I wrote these poems to provide a modern take on love and emotion. My love of poetry stems from the positive influence of my Grandad, who always loved reading and writing poetry. All my life he encouraged me to pursue my interest in poetry, and this book is the result of that. I hope readers get as much enjoyment from reading the poems as I have had in writing them.

#1 New York Times bestselling author of *Women Food and God* “A life-changing book.”—Oprah In this moving and intimate book, Geneen Roth, bestselling author of *Feeding the Hungry Heart* and *Breaking Free from Compulsive Eating*, shows how dieting and emotional eating often become a substitute for intimacy. Drawing on her own painful personal experiences, as well as the candid stories of those she has helped in her seminars, Roth examines the crucial issues that surround emotional eating: need for control, dependency on melodrama, desire for what is forbidden, and the belief that one wrong move can mean catastrophe. She shows why many people overeat in an attempt to satisfy their emotional hunger, and why weight loss frequently just uncovers a new set of problems. But her welcome message is that change is possible. This book will help readers break destructive, self-perpetuating patterns and learn to satisfy all the hungers—physical and emotional—that make us human.

Laura Patterson is an American exchange student in Rome who, fed up with being inexpertly groped by her young Italian beaux, decides there's only one sure-fire way to find a sensual man: date a chef. Then she meets Tomasso, who's handsome, young -- and cooks in the exclusive Templi restaurant. Perfect. Except, unbeknownst to Laura, Tomasso is in fact only a waiter at Templi -- it's

his shy friend Bruno who is the chef. But Tomasso is the one who knows how to get the girls, and when Laura comes to dinner he persuades Bruno to help him with the charade. It works: the meal is a sensual feast, Laura is utterly seduced and Tomasso falls in lust. But it is Bruno, the real chef who has secretly prepared every dish Laura has eaten, who falls deeply and unrequitedly in love. A delicious tale of Cyrano de Bergerac-style culinary seduction, but with sensual recipes instead of love poems.

The essays in this book explore how love has been expressed in the languages and cultures of South Asia.

In this groundbreaking union of art and science, rocker-turned-neuroscientist Daniel J. Levitin explores the connection between music—its performance, its composition, how we listen to it, why we enjoy it—and the human brain. Taking on prominent thinkers who argue that music is nothing more than an evolutionary accident, Levitin poses that music is fundamental to our species, perhaps even more so than language. Drawing on the latest research and on musical examples

ranging from Mozart to Duke Ellington to Van Halen, he reveals: • How composers produce some of the most pleasurable effects of listening to music by exploiting the way our brains make sense of the world • Why we are so emotionally attached to the music we listened to as teenagers, whether it was Fleetwood Mac, U2, or Dr. Dre • That practice, rather than talent, is the driving force behind musical expertise • How those insidious little jingles (called earworms) get stuck in our head A Los Angeles Times Book Award finalist, *This Is Your Brain on Music* will attract readers of Oliver Sacks and David Byrne, as it is an unprecedented, eye-opening investigation into an obsession at the heart of human nature.

This book is a book of travel. And recipes. And cooking. But most of all, this book is a book of love. Our own family started out as relatively normal people living in a rather normal American town. Then God got hold of us and sent us to the world. As a family! On the way it became apparent that certain things were important: home in the midst of the new, familiarity in the midst of chaos, togetherness in the midst of too much work and a babble of strangers -- this all boiled down to the need for love! ""When you travel, live and work in so many

places -- among so many languages and foods and manners of doing things -- you are changed. You don't stay quite the person you were when you left your humdrum life back home... "" So this book is sent out to all those who dream of travel and adventure. Also to those who need to maintain a bit of home in the middle of the new. A book of food, of fun, of family -- a book of love.

Food For Love by Rachel Lindsay released on Jan 25, 1979 is available now for purchase.

At eighteen, Paul Porterfield's dream is to play the piano at the world's great concert halls, yet so far the closest he has come has been turning pages for his idol, Richard Kennington, a former piano prodigy on the cusp of middle age. Then, on vacation in Rome with his mother, Pamela, Paul encounters Kennington a second time. A love affair begins between the two - one that is complicated when Pamela misconstrues Kennington's attention toward her son as a sign of interest in her. Alarmed by the situation, Kennington flees Rome for New York, where Joseph Mansourian, his manager (and lover) of twenty-five years, awaits him; Paul, too, goes to New York to study at Juilliard. They do not see each other. Yet the brief affair will affect their lives in ways that neither could have predicted. "Why can't people have what they want?" It is around this question that David Leavitt's new novel so movingly pivots. By turns comic and heartbreaking,

shrewd and intimate, The Page Turner testifies not only to the tenacity of the human spirit but to the resiliency of the human heart.

“What are my qualifications to write this book? None really. So why should you read it? Here's why: I'm a little fat. If a thin guy were to write about a love of food and eating I'd highly recommend that you do not read his book.” Bacon. McDonalds. Cinnabon. Hot Pockets. Kale. Stand-up comedian and author Jim Gaffigan has made his career rhapsodizing over the most treasured dishes of the American diet (“choking on bacon is like getting murdered by your lover”) and decrying the worst offenders (“kale is the early morning of foods”). Fans flocked to his New York Times bestselling book *Dad is Fat* to hear him riff on fatherhood but now, in his second book, he will give them what they really crave—hundreds of pages of his thoughts on all things culinary(ish). Insights such as: why he believes coconut water was invented to get people to stop drinking coconut water, why pretzel bread is #3 on his most important inventions of humankind (behind the wheel and the computer), and the answer to the age-old question “which animal is more delicious: the pig, the cow, or the bacon cheeseburger?”

Modern advertising has changed dramatically since the early twentieth century, but when it comes to food, Katherine Parkin writes, the message has remained consistent. Advertisers have historically promoted food in distinctly gendered terms, returning repeatedly to themes that associated shopping and cooking with women. Foremost among them was that, regardless of the actual work involved, women should serve food to demonstrate love for their families. In identifying shopping and cooking as an

expression of love, ads helped to both establish and reinforce the belief that kitchen work was women's work, even as women's participation in the labor force dramatically increased. Alternately flattering her skills as a homemaker and preying on her insecurities, advertisers suggested that using their products would give a woman irresistible sexual allure, a happy marriage, and healthy children. Ads also promised that by buying and making the right foods, a woman could help her family achieve social status, maintain its racial or ethnic identity, and assimilate into the American mainstream. Advertisers clung tenaciously to this paradigm throughout great upheavals in the patterns of American work, diet, and gender roles. To discover why, *Food Is Love* draws on thousands of ads that appeared in the most popular magazines of the twentieth and early twenty-first centuries, including the *Ladies' Home Journal*, *Good Housekeeping*, *Ebony*, and the *Saturday Evening Post*. The book also cites the records of one of the nation's preeminent advertising firms, as well as the motivational research advertisers utilized to reach their customers.
