The Fourth Element Trilogy: Boxed Set Kat Ross, 2017-09-22 Gladiator meets Romeo and Juliet in this spellbinding fantasy trilogy (Kirkus Reviews) set in ancient Persia! They are the light against the darkness. The steel against the necromancy of the Druj. And they use demons to hunt demons.... Nazafareen lives for revenge. A girl of the isolated Four-Legs Clan, all she knows about the King's elite Water Dogs is that they leash wicked creatures called daevas to protect the empire from the Undead. But when scouts arrive to recruit young people with the gift, she leaps at the chance to join their ranks. To hunt the monsters that killed her sister. Scarred by grief, she's willing to pay any price, even if it requires linking with a daeva named Darius. Human in body, he's possessed of a terrifying power, one that Nazafareen controls. But the golden cuffs that join them have an unwanted side effect. Each experiences the other's emotions, and human and daeva start to grow dangerously close. As they pursue a deadly foe across the arid waste of the Great Salt Plain to the glittering capital of Persepolae, unearthing the secrets of Darius's past along the way, Nazafareen is forced to question his slavery—and her own loyalty to the empire. But with an ancient evil stirring in the north, and a young conqueror sweeping in from the west, the fate of an entire civilization may be at stake... So begins an epic story of adventure, romance and betrayal that leads to undiscovered magical realms and a final confrontation with a demon queen bent on destroying them all. Praise for the Fourth Element Trilogy A spellbinding fantasy with some moral weight and a meatier narrative than usual, one likely to leave readers quite satisfied... This tale's grand scope is set off beautifully by its intimate start. The story grows wonderfully from such a small seed, and it is the moral and subjective implications of the vastness and impersonality of the Empire that work so well to drive the narrative. The plot builds effectively, and maintains a swift pace. Nazafareen's initial simplistic motivation, hatred, becomes complicated by her link to Darius, and evolves into something much more intriguing and complex. This transition is helped by the clarity with which the characters are drawn. The immensity of the Empire occasionally threatens to smother the personal tale at the heart of the story, but, like shadows around a candle flame, it never quite manages that feat. -Kirkus Reviews Fantasy lovers who enter this world will be wooed by its expansive world-building, soul-crushing romance, deeply layered characters, and page-turning twists. --Flylef Reviews One of the best trilogies I've ever read. I will read anything by Kat Ross. Hats off to her for creating these wonderful characters and making us fall in love with them! --Cover to Cover Reviews Kat Ross turned me into a puddle of emotions with her final book of the

Fourth Element series! Action, betrayal, romance and demons conclude this story which can keep anyone captivated till the final page. --Milky Way of Books An addictive, action-packed, glorious page-turner! -Am Kinda Busy Reading I really hate the word 'epic' because, let's face it, it's so overused and it's lost its true meaning, but this book [The Midnight Sea] deserves that word. -Book Reader Chronicles This is truly a grand finale of a book, mysteries from the very beginning of the series are put to rest and our heroes win in unexpected ways. Queen of Chaos delivers a beautiful ending that is perfect as it is but is left open enough for another story to seamlessly fit in. --Bibliobibuli I'm never a read-a-book-in-one-sitting kind of person, but I totally did it with Queen of Chaos. Then I hugged my Kindle and wanted to start the series all over again. --Rattle the Stars Extremely engrossing and so fast-paced...A truly exceptional series. --The InkedIn Book Blog

The Fourth Talisman Boxed Set: Nocturne, Solis, Monstrum, Nemesis and Inferno Kat Ross,2021-03-10

Nocturne, a wilderness of eternal night. Solis, a wasteland of endless day. It's been a thousand years since the Avas Vstras tried to burn the world to ashes. A thousand years since they were imprisoned in the arid death zone called the Kiln. But revenge is a dish best served cold—even, apparently, by the children of fire. Queen of Chaos Kat Ross,2016-12-16 Book 3 of the Fourth Element Series, an epic fantasy set in an alt ancient Persia.

