts to clandestine border warlords; prostitutes to housewives; Hollywood celebs to the poorest Indian on the rez—and they all have plenty of stories. Here is the first contemporary collection of new short fiction dealing with the drug from an array of today’s most compelling authors. The elements of crime and tweaking, bleary-eyed zombies exist alongside heart-wrenching narratives of everyday people, the American Dream going up in flames, and even some accounts of pure joy. Featuring brand-new stories by: Sherman Alexie, William T. Vollmann, James Franco, Megan Abbott,

Jerry Stahl, Beth Lisick, Jess Walter, Scott Phillips, James Greer, Tao Lin, Joseph Mattson, Natalie Diaz, Kenji Jasper, and Rose Bunch.

‘Who gave the drugs to the Beatles? I didn’t invent those things. I bought it from someone who got it from somebody. We never invented the stuff.’ – John Lennon
Riding So High charts the Beatles’ extraordinary odyssey from teenage drinking and pill-popping, to cannabis, LSD, the psychedelic Summer of Love and the darkness beyond. Drugs were central to the Beatles’ story from the beginning. The acid, pills and powders helped form bonds, provided escape from the chaos of Beatlemania, and inspired colossal leaps in songwriting and recording. But they also led to break-ups, breakdowns, drug busts and prison. The only full-length study of the Beatles and drugs, Riding So High tells of getting stoned, kaleidoscope eyes, excess, loss and redemption, with a far-out cast including speeding Beatniks, a rogue dentist, a script-happy aristocratic doctor, corrupt police officers and Hollywood Vampires. ‘The deeper you go, the higher you fly...’

Or will Rath's evil plan doom them all?

Spencer Holst is a legendary underground storyteller. He writes his stories by telling and retelling them until they are phrase-perfect. Collector's items, his handcrafted books always sell out before publication. Kirkus said reading the short stories in this book "is like sitting at the knee of a delightfully demented fairy-tale grandfather." Attacked and injected with a drug which slows his metabolism to a fraction of normal, Martin James becomes an unwilling time traveler who hurtles through the years. His children grow up, his wife grows older, and his only hope is finding the people who injected him in the first place- not an easy task when one day for Martin lasts four years. And while Martin James strives to find a cure before everyone he loves is gone, others are uncertain if his journey can be stopped at all. W. Lawrence weaves a dystopian future filled with the best and worst of humanity, highlights the blessings and curses of technology, and pushes the limits of faith and hopelessness. Above all, Syncing Forward is a tale of one man's love for his family, and their devotion to saving him from being lost forever.

IT was a dark, chilly night in September, 1884. A

heavy gloom had descended over the streets of A——, a small town on the Rhine, and was hanging like a black funeral-pall over the dull factory burgh. The greater number of its inhabitants, wearied by their long day's work, had hours before retired to stretch their tired limbs, and lay their aching heads upon their pillows. All was quiet in the large house; all was quiet in the deserted streets. I too was lying in my bed; alas, not one of rest, but of pain and sickness, to which I had been confined for some days. So still was everything in the house, that, as Longfellow has it, its stillness seemed almost audible. I could plainly hear the murmur of the blood, as it rushed through my aching body, producing that monotonous singing so familiar to one who lends a watchful ear to silence. I had listened to it until, in my nervous imagination, it had grown into the sound of a distant cataract, the fall of mighty waters ... when, suddenly changing its character, the ever growing "singing" merged into other and far more welcome sounds. It was the low, and at first scarce audible, whisper of a human voice. It approached, and gradually strengthening seemed to speak in my very ear. Thus sounds a voice speaking across a blue quiescent lake, in one of those wondrously acoustic gorges of the snow-capped mountains, where the air is so pure that a word pronounced half a mile off seems almost at the elbow. Yes; it was the voice of one whom to know is to reverence; of one, to me, owing to many

mystic associations, most dear and holy; a voice familiar for long years and ever welcome: doubly so in hours of mental or physical suffering, for it always brings with it a ray of hope and consolation.

“Courage,” it whispered in gentle, mellow tones.

