

The Faith Explained Leo J Trese

The Faith Explained is an all-in-one handbook to help you understand, explain, and defend the great truths of the Catholic Faith. In brief and readable chapters, it explains the purpose of human existence, God and His perfections, the creation and fall of man, the Incarnation, the redemption, the sacraments, sacramentals, prayer, the importance of the Bible, and much more. Perfect for RCIA classes, this book is also a magnificent refresher course on the Faith for Catholics and an illuminating resource for non-Catholics with questions about the Church.

The book is divided into four parts. The first treats key themes of social life: the dignity of the human person, human rights, natural law, and the common good. Part two focuses on the three principal mediating institutions of civil society: the family, the Church, and the Catholic university. Part three considers the economy, work, poverty, immigration, and the environment, while part four focuses on the international community and just war principles. The conclusion discusses tension between CSD and liberal democracy. --Book Jacket.

Introduces young readers to Catholic beliefs as expressed in the Catechism of the Catholic Church.

With his 95 Theses, Martin Luther advanced the radical notion that all Christians could enjoy a direct, personal relationship with God—shattering years of Catholic tradition and obviating the need for intermediaries like priests and saints between the individual believer and God. The text of the Bible, the Word of God itself, Luther

argued, revealed the only true path to salvation—not priestly ritual and saintly iconography. But if words—not iconic images—showed the way to salvation, why didn't religious imagery during the Reformation disappear along with indulgences? The answer, according to Joseph Leo Koerner, lies in the paradoxical nature of Protestant religious imagery itself, which is at once both iconic and iconoclastic. Koerner masterfully demonstrates this point not only with a multitude of Lutheran images, many never before published, but also with a close reading of a single pivotal work—Lucas Cranach the Elder's altarpiece for the City Church in Wittenberg (Luther's parish). As Koerner shows, Cranach, breaking all the conventions of traditional Catholic iconography, created an entirely new aesthetic for the new Protestant ethos. In the Crucifixion scene of the altarpiece, for instance, Christ is alone and stripped of all his usual attendants—no Virgin Mary, no John the Baptist, no Mary Magdalene—with nothing separating him from Luther (preaching the Word) and his parishioners. And while the Holy Spirit is nowhere to be seen—representation of the divine being impossible—it is nonetheless dramatically present as the force animating Christ's drapery. According to Koerner, it is this "iconoclash" that animates the best Reformation art. Insightful and breathtakingly original, *The Reformation of the Image* compellingly shows how visual art became indispensable to a religious movement built on words. In his apostolic letter *Patris Corde* ("With a Father's Heart"), Pope Francis reflects on Saint Joseph and his multifaceted role as a father. The purpose of this letter,

Pope Francis writes, "is to increase our love for this great saint, to encourage us to implore his intercession and to imitate his virtues and his zeal." Saint Joseph is a beloved father; a tender, loving father; an obedient father; an accepting father; a creatively courageous father; a working father; and a father in the shadows. As protector, advocate, and guardian of the Holy Family, Saint Joseph has always been venerated as a father to all Christians. With this letter, promulgated on the 150th anniversary of the declaration of Saint Joseph as Patron of the Universal Church, Pope Francis proclaimed a Year of Saint Joseph from December 8, 2020, to December 8, 2021. *Patris Corde* ends with a new prayer to Saint Joseph, and the OSV edition includes additional prayers and a litany to this beloved saint.