Blood of the Prophet Kat Ross, 2016-09-12 Visionary. Alchemist. Savior. Saint. The Prophet Zarathustra has been called many things. Now he spends his time drawing pictures of weird-looking goats. That's what happens when you've been stuck in a prison cell for two hundred years. But the man who might be mad, and is definitely supposed to be dead, has suddenly become very valuable again... It's only been a few weeks since Nazafareen escaped the King's dungeons with her daēva, Darius. She hoped never to set foot in the empire again, but the search for the Prophet has led them to the ancient city of Karnopolis. They have to find him before Alexander of Macydon burns Persepolae, and Darius's mother with it. But they're not the only ones looking. The necromancer Balthazar has his own plans for the Prophet, and so does the sinister spymaster of the Numerators. As Nazafareen is drawn in to a dangerous game of cat and mouse, her newfound powers take a decidedly dark turn. Only the Prophet understands the secret of her gift, but the price of that knowledge may turn out to be more than Nazafareen is willing to pay... Praise for Blood of the Prophet The stakes have risen in this sequel, but personal connections are still the heart of the story, from Darius' relationship with his mother to the tragic tale of spurned lovers that set dark events in motion ages ago. Ironically, although the events in this book are more epic than those in the previous one, the personal moments shine through more clearly, perhaps because the links between these world-shaking occurrences and the individual grudges that started them are brought more into the light. It's always refreshing to enjoy a story where well-drawn characters are so central to the events of the plot rather than feeling tacked on. --Kirkus Reviews A crazy, intense ride of a story...Ross masterfully pens a fantastical series with a flawed but brave heroine and a ragtag group of heroes that sometimes skirt the line, but always end up finding the right avenue.--Book Reader Chronicles, 5 of 5 stars I cannot recommend this series enough! It really has it all: action, magic, mythology, romance, friendship....JUST READ IT! I promise you that you won't regret it. --Rattle the Stars Reading Blood of the Prophet further established Kat Ross as one of the authors I will automatically buy. Her alternate ancient history is lushly created and riveting, with enough of the truth wrapped around the fantasy to make it feel familiar. --Bibliobibliya, 5 of 5 stars A stellar follow up to the first in the series...Nazafareen and Darius completely stole my heart in this book, and the ending just left me breathless for more. -- Hopelessly Devoted Bibliophile Blood of the Prophet is an awe-inspiring achievement from a writer adept at writing a page-turner that is undeniably also heartfelt. Kat Ross will recruit admirers with each new book, as she has with me. --FLYLef YA blog Some of the names and places will be familiar to readers who know anything about the Persian empire, but everything has been changed and twisted into something different and exciting and completely of Kat's own making. Her beautiful prose just adds to the overall effect and makes for an incredible book that does not suffer from the typical sophomore slump. I can't wait to read the final book in this part of the trilogy! 5/5 would definitely recommend. --The AP Book Club Kat Ross is back with a very addictive sequel in the form of Blood of the Prophet...Fast-paced, exciting and endlessly well written. --The Rest Is Still Unwritten

The Daemoniac Kat Ross,2016-10-12 It's August 1888, just three weeks before Jack the Ripper will terrorize Whitechapel, and another murderer is stalking the streets of New York. His handiwork bears the hallmarks of a demonic possession—but amateur sleuth Harrison Fearing Pell is certain her quarry is a man of flesh and blood. And she hopes to make her reputation by solving the bizarre case before the man the press has dubbed Mr. Hyde strikes again. From the squalor of the Five Points to the high-class gambling dens of the Tenderloin and the glittering mansions of Fifth Avenue, Harry follows the trail of a remorseless killer, uncovering a few embarrassing secrets of New York's richest High Society families along the way. Are the murders a case of black magic—or simple blackmail? And will the trail lead closer to home than she ever imagined? Praise for The Daemoniac While the clever mystery is reason enough to keep pages turning, the novel's writing remains its greatest asset. Employing a tone that affects the style of Victorian literature and the Conan Doyle stories, but without the stiffness readers might associate with older fiction, the prose is a genuine delight. Furthermore, the characters conjure Holmes and Watson without belaboring the point or adopting a sense of smug superiority. Ross provides two endlessly charming sleuths, and Harry's womanhood adds new depth to familiar ground. All in all, there's an impressive amount of detail and care packed into these pages, not only in references to the Holmes canon, but also in inventive storytelling and colorful portraiture of 19th-century New York. An unexpected treat of a detective novel with a strong heroine, making Ross a name to look out for. - Kirkus Reviews Harry and John are a most appealing pair...Frequent nods to the Sherlock Holmes canon and a blend of charm and darkness turned this first volume of a hopefully long-running series into a few hours of pure pleasure. -Buried Under Books This mash-up of genres is amazing...Anyone who enjoys mysteries will appreciate this unique setting and intriguing setup. The characters are deep and the background is gripping. -Desert Rose Reviews A truly gorgeous gothic mystery. -Mama Reads Blog Greatly entertaining, fun, thrilling, at times chilling and with a light hint of romance. I have no word left to say, only 'perfect'. -Field of Bookish Dreams Absolutely fascinating and delightful! The Daemoniac kept me guessing with a great cast of characters, wonderful atmosphere, and a mystery that I was eager to have unraveled. Definitely looking forward to the next book! -It Starts at Midnight The Daemoniac is a great read. Perfect for fans of the Jackaby series and of the Netflix TV show Penny Dreadful. -Book Briefs Ross proved that the landscape of historical New York is just as magical as any fantasy setting. -Crazy for YA An incredibly well written and developed story and one that will grab you from the very first page...This is a must read. That ending!!! Can't wait to see where the author goes with it!! -Book Lovers Life