“Think of the days passed by you in sweet associations; of the great lessons received of Nature’s truths; of the many errors of men concerning these truths; and try to add to them the experience of a night in this city. Let the narrative of a strange life, that will interest you, help to shorten the hours of suffering.... Give your attention. Look yonder before you!” “Yonder” meant the clear, large windows of an empty house on the other side of the narrow street of the German town. They faced my own in almost a straight line across the street, and my bed faced the windows of my sleeping room. Obedient to the suggestion, I directed my gaze towards them, and what I saw made me for the time being forget the agony of the pain that racked my swollen arm and rheumatological body.

global scale—The Jungle for pharmaceuticals Many have hailed the widespread use of generic drugs as one of the most important public-health developments of the twenty-first century. Today, almost 90 percent of our pharmaceutical market is comprised of generics, the majority of which are manufactured overseas. We have been reassured by our doctors, our pharmacists and our regulators that generic drugs are identical to their brand-name counterparts, just less expensive. But is this really true? Katherine Eban's *Bottle of Lies* exposes the deceit behind generic-drug manufacturing—and the attendant risks for global health. Drawing on exclusive accounts from whistleblowers and regulators, as well as thousands of pages of confidential FDA documents, Eban reveals an industry where fraud is rampant, companies routinely falsify data, and executives circumvent almost every principle of safe manufacturing to minimize cost and maximize profit, confident in their ability to fool inspectors. Meanwhile, patients unwittingly consume medicine with unpredictable and dangerous effects. The story of generic drugs is truly global. It connects middle America to China, India, sub-Saharan Africa and Brazil, and represents the ultimate litmus test of globalization: what are the risks of moving drug manufacturing offshore, and are they worth the savings? A decade-long investigation with international sweep, high-stakes brinkmanship and

big money at its core, *Bottle of Lies* reveals how the world's greatest public-health innovation has become one of its most astonishing swindles. The stories you have in this book show a wide range. Some are very short, almost vignettes, some longer. Some are supernatural and some are based in our reality. Some have surprises while others lead us through an expected series of events. No matter what the differences among them, though, they all have one thing in common: the wonderfully fresh narrative voice that Gunnells gives us... I envy people who have not yet read Mark Allan Gunnells, for they have a real treat ahead of them, and this book is the perfect place to start.

Kevin Canty is a master of the short story, a writer whose work has been compared to that of Flannery O'Connor and Raymond Carver, but always with the understanding that Canty's is strikingly new, cool, and real. Now in *Honeymoon*, after two novels, Kevin Canty returns to short fiction, his first collection since his debut *A Stranger in this World*, a book that was hailed as "Superb: These tautly structured stories breathe with sharp, distilled intelligence." *Honeymoon* is a book about love, about lovers and would-be lovers exploring unlikely alliances, all of them toeing a certain eventful edge, a decision between rational restraint and something altogether different. In the title story, a man leaves his lover's wedding with the bride's ex-girlfriend; in "Flipper" a young escapee from "fat camp" discovers a different kind of hunger while enjoying a pregnant teen's gifts of forbidden chocolate; in "Aquarium," a thirty-eight-year old woman who claims to "follow the straight and narrow" tries to resist seducing her fifteen-year-old nephew again. Revealing the hidden longings and quirky needs of both men and women with a tough sensitivity and deep, sometimes biting humor, *Honeymoon* presents a

masterful writer purely at home in his form, yet continuing to push himself and his stories to their limits with enthusiasm and daring.

This special collection features more than 30 EC classics from the pages of Tales From the Crypt, The Haunt of Fear, The Vault of Horror, Shock SuspenStories, Impact, and Crime SuspenStories. Of special note is Orlando's "The Monkey," the classic realistic EC story about drug addiction, considered to be one of the most cautionary of "the preachies," and Orlando's adaptation of Bradbury's eerily haunting "The Lake," about a childhood tragedy. This volume also includes the title story "The Thing From the Grave," a special Orlando frightfest originally printed in 3-D that hasn't been seen since its original publication more than 60 years ago (and is presented here for the first time in easy-on-the-eyes 2-D). Plus all of Orlando's Panic stories, including parodies of Mother Goose, TV commercials, and soap operas. Like every book in the Fantagraphics EC Artists' Library, The Thing From the Grave And Other Stories also features essays and notes by EC experts on these superbly crafted, classic American comics.

This volume brings together two series of short fiction by the poet, writer and religious philosopher Aleister Crowley (1875–1947). It includes the first complete publication of Simple Simon, the detective series featuring Crowley's most memorable fictional creation, the mystic-magician-philosopher-psychoanalyst-detective Simon Iff. The idealised Crowley in old age, Simon Iff is wise, knowing and unfailingly humorous as he applied psychoanalysis, Taoism and his own religious

philosophy of Thelema to divine the depths of human nature and solve a wide array of crimes and mysteries. The six Scrutinies of Simon Iff stories are set in France and England, anchored by Iff's beloved Hemlock Club. The twelve Simon Iff in America stories afford Crowley's penetrating insights into America as he found it during his residence from 1914 to 1919. His three Simon Iff Abroad stories take the reader to tribal North Africa, inaccessible Central Africa and to the high seas. The two Simon Iff Psychoanalyst stories were among the earliest tales to use the new science of psychoanalysis to solve mysteries. Also included is Crowley's other major short fiction series, the eight stories of his legendary Golden Twigs, which were inspired by Sir J.G. Frazer's encyclopedic study of myth and religion in history, *The Golden Bough*.