"What the world most needs today is prayer. It is prayer that will give birth to all the renewals, healings, deep and fruitful transformations we all want for society today.... I am more and more convinced that everything comes from prayer and that, among the calls of the Spirit, this is the first and most urgent one we should respond to." Many have already benefited from Fr. Jacques' best-selling book on prayer, *Time for God. In Thirsting for Prayer*, Fr. Jacques revisits some of the themes covered in that book and develops new insights that are both profound and practical. These reflections guide us with simplicity on the path to intimacy with God, helping us to develop an actual taste for personal prayer. This "school of prayer" opens us up to the encounter with God that transforms us from within. View Fr. Jacques Philippe's

The legendary sportswriter's memoir of Brooklyn, baseball, and a life in journalism: "Simply put, this is a marvelous book" (Kirkus Reviews). In this book, the bestselling author of *The Boys of Summer* shares stories of his Depression-era Brooklyn childhood, his career during a golden era of sports, and his personal acquaintances with a wide range of great ballplayers. His father had a passion for the Dodgers; his mother's passion was for poetry. Young Roger managed to blend both loves in a career that encompassed writing about sports for the *New York Herald Tribune*, *Sports Illustrated*, the *Saturday Evening Post*, *Esquire*, and *Time*. Kahn recalls the great personalities—Leo Durocher, Mickey Mantle, Willie Mays, Jackie Robinson, Red Smith, Dick Young, and many more—and recollects the wittiest lines from forty years in dugouts, press boxes, and newsrooms. "A master at evoking a sense of the past . . . A pleasing potpourri of autobiography, professional memoir, and anecdotal baseball history . . . Of special note to journalism buffs is Kahn's account of his role in the inception of *Sports Illustrated*." —Booklist "As a kid, I loved sports first and writing second, and loved everything Roger Kahn wrote. As an adult, I love writing first and sports second, and love Roger Kahn even more." —David Maraniss, Pulitzer Prize-winning journalist and author "Roger Kahn is the best baseball writer

in the business.” —Stephen Jay Gould, New York Review of Books

What is the point of faith, and, in particular, of the Catholic Faith? Written in a welcoming style, this straightforward book provides a clear, compelling answer to that question. As such, it's meant for non-Catholics who are curious about the Catholic Faith, for cradle Catholics who may never have really understood the Faith, and for longtime Catholics who've begun to question the Faith and may even be thinking of leaving it. Here, free of controversies and polemics, you'll encounter the principal beliefs that form the framework of Christianity, and, in particular, a thorough explanation of what the Church teaches about Jesus. To accomplish this faithfully, author Michel Therrien relies on just two sources—the Bible and the Catechism of the Catholic Church—to provide an authoritative overview of what the Faith teaches about God and why believing in Him is important. In twenty short, easy-to-digest chapters, Therrien presents you with Christianity as the Catholic Church understands it. Among scores of other fundamentals of the Faith, this book will teach you: -How we come to know God -How God reveals Himself to us -Who God is, as Scripture reveals Him -Jesus Christ's loving plan for humanity -How to live as a disciple of Jesus Christ -How Catholicism will bring you happiness -And much more!

Acts and Monuments by John Foxe, popularly

abridged as Foxe's Book of Martyrs, is a celebrated work of church history and martyrology, first published in English in 1563 by John Day. Published early in the reign of Queen Elizabeth I and only five years after the death of the Roman Catholic Queen Mary I, Foxe's Acts and Monuments was an affirmation of the Protestant Reformation in England during a period of religious conflict between Catholics and Protestants. Foxe's account of church history asserted a historical justification that was intended to establish the Church of England as a continuation of the true Christian church rather than as a modern innovation, and it contributed significantly to a nationalistic repudiation of the Roman Catholic Church. The sequence of the work, initially in five books, covered first early Christian martyrs, a brief history of the medieval church, including the Inquisitions, and a history of the Wycliffite or Lollard movement. It then dealt with the reigns of Henry VIII and Edward VI, during which the dispute with Rome had led to the separation of the English Church from papal authority and the issuance of the Book of Common Prayer. The final book treated the reign of Queen Mary and the Marian Persecutions. (courtesy of wikipedia.com)

The vast majority of human beings believe in a higher power, but few can clearly and articulately explain what they believe in or why. When it comes to explaining one's beliefs, most rely on intuition or

personal experience, relegating faith to the realm of subjective judgment as opposed to objective truth. In *Going Deeper*, Leo Severino presents a systematic, easy-to-understand, journey that grounds the certitude of faith in logic and reason. The author maps out a train of thought that begins with everyday events, reasons its way through proofs of the existence of God, then goes on to describe the deep purpose inscribed in every human heart. For those not well versed in theology or philosophy, this book is an accessible way to tether matters of faith to demonstrable premises and logical conclusions. For those with deeper theological formation, this book will provide fresh perspectives on the classic arguments that demonstrate how faith and reason go hand in hand.