Inferno Kat Ross,2019-03-15 In the fifth and last volume of the Fourth Talisman series, the worlds of the living and the dead collide in a final confrontation that will leave Nocturne and Solis forever changed.... Three talismans adrift. Two mad kings. One poisonous crown. As dark forces gather at the Rock of Ariamazes in Samarqand, Nazafareen discovers that there are worse places than the afterlife. The twisted creature pulling the Vatrás' strings is holed up in the deepest level of the Dominion—and only she has the power to follow him there, though at the potential cost of her own soul. Prophecy claims the

three daeva clans must unite to face their greatest enemy again, but two of the talismans have vanished and the third is a child more used to skulking in the shadows than leading an army. Meb the Mouse might be their last hope—if anyone bothers to take her seriously. And within the confines of the Rock, a dying king makes a pact with the devil, setting in motion a chain of events that could spell doom for friends and foes alike. WARNING: This book contains twists and turns, richly deserved comeuppances, shocking revelations, knock-down, drag-out fights, obsessive stalkers, some very nasty monsters...and, of course, true love.

The Thirteenth Gate Kat Ross, 2017-06-26 Winter 1888. At an asylum in the English countryside, a man suspected of being Jack the Ripper kills an orderly and flees into the rain-soaked night. His distraught keepers summon the Lady Vivienne Cumberland—who's interviewed their patient and isn't sure he's a man at all. An enigmatic woman who guards her own secrets closely, Lady Vivienne knows a creature from the shadowlands when she sees one. And he's the most dangerous she's ever encountered. As Jack rampages through London, this time targeting rare book collectors, Lady Vivienne begins to suspect what he's looking for. And if he finds it, the doors to the underworld will be thrown wide open... Across the Atlantic, an archaeologist is brutally murdered after a Christmas Eve gala at the American Museum of Natural History. Certain peculiar aspects of the crime attract the interest of the Society for Psychical Research and its newest investigator, Harrison Fearing Pell. Is Dr. Julius Sabelline's death related to his recent dig in Alexandria? Or is the motive something darker? As Harry uncovers troubling connections to a serial murder case she'd believed was definitively solved, two mysteries converge amid the grit and glamor of Gilded Age New York. Harry and Lady Vivienne must join forces to stop an ancient evil. The key is something called the Thirteenth Gate. But where is it? And more importantly, who will find it first? Praise for *The Thirteenth Gate* Ms. Ross marries the world of science and paranormal seamlessly, applying well-researched, scientific principles to an intricately detailed investigation where the clues unfold to reveal a wholly plausible, yet deeply sinister case of supernatural phenomena. The mastery of *The Thirteenth Gate* is that it is a story propelled by the thrill of suspense, yet beautifully centered on emotions that tug at my heart. -FlyLef Reviews What do you get if you take an intricately plotted, suspenseful historical mystery set in 19th century London and New York and add ghouls and daemons? An enthralling, wonderfully entertaining read, that's what! -What Cathy Read Next blog Amazing, thrilling and heart-pounding...*The Thirteenth Gate* is a real treat, especially if you - like me - are a fan of paranormal mysteries, even more so if you have a penchant for Victorian London. -Field of Bookish Dreams A perfect blend of historical reality and dark fantasy. As a continuation of both her *Dominion Mystery* series and her *Fourth Element* series, *The Thirteenth Gate* has a wealth of familiar characters that you've already grown to love, or love to hate. -Bibliobibuli YA I did not put it down until the last page, and even then I wanted more! Now I wonder how long it will take to the next book; I am addicted, what can I say? -Kinda Busy Reading Fast paced, well-written, with characters that you care about... It's historical, with mysteries, and a tiny

