The war in Iraq empties the small town of Tumalo, Oregon, of men—of fathers—leaving their sons to fight among themselves. But the boys' bravado fades at home when, alone, they check e-mail again and again for word from their fathers at the front. Often from fractured homes and communities, the young men in these breathless stories do the unthinkable to prove to themselves—to everyone—that they are strong enough to face the heartbreak in this world. Set in rural Oregon with the shadow of the Cascade Mountains hanging over them, these stories bring you face-to-face with a mad bear, a house with a basement that opens up into a cave, a nuclear meltdown that renders the Pacific Northwest into a contemporary Wild West. Refresh, Refresh by Benjamin Percy is a bold, fiery, and unforgettable collection that deals with vital issues of our time.

Throw out everything you think you know about history. Close the approved textbooks, turn off the corporate mass media, and whatever you do, don't believe anything you hear from the government—The Rise of the Fourth Reich reveals the truth about American power. In this explosive new book, the legendary Jim Marrs, author of the underground bestseller Rule by Secrecy, reveals the frighteningly real possibility that today the United States is becoming the Fourth Reich, the continuation of an ideology thought to have been vanquished more than a half century ago. This concept may seem absurd to those who cannot see past the rose-colored spin, hype, and disinformation poured out daily by the media conglomerates—most of which are owned by the very same families and corporations who supported the Nazis before World War II. But as Marrs precisely explains, National Socialism never died, but rather its hideous philosophy is alive and active in modern America. Unfortunately, most people cannot understand the shadowy links between fascism and corporate power, the military, and our elected leaders. While the United States helped defeat the Germans in World War II, we failed to defeat the Nazis. At the end of the war, ranking Nazis, along with their young and fanatical protégés, used the loot of Europe to create corporate front companies in many countries, including the United States of America. Utilizing their stolen wealth, men with Nazi backgrounds and mentalities wormed their way into corporate America, slowly buying up and consolidating companies into giant multinational conglomerates. Many thousands of other Nazis came to the United States under classified programs such as Project Paperclip. They brought with them miraculous weapon technology that helped win the space race but they also brought their insidious Nazi philosophy within our borders. This ideology based on the authoritarian premise that the end justifies the means—including unprovoked wars of aggression and curtailment of individual liberties—has gained an iron hold in the "land of the free and the home of the brave." For the first time Jim Marrs has gathered compelling evidence that an effort has been underway for the past sixty years to bring a form of National Socialism to modern America, creating in essence a modern empire—or "Fourth Reich"!

Eleven-year-old Marcus is forced to train and fight as a gladiator in this fast-paced action-adventure set in Ancient Rome.

For fifty years, Anna Schlemmer has refused to talk about her life in Germany during World War II. Her daughter, Trudy, was only three when she and her mother were liberated by an American soldier and went to live with him in Minnesota. Trudy's sole evidence of the past is an old photograph: a family portrait showing Anna, Trudy, and a Nazi officer, the Obersturmführer of Buchenwald. Driven by the guilt of her heritage, Trudy, now a professor of German history, begins investigating the past and finally unearths the dramatic and heartbreaking truth of her mother's life. Combining a passionate, doomed love story, a vivid evocation of life during the war, and a poignant mother/daughter drama, *Those Who Save Us* is a profound exploration of what we endure to survive and the legacy of shame.

It's been a decade since Lynne Dorfman and Rose Cappelli wrote the first edition of *Mentor Texts* and helped teachers across the country make the most of high-quality children's literature in their writing instruction. In the second edition of this important book Lynne and Rose show teachers how to help students become confident, accomplished writers by using literature as their foundation. The second edition includes brand-new "Your Turn Lessons," built around the gradual release of responsibility model, offering suggestions for demonstrations and shared or guided writing. Reflection is emphasized as a necessary component to understanding why mentor authors chose certain strategies, literary devices, sentence structures, and words. Lynne and Rose offer new children's book titles in each chapter and in a carefully curated and annotated Treasure Chest. At the end of each chapter a "Think About It--Talk About It--Write About It" section invites reflection and conversation with colleagues. The book is organized around the characteristics of good writing--focus, content, organization, style, and conventions. Rose and Lynne write in a friendly and conversational style, employing numerous anecdotes to help teachers visualize the process, and offer strategies that can be immediately implemented in the classroom. This practical resource demonstrates the power of learning to read like writers.

In 1958, a down-on-his-luck songwriter with the unlikely name of Ross Bagdasarian (1919-1972), plunged the last of his family's savings on a multi-speed tape recorder and created two beloved and memorable songs: "Witch Doctor" and "The Chipmunk Song". Both were #1 hits and changed the fortunes for his family and for his record label, Liberty Records, which was also on the verge of bankruptcy. Bagdasarian previously had hits with Rosemary Clooney's "Come On-a My House" and with his own "Armen's Theme", released under his pseudonym of David Seville. After "The Chipmunk Song" was a major hit, Bagdasarian parlayed this success into a series of record albums and singles and an animated series called *The Alvin Show* (1961-1962). This primetime animated series was made by Format Films, an animation studio founded by former UPA studio personnel. Format kept up with UPA's quality with *The Alvin Show* and other animated series like *The Lone Ranger*. The complete story is told in this book!
