He figures it's a case for K&J. Intrigue, deception and imposters lead them to France and back again to high society in search for her real identity. You learn how to make people like you, win people over to your way of thinking, and change people without causing offense or arousing resentment. For instance, "let the other person feel that the idea is his or hers" and "talk about your own mistakes before criticizing the other person." This book is all about building relationships. With good relationships, personal and business successes are easy and swift to achieve. Twelve Ways to Win People to Your Way of Thinking

5. Start with questions to which the other person will answer yes.
6. Let the other person do a great deal of the talking.
