

The Gift

Until recently we have known more about gift giving practices in pre-industrial societies than about those of industrial western society. In this book, first published in 1988, David Cheal shows that the process of present giving and receiving is a vital element in contemporary social life, relevant to some of the most important theoretical traditions in sociology, particularly those of Durkheim and Weber, and to the social constructionism of Peter Berger and Thomas Luckmann. This volume is the result of a major study of gift rituals carried out by David Cheal and his associates in which general themes are richly illustrated with details from individual case histories gathered during the research. It is highly significant that in western society women are more active gift givers than men and, while their voices explain how emotions and interests are interrelated within the gift economy, the author shows how that in turn is related to current theories about family, gender and religion.

This book presents the Baptism of the Spirit as a once-and-done never-to-be-repeated historic event and is never offered in the Bible as something to be experienced by individual believers. In the process, it is discovered that the gift of speaking in tongues is not offered to or meant to be experienced by all believers; therefore, it cannot be the necessary evidence of being baptized by the Spirit

You're a woman who knows what it feels like to be betrayed, to have your life shattered, to see your dreams go up in smoke. You are alone, abandoned, at risk, hopeless, and overwhelmed. Change the World around You through a Lifestyle of Encouragement From the beginning God has been communicating with mankind, just as he did when he talked with Adam and Eve in the Garden. Yet far too many people believe that talking with God is extraordinary when, in fact, it should be an ordinary part of our Christian life. Jesus modeled this two-way conversation. He also embraced a lifestyle of encouragement, changing the atmosphere and lives of people everywhere he went. We can do the same. Full of powerful testimonies and practical application, this book will help you break out of your comfort zone and embrace a lifestyle of encouraging others--just as Jesus did. You will learn how to deepen your relationship with God, open a direct line of communication with him, and share his words with others.

In his First Letter to the Corinthians Paul cites "administrators" as one of God's gifts to the Christian community (1 Cor 12:28). But many who serve in administrative service today have difficulty seeing how their everyday work is an expression of discipleship. This book, written by an experienced administrator and noted biblical scholar, shows how the various functions of institutional administration are deeply rooted in the Scriptures and are a genuine expression of our call to discipleship. Leadership, mission statements and planning, finances and fund raising, personnel issues, communications, and public relations—all of these seemingly "secular" activities serve to build up the Body of Christ and deserve to be recognized as authentic

Christian ministry. To see administrative service as a biblically rooted gift can help those involved in this way of life to find deeper and more satisfying spiritual meaning in what they do.

A New York Times Bestseller “I’ll be forever changed by Dr. Eger’s story...The Choice is a reminder of what courage looks like in the worst of times and that we all have the ability to pay attention to what we’ve lost, or to pay attention to what we still have.”—Oprah “Dr. Eger’s life reveals our capacity to transcend even the greatest of horrors and to use that suffering for the benefit of others. She has found true freedom and forgiveness and shows us how we can as well.” —Desmond Tutu, Nobel Peace Prize Laureate “Dr. Edith Eva Eger is my kind of hero. She survived unspeakable horrors and brutality; but rather than let her painful past destroy her, she chose to transform it into a powerful gift—one she uses to help others heal.” —Jeannette Walls, New York Times bestselling author of *The Glass Castle* Winner of the National Jewish Book Award and Christopher Award At the age of sixteen, Edith Eger was sent to Auschwitz. Hours after her parents were killed, Nazi officer Dr. Josef Mengele, forced Edie to dance for his amusement and her survival. Edie was pulled from a pile of corpses when the American troops liberated the camps in 1945. Edie spent decades struggling with flashbacks and survivor’s guilt, determined to stay silent and hide from the past. Thirty-five years after the war ended, she returned to Auschwitz and was finally able to fully heal and forgive the one person she’d been unable to forgive—herself. Edie weaves her remarkable personal journey with the

moving stories of those she has helped heal. She explores how we can be imprisoned in our own minds and shows us how to find the key to freedom. The Choice is a life-changing book that will provide hope and comfort to generations of readers.

Adam Grant, the bestselling author of Give and Take, teams with his wife, Allison, to share the lighthearted tale of a gift in search of a giver--a classic in the making and the perfect conversation starter about thoughtfulness.

This delightful book--one of Amazon's 2019 Holiday Gift Picks and Most Anticipated Books--is designed to start conversations with kids about generosity. In the tradition of Goodnight Gorilla, the words are intentionally spare.

The book is meant to be read interactively, with adults posing questions so kids can guess what's happening (and why). Praised by both parents and teachers for sparking imagination and eliciting discussion, the story can be interpreted differently in every family, by every child, and reinterpreted many times over. Give the gift of this clever, earnest book about generosity--a new and nourishing fable for every child's library (and one that includes a delightfully innovative cover approach that requires the reader to unfasten the Velcroed cover for a fun unboxing effect!). It's a gift that keeps on giving.

"Truly phenomenal . . . Kristen [Bell]'s favorite book we've read to the kids in a year." --Dax Shepard of the podcast "Armchair Expert"

The opportunity to become a parent is truly a gift. When we step into one of the most challenging and important roles we will ever play, we are provided with the opportunity to unwrap this precious gift and create an

amazing adult. In a comprehensive reference manual, Dr. Shanon Gibson relies on her experience as a seasoned teacher, educational entrepreneur, and infant/toddler developmental specialist to share strategies and insight for parents, educators, counselors, and caregivers that encourage positive early childhood experiences and the development of a whole person to achieve ideal lifelong outcomes. Dr. Gibson provides valuable information on the latest research findings, the growth of a child's brain, developmental milestones related to a child's birth gender, and concrete methods to change negative behaviors, build resilience, limit screen time and technology, teach social skills, and much more. Additionally, Dr. Gibson defines sensory processing and the eight sensory systems to help caregivers understand the uniqueness of every child and then successfully parent around it. *The Gift of Parenting* is a compassionate guide to unwrapping a child's potential during early development to ensure the creation of a happy, productive adult.

