This ministry guide has been written to provide information about how to provide support ministry to the people with whom you work. This guide is also for people who work in many different ministry settings, a church or denominational administrative office, a small or medium size church, a parachurch or missions focused organization, and large churches. It will assist them with how they look at their ministry, and the level of support that is needed for their particular setting. A call to ministry is an important thing to understand for an administrative assistant; your heart and the way you deal with people and tasks are different if you understand your position as a call to ministry rather than a job for a paycheck. If you understand that you represent not just your pastor and your church, but Christ to every person who calls, stops by, e-mails, etc., you approach your tasks and people differently. Working as the assistant to a pastor, or any person in ministry, you have to approach your tasks with an understanding of who you are serving, and you are serving Christ and his people. The position of Administrative Assistant is a vital part of the over-all ministry of your church and the congregation. You are the gate-keeper, bridge-builder, keeper of the "information", soother of wounded feelings, and the deliverer of unwanted news. You are the person who has your finger on the pulse of your congregation and your community. You are the person people will come to for answers. You will handle thousands of details related to dozens of different projects and commitments for your pastor. You will help make your pastor's ministry seamless. While all of these descriptions may make your head spin, this is a part of the ministry of being an assistant. You can look at each day as a challenge or an adventure. If you understand your job as a ministry and understand your call to this ministry you are ready for a great adventure. Begin each day with a prayer for wisdom and strength, surrender your mind and will to God, and prepare yourself to work with the heart of a servant. As Christ walks alongside you in your daily life, you will learn to walk along side your pastor and to be a partner in their ministry.

Many executives don't take full advantage of the assistant who sits right outside their door. This book educates executives about all the ways in which they can streamline and improve the way they work with the help of a great assistant, while teaching them to identify great candidates and maximize the benefits of this special relationship. The New Executive Assistant is a guide for EAs and their executives, designed to help them reconsider the EA role and look at it in a new light. The premise is simple: the more effective the EA, the more effective the executive ... and the more effective the organisation.

We all have a personal brand whether we realize it or not. It determines not only our long-term earning potential but also at times our future opportunities. The goal of this book is to get practical about building and maintaining a strong personal brand. In a world where more assistants are competing for fewer positions we need to become aware of the value of our own personal brands, and how to make our brands work for us. We need to know what the things are that build or damage our brands, and how we can ensure that our brands are considered desirable. This book will take you on a journey in which you will analyse your own brand's health, learn tools for brand building, understand the brand breakers you might encounter in your life, and discover brand recovery strategies, by the end of which you will be able to establish and maintain your own brand as a premium one throughout your career.

Feed your boss's ego. Dress for success. And don't let your heels trip you up on the corporate ladder. Millions of women have held the position of secretary, alternately lauded as a breakthrough opportunity and excoriated as dead-end busy work. From the female pioneers who infiltrated Capitol Hill offices during the Civil War to today's tech-savvy administrative assistants, secretaries have withstood criticism for abandoning their rightful sphere (the home), weathered the dubious advice of secretarial guide-books, taken hits from feminists and antifeminists alike, and demanded the right to resist making coffee—all while making their bosses look good. In *Swimming in the Steno Pool*, author-secretary Lynn Peril profiles the various incarnations of the secretary, from pliable, sexy mate of the "office husband" to postfeminist executive-in-training, drawing inspiration from a wide range of "femorabilia" and secretarial guidebooks of yesteryear. Featuring an array of fabulous illustrations promoting office equipment and office girls alike, Peril delivers a feisty, witty celebration of the women who've been running the show for decades.