The popular blogger and publisher of *Envoy* magazine offers 10 key reasons why he loves being Catholic (and you should too). Drawing heavily on poignant anecdotes from his own experience as a life-long Catholic born in 1960s, Madrid offers readers a way of looking at the Church--its members, teachings, customs, and history--from perspectives many may have never considered. Growing up Catholic during a time of great social and theological upheaval and transition, a time in which countless Catholics abandoned their religion in search of something else, Patrick Madrid learned a great deal about why people leave Catholicism and

why others stay. This experience helped him gain many insights into what it is about the Catholic Church that some people reject, as well as those things that others treasure. Drawing upon Madrid's personal experiences, *Why Be Catholic?* offers a deeply personal, fact-based, rationale for why everyone should be Catholic or at least consider the Catholic Church in a new light.

Theologian, philosopher, teacher. There are few religious figures more Catholic than Saint Thomas Aquinas, a man credited with helping to shape Catholicism of the second millennium. In *Never Doubt Thomas*, Francis J. Beckwith employs his own spiritual journey from Catholicism to Evangelicalism and then back to Catholicism to reveal the signal importance of Aquinas not only for Catholics but also for Protestants. Beckwith begins by outlining Aquinas' history and philosophy, noting misconceptions and inaccurate caricatures of Thomist traditions. He explores the legitimacy of a "Protestant" Aquinas by examining Aquinas' views on natural law and natural theology in light of several Protestant critiques. Not only did Aquinas' presentation of natural law assume some of the very inadequacies Protestant critics have leveled against it, Aquinas did not, as is often supposed, believe that one must first prove God's existence through human reasoning before having faith in God. Rather, Aquinas held that one may know God through

reason and employ it to understand more fully the truths of faith. Beckwith also uses Aquinas' preambles of faith--what a person can know about God before fully believing in Him--to argue for a pluralist Aquinas, explaining how followers of Judaism, Christianity, and Islam can all worship the same God, yet adhere to different faiths. Beckwith turns to Aquinas' doctrine of creation to question theories of Intelligent Design, before, finally, coming to the heart of the matter: in what sense can Aquinas be considered an Evangelical? Aquinas' views on justification are often depicted by some Evangelicals as discontinuous with those articulated in the Council of Trent. Beckwith counters this assessment, revealing not only that Aquinas' doctrine fully aligns with the tenets laid out by the Council, but also that this doctrine is more Evangelical than critics care to admit. Beckwith's careful reading makes it hard to doubt that Thomas Aquinas is a theologian, philosopher, and teacher for the universal church--Catholic, Protestant, and Evangelical. Sad when the swallows leave for the winter, young Juan prepares to welcome them back to the old California Mission at Capistrano on St. Joseph's Day the next spring.

A leading theologian explains the biblical doctrine of justification by faith alone and urges fellow evangelicals to embrace this classic Protestant teaching.

Many people today are thirsty for God and feel a desire for an intense, personal prayer life that is deep and ongoing. But they encounter obstacles that prevent them from following the path seriously, and especially from persevering on it. *Time for God* was written with these desires and difficulties in mind. In *Time for God*, author Jacques Philippe mainly concentrates on mental prayer: prayer that consists of facing God in solitude and silence for a time in order to enter into intimate, loving communion with him. Practicing this kind of prayer regularly is considered by all spiritual masters to be an indispensable path that gives access to genuine Christian life—a path to knowing and loving God that empowers us to respond to his call to holiness addressed to each individual. Philippe draws on years of experience as a spiritual guide to illuminate the fundamental principles of mental prayer and describes some common mistakes and misconceptions that can lead it astray. With simplicity and clarity he explains the foundational principles for a healthy prayer life and gives advice for overcoming the various obstacles that arise when one sets off on the path of interior prayer. From the first dog to the first beefalo, from farming to CRISPR, the human history of remaking nature