Examines the concept of gifts in anthropological terms and uses this approach to analyze the situation of creative artists and their gifts to society.

Edward S. Curtis's *The North American Indian* is the most ambitious photographic and ethnographic record of Native American cultures ever produced. Published between 1907 and 1930 as a series of twenty volumes and portfolios, the work contains more than two thousand photographs intended to document the traditional culture of every Native American tribe west of the Mississippi. Many critics have claimed that Curtis's

images present Native peoples as a "vanishing race," hiding both their engagement with modernity and the history of colonial violence. But in this major reappraisal of Curtis's work, Shamoan Zamir argues instead that Curtis's photography engages meaningfully with the crisis of culture and selfhood brought on by the dramatic transformations of Native societies. This crisis is captured profoundly, and with remarkable empathy, in Curtis's images of the human face. Zamir also contends that we can fully understand this achievement only if we think of Curtis's Native subjects as coauthors of his project. This radical reassessment is presented as a series of close readings that explore the relationship of aesthetics and ethics in photography. Zamir's richly illustrated study resituates Curtis's work in Native American studies and in the histories of photography and visual anthropology.

Many writers and commentators are convinced that Western culture and society are unravelling. Who can blame them! As I write this, violent protests rage across the USA in response to senseless murders. The political sphere has never seemed to virulent, and a deadly epidemic has affected all our lives. Many are agreed that there are serious problems working themselves out in Western society, yet among Christians, there is little agreement over the approach we should take to the West and its problems. This issue, how Christians should approach engagement with culture, is not a new one, nor is it a uniquely Western issue. Christians in every age and in every culture are confronted with this question. In response to many today who see it as the Christian responsibility to save the West, to preserve its unique cultural heritage and achievements, this author argues that our lives in this world

need to be governed by three theological themes, ecclesiology, soteriology, and eschatology. That is, we must prioritize the local church, engage with society with the understanding that earthly kingdoms are manifestations of Satan's kingdom, and live in light of Christ's imminent return. On a June day, a young woman in a summer dress steps off a Chicago-bound bus into a small midwestern town. She doesn't intend to stay. She is just passing through. Yet her stopping here has a reason and it is part of a story that you will never forget. The time is the 1950s, when life was simpler, people still believed in dreams, and family was, very nearly, everything. The place is a small midwestern town with a high school and a downtown, a skating pond and a movie house. And on a tree-lined street in the heartland of America, an extraordinary set of events begins to unfold. And gradually what seems serendipitous is tinged with purpose. A happy home is shattered by a child's senseless death. A loving marriage starts to unravel. And a stranger arrives—a young woman who will touch many lives before she moves on. She and a young man will meet and fall in love. Their love, so innocent and full of hope, helps to restore a family's dreams. And all of their lives will be changed forever by the precious gift she leaves them. *The Gift*, Danielle Steel's thirty-third best-selling work, is a magical story told with stunning simplicity and power. It reveals a relationship so moving it will take your breath away. And it tells a haunting and beautiful truth about the unpredictability—and the wonder—of life.

A “winning and expansive novel” that “describes one woman’s intimacies with lovers, strangers, culture and ideas, and family and friends” (Chris Kraus, author of *I Love Dick*). In the midst of the Occupy Wall Street movement, a writer and academic from New York named Barbara Andersen begins spamming people indiscriminately with ukulele covers of sentimental songs. A series of inappropriate intimacies

ensues, including an erotically charged correspondence and then collaboration with an extraordinarily gifted and troubled musician living in Germany. “All this might seem like so much postmodern hot air, but the narrator has an exceptionally graceful page presence: loony and profound, vulnerable and ingenuous, Barbara acts to unify the book’s central concerns, giving its intellectual flights of fancy a palpable human pulse. Maybe nothing in this book is exactly what it seems. But the sadness, at least, is real” (Publishers Weekly, starred review).

This practical and inspirational guide to healing from the award-winning, New York Times bestselling author of *The Choice* shows us how to stop destructive patterns and imprisoning thoughts to find freedom and enjoy life. Edith Eger's powerful first book *The Choice* told the story of her survival in the concentration camps, her escape, healing, and journey to freedom. Oprah Winfrey says, "I will be forever changed by Dr. Eger's story." Thousands of people around the world have written to Eger to tell her how *The Choice* moved them and inspired them to confront their own past and try to heal their pain; and to ask her to write another, more "how-to" book. Now, in *The Gift*, Eger expands on her message of healing and provides a hands-on guide that gently encourages us to change the thoughts and behaviors that may be keeping us imprisoned in the past. Eger explains that the worst prison she experienced is not the prison that Nazis put her in but the one she created for herself, the prison within her own mind. She describes the twelve most pervasive imprisoning beliefs she has known—including fear, grief, anger, secrets, stress, guilt, shame, and avoidance—and the tools she has discovered to deal with these universal

challenges. Accompanied by stories from Eger's own life and the lives of her patients each chapter includes thought-provoking questions and takeaways, such as: -Would you like to be married to you? -Are you evolving or revolving? -You can't heal what you can't feel. Filled with empathy, insight, and humor, *The Gift* captures the vulnerability and common challenges we all face and provides encouragement and advice for breaking out of our personal prisons to find healing and enjoy life.
