up, well, what else can a navel academy flunkie do — TA DA! Join a carnival, of course. Inspired by the perseverance, bold imagination, and showmanship of the performers, Daniel was soon eating flaming torches, swallowing swords and neon lights, walking on knives, assisting as a mentalist, and writing stories about all he experienced. From the pen of a man who lived the life and loved and respected carnival folk, *Step Right Up!* will take the reader on a comprehensive and highly entertaining excursion into the vanishing world of sideshow performers. Fire-eating and sword swallowing are not tricks, ladies and gentlemen. Allow the talented Daniel P Mannix to explain!

As the daughter of an Inari Fox, celestial messenger to the gods, I should have been reverent, wise, and collected like my father. As the daughter of a kitsune queen, I should have been poised and delicate, with just a hint of playfulness to pay homage to the fox spirit within, just like my mother. Unfortunately, genetics can be unpredictable, and they ended up with a hot mess dipped in sarcasm, rolled in spunk, drizzled with sass, and sprinkled with pop-rocks. Hi! My name's Kaede, and I'm that mess. Life was a never-ending series of clubbing and drinking with my bodyguard, Hiroki. That was his official title, but he's more of a babysitter. He's a nogitsune, kind of like a kitsune, but more physically badass with a little less spiritual oomph. I have the hots for him, but he's afraid of losing important

pieces of his anatomy if my parents catch him touching their daughter. I enjoyed my life, except for the hangovers and vomit. It was good. Until I decided to save a human from jumping off a building, just because he saw dead people. The supernatural community had one rule. Don't get caught. I ended up on the six-o'clock news and shipped off to boarding school to learn how to blend in better. Good times. The kicker is Aesir Academy is in Iceland. Know what's in Iceland? Ice, land, and ancient Norse gods. Some of which are sleeping. For a damn reason. Like wanting to destroy the world. Know what wakes them up? Celestial messengers. Know how to keep them from waking up? Kill the messenger. School should be about fitting in with the popular kids, not destroying the world and staying alive. At least I made some friends to help me save the world. Dogs love foxes. Especially hellhounds and werewolves... This trilogy is intended for mature audiences only. It contains graphic language, puns, and sexual situations. 18+ readers only! Harem members are added as the series progresses. Includes M/M themes. This is a medium burn reverse harem where the girl gets all the guys. Why Choose?

tracker and his master who make it their lifelong goal to end the life of the elusive fox. A riveting and powerful story that unfolds through the senses and instincts of the animals who live it.

Most books about espionage in the American Revolutionary War tend to focus solely on General George Washington, but as noted historian Donald E. Markle explores in this fascinating account, there was an entire system of intelligence communication autonomous from his direction. General Washington and General Charles Cornwallis were engaged in a constant battle to outmaneuver each other, and Cornwallis seemed to always be one step behind Washington and his intelligence departments. As the war progressed, the Americans and British slowly learned one another's tactics, allowing the hunt between the fox (Washington) and the hound (Cornwallis). THE FOX AND THE HOUND walks readers through the early stages of the war, when gathering and distributing intelligence was a challenge without a centralized government to organize a network. Markle tells us how and why Washington created multiple intelligence-gathering departments within the colonies, which included most of the East Coast from Georgia to New Hampshire and even parts of Canada - all operating under a command structure unique to their surrounding geography. This book explores the many depths of the intelligence networks from civilian men and women who

dedicated their lives to the American cause, to the introduction of code ciphers and the first spy equipment such as David Bushnell's turtle submarine and Benjamin Franklin's jet boat. Without the dedication of Washington and his innovative loyal supporters, it's quite possible that the outcome of the war may have been different. Military and American history enthusiasts will find this a valuable resource for their collections.

You know that feeling you get when you're being watched? I don't. Oblivious is my middle name. Luckily, I have a Hiroki. And a Rome, a Remy, and a David to keep an eye out for me, and on me. So leave it to little old oblivious me not to notice that I have a couple new supernatural stalkers. I mean, I've had my share of men check me out in a bar, but once they get to know me, they usually run. Not enroll in my school, get scheduled in every one of my classes, and offer me free rides in their...chariot? If that wasn't weird enough, another god joining my not-a-fan club was. They say the third one's the charm...but not in this case. One wants to use me, one wants to kill me, and the new one wants me to do what every god in the nine realms failed to do...kill a god and put an end to Ragnarok. It's like they don't even know me at all. I fall down getting dressed. Thankfully, I have three-and-a-half boyfriends to help with the hard stuff and keep me safe. He's bent on turning me into a Kaede-kabob. Don't get me wrong. Sometimes, getting skewered can be a lot of fun. But sometimes, you can end up in a worst-case scenario. Like dead...

Though they played together as youngsters, Tod the fox and Copper the hound find it difficult to remain friends when Copper is trained as a hunting dog.

When your life is a hot mess at twenty, it's cute. At twenty-seven, well, not so much. It's just that my lofty dreams, making it as a real estate agent, paying rent on time, showering daily, have stayed just that: dreams. Oh, and love? I've decided love might be a little ambitious for me at the moment. Instead, I've settled for the two guys who will never leave me: Ben & Jerry. That is, until Dr. Adam Foxe takes up residence as the town's new vet. With his strong jaw, easy confidence, and form-fitting scrubs, it's not long before every housewife in Hamilton is dragging neglected tomcats in for weekly checkups. Like everyone else, I'm intrigued. Even after I spoil my chance at a good first impression, he still offers me a proposition I can't refuse: play his girlfriend at a family function and he'll hire me as his real estate agent. Welcome to love in the 21st century. Copper the hound puppy and Tod the little fox get lost in the forest while playing hide and seek.