When the 2020 Nobel Prize was awarded to the inventors of CRISPR, the revolutionary gene-editing tool, it underlined our amazing and apparently novel

powers to alter nature. But as biologist Beth Shapiro argues in *Life as We Made It*, this phenomenon isn't new. Humans have been reshaping the world around us for ages, from early dogs to modern bacteria modified to pump out insulin. Indeed, she claims, reshaping nature—resetting the course of evolution, ours and others'—is the essence of what our species does. In exploring our evolutionary and cultural history, Shapiro finds a course for the future. If we have always been changing nature to help us survive and thrive, then we need to avoid naive arguments about how we might destroy it with our meddling, and instead ask how we can meddle better. Brilliant and insightful, *Life as We Made It* is an essential book for the decades to come.

The Faith Explained Scepter Publishers

NEW YORK TIMES BESTSELLER The “paradigm-influencing” book (*Christianity Today*) that is fundamentally transforming our understanding of white evangelicalism in America. *Jesus and John Wayne* is a sweeping, revisionist history of the last seventy-five years of white evangelicalism, revealing how evangelicals have worked to replace the Jesus of the Gospels with an idol of rugged masculinity and Christian nationalism—or in the words of one modern chaplain, with “a spiritual badass.” As acclaimed scholar Kristin Du Mez explains, the key to understanding this transformation is to recognize the centrality of popular culture in contemporary

American evangelicalism. Many of today's evangelicals might not be theologically astute, but they know their VeggieTales, they've read John Eldredge's *Wild at Heart*, and they learned about purity before they learned about sex—and they have a silver ring to prove it. Evangelical books, films, music, clothing, and merchandise shape the beliefs of millions. And evangelical culture is teeming with muscular heroes—mythical warriors and rugged soldiers, men like Oliver North, Ronald Reagan, Mel Gibson, and the Duck Dynasty clan, who assert white masculine power in defense of “Christian America.” Chief among these evangelical legends is John Wayne, an icon of a lost time when men were uncowed by political correctness, unafraid to tell it like it was, and did what needed to be done.

Challenging the commonly held assumption that the “moral majority” backed Donald Trump in 2016 and 2020 for purely pragmatic reasons, Du Mez reveals that Trump in fact represented the fulfillment, rather than the betrayal, of white evangelicals' most deeply held values: patriarchy, authoritarian rule, aggressive foreign policy, fear of Islam, ambivalence toward #MeToo, and opposition to Black Lives Matter and the LGBTQ community. A much-needed reexamination of perhaps the most influential subculture in this country, *Jesus and John Wayne* shows that, far from adhering to biblical principles, modern white evangelicals have remade their faith,

with enduring consequences for all Americans. 100 Things Every Catholic Teen Should Know-Mark Hart & Todd Lemiux (Equipp Conference Only)

This book looks at the work and influence of Leo Strauss in a variety of ways that will be of interest to readers of political philosophy. It will be of particular interest to Catholics and scholars of other religious traditions. Strauss had a great deal of interaction with his contemporary Catholic scholars, and many of his students or their students teach or have taught at Catholic colleges and universities in America. *Leo Strauss and His Catholic Readers* brings together work by scholars from two continents, some of whom knew Strauss, one of whom was his student at the University of Chicago. The first section of essays considers Catholic responses to Strauss's project of recovering Classical natural right as against modern individual rights. Some of the authors suggest that his approach can be a fruitful corrective to an uncritical reception of modern ideas. Nevertheless, most point out that the Catholic cannot accept all of Strauss's project. The second section deals with areas of overlap between Strauss and Catholics. Some of the chapters explore encounters with his contemporary scholars while others turn to more current concerns. The final section approaches the theological-political question itself, a question central to both Strauss's work and that of the Catholic intellectual tradition. This section of the book

considers the relationship of Strauss's work to Christianity and Christian commitments at a broader level. Because Christianity does not have an explicit political doctrine, Christians have found themselves as rulers, subjects, and citizens in a variety of political regimes. Leo Strauss's return to Platonic political philosophy can provide a useful lens through which his Catholic readers can assess what it means for there to be a best regime.