"Simply put, there is absolutely nothing on the market with the range of ambition of this strikingly eclectic collection of essays. Not only is it impossible to imagine a more comprehensive view of the subject, most readers – even specialists in the subject – will find that there are elements of the Gothic genre here of which they were previously unaware." - Barry Forshaw, Author of *British Gothic Cinema and Sex and Film* *The Palgrave Handbook of Contemporary Gothic* is the most comprehensive compendium of analytic essays on the modern Gothic now available, covering the vast and highly significant period from 1918 to 2019. The Gothic sensibility, over 200 years old, embraces its dark past whilst anticipating the future. From demons and monsters to post- apocalyptic fears and ecological

fantasies, Gothic is thriving as never before in the arts and in popular culture. This volume is made up of 62 comprehensive chapters with notes and extended bibliographies contributed by scholars from around the world. The chapters are written not only for those engaged in academic research but also to be accessible to students and dedicated followers of the genre. Each chapter is packed with analysis of the Gothic in both theory and practice, as the genre has mutated and spread over the last hundred years. Starting in 1918 with the impact of film on the genre's development, and moving through its many and varied international incarnations, each chapter chronicles the history of the gothic milieu from the movies to gaming platforms and internet memes, television and theatre. The volume also looks at how Gothic intersects with fashion, music and popular culture: a multi-layered, multi-ethnic, even a trans-gendered experience as we move into the twenty first century.

The Lupus Kid and Other Stories For a year Bob Wendell recorded the path his life took through illness and despair. He was alive and grateful for that much. But the turn his relationship would take, and the downfall of those around him, made Wendell question the very meaning of his existence. Set under the gray skies of the Pacific Northwest, The Lupus Kid and Other Stories gives more than insight into life with chronic illness; it provides a glimpse into the human condition and the struggle to maintain dignity and hope. And that while hope doesn't come easily, it is sometimes found in the

An award-winning book from the author of *Exhalation*, this short story collection "blend[s] absorbing storytelling with meditations on the universe, being, time and space. . . . raises questions about the nature of reality and what it is to be human." —*The New York Times* Includes "Story of Your Life" the basis for the major motion picture *Arrival* *Stories of Your Life and Others* delivers dual delights of the very, very strange and the heartbreakingly familiar, often presenting characters who must confront sudden change—the inevitable rise of automatons or the appearance of aliens—with some sense of normalcy. With sharp intelligence and humor, Chiang examines what it means to be alive in a world marked by uncertainty, but also by beauty and wonder. An award-winning collection from one of today's most lauded writers, *Stories of Your Life and Others* is a contemporary classic. *Danse Macabre and Other Stories: A Psychoanalytic Perspective on Global Dynamics* examines the world using a systemic and psychoanalytic lens, including concepts of splitting, separation, projection, displacement, and the return of the repressed. They consider what impact the disappearance of some iconic and psychic containers has on individuals' functioning and why we choose populist leaders to shore up our own social defences. They question why the world feels so threatening to the twenty-first-century linked-in citizens when the objective facts suggest that overall much is improving for the global citizen. Building on their previous work, Halina Brunning and Olya Khaleelee have created a

coherent framework in order to conceptualise global dynamics within a matrix form. The matrix contains dialectic dynamic forces for both good and evil, love and hate, creation and destruction. They take a closer look at the plethora of phenomena which they see arising therein. Whilst the matrix holds steady, inside it is a world in constant flux, reconfiguring and rearranging itself, as if in a kaleidoscope, with inevitable and unavoidable turbulence, but - Brunning and Khaleelee hypothesise - with an underlying pattern that is available to be discerned and studied. Aware of this turbulence, Brunning and Khaleelee wish to share their view of the world in the hope of offering a containing reflection, capable of calming the nerves of the readers as well as their own.

In this compelling novel, Jay Chirino channels his own struggles with depression and addiction, creating a universal story that is painfully relatable for those with similar issues, and eye-opening for the ones that haven't dealt with the challenges of mental illness. After leaving behind a trail of drug-addled destruction, Jay finds himself confined to the walls of a psychiatric hospital. He is now compelled to confront his actions, his issues, and the past that led him to such downhill spiral. But what surprisingly affects him most are the people that he becomes surrounded by; people with considerable deficiencies that will shed some light on the things that truly matter in life. "The Flawed Ones" is a thorough examination of the struggles of mental illness, depression, addiction, and the effects they have on the human condition. Most importantly, it proves that physical and mental shortcomings do not necessarily define who we truly are inside- that the heart is, in fact, untouched by our "flaws", and that love will always prevail above all.