hint of romance, but not overwhelming so the main focus is on the plot. Although that little hint leaves you wanting more... - Reading for the Stars and Moon Danger rises with the turn of every page...A thrilling tale of murder, mystery and the demonic set amongst a sharp and gritty Victorian London background that will captivate readers with its beguiling storyline. -The Rest Is Still Unwritten You really need to pick up this series! It's beyond amazing and I've been recommending it to everyone I know. As soon as I received my copy, I put aside everything else and absolutely devoured it. I can't wait for the next instalment because Ms. Ross' books just keep on getting better and better! -Rattle the Stars

Ross drapes a tense political thriller in a trench coat of dark fantasy. Readers should expect the unexpected." -Kirkus Reviews I'm not prone to bouts of effusiveness but I couldn't gush enough about Kat Ross's books, I enjoy them so much. This one has a Slavic feel, which was really interesting to me, and I loved the rainy city of Novostopol (also the map illustration is gorgeous). Added to the unique setting and fantasy elements are Ross's usual mix of great characters, a twisty-turny plot, romance and a touch of humour. I already can't wait for Book 2!" -Evelyn, Goodreads reviewer I loved the setting, which is technologically advanced yet progress is suppressed - it gave it a 1930's noir feel. I'd compare it favourably to the 'tsarpunk' of the Grishaverse. Relatable characters and fast-paced and well-thought-out action drive this story along and have me eagerly awaiting the sequel. -A. Adler, Goodreads "A masterpiece of magical fantasy which mixes its unique concepts into the darkest psychology of the human mind and its most base physical desires and emotions. Action, excitement, and darkness in all the right places. An unmissable and original read." -K.C. Finn for Readers Favorite, 5 Stars

This volume's opening dilemma finds resolution, but there's plenty still in flux to drive readers to an epic third installment. A complicated follow-up that pushes its cast to the physical and emotional brink. -Kirkus Reviews "Solis is totally full throttle ahead. Reading it was exhilarating and beyond fun. It's one of the things I love most about Kat Ross' books...they are always fast-paced. Not a single page is wasted

in moving the characters and story along. It was seriously difficult to put down!" -Rattle the Stars "Brimming with complex characters, suspenseful plot twists, and set in a world that is as exotic and beautiful as it is dangerous, Solis does not disappoint. Book three can't be here soon enough!" -Flylef Reviews "The world building is excellent. The book is fast-paced. What else can I say? Kat Ross hits another one out of the park." -I Love a Good Book "I always know when I begin a Kat Ross novel that I'm in for a thrilling tale... and Solis is no exception to this rule. Another exhilarating, adventure driven story full of excitement, action and thrilling romance that will take readers across a dangerous desert land on the brink of war." -The Rest Is Still Unwritten "Welcome back to a world full of fantasy, magic, and I am going to go with insane people. I have to say that Kat has done it again writing an excellent novel that will really keep the reader hooked until they hit the last page wishing there was more." -Books a Plenty Reviews