This hugely popular international bestseller is being repackaged and rebranded as the leading title in the C.S. Lewis Signature Classics range. One of the most popular and beloved introductions to the concept of faith ever written, *Mere Christianity* has sold millions of copies worldwide. The timeless questions of spirituality which Lewis raises will have resonance with a new generation of readers. *Mere Christianity* brings together Lewis's legendary broadcast talks of the war years, talks in which he set out simply to 'explain and defend the belief that has been common to nearly all Christians at all times.' Rejecting the boundaries that divide Christianity's many denominations, C.S. Lewis provides an unequalled opportunity for believers and nonbelievers alike to hear a powerful, rational case for the Christian faith. This scintillating collection confirms C.S. Lewis's reputation as one of the leading writers and thinkers of our age.

How to make God the real center of your life. With

these seventeen steps, you'll be able to prevent your love for God from being diminished by day-to-day pressures. Fr. Leo J. Trese gives you solid ways to root out attachments that separate you from God. "A TREMENDOUS BREAKTHROUGH" in the study of St. Joseph... ...There are few subjects so challenging" to authors as St. Joseph. So says scholar Scott Hahn in his foreword to this book. Yet the pages that follow give not merely glimpses, but vistas, of St. Joseph's world. Hahn continues: "You'll learn about Nazareth — and how it was created almost ex nihilo shortly before Joseph's birth. You'll learn about religious practice and education in that place and time. You'll travel to Egypt and encounter the fascinating settlements of Jews in that land. You'll also find out how a carpenter worked in those days: what tools he used, what items he crafted, where he got his training, and how he got to and from his job sites." This book provides an imaginative entry into one of the most important lives in all of history — a life too often obscured by later legends. "

Ocular Therapeutics Handbook: A Clinical Manual is directed at the needs of optometrists, nurses and primary care physicians and provides succinct, rapid access information for most common ocular problems encountered in a primary care setting. It is divided into three sections: Quick Reference, Ocular Therapeutics and Appendices. The Quick Reference

section covers such topics as ocular microbiology, lab tests and procedures, pharmaceutical agents, and side effects of medications. The Ocular Therapeutics section discusses diseases, traumatic injuries, and ocular urgencies and emergencies. The appendices provide a summary of abbreviations, conversion charts, case report sheets and important phone numbers. The chapters have been developed to serve as a snapshot, presenting the clinician with the most relevant information regarding the pathophysiology and etiology of diseases, patient demographics, signs and symptoms, lab tests, and recommended approaches to treatment.

Dr. James Fowler has asked these questions, and others like them, of nearly six hundred people. He has talked with men, women, and children of all ages, from four to eighty-eight, including Jews, Catholics, Protestants, agnostics, and atheists. In many cases, the interviews became in-depth conversations that provided rare, intimate glimpses into the various ways our lives have meaning and purpose, windows into what this books calls faith. Faith, as approached here, is not necessarily religious, nor is it to be equated with belief. Rather, faith is a person's way of leaning into and making sense of life. More verb than noun, faith is the dynamic system of images, values, and commitments that guide one's life. It is thus universal: everyone who chooses to go on living

operated by some basic faith. Building on the contributions of such key thinkers as Piaget, Erikson, and Kohlberg, Fowler draws on a wide range of scholarship, literature, and firsthand research to present expertly and engagingly the six stages that emerge in working out the meaning of our lives--from the intuitive, imitative faith of childhood through conventional and then more independent faith to the universalizing, self-transcending faith of full maturity. *Stages of Faith* helps us to understand our own pilgrimage of faith, the passages of our own quest for meaning and value.