My Overdue Book: Too many stories not to tell: spells out the varied episodes in the life of a man who spent decades working in Hollywood. He began as a little boy in Cincinnati impressed early on by the broadcasting magic of radio and then TV in the middle of twentieth century America. His drive to get into broadcasting culminates in an early success that gets interrupted by an unexpected sidebar in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960's. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-media. Following his wanderings through the jungles of Vietnam, Bright's interactions with many of America's top public figures throughout his decades in radio and television come to life with intriguing stories that are personal, professional, positive and negative. It's life without a filter! Readers across generations will share and co-experience numerous real life feelings and emotions with writer Bright as his winding trail of life opens in front of them.

book endorsement for peter bright; i always thought that peter bright and i had many things in common; we both grew up in ohio, we both had careers in the live event and variety side of television, and the few times we had times to talk i thought we shared a mutual philosophy toward the ups and downs of life. but it wasn't until i read his "overdue" book that i realized just what a rich and storied life peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we

appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as Peter has in this book. When I started to read it, I thought all of those common events that we shared would be an interesting parallel track to my life and as such I would have a great frame of reference, but as I read on, I realized just what an amazing story Peter has to tell and just how well he tells it. Edited, with an Introduction, by William Breeze. Foreword by David Tibet. This volume brings together the uncollected short fiction of the poet, writer and religious philosopher Aleister Crowley (1875 - 1947). Crowley was a successful critic, editor and author of fiction from 1908 to 1922, and his short stories are long overdue for discovery. Of the fifty-two stories in the present volume, only thirty were published in his lifetime. Most of the rest appear here for the first time. Like their author, Crowley's stories are fun, smart, witty, thought-provoking and sometimes unsettling. They are set in places he had lived and knew well: Belle Epoque Paris, Edwardian London, pre-revolutionary Russia and America during the first World War. The title story *The Drug* stands as one of the first - if not the first - accounts of a psychedelic experience. His *Black and Silver* is a knowing early noir discovery that anticipates an entire genre. *Atlantis* is a masterpiece of occult fantasy, a dark satire that can stand with Samuel Butler's *Erewhon*. Frank Harris considered *The Testament of Magdalen Blair* the most terrifying tale ever written. Extensive editorial end-notes give full details about the stories.

The New York Times Bestseller What if everything you think you know about addiction is wrong?

Johann Hari's journey into the heart of the war on drugs led him to ask this question--and to write the book that gave rise to his viral TED talk, viewed more than 62 million times, and inspired the feature film *The United States vs. Billie Holiday* and the documentary series *The Fix*. One of Johann Hari's earliest memories is of trying to wake up one of his relatives and not being able to. As he grew older, he realized he had addiction in his family. Confused, not knowing what to do, he set out and traveled over 30,000 miles over three years to discover what really causes addiction--and what really solves it. He uncovered a range of remarkable human stories--of how the war on drugs began with Billie Holiday, the great jazz singer, being stalked and killed by a racist policeman; of the scientist who discovered the surprising key to addiction; and of the countries that ended their own war on drugs--with extraordinary

results. Chasing the Scream is the story of a life-changing journey that transformed the addiction debate internationally--and showed the world that the opposite of addiction is connection.

An anthology of stories on Mexican-Americans. One deals with the gulf between Anglo and Latin cultures, another is a romance between an older woman and a younger man, a third is on a boy's satisfaction with a job well done.

delineate all these aspects of what it is to be a drug fiend. The story is enchanting and you are swept up into the pages about the ecstasy and agony of drug usage. The realism presented here no doubt stemmed from Crowley's own dabbling with the various powders. the Wooden Shoe (Elizabeth Harrison), and Christmas on Big Rattle (Theodore Goodridge Roberts). * * * * In making this volume, we discovered that the Gutenberg eBook versions are missing a story - "The Golden Cobwebs" - instead having a short excerpt from "A Christmas Carol" that is duplicated by the longer excerpt "The Cratchit's Christmas Dinner" later in this book. This edition restores the missing story. This volume contains the full text of the original book published in 1913. * * * * Check our other Children's, Juvenile, and Adult books at www.FlyingChipmunkPublishing.com, or Like us on Facebook for our latest releases.