Lingua Magika Complete Box Set Kat Ross, 2022-02-25 Poltergeist meets Wild, Wild West in this genre-bending adventure trilogy readers are calling "fast-paced," "high-stakes" and full of "page-turning twists and turns." THE JOB It was supposed to be simple. Help Marshal Sebastian Hardin escort his prisoner one stop on the railway to Charter Oak. Just one stop. But when that prisoner is a savant who talks to ghosts, even the simplest plans have a way of falling apart. THE LAW Sheriff's Deputy Ruth Cortez always does the right thing. Lucky Boy is a company town, dependent on the rich and powerful Carnarvon family. Besides which, the charismatic Sebastian Hardin isn't an easy man to say no to. When his transport derails in the middle of the prairie, Ruth begins a relentless manhunt that leads straight into the dark heart of the Carnarvon empire. THE FUGITIVE Lee Merriweather favors sharp suits and fast trains - especially when he's stealing them. At the ripe old age of 18, he's managed to become the most wanted criminal in three territories. Lee can't resist playing cat and mouse with a small-town deputy, but what starts as a game becomes deadly serious. THE FIXER Sebastian Hardin is the Carnarvons' right hand, loyal to the death and willing to keep any secret to protect the family. They want Lee alive, but with the young savant's disturbing abilities it won't be an easy proposition. Whoever catches Lee gets the keys to the kingdom and the Carnarvons aren't the only ones hunting him down. Sebastian has enough problems without falling for Deputy Cortez - but you can't always choose who you love. THE PHANTOMS They terrorized the settlers until Calindra Carnarvon learned to speak their language. Her empire relies on controlling their telekinetic powers, but Lee Merriweather could destroy it all. And not even Lee suspects the shocking truth of the phantoms' real nature. Praise for the Lingua Magika Trilogy "The world-building is vivid and immersive . . . a fascinating mishmash of technology, steampunk and fantastical creatures. I loved it!" -

Jazzy Book Reviews I love Ruth and Doc and the steampunk world is so very cool and interesting - and really immersable. I feel like I'm there on the train going through the badlands. Can't wait for the next one! -Reader "Completely original and engaging, the perfect read for fans of Westerns, mixed with action, danger, supernatural and a tough cookie of a main character." -Smada's Book Smack "I've been craving a story that was just different while also providing a crazy, exciting twist, and I didn't realize that this was what I was looking for until I devoured it all." -Treestand Book Reviews "Fun and adventurous and high-stakes. I couldn't get enough!" -A Booktropolis Reviews "A complex, engrossing, fast-paced and extremely entertaining read." -Gwendalyn Books

The Modern Library Collection of Greek and Roman Philosophy 3-Book Bundle Marcus Aurelius, Plato, Aristotle, 2012-08-06

In the long history of philosophy and literature, few have been so widely read and admired as the great thinkers of Greece and Rome. For modern audiences, this eBook bundle—which collects the Modern Library editions of three classics: Marcus Aurelius’ Meditations, Selected Dialogues of Plato, and The Basic Works of Aristotle—is the perfect introduction to the foundation of modern knowledge. Accompanied by insightful, accessible commentary from some of today’s top scholars, including Gregory Hays, Hayden Pelliccia, and C.D.C. Reeve, this is a collection of ideas that changed the world—and have truly stood the test of time. MEDITATIONS Marcus Aurelius succeeded his adoptive father as emperor of Rome in A.D. 161—and Meditations remains one of the greatest works of spiritual and ethical reflection ever written. The Meditations have become required reading for statesmen and philosophers alike, while generations of readers have responded to the straightforward intimacy of the leader’s style. In Gregory Hays’s seminal translation, Marcus’s thoughts speak with a new immediacy: Never before have they been so directly and powerfully presented. SELECTED DIALOGUES OF PLATO In this volume, Hayden Pelliccia has revised five of Benjamin Jowett’s translations of Plato—classics in their own right—to produce a fresh, modern take that Library Journal calls “a needed and welcome addition to the translations of the Dialogues.” Here are Ion, Protagoras, Phaedrus, and the famous Symposium, which discuss poetry, the Socratic method, rhetoric, psychology, and love. Most dramatically, Apology puts Socrates’ art of persuasion to the ultimate test—defending his own life. THE BASIC WORKS OF ARISTOTLE Preserved by Arabic mathematicians and canonized by Christian scholars, Aristotle’s works have shaped Western thought, science, and religion for nearly two thousand years—and Richard McKeon’s edition has long been considered the best available one-volume Aristotle. Here are selections from the Organon, On the Heavens, The Short Physical Treatises, Rhetoric, among others, and On the Soul, On Generation and Corruption, Physics, Metaphysics, Nicomachean Ethics, Politics, and Poetics in their entirety.