Do you have a real relationship with God, or do you just have a religion? Do you know God, or do you just know about God? In *How Big Is Your God?* Paul Coutinho, SJ, challenges us to grow stronger and deeper in our faith and in our relationship with God—a God whose love knows no bounds. To help us on our way, Coutinho introduces us to people in various world religions—from Hindu friends to Buddhist teachers to St. Ignatius of Loyola—who have shaped his spiritual life and made possible his deep, personal relationship with God.

Country Poetry is a collection of poems as well as lyrics to songs that the author has written over the last 50 years. Many are written about his personal experiences and heartaches as he grew from a boy raised in the foothills of the Cascade Mountains, just south of Seattle, Washington, into manhood and

beyond. He writes with a deep understanding and compassion for the desperately poor and abused having been raised in a household with a violent periodic alcoholic. He also shares a deep faith which is shared in the companion volume, Gospel Poetry. It is difficult not to be touched to the heart by the tragedy and pain revealed in the stories revealed about the people in his prose.

One of the thorniest problems in theological study is the relationship between biblical studies on the one hand, and constructive theology on the other. Theologians know that the Bible is the core source document for theological construction, and hence that they must be in conversation with the best in critical study of Scripture. For many biblical scholars, the point of what they do is to help the biblical text speak to today's church and world, and hence they would do well to be in conversation with contemporary theology. Yet too often the two groups fail to engage each other's work in significant and productive ways. The purpose of the Library of Biblical Theology, and this introductory volume to it, is to bring the worlds of biblical scholarship and constructive theology together. It will do so by reviving biblical theology as a discipline that describes the faith of the biblical periods on the one hand, and on the other hand articulates normative understandings of modern faith and practice. In this volume the authors begin by providing an overview of the history and possible future of biblical theology. They introduce biblical theology as a fundamentally contrastive discipline, one that is neither

dogmatic theology (seeking to explain the official teachings of a particular Christian tradition), nor is it a purely historical approach to Scripture, eschewing questions of the Bible's contemporary message and meaning. Rather, biblical theology takes seriously both the need to understand the message of Scripture in its particular historical context, and the need to address that message to questions that confront contemporary human life.

This updated second edition of the Catechism of the Catholic Church incorporates all the final modifications made in the complete, official Latin text, accompanied by line-by-line explanations of orthodox Catholicism, summaries of each section, a detailed index, extensive cross-references, and helpful footnotes.

In the twenty years since its publication, *Celebration of Discipline* has helped over a million seekers discover a richer spiritual life infused with joy, peace, and a deeper understanding of God. For this special twentieth anniversary edition, Richard J. Foster has added an introduction, in which he shares the story of how this beloved and enduring spiritual guidebook came to be. Hailed by many as the best modern book on Christian spirituality, *Celebration of Discipline* explores the "classic Disciplines," or central spiritual practices, of the Christian faith. Along the way, Foster shows that it is only by and through these practices that the true path to spiritual growth can be found. Dividing the Disciplines into three movements of the Spirit, Foster shows how each of these areas contribute to a balanced spiritual life. The inward Disciplines of meditation, prayer, fasting, and

study, offer avenues of personal examination and change. The outward Disciplines of simplicity, solitude, submission, and service, help prepare us to make the world a better place. The corporate Disciplines of confession, worship, guidance, and celebration, bring us nearer to one another and to God. Foster provides a wealth of examples demonstrating how these Disciplines can become part of our daily activities-and how they can help us shed our superficial habits and "bring the abundance of God into our lives." He offers crucial new insights on simplicity, demonstrating how the biblical view of simplicity, properly understood and applied, brings joy and balance to our inward and outward lives and "sets us free to enjoy the provision of God as a gift that can be shared with others." The discussion of celebration, often the most neglected of the Disciplines, shows its critical importance, for it stands at the heart of the way to Christ. Celebration of Discipline will help motivate Christians everywhere to embark on a journey of prayer and spiritual growth.
